Baluchistan :—Publishes rules framed by the *Hon'ble* the A. G.-G. in — under provisions of sub-sec. (1), clauses (*c*) and (*i*) of sec. 102 of the Quetta Munpl. Law, 1896, for regulating the supply of water by house connection from the mains, 1057 ; the *Hon'ble* the A. G.-G. and C. C. is pleased to	

Page

direct that the words "furlough for 3 months 8 days, with effect from the same date" shall be substituted for the words "furlough for 3 months 9 days with effect from the same date" that occur at the end of that office notfn. No. 1653, dated 6th April 1909, 1086 ; the A. G.-G. directs that certain addn. shall be made to para. (6) of rule 2 of the rules published in his notfn. No. 752, dated 11th March 190, for the grant of licences for the sale, wholesale and retail, of foreign spirits and foreign fermented liquors, 1087 ; cancels notfn. by the p. w. d. No. 1, dated 27th June 1907, relating to land at Beleli for a cantt., 1087 ; the A. G.-G. in — makes certain directions and rules for fixing duty on country spirits removed from distilleries ; the grant of licenses for distilleries for the manufacture of country spirits ; the grant of licenses for the sale, wholesale and retail, of country spirit ; and the issue and transport of such spirit, in the said territories, (excluding the Zhob dist.) with effect from 1st Oct. 1909, 1181 ; cancels notfn. No. 1027-Z., dated 1st July 1909, 1345 ; the A. G.-G. directs certain addns. and altns. shall be made to his notfn. No. 4716, dated 10th Sept. 1908, with effect from 1st Oct. 1909, 1378 ; the A. G.-G. directs that the rules under sec. 4 of the Poisons Act, 1904, to regulate within the territories administered by A. G.-G. in — as such agent, the possession for sale and the sale of white arsenic, published with his notfn. No. 4975, dated 23rd Sept. 1908, shall apply to the yellow sulphide of arsenic or orpiment (hartal) referred to in the home dept. notfn. No. 620, dated 18th May 1908, 1412 ; the A. G.-G. fixes under rule 26 of the rules published in the notfn. No. 4716, dated 10th Sep. 1908, as subsequently amended by his notfn. No. 1858—Z., dated 19th Aug. 1909, the price at which pure opium will be issued from Quetta treasury to licensed vendors at the rate of Rs. 16 a seer of 80 tolas, with effect from 1st Oct. 1909 and until further notice, 1456 ; under sec. 14 of the Opium Act, 1878, the A. G.-G. in — as such agent, authorises, in right of their offices, certain offrs. to exercise within the limit of their respective charges all the powers mentioned in the said sec., 1483 ; appts. Capt. R. Scott to be magte. of 1st class within the limits of Quetta cantt. and empowers him to try in a summary way all or any of the offences mentioned in sec. 260 of the Code of Criml. Procedure, 1898 (V of 1898), 1517 ; notifies time and place of holding the next half-yearly exmn. in the Pashtu language by the higher standard, 1548 ; declares certain lands to be State forests under the — Agency Forest Law, 1890, 1549 ; the A.G.-G. is pleased to impose certain taxes in the cantt. of Loralai, under sec. 17 (1) of the Cantt. Act, 1889 (Act XIII of 1889), 1562 ; applies to the cantt. of Loralai the provisions of secs. 49 to 54, 56 to 61 and 64 and 201 of the Punjab Munpl. Act, 1891, regdg. the assessment and recovery of taxes, in certain adapted form, 1563 ; notifies time and place of holding the next half-yearly exmn. in the Baluchi language by the higher standard, 1565 ; publishes declaration of land required for public purpose, 1618 ; directs certain amendment to be made in the rules published with notfn. No. 2806, dated 29th April 1909, regulating the possession and transport of petroleum in the — agency territories, 1653 ; directs that the words "1st December 1909" shall be substituted for the words "1st Oct. 1909" in notfn. No. 4560, dated 23rd Sept. 1909, 1674 ; in exercise of the power confd. by secs. 3 and 4 of the Quetta Hackney Carriage Law, 1889, the A. G.-G. substitutes certain rule for rule 22 of the rules made under the said secs. of the said law and published in notfn. No. 7803, dated 12th Oct. 1899, as amended by notfn. No. 1422, dated 15th April 1905, 1674 ; directs certain amendment to be made in the table annexed to notfn. No. 4832, dated 16th Oct. 1903, 1675 ; under sec. 12 of the Code of Criml. Procedure, 1898 (V of 1898), directs certain amendment to be made in the table annexed to notfn. No. 4827, dated 16th Oct. 1903, 1675 ; under secs. 6 and 7 of the Indian Registration Act, 1877, directs certain amendment to be made to the table annexed to para. 6 of this administration notfn. No. 4836, dated 16th Oct. 1903, 1675 ; the judicial comr., with the previous sanction of the *Hon'ble* the A. G.-G., is pleased to make certain rules to regulate the procedure relating to the grant of copies and to the inspection of records in the subordinate courts, 1739 ; publishes names of candidates declared to have passed the prescribed tests in Pashtu by the higher standard exmn. held at Quetta on 25th and 26th Oct. 1909, 1778 ; publishes names of candidates declared to have passed the prescribed tests in Baluchi by the higher standard at an exmn. held at Quetta on the 1st and 2nd Nov. 1909, 1779 ; in exercise of the powers confd. by sec. 13, clause (*b*) of the Excise Act, 1896 (XII of 1896), as applied to the territories administered by the A. G.-G. in— as such Agent the said Agent directs that on and from the 1st April 1910 the duties imposed by his notfn. No. 1610, dated 21st Feb. 1902, on bhang or any preparation or admixture thereof imported in the said territories from British India or from foreign territory shall be raised from Rs. 4 and Rs. 8 to Rs. 40 and Rs. 80 per maund, respectively, 1809 ; under sec. 9 of the Indian Petroleum Act, 1899, the A. G.-G. proposed to make certain amendment in the rules published in his notfn. No. 2806, dated 29th April 1909, the said draft will be taken into consideration on or after 31st Dec. 1909, 1809 ; notifies time and place of holding an exmn. in the Brahui language by the prescribed test, 1810 ; in exercise of the powers confd. by sec. 9 of the Indian Petroleum Act, 1899, the A. PROCLAMATION.

No. 928.

In exercise of the powers conferred by the Indian Councils Act, 1861 (24 & 25 Vict., Cap. 67), section 47, the Governor General in Council is pleased to declare that, for the purposes of the said Act, the Nugur, Albaka and Cherla taluqas, which by the Proclamation no. 545, dated the 15th April 1909, have been declared to be subject to the Government of Madras, together with the Bhadrachalam taluq in the Godavari district, shall be included within the limits of the Madras Presidency.

NOTIFICATION.

No. 929.

In exercise of the powers conferred by the Indian High Courts Act, 1865 (28 & 29 Vict., Cap. 15), section 3, the Governor General in Council is pleased to authorize and empower the High Court of Judicature at Madras to exercise, within that portion of His Majesty's dominions in India which is comprised within the limits of the Nugur, Albaka and Cherla taluqas and the Bhadrachalam taluq, and is not included within the limits of the places for which the said High Court was established, all such jurisdiction and powers as the said High Court may from time to time exercise in the scheduled districts of the Godavari district of the Presidency of Madras.

H. A. STUART,

Secretary to the Government of India.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 1st July, 1909.

No. 5.—Whereas by Resolution passed by the Secretary of State for India in Council on the seventeenth day of January, 1905, the provisions of section 1 of the Government of India Act, 1870 (33 Vict., c. 3), were declared applicable to the Bhadráchalam taluq of the Godavari district in the Presidency of Madras, and to the taluqas of Nugur, Albaka and Cherla, which have, as declared in the Proclamation No. 545, dated the 15th April, 1909, ceased, with effect from this date, to be subject to the Chief Commissionership of the Central Provinces and have become subject to the Government of Madras;

And whereas the Governor of Madras in Council has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor General in Council has taken the draft and reasons into consideration, and has approved of the draft and the same has received the assent of the Governor General on the first day of July, 1909;

In pursuance of the direction contained in the said section, the said Regulation is now published in the Gazette of India and in the Fort St. George Gazette.

REGULATION No. I OF 1909.

A Regulation to declare the law in force in the Taluqas of Nugur, Albaka and Cherla and to authorise the levy of certain cesses therein and in the Bhadráchalam Taluq.

WHEREAS the taluqas of Nugur, Albaka and Cherla have, in pursuance of Proclamation No. 545, dated the 15th April, 1909, issued by the Governor General in Council under section 4 of the Government of India Act, 1865, with effect from the first day of July 1909, ceased to be subject to the Chief Commissionership of the Central Provinces and become subject to the Government of Madras; (28 & 29 Vict., c. 17.)

And whereas it is expedient that the law in force in the territory comprised in the said taluqas should as far as possible be the same as the law in force in the taluq of Bhadráchalam in the Godávari District of the Madras Presidency;

And whereas it is also expedient to provide for the cost of maintaining roads and schools in the said taluqas and in the said taluq of Bhadráchalam;

It is hereby enacted as follows:—

Short title.

1. This Regulation may be called the Nugur, Albaka and Cherla Laws and Cesses Regulation, 1909.

Laws to be in force.

2. (1) Save as provided in sub-section (2), all enactments and all notifications, orders, schemes, rules, forms and bye-laws issued, made or prescribed under enactments which immediately before the commencement of this Regulation were in force in the taluq of Bhadráchalam in the Godávari District of the Madras Presidency and not in force in the taluqas of Nugur, Albaka and Cherla (hereinafter referred to as the said taluqas), shall come into force in the said taluqas on the commencement of this Regulation.

(2) Nothing in sub-section (1) shall be deemed to affect the following Acts of the Madras Council, namely:—

(a) the Madras Revenue Recovery Act, 1864; (Mad. II of 1864.)

(b) the Madras Hereditary Village Offices Act, 1895; and (Mad. III of 1895.)

(c) the Madras Estates Land Act, 1908. (Mad. I of 1908.)

Repeal of laws.

3. (1) Save as provided in sub-section (2), all enactments which immediately before the commencement of this Regulation were in force in the said taluqas and not in force in the said taluq of Bhadráchalam shall be deemed to be repealed on and from the commencement of this Regulation in the said taluqas.

(2) Nothing in sub-section (1) shall be deemed to affect the following enactments, namely:—

(a) the Central Provinces Land-revenue Act, 1881; (XVIII of 1881.)

(b) the Central Provinces Local Self-government Act, 1883, section 41, sub-section (1); (I of 1883.)

(c) the Agriculturists' Loans Act, 1884, sections 1, 4, 5 and 6; and (XII of 1884.)

(d) the Central Provinces Tenancy Act, 1898: (XI of 1898.)

Provided that the Central Provinces Land-revenue Act, 1881, and the Central Provinces Tenancy Act, 1898, shall henceforth be construed in the said taluqas subject to the following modifications, namely:—

(*a*) the powers, duties and functions assigned to the Chief Commissioner of the Central Provinces by either of the said Acts or the rules made thereunder shall vest in the Governor of Fort St. George in Council, and, notwithstanding any provision therein subjecting such exercise, discharge or execution to the control, sanction or confirmation of the Governor General in Council, all such powers, duties and functions may be exercised, discharged and executed by the said Governor in Council as he may think fit, or may be delegated by him to any subordinate officer, subject to such limitations as he may think fit;

(*b*) appeals shall lie from the decrees or orders passed by any Court or officer under the provisions of the said Acts to such Courts or authorities and subject to such conditions as the Governor of Fort St. George in Council may by rules prescribe.

Levy of certain cesses.

4. (*1*) The Governor of Fort St. George in Council may, by notification in the Fort St. George Gazette,—

(*a*) direct the levy of cesses on occupied lands in the said taluqas and in the said taluq of Bhadráchalam which shall constitute a fund or funds for the maintenance therein of roads and schools;

(*b*) prescribe by whom, at what rates, in what instalments and at what times such cesses shall be payable and make rules for their assessment and collection, and for the administration of the fund or funds so formed; and

(*c*) exempt any land from liability to pay the whole or any part of either of such cesses.

(*2*) Any cess levied under this section shall be recoverable as if it were an arrear of land-revenue:

Provided that the cesses levied under this section shall not in the aggregate exceed the tax which would be leviable on the same land under the Madras Local Boards Act, 1884, if that Act were in force: Mad. V 1884.

Provided also that no cess shall be levied under this section on any land for any period for which any cess is levied on the same land for the same purpose under the provision of any settlement-record or any tax is levied on the same land under the Madras Local Boards Act, 1884.

Pending proceedings.

5. All proceedings pending at the commencement of this Regulation before any authority in the said taluqas shall be disposed of by such authority as the Governor of Fort St. George in Council may direct, and, save as aforesaid, shall be carried on as if this Regulation had not been passed.

NOTIFICATION.

Simla, the 1st July, 1909.

No. 5.—Whereas by Resolution passed by the Secretary of State for India in Council on the seventeenth day of January, 1905, the provisions of section 1 of the Government of India Act, 1870 (33 Vict., c. 3), were declared applicable to the Bhadráchalam taluq of the Godavari district in the Presidency of Madras, and to the taluqas of Nugur, Albaka and Cherla, which have, as declared in the Proclamation No. 545, dated the 15th April, 1909, ceased, with effect from this date, to be subject to the Chief Commissionership of the Central Provinces and have become subject to the Government of Madras;

And whereas the Governor of Madras in Council has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor General in Council has taken the draft and reasons into consideration, and has approved of the draft and the same has received the assent of the Governor General on the first day of July, 1909;

In pursuance of the direction contained in the said section, the said Regulation is now published in the Gazette of India and in the Fort St. George Gazette.

REGULATION No. I OF 1909.

A Regulation to declare the law in force in the Taluqas of Nugur, Albaka and Cherla and to authorise the levy of certain cesses therein and in the Bhadráchalam Taluq.

WHEREAS the taluqas of Nugur, Albaka and Cherla have, in pursuance of Proclamation No. 545, dated the 15th April, 1909, issued by the Governor General in Council under section 4 of the Government of India Act, 1865, with effect from the first day of July 1909, ceased to be subject to the Chief Commissionership of the Central Provinces and become subject to the Government of Madras;

28 & 29 Vict., c. 17.

And whereas it is expedient that the law in force in the territory comprised in the said taluqas should as far as possible be the same as the law in force in the taluq of Bhadráchalam in the Godávari District of the Madras Presidency;

And whereas it is also expedient to provide for the cost of maintaining roads and schools in the said taluqas and in the said taluq of Bhadráchalam;

It is hereby enacted as follows:—

Short title.

1. This Regulation may be called the Nugur, Albaka and Cherla Laws and Cesses Regulation, 1909.

Laws to be in force.

2. (1) Save as provided in sub-section (2), all enactments and all notifications, orders, schemes, rules, forms and bye-laws issued, made or prescribed under enactments which immediately before the commencement of this Regulation were in force in the taluq of Bhadráchalam in the Godávari District of the Madras Presidency and not in force in the taluqas of Nugur, Albaka and Cherla (hereinafter referred to as the said taluqas), shall come into force in the said taluqas on the commencement of this Regulation.

(2) Nothing in sub-section (1) shall be deemed to affect the following Acts of the Madras Council, namely:—

(a) the Madras Revenue Recovery Act, 1864; — Mad. II of 1864.

(b) the Madras Hereditary Village Offices Act, 1895; and — Mad. III of 1895.

(c) the Madras Estates Land Act, 1908. — Mad. I of 1908.

Repeal of laws.

3. (1) Save as provided in sub-section (2), all enactments which immediately before the commencement of this Regulation were in force in the said taluqas and not in force in the said taluq of Bhadráchalam shall be deemed to be repealed on and from the commencement of this Regulation in the said taluqas.

(2) Nothing in sub-section (1) shall be deemed to affect the following enactments, namely:—

(a) the Central Provinces Land-revenue Act, 1881; — XVIII of 1881.

(b) the Central Provinces Local Self-government Act, 1883, section 41, sub-section (1); — I of 1883.

(c) the Agriculturists' Loans Act, 1884, sections 1, 4, 5 and 6; and — XII of 1884.

(d) the Central Provinces Tenancy Act, 1898: — XI of 1898.

Provided that the Central Provinces Land-revenue Act, 1881, and the Central Provinces Tenancy Act, 1898, shall henceforth be construed in the said taluqas subject to the following modifications, namely:—

(a) the powers, duties and functions assigned to the Chief Commissioner of the Central Provinces by either of the said Acts or the rules made thereunder shall vest in the Governor of Fort St. George in Council, and, notwithstanding any provision therein subjecting such exercise, discharge or execution to the control, sanction or confirmation of the Governor General in Council, all such powers, duties and functions may be exercised, discharged and executed by the said Governor in Council as he may think fit, or may be delegated by him to any subordinate officer, subject to such limitations as he may think fit;

(b) appeals shall lie from the decrees or orders passed by any Court or officer under the provisions of the said Acts to such Courts or authorities as

subject to such conditions as the Governor of Fort St. George in Council may by rules prescribe.

Levy of certain cesses.

4. (1) The Governor of Fort St. George in Council may, by notification in the Fort St. George Gazette,—

(a) direct the levy of cesses on occupied lands in the said taluqas and in the said taluq of Bhadráchalam which shall constitute a fund or funds for the maintenance therein of roads and schools;

(b) prescribe by whom, at what rates, in what instalments and at what times such cesses shall be payable and make rules for their assessment and collection, and for the administration of the fund or funds so formed; and

(c) exempt any land from liability to pay the whole or any part of either of such cesses.

(2) Any cess levied under this section shall be recoverable as if it were an arrear of land-revenue:

Provided that the cesses levied under this section shall not in the aggregate exceed the tax which would be leviable on the same land under the Madras Local Boards Act, 1884, if that Act were in force: Mad. 1884.

Provided also that no cess shall be levied under this section on any land for any period for which any cess is levied on the same land for the same purpose under the provision of any settlement-record or any tax is levied on the same land under the Madras Local Boards Act, 1884.

Pending proceedings.

5. All proceedings pending at the commencement of this Regulation before any authority in the said taluqas shall be disposed of by such authority as the Governor of Fort St. George in Council may direct, and, save as aforesaid, shall be carried on as if this Regulation had not been passed.

DEPARTMENT OF COMMERCE AND INDUSTRY.

NOTIFICATIONS.

INDUSTRIES.

Simla, the 30th June, 1909.

No. 4666—5.—In exercise of the powers conferred by section 4, sub-section (3), of the Indian Tea Cess Act, 1903 (IX of 1903), the Governor General in Council is pleased, on the recommendation of the United Planters' Association of Southern India, to appoint Mr. George Romilly, of Madras, to fill the vacancy on the Indian Tea Cess Committee caused by the resignation of Mr. P. R. Buchanan.

CUSTOMS.

The 30th June, 1909.

No. 4674—69.—In exercise of the power conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878), and in supersession of the Notification in this Department No. 3585 (Customs), dated the 9th April 1908, the Governor General in Council is pleased to prohibit the bringing and taking by sea or land, into the territories administered by the Governor of Fort St. George in Council of intoxicating drugs prepared from the hemp plant (*Cannabis sativa*) :

Provided that the Governor of Fort St. George in Council or the Board of Revenue, Madras, may at his or their discretion, permit the bringing or taking of any such drugs from any foreign territory or Native State for the purpose of supply to any tract appertaining thereto, or for the purpose of supply from one part of British territory to another through intervening Native States or foreign territory.

TELEGRAPH ESTABLISHMENT.

The 1st July, 1909.

No. 4732—58.—The Governor General in Council is pleased to make the following promotions in the Superior establishment of the Indian Telegraph Department, with effect from the dates specified :

Mr. R. O. Lees ...	Director, Officiating ...	Director	Temporary ...	4th June 1909.
Mr. I. C. Thomas ...	Deputy Director, Officiating	Deputy Director ...	Do. ...	Do.
Mr. H. S. Styan ...	Chief Superintendent, 2nd class, temporary.	Chief Superintendent, 1st class.	Do. ...	Do.
Mr. R. T. Gibbs ...	Superintendent, 1st grade ...	Chief Superintendent, 2nd class.	Do. ...	Do.

GEOLOGY AND MINERALS.

The 2nd July, 1909.

No. 4768—137.—Mr. H. B. W. Garrick, Artist, Geological Survey Department, is granted privilege leave for twenty-four days combined with leave on medical certificate for eight months and six days, with effect from the 10th July 1909, or the subsequent date on which he may avail himself of the leave.

TELEGRAPHS.

The 2nd July, 1909.

No. 4781—108.—In exercise of the powers conferred by section 7 of the Indian Telegraph Act, 1885 (XIII of 1885), the Governor General in Council is pleased to direct that the following amendment shall be made in the rules published with the Notification of the Government of India in the Public Works Department, No. 298 (Telegraphs), dated the 22nd of September 1904, as subsequently amended, namely:

For Rule 132 the following shall be substituted:

"132. *Press telegrams accepted without prepayment.*—Press telegrams may be accepted without prepayment from correspondents, provided that any newspaper or news agency which may desire the facility, obtains previous sanction from the Director General of Telegraphs, and deposits a sum of money in cash, or Government Promissory notes, as detailed below:—

(i) *If the accounts are to be rendered monthly*, the equivalent of eight weeks' transactions, subject to a minimum of Rs. 50.

(ii) *If the accounts are to be rendered fortnightly*, the equivalent of six weeks' transactions, subject to a minimum of Rs. 50.

The accounts for the messages sent without prepayment will be rendered by the Superintendent, Check Office, Indian Telegraph Department, Calcutta, and must be paid within one week of the date on which they are received."

No. 4783—124.—In exercise of the powers conferred by section 7 of the Indian Telegraph Act, 1885 (XIII of 1885), the Governor General in Council is pleased to direct that the following amendments shall be made in the rules published with the Notification of the Government of India in the Public Works Department, No. 298 (Telegraphs), dated the 22nd September 1904, as subsequently amended, namely:

After the word "Newspaper" at the end of Rule 128, the words "or News Agency" shall be added.

For Clauses (1) to (6) of Rule 129 the following shall be substituted:

"(1) It must be addressed to a newspaper or news agency, the name of which has been registered by the Director General of Telegraphs.

A list of such registered newspapers or news agencies, is published in the *Telegraph Guide*. A news agency must on registration and annually thereafter submit to the Director General of Telegraphs a list of its *bonâ fide* subscribers to whom it issues news. Applications for the registration of newspapers or news agencies should be made on forms to be obtained at Government Telegraph Offices.

(2) It must be addressed to the newspaper or news agency in accordance with its registered title, and to the town at which the newspaper or news agency is registered.

(3) It must, except as provided hereafter in Condition (5), contain only intelligence which is clearly intended for publication in registered newspapers. The news which a news agency receives and disseminates at Press rates may only be given to duly registered newspapers or other registered news agencies.

(4) It must be written in plain *English* so as to be intelligible to the transmitting offices and must contain nothing of concealed meaning either in Code language or Cipher. In Press telegrams ordinary English words may be abbreviated.

(5) It may also be a telegram sent from, or to, a newspaper or news agency by its registered title (but not in the name of the editor, publisher, manager or any other person), to or from its correspondents or employés on the subject of a

telegram published, or to be published, or to an official of the Telegraph Department on matters of Press business.

(6) If a Press telegram be addressed to the editor, publisher, manager or any other person connected with a newspaper or news agency, by name or designation, it is chargeable at the full Inland rates."

For the last sentence in Clause (8) of Rule 129 the following shall be substituted :

"In telegrams addressed to more than one newspaper or news agency, the full list of addresses need only be furnished with the first page, and each of the consecutively numbered pages will be considered to be addressed to all the newspapers or news agencies."

B. ROBERTSON,

Secretary to the Government of India.

ARMY DEPARTMENT.

Simla, the 2nd July 1909.

No. 206.—Captain E Barnardiston, R.E., Officiating Junior Government Inspector of Railways, Circle No. 2, is granted privilege leave for thirty days combined with furlough for five months, under Articles 233, 260 and 311 of the Civil Service Regulations, with effect from the 13th June 1909, or subsequent date of relief.

The 2nd July, 1909.

No. 207.—It is hereby notified for general information that the Railway Board have sanctioned a survey being made by the Agency of the Bengal Dooars Railway Company for a line of railway on the metre gauge or such other gauge as may be found most suitable, from Sivok to Kalimpong up the Teesta Valley in continuation of the Bagrakote-Sivok Railway survey sanctioned by Notification No. 96, dated 19th March 1909.

2. The survey will be known as the Sivok-Kalimpong Extension.

R. C. F. VOLKERS,
Secretary, Railway Board.

SUPPLEMENT TO

The Gazette of India.

No. 27.} SIMLA, SATURDAY, JULY 3, 1909.

OFFICIAL PAPERS.

A SUPPLEMENT *to the* GAZETTE OF INDIA *will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The Debates of the Legislative Council of His Excellency the Governor General will in future be published in* PART VI *of the* GAZETTE.

Non-Subscribers to the GAZETTE *may receive the* SUPPLEMENT *separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The* SUPPLEMENT *and* PART VI *of the* GAZETTE *can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.*

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA *is required by Law, or which it has been customary to publish in the* CALCUTTA GAZETTE, *will be included in the* SUPPLEMENT. *For such Orders and Notifications the body of the* GAZETTE *must be looked to.*

MEASURES FOR AMELIORATING THE POSITION OF INDIAN STUDENTS IN ENGLAND.

NOS. 556—569.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

EDUCATION.

Simla, the 1st July 1909.

RESOLUTION.

IT has been frequently brought to the notice of the Secretary of State for India that Indian students on their first arrival in England experience difficulties by reason of their lack of information as to educational facilities and social conditions; and he has for some time had under consideration the possibility of rendering available for their use information and advice of the kind required. He has now, after consulting the Government of India, decided to establish a Bureau in London for the supply of information, as well as a Standing Committee for general advisory purposes. The Bureau and the Committee will work in close relation with one another, and the head of the Bureau, who will be called the Educational Adviser to Indian Students, will also act as Secretary to the Advisory Committee.

2. The functions of the Bureau will be to answer inquiries in regard to educational facilities, to keep a list of lodgings and boarding-houses suitable for Indian students and of private families willing to receive them on such terms as may be arranged, to furnish students with references, to bring to the notice of the Advisory Committee any cases in which the regulation of educational institutions bears hardly on Indian students, and generally to give all possible assistance either to students themselves or to their parents in India. The Bureau will be in close touch with the Board of Education, with its correspondents at the leading Universities, and with local Committees in India.

3. The Advisory Committee will be available for consultation by students or their parents, by the Educational Adviser, and by the Secretary of State, and will bring to the latter's notice any matter in regard to which it may desire to suggest action on his part for improving the position of Indian students. It will stand, as far as possible, *in loco parentis* to students whose parents are unable themselves to supervise their education. In particular, its members will be ready to assist students in social matters. It is hoped that in this way they may be able to do much towards removing any feeling of friendlessness, and towards providing for young Indians social opportunities which would not otherwise be open to them.

The following gentlemen have accepted the Secretary of State's invitation to serve on the Advisory Committee, of which Lord Ampthill has consented to act as Chairman :—

Sir M. M. Bhownaggree, K.C.I.E.

Saiyid Ameer Ali, C.I.E.

Major N. P. Sinha, I.M.S., retired.

Kamruddin Latif.

Theodore Morison, Esq., Member of the Council of India.

Pandit Bhagwāndīn Dubé, Barrister-at-law.

Lieutenant-Colonel Sir W. Curzon Wyllie, K.C.I.E., C.V.O., Political Aide-de-Camp to the Secretary of State.

4. The appointment of Educational Adviser to Indian Students has been accepted by Mr. T. W. Arnold, formerly of the Indian Educational Service, who has relinquished his post as Assistant Librarian at the India Office for the purpose. Mr. Arnold has taken up his duties, and the Bureau of Information is temporarily located at the India Office until suitable premises can be obtained elsewhere.

5. The Governor General in Council now desires to explain the measures which, after consulting local Governments, he considers should be adopted in India with the object of supplementing the activities of the Central Bureau and the Advisory Committee in England. It is proposed to establish local Committees, consisting of representative European and Indian gentlemen, in each province, excepting Burma and the North-West Frontier Province. These Committees will be in direct communication with the Central Bureau in England.

By means of this agency it is hoped that the Educational Adviser will be able to obtain all information regarding individual students which may be desired by the University or other authorities in England, and thus to meet the need which has made itself felt for detailed and trustworthy information as to the position, means and character of Indian applicants.

The Committees will be sufficiently large to be representative in character, and local Governments will co-operate with the Universities in bringing them into existence. It is the intention that each Committee shall have among its members representative Indian gentlemen of good position and local reputation, enjoying the confidence of the educated classes of the province no less than of the Government. The Government of India consider that it will be advisable to appoint to the Committees a number of Indian gentlemen residing in the mufassal, who will take a personal interest in their work and will explain their objects and advantages throughout the area in which they exercise a local influence. The provincial Committees will be constituted by the local Governments and Administrations; and the Vice-Chancellor of the University and the Director of Public Instruction will be members where practicable. The functions of the Committees will be :—

(1) To furnish information and advice to Indians who contemplate going to England.

(2) To circulate in India to colleges and other institutions the educational, financial and social information collected by the Central Bureau in London.

(3) To communicate with the Central Bureau on behalf of students before they start or on behalf of their parents when they are in England.

One of their minor duties will be to see that the handbook of information, which will be published by the Central Bureau, is kept up to date ; and the latter will be asked to supply from time to time to the local Committees in India all information necessary to correct that given in the current issue of the book.

6. Local Governments and Administrations have generally accepted the above proposals, and it only remains now to give effect to the scheme. The Governor General in Council desires therefore that steps may be taken as soon as possible to constitute the local Committees. The intention is that there shall be in each province a general Committee representing the province as a whole, and that, where necessary, there shall also be sub-committees at such local centres as may be convenient. The President and Members of these Committees will be selected and appointed by the local Governments. As stated above, these proposals will not for the present apply to Burma; and the North-West Frontier Province will be represented on the Punjab provincial Committee by the officer in charge of education in the former province. The province of Coorg might similarly be represented on the Madras Committee. Native States, who so desire, will also be represented by the Political Officers of the States on the Committees at the head-quarters of their respective Universities.

7. There will be a paid Secretary to each provincial Committee, who will be appointed by the local Government. It has been stated by one local Government that the services of a Secretary can be procured on an allowance of Rs. 60 per mensem. Such an arrangement may not be possible in

every case, and the Government of India leave it to the discretion of local Governments to fix the pay of this officer, subject to a maximum limit of Rs. 200 per mensem. The provincial Committees, as soon as they are constituted, should place themselves in communication with the Educational Adviser to Indian Students, India Office, London.

---

* Madras.	Eastern Bengal and Assam.
Bombay.	Central Provinces.
Bengal.	North-West Frontier Province.
United Provinces.	Coorg.
Punjab.	
Burma.	

ORDER.—Ordered that a copy of the above Resolution be forwarded to the local Governments and Administrations noted on the margin* for information and guidance and that a copy be forwarded to the Foreign / Finance Department / Department of Commerce and Industry for information.

ORDERED also that the Resolution be published in the *Supplement to the Gazette of India.*

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 1st July 1909, based on the Indian Daily Weather Reports of the period.

Comparatively little rain was given by either monsoon current on the 25th. On the 26th the Bay current, which had been inactive for some time past, showed signs of strengthening and occasioned rain over the whole of Burma. On the next day there was a marked increase in the area from which rain was reported, the falls being nearly general in Burma, northeast India, the United Provinces, Central India and on the west coast of the peninsula, while local rain had fallen in the Central Provinces. The improvement was shown in both branches of the monsoon current was maintained for the next three days, and rainfall extended into Gujarat, Rajputana and the east of the Punjab. At the close of the week, however, the trough of low pressure moved northwards and this, combined with the formation of a depression in the United Provinces, caused a concentration of rainfall over the latter region, to the detriment of northwest India and the central parts of the country.

Burma.—Rain fell in all parts of the province. Skies were moderately to heavily clouded. Temperature was normal except on the 26th, when it was in defect in the daytime in Upper Burma.

Northeast India, including Orissa.—Very little rain fell on the 25th and 26th, but on the remaining days rainfall was nearly general. Skies were moderately to heavily clouded. Temperature was approximately normal.

The United Provinces, Central India and the Central Provinces.—All stations reported rain. Skies were moderately to heavily clouded on most days. Maximum temperature was in defect from the 28th to the end of the week.

Northwest India.—Rain fell at most stations in Rajputana and Gujarat and was heavy in places. There was no rain in the southwest of the Punjab and Sind, but light rainfall occurred in the north and east of the Punjab and in Kashmir. Skies were generally clear over the western desert and moderately clouded elsewhere. Temperature was higher than usual during the first three days of the week, but with the extension of rainfall into northwest India temperature fell rapidly, and on the 29th and 30th it was in defect over the greater part of the division.

The Peninsula.—Rainfall occurred chiefly in the west of the division, but rain also fell locally in Madras and Hyderabad. Skies were moderately to heavily clouded except in the southeast. Temperature was nearly normal.

The following summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:—

June 25th. Tavoy 3·65", Silchar 3·25" and Aurangabad 4·30".

" 26th. Port Blair 4·02", Moulmein 4·92", Toungoo 2·19", Lashio 2·17", Myitkyina 2·02", Goa 4·30", Karwar 4·63" and Mangalore 4·40".

F

June 27th. Akyab 5·18", Dhubri 4·25", Bahraich 2·95", Jhansi 2·50", Roorkee 4·26", Chakrata 3·13", Karwar 4·78" and Mercara 3·13".

" 28th. Kyaukpyu 3·65", Dibrugarh 2·74", Sambalpur 3·23", Gorakhpur 2·53", Meerut 3·09", Muktesar 3·38", Delhi 3·93", Kotah 3·37", Udaipur 3·02", Surat 3·86" and Ahmedabad 3·36".

" 29th. Chittagong 3·57", Purnea 3·21", Bahraich 3·50", Saugor 3·35", Lahore 2·61", Dwarka 7·64", Veraval 2·69" and Surat 3·85".

" 30th. Akyab 4·[illegible]", Chittagong 4·12", Benares 2·55", Allahabad 2·61", Raipur 2·65", Delhi 2·19", Bikaner 2·02" and Mangalore 4·05".

July 1st. Akyab 9·14", Lucknow 4·34" and Mangalore 3·65".

The rainfall of the week was either normal or in excess over nearly the whole country; the excess was largest in the east of the United Provinces, Rajputana, Gujarat and the Konkan. The defect shown in seasonal rainfall a week ago in the west of Rajputana has decreased considerably and that shown in Gujarat has disappeared. Rainfall is now in large excess in the east of Rajputana.

[illegible]VISION.	Rainfall data for week ending on 1st July 1909.			Rainfall data from 30th April 1909 to 1st July 1909.			Seasonal percentage departure from normal.	
	Average actual rainfall in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Average actual rainfall of season to date in inches.	Average normal rainfall in inches.	Excess or defect in inches.	This week.	Last week.

GEORGE C. SIMPSON,
for *Director-General of Observatories.*

R. W. CARLYLE,
Secretary to the Government of India.

SIMLA;
The 1st July 1909.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th June 1909.

Burma.—The rainfall was heavy in most districts but was limited to light showers in the dry zone. Sowing of hill side rice is approaching completion. Ploughing for the main rice crop is well in hand and sowing of nurseries is progressing. In the dry zone of Upper Burma cultivation of the autumn crops, sessamum, cotton and ground-nut, is progressing satisfactorily. Standing crops are in good condition and prospects are favourable. The price of unhusked rice has advanced slightly at Rangoon. Fluctuations in district prices are small and prices are generally moderate though slightly above the normal.

Eastern Bengal and Assam.—The rainfall during the week was unevenly distributed; it was low in Comilla, Mymensingh, Pabna and Goalpara and high in Noakhali, Rangpur, the Duars and Gauhati. Prospects of tea are better in Jalpaiguri and Cachar but more sun is wanted in Dibrugarh. The rivers at last week's levels did damage to crops on low lands. The damage was considerable in Rajshahi, Pabna, Bogra, Mymensingh, Goalpara, Kamrup and Sibsagar. Crops on high lands are good. Prospects of rice are generally good except in Kamrup, Goalpara and the Garo Hills. Sowing of winter rice is almost finished. The price of rice is unchanged. Test relief works have been closed. Nineteen persons are receiving gratuitous relief in Bogra. The grant of loans has been completed in Dinajpur but still continues in Bogra. Cattle disease is reported from several districts.

Bengal.—Rain fell during the week in all districts except Saran. There was a heavy thunderstorm at Bhagalpur but the rainfall was local. Sowings of autumn crops still continue. Transplantation of winter rice has commenced in some districts. Weeding of jute is also in progress. Prospects of standing crops on low lands in Purnea and of jute in Darjeeling have deteriorated owing to the recent heavy rainfall. *Til*, jute and sugarcane have been partially damaged by floods in the Kandi sub-division of Murshidabad. Some damage to crops by insect pests is reported from parts of Jessore. The price of common rice has risen in the markets in Burdwan, Patna, Bhagalpur and Cooch Behar and has fallen in Midnapore, Saran and Muzaffarpur. Cattle disease is reported from several districts. The fodder and water supply is sufficient throughout the Province. The figures for the number of persons on test works in Bhagalpur have not yet been received. The famine relief works in Darbhanga were attended by 5,570 persons. Gratuitous relief was given to 29,059 persons in Muzaffarpur, Darbhanga and Palamau.

The weekly report on the famine and scarcity is as follows:—District Darbhanga—Workers exclusive of dependants 5,570; on gratuitous relief (*a*) dependants of workers 3,106; (*b*) in poorhouses or kitchens 4,398; and (*c*) on village doles or other relief 18,596; total gratuitously relieved 26,100. Grand total on relief 31,670. Some more rain fell during the week. Agricultural operations are being resumed except where there is still water in the fields. Prospects are at present distinctly favourable. Prices 11 to 11½ seers per rupee.

United Provinces.—Rain fell during the week in all districts. The amounts received were for the most part not large but good. General rain has also fallen since the close of the week. Autumn sowings continue. Standing crops are in good condition. Supplies of fodder and water are adequate. Cattle disease is reported from eighteen districts but the general condition of agricultural stock is good. Prices are stationary.

The weekly report on the famine and scarcity is as follows:—The general health of persons on relief and of others also is good. Crime is normal. Two civil works and one aided work are in progress and one poorhouse is open in Bijaigarh; one civil and two aided works in Kera Mangraur; and sixteen aided works in Jaunpur. The test work in Kheri has been closed. The distribution of gratuitous relief continues in Basti, Kheri and Garhwal. Eleven small works are open in Garhwal. Seven civil and two aided works are in progress and one poorhouse is open in Bahraich. The numbers on relief are practically stationary except in Bijaigarh where there is a slight increase and in Basti where there is a slight decrease. The people are busy in the fields. The numbers on Government relief are:—On relief works 15,698; on aided works 1,476; on gratuitous relief 8,092; in poorhouses 157; on private works 23; total on relief 25,446. Prices:—Garhwal 9; Kera Mangraur, Kheri and Bahraich 14; Bijaigarh 15; and Basti 16 seers per rupee.

Punjab.—The rainfall during the week was heavy in parts of Ambala; moderate in parts of Multan; and light in parts of Hissar, Gurgaon, Delhi, Jullundur, Gujranwala, Rawalpindi, Mianwali and Lyallpur. Rain is needed in Sialkot. Extra spring crops are being harvested in Ludhiana, Ferozepur, Amritsar and Mianwali. Sowings of autumn crops continue. The recent rain was beneficial to standing extra spring and autumn crops which are generally in good condition. Unirrigated sugarcane has been slightly damaged by insects in parts of Sialkot and *juar* and cotton in parts of Multan. Prices are high and have risen slightly in some districts. Cattle are generally in good condition. Fodder is sufficient except in Delhi.

North-West Frontier Province.—Showers of rain which were beneficial to standing crops fell in the Peshawar, Nowshera and Charsadda tahsils of Peshawar and in the Bannu tahsil of Bannu. There was no rain elsewhere. The condition of standing crops is average. Sowing of autumn crops is in progress in Dera Ismail Khan. Harvesting of extra spring crops has commenced in Bannu and the outturn is average. The outturn of harvested crops in Dera Ismail Khan is, on the whole, average. The health of people is good. Cattle disease prevails in several villages. Fodder is scanty in the Marwat tahsil of the Bannu district and is sufficient elsewhere. Irrigation from canals is sufficient. Prices are falling slightly. Prices:—wheat $10\frac{15}{16}$ to $12\frac{1}{4}$; maize $14\frac{3}{8}$ to $17\frac{3}{8}$; gram $13\frac{5}{16}$ to 16; *bajra* 13 to 15; and barley $17\frac{3}{16}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from $10\frac{1}{2}$ to 16 and maize from 13 to 20 seers per rupee. The condition of standing crops is fair. Autumn sowing is in progress. Cattle disease of mild type is reported in two tahsils. Fodder is sufficient.

Kashmir.—The weather was bright with slight rain on two occasions. The condition of spring crops is average and that of autumn crops good. Fodder is sufficient. There is no disease among cattle. Prices are unchanged.

Rajputana.—There was no rain during the week in Bikanir, the Western States, Kishangarh, Shahpura and some other States. Ajmer reports partial rain. The maximum fall was 207 cents in Banswara and the minimum 8 cents in Tonk. Monsoon sowings are in progress in many places. Cattle disease is prevalent in parts of Mewar and Bharatpur. Prices are steady or show slight fluctuations.

Central India.—The rainfall during the week was slight in Gwalior and Indore and general elsewhere. Sowing of autumn crops is in progress in Indore and Bhopawar and has commenced elsewhere. Agricultural stock are satisfactory except for some cattle disease in Baghelkhand, Bundelkhand and Bhopawar. Prices are high but stationary.

Central Provinces.—The heaviest fall of rain during the week was at Saugor which received 6 inches whereas Chhindwara and Drug received only 78 and 91 cents respectively. Elsewhere the quantity registered ranged from $4\frac{3}{4}$ inches in Narsinghpur to 1

inch in Raipur. More rain is needed in Damoh, Seoni, Chanda, Bhandara and Raipur. Sowing of autumn crops is in full swing and germination is reported to be good in Jubbulpore, Seoni, Narsinghpur, Bhandara, Balaghat and the districts of Chhattisgarh. Cotton has germinated well in Nimar, Wardha and the Berar districts. Fodder and water are sufficient everywhere. Cattle are doing well. The price of rice in Bilaspur, gram in Raipur and wheat in Nimar became cheaper by one seer per rupee. Elsewhere, prices of staple food grains remained stationary or fluctuated slightly exhibiting a a tendency to fall. The number of weavers on relief was [illegible]6.

Feudatory States—During the week rain fell in nine States ranging from 2¾ inches in Sakti to 48 cents in Khairagarh. Sowing of autumn crops is in rapid progress everywhere. Early sown rice is germinating well. Fodder and water are adequate. The price of gram in Jashpur and of rice in Khairagarh fell by two seers and *kodon* in Raj Nandgaon by ¾ seer. Rice in Kanker and Raigarh rose by 1 and 1½ seers per rupee respectively. Prices were stationary or varied slightly elsewhere.

Bombay.—The rainfall during the week was heavy in parts of Colaba, Ratnagiri and Kanara; good in parts of Ahmedabad, Broach, Surat, East Khandesh, Ahmednagar and Sholapur; moderate in parts of the Panch Mahals, Kaira, Thana, West Khandesh, Nasik, Belgaum, Kathiawar, Mahi Kantha and Rewa Kantha; and slight in parts of Thar and Parkar, Poona, Satara, Bijapur, Dharwar, Baroda, Palanpur and Cutch. More rain is needed for cultivation of autumn crops in parts of Thar and Parkar, Ahmedabad, Colaba, Ratnagiri, Kanara, Khandesh, Nasik, Poona, Bijapur and Belgaum. Preparation of lands for cultivation of autumn crops continues in parts of Sukkur, the Panch Mahals, West Khandesh, Nasik, Dharwar and the Gujarat Native States. Sowing of autumn crops generally continues but has been retarded in parts of Bijapur and Belgaum owing to insufficient moisture. Transplantation is in progress in parts of Karachi and Sukkur and has commenced in parts of Larkana, Hyderabad, Surat and the Konkan. The supply of fodder is adequate except in parts of West Khandesh. Agricultural stock are sufficient except in parts of Ahmednagar, Poona, Sholapur, Satara and Cutch and are generally in good condition. The supply of drinking water and of water for irrigation are generally adequate. Prices of food grains have fallen slightly in Kanara; have risen slightly in Larkana, Ahmednagar, Belgaum and Dharwar; and are generally stationary elsewhere. The quantity purchasable per rupee is in Sind 29 to 40 per cent; in Gujarat 27 to 49 per cent; in the Konkan 3 to 26 per cent; in the Deccan 20 to 49 per cent; and in Karnatak 37 to 44 per cent less than the normal. Stocks of grain are adequate. Labourers get sufficient employment. The cultivating and labouring classes are generally in fair condition. The numbers on relief are:—on works, 598 in Bijapur; on gratuitous relief, 93 in Bijapur and 120 in Dharwar; total on relief 811.

Hyderabad.—The rainfall during the week was 1 inch 50 cents. It was good in parts of the Aurangabad and Nander districts and fair in the Bir, Usmanabad, Nizamabad, Medak and Adilabad districts. The highest falls were:—7 inches 3 cents in Aurangabad; 6 inches 20 cents in Bhokardan; 4 inches 86 cents in Jailna in the Aurangabad district; and 4 inches 19 cents in Hingoli in the Parbhani district. Lands are under preparation for autumn crops and sowings are in progress in most parts. Early rice is also being sown in parts of the Medak and Nizamabad districts. Sprouts of autumn crops are fair except in the Kushtagi, Raichur and Mahbubnagar districts. The fodder and water scarcity has almost been removed, the former prevailing only in the Kushtagi, Lingsugar, Nalgonda and Paloncha talukas and the latter in Kushtagi, Yellareddipet and Paloncha. Cattle disease is prevalent in two talukas. Prices:—wheat 6¾; coarse rice 7; and *juar* 14 seers per rupee. White *juar* is selling in Hyderabad City at 12½ seers per rupee. Yellow *juar* is not available. The highest price in districts is 9 seers in the Kushtagi taluka of the Raichur district, the Paloncha taluka of the Warangal district and the Adilabad taluka of the Adilabad district and the lowest 21 seers in the Rajura and Udgir talukas of the Bidar district.

Mysore.—Good rain fell during the week in Kadur and Shimoga and slight rain elsewhere. Prices of food grains are generally steady and markets are well supplied. Ploughing and sowing operations continue. Prospects of the season are fair. Rain is needed in parts of Bangalore, Kolar, Tumkur, Mysore, Hassan and Chitaldroog. Cattle are generally healthy but disease is prevalent in some localities. Water and fodder are available.

Coorg.—The rainfall during the week was 9 inches 39 cents. Ploughing for rice continues and transplanting has commenced. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall during the week was normally very heavy in South Canara and Malabar; good in Ganjam, Vizagapatam and the Nilgiris; *nil* in Godavari and Trichinopoly; and light to fair elsewhere. Irrigation supplies are insufficient in parts of districts except Ganjam, Anantapur, Chingleput, Coimbatore, Trichinopoly, Tinnevelly, Malabar, South Canara and the Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. Standing crops are generally fair, but some in parts of Bellary, Salem and Coimbatore require more rain. Harvests continue with outturn poor to normal. Pasture is insufficient in parts of Kistna, Guntur, the Deccan, Nellore, South Arcot and Tinnevelly. Fodder is scanty in parts of Guntur, the Deccan and North Arcot. The condition of cattle is generally good. The price of rice is stationary in fifteen districts; has fallen in two; and has risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts; has fallen in three; and has risen in nine. *Cholam* is stationary in seven districts; has fallen in three; and has risen in four. *Cumbu* is stationary in eight districts; has fallen in three; and has risen in five. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is good and employment is procurable. Grain stocks are generally sufficient.

FAMINE.

Statement showing the number of persons on relief works and in receipt of gratuitous relief in the Districts and Native States affected by famine or scarcity in India—(District details).

NOTE.—The figures are compiled from returns obtained from Local Governments and Political Officers, and give the corrected details of the totals reported in the telegraphic famine reports published weekly in the Supplement to the *Gazette of India.*

Non-labouring children and other dependants of relief workers are classed under relief works when distinguished in the local returns from persons gratuitously relieved in poor-houses or at their houses. Weavers relieved in their own trade are shown under "village doles or other relief."

C. F. ANDERSON, *Capt., R.E.*,
for Secretary, Railway Board.

Simla, the 1st July 1909.

Printed and published for the GOVERNMENT OF INDIA *at the* GOVERNMENT CENTRAL PRINTING OFFICE, *Simla.*

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 3, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 18th March 1909

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette,* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette.* The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette.*"

J. P. HEWETT,
Secretary to the Government of India.

Rates of subscription.	Per annum. R	a.	p.

No. 2518 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 112 of 1898.—Samuel Cleland Davidson. *Improvements in the construction of trays or sieves of foraminous material for use in machines for drying tea or other substances.* (From 16 July 1909 to 16 July 1910.)

No. 153 of 1898.—Samuel Cleland Davidson. *Improvements in apparatus for drying tea, coffee, cocoa, grain or other substances.* (From 30 July 1909 to 30 July 1910.)

No. 52 of 1902.—Ernest John Wood. *Improvements in axle boxes.* (From 27 August 1909 to 27 August 1910.)

No. 55 of 1902.—La Societe Des Telegraphes Multiplex (Systeme E. Mercadier). *Improvements in multiplex telegraphy using undulatory or alternating currents.* (From 22 July 1909 to 22 July 1910.)

No. 395 of 1902.—Michael Joseph Owens. *Improvement in machine for and method of gathering and shaping glass.* (From 26 November 1909 to 26 November 1910.)

No. 405 of 1902.—Roland Hayes Gahagan. *An improved automatic sluice gate.* (From 10 July 1909 to 10 July 1910.)

No. 257 of 1903.—Hugh Victor McKay. *Improvements in stripper-harvesters.* (From 1 August 1909 to 1 August 1910.)

No. 271 of 1903.—Michael Joseph Owens. *Improvements in or relating to receptacles or containers for molten glass.* (From 27 November 1909 to 27 November 1910.)

No. 521 of 1904.—Walter George Crosthwaite. *Improvements in or relating to the furnaces of steam boilers and the like.* (From 7 July 1909 to 7 July 1910.)

No. 535 of 1904.—Arthur Elphinstone Cummins. *Improvements in baling presses for cotton and other materials.* (From 30 June 1909 to 30 June 1910.)

No. 78 of 1905.—Louis Brennan. *Improvements in and relating to the imparting of stability to otherwise unstable bodies, structures or vehicles.* (From 29 August 1909 to 29 August 1910.)

No. 128 of 1905.—Henry Holmes Jellett. *Improvements in centrings for arches and the like.* (From 28 July 1909 to 28 July 1910.)

No. 289 of 1905.—William Matthew Ducker. *Improvements in and relating to portable houses.* (From 20 January 1910 to 20 January 1911.)

No. 43 of 1906.—Thomas Arthur White. *An improved apparatus for the mechanical propulsion of trolleys.* (From 23 July 1910 to 23 July 1911.)

No. 2519 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act, the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

No. 551 of 1904.—John Norwood. *An improved music portfolio.* (Specification filed 25 March 1905.)

No. 28 of 1905.—Wilhelm Michaelis. *Improvements relating to sound producing and recording apparatus and to records therefor.* (Specification filed 22 March 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 352 of 1903.—Edward Schæfer. *Improvements in fire extinguishers.* (Specification filed 23 March 1904.)

No. 527 of 1903.—William Reginald Ridings. *Improvements in arc lamps.* (Specification filed 23 March 1904.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of the filing of the specification—

The sum of R50 for the above invention.

No. 349 of 1902.—R. G. Jones. *A foot shackle or means for fastening horses by the feet.* (Specification filed 20 March 1903.)

Fee in respect of the continuance of an exclusive privilege—

4 (*c*) After the expiration of the fifth year and before the expiration of the sixth year from the date of the filing of the specification—

The sum of R50 for the above invention.

No. 441 of 1899.—John Walter Ottley. *Improvement in covers for the barrels of small arms.* (Specification filed 21 March 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (*e*) After the expiration of the seventh year and before the expiration of the eighth year from that date—

The sum of R50 for the above invention.

No. 140 of 1898.—John Clarke. *Improvements in warp-drawing machines.* (Specification filed 22 March 1899.)

Fee in respect of the continuance of an exclusive privilege—

4 (*g*) After the expiration of the ninth year and before the expiration of the tenth year from that date—

The sum of R100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified : or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1*s*. 6*d*. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

P. J. GORDON, Lt.-Col., I.A.,
Superintendent, In charge Burma Surveys.

THE HONOURABLE THE AGENT TO THE GOVERNOR GENERAL IN BALUCHISTAN.

NOTIFICATION.

Quetta, the 21st June 1909.

No. 3639.—The following rules framed by the Hon'ble the Agent to the Governor General in Baluchistan under the provisions of sub-section (*i*), clauses (*c*) and (*i*) of section 102 of the Quetta Municipal Law, 1896, for regulating the supply of water by house connection from the mains are hereby notified in supersession of all previous rules on the subject:—

The rules that follow apply to the whole of the water distribution system within the limits of the town and Civil lines of Quetta excepting only the Railway main pipe which runs along the Lytton road south of its junction with the Levy lines road over this pipe the Railway Department have exclusive control subject only to the condition that they do not take therefrom more than 1,50,000 gallons a day without permission of the Agent to the Governor General.

1. All mains are the property of the Municipality and will be maintained by them with the exception that in the case of additional mains required largely or solely for Government purposes the initial cost of such mains shall be borne jointly by the Government Department concerned and the Municipality proportionally to the benefits accruing to each from the mains. Such mains shall be laid and maintained by and remain the property of the Municipality.

2. The use of the stand posts fixed or to be fixed in the public roads is free to all classes and castes but the hydrants and fire plugs are under the control of the Municipality. Additional stand posts and hydrants will be fixed from time to time as required in positions convenient to the public at the expense of the Municipality.

3. Service connections to bring water from the mains inside the premises of public offices, Government, Quetta Revenue, and Municipal buildings, and private houses will be given under these rules provided that there is sufficient water available after supplying all

stand-posts and hydrants in the public roads, on which point the final decision shall rest with the Agent to the Governor General.

4. The first cost of making these service connections shall in the case of public buildings be met by the Department concerned and the expenditure thereon shall be added to the value of the buildings. In the case of private houses the cost of laying submains shall be borne by the Municipality whenever the aggregate value of the fees to be realised yields a return of not less than 10 per cent. on the outlay incurred by the Municipality. The cost of piping from the line to the house and the fittings which must be paid in advance will be paid by each individual concerned.

The maintenance of the service connection in proper order will rest in all cases with the Municipality. Cost of such repairs to the water apparatus as are caused by fair wear and tear will be borne by the Municipality, but the cost of all damages done to the exposed portion of this service connection through carelessness and rough usage on the part of the house owners will be paid for by them.

Persons requiring service connection for private houses should address the officer appointed by the Municipality to receive and deal with such applications.

5. All service connections except to Government buildings will be laid and maintained by the Municipality and no additions or alterations will be permitted without an order from the Municipality who will carry out all work in connection with water supplied to private houses.

Any tampering with or wilful damage to any part of the service connections will render the owner or occupier of the house liable to the cost of any repairs that may be found necessary.

6. In the case of Government buildings the department concerned will, after due arrangement with the Municipality as to the size of connections, etc., lay and maintain at their own expense the service connections from the boundary of the Government land, such connections remaining the property of the Department which will also bear the expense of any extension from the Municipal main. The Municipality shall have access to Government buildings to ensure that no waste of water occurs.

7. Scale of charges for house connections for water supply within the limits of Quetta Municipality where meters are not fixed.

For 1st class houses R80 Rental and upwards.

	R	a	p	
¼ inch Ferrule	2	8	0	per mensem.
⅜ " "	6	4	0	" "
½ " "	10	2	0	" "
¾ " "	25	0	0	" "
1 " "	38	4	0	" "

For 2nd class houses Rental under R80 but not under R30.

	R	a	p	
¼ inch Ferrule	1	8	0	per mensem.
⅜ " "	3	12	0	" "
½ " "	6	0	0	" "
¾ " "	15	0	0	" "
1 " "	23	0	0	" "

For 3rd class houses Rental under R30

	R	a	p	
¼ inch Ferrule	0	8	0	per mensem.
⅜ " "	1	4	0	" "
½ " "	2	8	0	" "
¾ " "	10	0	0	" "
1 " "	19	8	0	" "

NOTE.—An extra charge of 0-8-0 per tap will be made for every tap in excess of one.

If water be used for any part of a month not exceeding 15 days, half the above rates will be charged, but if for more than 15 days, the full monthly rate will be levied. Persons desiring to discontinue taking water are required to give one week's notice of their wish.

Bills for water rates shall be issued not later than the 15th of the month following that in which the water to be charged for was consumed, and the payments should be made on or before the last day of the month in which the bills are issued. If the money is not paid on or before this date, a notice will be served to the effect that, unless the rate be paid by the 15th of the succeeding month the supply will be cut off.

8. In the case of all house connections constructed subsequently to the 1st September 1908, the water will be supplied by meter measurement. The initial cost of all meters will be paid by the person or Department requisitioning and the meter will be fixed and subsequently maintained by the Municipality.

9. Water supplied by meter measurement will be charged for at a uniform rate of annas two plus half an anna for maintenance per 1,000 gallons, and in all cases it will be a condition of the supply that water shall on no account be permitted to run to waste.

10. During the winter months when it is found necessary to keep the taps open owing to frost, a proclamation will be made to that effect, and the charge made for the period during which such proclamation is in force will be based on the average daily consumption of the 30 days preceding the date of such proclamation.

11. The charge to be made for water consumed during the time a meter is out of order or under repairs will be based on the average of the immediately preceding and next succeeding reliable readings. The latter reading should be taken within a fortnight of the repairs to the meter having been completed.

12. In all cases where the supply of water given by house connections is at present limited by ferrules, the committee will be prepared to introduce the meter system at the request and cost of the house-owner or the Government Department concerned.

13. In all cases of existing private connections in which the Municipal Secretary has reason to believe that a waste of water is occurring the house-owner will be served with a notice to the effect that he should show cause within seven days why the supply of water should not be cut off from his house until such time as a meter has been provided and fixed at his expense and if he fail to show such cause to the satisfaction of the Political Agent, action will be taken according to the terms of the notice.

In the case of Government Departments, notice of any waste of water will be sent to the official concerned.

14. If leakage should occur in a service pipe or connection, the owner or occupier of the house is bound to give early notice of such leak to the Municipality.

15. In the foregoing Rules, wherever the word "Municipality" occurs in connection with laying, supervision and maintenance of water supply pipes and fittings it is understood that the Municipal Engineer or an official deputed by him acts for and under the orders of the Quetta Municipality.

16. Any infringement of the foregoing rule will render the water liable to be cut off.

By order,

H. A. K. GOUGH, Major,
First Assistant.

THE HON'BLE THE AGENT TO THE GOVERNOR GENERAL AND CHIEF COMMISSIONER IN BALUCHISTAN.

NOTIFICATION.

Ziarat, the 24th June 1909.

*Agents for sale of the Legislative Department publications.

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through the Local Government to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[The amounts within parentheses are for packing and postage.]

Advertisements and Notices by Private Individuals and Corporations.

ESTATE COLONEL G. T. KELAART, R.A., DECEASED.

PURSUANT TO SECTION 42, ACT 28 OF 1866.

Notice is hereby given that all persons having claims against the late Gerald Talbot Kelaart, a retired Colonel in the Royal Artillery, who died on 1st March 1909, at the Lombardi Nursing Home, King's Road, Brighton, England, Letters of Administration to whose Estate have been granted to George Roberts Johnston of Messrs. Grindlay and Co., Calcutta, are required to send in the same on or before 23rd July next to the said Messrs. Grindlay & Co., Calcutta, after which date the said Administrator will proceed to administer the assets having regard only to the claims of which he shall then have received notice, and no claims sent in subsequently will be recognized, and all persons indebted to or holding any securities or property belonging to the said Estate are also hereby requested to pay without delay the amount owing by them, or deliver the said securities or property to the said Administrator whose receipt alone is valid for the same.

LEGISLATIVE DEPARTMENT.

NOTIFICATIONS.

Simla, the 9th July, 1909.

No. 6.—In exercise of the powers conferred by section 17 of the Indian Councils Act, 1861 (24 & 25 Vict., cap. 67), the Governor General in Council is pleased to appoint Friday, the 30th July, 1909, at 11 A.M., as the time, and the Council Chamber in Viceregal Lodge, Simla, as the place, for a meeting of the Council of the Governor General for the purpose of making Laws and Regulations.

No. 7.—The Governor General in Council is pleased to accept the resignation by the Hon'ble Mr. Norman Cranstoun Macleod, Barrister-at-Law, of his office of Additional Member of the Council of the Governor General for making Laws and Regulations.

No. 8.—The following Statute is published for general information:

ARMY (ANNUAL) ACT, 1909.

[9 EDW. 7, CH. 3.]

AN ACT TO PROVIDE, DURING TWELVE MONTHS, FOR THE DISCIPLINE AND REGULATION OF THE ARMY.

[30th April, 1909.]

WHEREAS the raising or keeping of a standing army within the United Kingdom of Great Britain and Ireland in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and eighty-three thousand two hundred, including those to be employed at the depôts in the United Kingdom of Great Britain and Ireland for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions:

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid:

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law, in their duty, that an exact discipline be observed, and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service or are guilty of crimes and offences to the prejudice of good order and military discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Act will expire in the year one thousand nine hundred and nine on the following days:—

(a) In the United Kingdom, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and

(b) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July:

Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Short title.

1. This Act may be cited as the Army (Annual) Act, 1909.

Army Act to be in force for specified times.

2. (1) The Army Act shall be and remain in force during the periods herein-after mentioned, and no longer, unless otherwise provided by Parliament (that is to say):—

(a) Within the United Kingdom, the Channel Islands, and the Isle of Man, from the thirtieth day of April one thousand nine hundred and nine to the thirtieth day of April one thousand nine hundred and ten, both inclusive; and

(b) Elsewhere, whether within or without His Majesty's dominions, from the thirty-first day of July one thousand nine hundred and nine to the thirty-first day of July one thousand nine hundred and ten, both inclusive.

(2) The Army Act, while in force, shall apply to persons subject to military law, whether within or without His Majesty's dominions.

(3) A person subject to military law shall not be exempted from the provisions of the Army Act by reason only that the number of the forces for the time being in the service of His Majesty, exclusive of the marine forces, is either greater or less than the number herein-before mentioned.

Prices in respect of billeting.

3. There shall be paid to the keeper of a victualling house for the accommodation provided by him in pursuance of the Army Act the prices specified in the First Schedule to this Act.

AMENDMENTS OF ARMY ACT.

Transfer of powers to Army Council.

4. There shall be transferred to the Army Council—

(a) All powers and duties conferred or imposed on a Secretary of State under the provisions of the Army Act specified in Part I of the Second Schedule to this Act; and

(b) All powers and duties conferred or imposed on the Commander-in-Chief and the Adjutant-General under the Army Act:

and accordingly the modifications set out in Part II of that schedule shall be made in the Army Act:

Provided that—

(1) Nothing in this section shall affect the validity of any rules, regulations, orders, or other documents made or executed by a Secretary of State under any of the powers hereby transferred, but all such rules, regulations, orders, and documents shall until revoked by the Army Council have effect as if made or executed by the Army Council; and

(2) The powers and duties transferred to the Army Council by this section shall, as from the commencement of this Act, be deemed to be business within the meaning of the Order in Council dated the tenth day of August nineteen hundred and four, regulating the distribution of business amongst the members of the Army Council. The Secretary of State may, however, reserve to himself any part of such business; and

(3) Nothing in this section shall affect the responsibility of the Secretary of State to His Majesty and to Parliament.

Amendment of 44 & 45 Vict., c. 58, s. 115.

5. (1) In sub-section (2) of section one hundred and fifteen of the Army Act (which relates to the supply of carriages and vessels in cases of emergency), after the words "carriages of every description" there shall be inserted the words "(including motor cars and other locomotives, whether for the purpose of carriage or haulage.)"

(2) At the end of the same section the following sub-section shall be added:—

"(9) The Army Council may, by regulations under the Territorial and Reserve Forces Act, 1907, assign to county associations established under that Act the duty of furnishing, in accordance with the directions of the Army Council, such carriages, animals, and vessels as may be required on mobilisation for the regular or auxiliary forces, or any part thereof, and where such regulations are made an officer of a county association shall have the same powers as are by this section conferred on an officer of the Army Council."

7 Edw. 7, c

Amendment of 44 & 45 Vict., c. 58, s. 122 (6).

6. In sub-section (6) of section one hundred and twenty-two of the Army Act (which defines "qualified officer" in relation to convening and confirming the findings and sentences of general courts-martial), for the words "on whom the command of any body of regular forces may be conferred" there shall be substituted the words "on whom the command of any part of His Majesty's forces may be conferred."

Billeting in cases of emergency.

7. The following section shall be inserted in the Army Act after section one hundred and eight:—

108A. (1) Where directions have been given for embodying all or any part of the Territorial Force, His Majesty by Order distinctly stating that a case of emergency exists, and signified by a Secretary of State, and also in Ireland the Lord Lieutenant by a like Order, signified by the Chief Secretary or Under-Secretary, may authorise any general or field officer commanding His Majesty's regular forces in any military district or place in the United Kingdom to issue a billeting requisition under this section.

(2) Any officer so authorised may issue a billeting requisition under his hand reciting the said Order and requiring chief officers of police to provide billets in such places and for such number of officers and soldiers, and their horses, and for such period, as may be specified in the requisition.

(3) The provisions of this Act as to billeting shall apply to billeting under such a requisition as if for references therein to a route there were substituted references to such a requisition, subject, however, to the following modifications:—

(a) The occupiers of all public buildings, dwelling-houses, warehouses, barns, and stables shall, as well as the keepers of victualling houses, be liable to billets, and the said provisions shall apply as if references to victualling houses and the keepers of victualling houses included references to such public buildings, dwelling-houses, warehouses, barns, and stables, and the occupiers thereof:

(b) The powers and duties conferred or imposed on constables shall be exercised and performed by the chief officers of police, and accordingly for references to constables in the said provisions there shall be substituted references to the chief officers of police and for the reference to a justice of the peace in sub section (7) of section one hundred and eight there shall be substituted a reference to a court of summary jurisdiction, but a chief officer of police, in selecting the persons required to provide billets, and in determining the number of officers and soldiers to be billeted on any person, shall, so far as practicable, have regard to the convenience of the several occupiers, and shall act in accordance with any general instructions which may have been issued by the police authority:

(c) The prices to be paid to an occupier other than the keeper of a victualling house for accommodation furnished and food and fodder supplied by him shall be such as may be fixed by regulations made by the Army Council with the consent of the Treasury:

(d) Sub-section (2) of section one hundred and three (which defines a route), paragraph (6) of section one hundred and eight (which relates to the power of a justice to vary a route), and paragraph (2) of Part II of the Second Schedule to the Army Act (which requires billets to be made out to the less distant victualling houses) shall not apply.

(4) Any regulations as to prices so made shall be laid before each House of Parliament as soon as may be after they are made and, if within forty days after they have been so laid either House presents an address to His Majesty praying that any such regulations may be annulled, His Majesty may thereupon by Order in Council annul the same, and the regulations so annulled shall thenceforth become void without prejudice to anything done thereunder in the meantime.

(5) For the purposes of this section—

The expression "public building" includes any building wholly or partially provided or maintained out of the rates, and any building to which the public habitually have access, whether on payment or otherwise;

The expression "chief officer of police"

(a) As respects the city of London, means the Commissioner of City Police, and elsewhere in England has the same meaning as in the Police Act, 1890; *(53 & 54 Vict., c. 45.)*

(b) In Scotland has the same meaning as in the Police (Scotland) Act, 1890; *(53 & 54 Vict., c. 67.)*

(c) As respects the police district of Dublin metropolis, means the Chief Commissioner of Police for that district, and elsewhere means a county inspector of the Royal Irish Constabulary.

In the case of unoccupied premises this section shall apply as if the owner were the occupier thereof.

(6) Compensation shall be paid by the Army Council out of money voted by Parliament for Army services in respect of any damage caused by any officer or soldier billeted under this section to the premises in which he is billeted, and the amount of such compensation shall in the event of disagreement be determined—

(a) In England by arbitration under the Arbitration Act, 1889; *(52 & 53 Vict., c. 49.)*

(b) In Scotland in the same manner as a question of disputed compensation under sub section (10) of section twenty-five of the Local Government (Scotland) Act, 1894; *(57 & 58 Vict., c. 58.)*

(c) In Ireland by arbitration under the Common Law Procedure Amendment Act (Ireland), 1856, as amended by any subsequent enactment. *(19 & 20 Vict., c. 102.)*

8. (1) At the end of paragraph (10) of section one hundred and seventy-five of the Army Act (which relates to persons subject to military law as officers) there shall be added the following paragraph:—

Amendment of 44 & 45 Vict., c. 58, ss. 175, 176, and 177, as to persons subject to military law.

"(11) All officers belonging to a force raised in India or a colony, when attached to or doing duty with any portion of the regular, reserve, or auxiliary forces in the United Kingdom."

(2) In section one hundred and seventy-six of the Army Act (which relates to persons subject to military law as soldiers) the following paragraph shall be inserted after the proviso to paragraph (8):—

"(8A) All non-commissioned officers and men belonging to a force raised in India or a colony when attached to or otherwise acting as part of or with any portion of the regular, reserve, or auxiliary forces in the United Kingdom."

(3) At the end of section one hundred and seventy-seven of the Army Act (which relates to persons belonging to Indian and Colonial forces) the following paragraph shall be added:—

"This section shall not apply to any officer belonging to any such force when attached to or doing duty with, or to any non-commissioned officer or man belonging to any such force when attached to or otherwise acting as part of or with, any portion of the regular, reserve, or auxiliary forces in the United Kingdom."

Amendment of 44 & 45 Vict., c. 58, s. 177, as to persons belonging to Indian and Colonial forces.

9. (1) In section one hundred and seventy-seven of the Army Act (which relates to persons belonging to Indian and Colonial forces), after the words "whether within or without the limits of India or the colony," there shall be inserted the words, "and any such law may apply to any such officers, non-commissioned officers, and men, all or any of the provisions of this Act so far as they relate to the regular forces or any of the auxiliary forces, as the case may require, subject to such adaptations as may be necessary to make them applicable, and the provisions of this Act so applied shall, subject to such adaptations as aforesaid, be construed as if such officers, non-commissioned officers, and men were included in the expression 'the regular forces' or 'the auxiliary forces,' as the case may require."

(2) In the same section for the words "respectively mentioned in the two preceding sections of this Act" there shall be subtituted the words "of the regular forces."

Application of Army Act to men of the reserve forces.

10. (1) Section one hundred and seventy-eight of the Army Act (which applies the Army Act to the auxiliary forces when subject to military law) shall extend to non-commissioned officers and men of the reserve forces when subject to military law otherwise than when called out on permanent service, and accordingly in that section, after the words "in pursuance of this Act," there shall be inserted the words "and when non-commissioned officers and men belonging to the reserve forces are subject to military law in pursuance of this Act, otherwise than when called out on permanent service," and after the words "men belonging to such auxiliary," there shall be inserted the words "or reserve."

(2) In sub-section (8) of section one hundred and ninety of the Army Act (which defines the expression "regular forces"), after the word "world" there shall be inserted the words "including soldiers of the reserve forces when called out on permanent service and," and the words "and subject to this qualification, that when the reserve forces are subject to military law such forces become during the period of their being so subject part of the regular forces" shall be repealed.

(3) In paragraph (*b*) of sub-section (1) of section thirteen of the Army Act (which relates to fraudulent enlistment), the words "not subject to military law" shall be repealed.

Amendment of 44 & 45 Vict, c 58, s. 190, as to definition of the expression "Governor."

11. In paragraph (27) of section one hundred and ninety of the Army Act (which defines the expression "Governor"), after the words "in its application to a colony" there shall be inserted the words "means the Governor General, Governor, High Commissioner or Commissioner, and".

SCHEDULES.

FIRST SCHEDULE.

PART II.

AMENDMENTS OF ARMY ACT CONSEQUENTIAL ON TRANSFER OF POWERS TO ARMY COUNCIL.

Provision of Army Act modified.	Modification to be made.
Sections 77, 78, 79, 80, 82, 84, 86, 87, 88, 91, 92, 93, 94, 100, 106, 111, 113, 115 (3) (4) (6), 118, 119 (1) and (2), 137 (4), 138 (8), 139, 140 (1), 142, 145 (2), 154 (5) (7) and (8), 156 (1), 161, 162 (4), 173, 175 (7), 179 (12).	For the words " a Secretary of State," " the Secretary of State," and " such Secretary of State," wherever those words respectively occur, there shall be substituted the words " The Army Council."
Section 137 (1) ...	For the words " notified as satisfactory by the Commander-in-Chief to a Secretary of State " there shall be substituted the words " approved by the Army Council."
Section 163 (1) (b) and (c)	After the words " a Secretary of State," wherever they occur, there shall be inserted the words " or the Army Council."
Section 167	For the words " a Secretary of State or the Commander-in-Chief " there shall be substituted the words " the Army Council."
Section 179 (6) ...	After the words " Secretary of State " there shall be inserted the words " and the Army Council."
Sections 42, 57 (2) (a), 75, 103, 163 (1) (c).	For the words " the Commander-in-Chief," and " Commander-in-Chief," wherever those words respectively occur, there shall be substituted the words " the Army Council."
Sections 59 (4) and (5), 64 (2) (3) and (4), and (67) (4) (a).	For the word " officers " there shall be substituted the word " authorities," and for the words " the Commander-in-Chief, the Adjutant-General" there shall be substituted the words " the Army Council."
Section 73 (3) ...	For the words " the Commander-in-Chief or Adjutant General " and the words " the Commander-in-Chief," where they lastly occur, there shall be subtituted the words " the Army Council."
Section 101	For the words " the Commander-in-Chief or the Adjutant-General " there shall be substituted the words " the Army Council."
Section 122 (6) ...	The words " the Commander-in-Chief and " shall be omitted.
Section 172 (1) ...	For the words " the Commander-in-Chief or the Adjutant-General " there shall be substituted the words " the Army Council," and after the words " on behalf of " there shall be inserted the words " the Army Council or "
Section 179 (7) ...	For the words " The Commander-in-Chief, Adjutant-General," there shall be substituted the words " the Army Council " and for the words " Commander-in-Chief, Adjutant-General, " there shall be substituted the words " Army Council."
Section 183 (2) and proviso (b).	For the words " The Commander-in-Chief " where they firstly occur in each of those provisions there shall be substituted the words " the Army Council."

Where, in consequence of the substitution of the Army Council for the Secretary of State or the Commander-in-Chief under the foregoing provisions of this Schedule, it is necessary to substitute words in the plural for words in the singular, such substitution shall be made.

CANTONMENTS.

REGULATIONS.

No. 666.—In exercise of the powers conferred by section 26 of the Cantonments Act, 1889 (XIII of 1889), and in modification of the notification of the Government of India in the Military Department, No. 664, dated the 16th June 1899, as subsequently amended, the Governor-General in Council is pleased to alter the Cantonment Code, 1899, to the extent set forth below :—

In section 29, sub-section (1), clause (*b*), the words "with the concurrence of the Local Government" shall be omitted.

No. 667.—The following draft of a notification which it is proposed to issue in exercise of the powers conferred by section 26, clause (23), of the Cantonments Act, 1889 (XIII of 1889), is published as required by section 27, sub-section (1), of the said Act for the information of persons likely to be affected thereby, and notice is given that the draft will be taken into consideration by the Governor-General in Council on or after the tenth day of August 1909.

Any objection or suggestion which may be received from any person with respect to the draft before the date fixed aforesaid will be considered by the Governor-General in Council.

Draft Notification.

In exercise of the powers conferred by section 26 of the Cantonment Act, 1889 (XIII of 1889), the Governor-General in Council is pleased to direct that the following amendment shall be made in the Cantonment Code, 1899, namely :—

In the proviso to section 209 of the Cantonment Code, 1899, after the word "committed", where it occurs for the second time, the words "or of any police officer, not below the rank of an officer in charge of a police station, who is employed in the Cantonment and specially authorised in this behalf by the Commanding Officer of the Cantonment" shall be added.

R. I. SCALLON, *Major-General,*
Secretary to the Government of India.

H. A. STUART,

Secretary to the Government of India.

No. 958—960.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

JUDICIAL.

Simla, the 6th July 1909.

RESOLUTION.

In exercise of the powers conferred by section 2 of the East India Contracts Act, 1870 (33 and 34 Vict., C. 59), and of all other powers enabling him in this behalf, the Governor General in Council is pleased to direct that the following be substituted for clause L—IX of the Resolution of the Government of India in this Department no. 3-Judicial—485-501, dated the 28th March 1895, as amended by the like Resolution no 1589-1592, dated the 24th December 1908, relating to the execution of deeds, contracts and other instruments on behalf of the Secretary of State for India in Council :—

L—IX—Deeds, contracts and instruments relating to salt revenue.	By the Collector of Customs Calcutta ; Collectors of Districts and Deputy Commissioners.

ORDER—Ordered that the above resolution be communicated to the Government of Bengal for information, with reference to their letter no. 331 S.R., dated 3rd April 1909 (addressed to the Government of India in the Finance Department) and to the Finance Department for information ; and that it be published in the Supplement to the *Gazette of India*.

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 8th July 1909, based on the Indian Daily Weather Reports of the period.

The trough of low pressure in northern India was displaced southwards at the commencement of the week and easterly winds prevailed along the Himalayas, while in northwest India pressure conditions were favourable for rainfall over the greater part of that area. Both monsoon currents were however less active than usual and the rainfall on most days was not as heavy as might have been expected. At the end of the week a marked improvement took place and heavy rain fell on the west coast, and a depression commenced to form in the Bay.

Burma.—During the greater part of the week rainfall was confined almost entirely to the coast districts. Skies were lightly to moderately clouded; and temperature was normal or in slight excess.

Northeast India, including Orissa.—Rain fell in all parts of the division on the first three days, but after that it decreased considerably and on the 6th and 7th only a few scattered falls were reported. Skies were moderately clouded. Temperature did not differ much from the normal.

The United Provinces, Central India and the Central Provinces.—Rainfall occurred at nearly every station, but the west of Central India and of the Central Provinces received only light and scattered showers. Moderate cloud was present. Maximum temperature was in general defect in the United Provinces and the east of Central India.

Northwest India.—Nearly every station in the Punjab, Rajputana and Gujarat had rain, and a few falls occurred in other parts of the division. Skies were clear or lightly clouded over the western desert and moderately to heavily clouded elsewhere. Temperature was normal or in excess up to the 4th, but it then fell and was in defect in parts of northwest India during the rest of the week.

The Peninsula.—Very little rain was reported on the first three days, but rainfall was nearly general on the west coast during the remainder of the week and extended locally into the interior. Cloud was moderate to heavy over the greater part of the division. Temperature was normal or in defect.

The following summarises the chief rainfall amounts of the week, as reported at 8 hrs. each day:—

July 2nd. Akyab 3·27", Darbhanga 7·34", Allahabad 4·60", Lucknow 5·48" and Surat 2·23".

" 3rd. Cawnpore 4·14" and Mainpuri 4·10".

" 4th. Gaya 2·27", Dehra Dun 2·85", Jubbulpore 3·43", Jaipur 3·12" and Sambhar 2·45".

July 5th. Tavoy 4·55" and Meerut 2·48".

" 6th. Jalpaiguri 3·76", Benares 2·67", Dehra Dun 2·63", Simla 2·09" and Mangalore 3·51".

" 7th. Dera Ismail Khan 2·13", Bikaner 1·85" and Goa 4·22".

" 8th. Moulmein 4·50", Murree 3·75", Ratnagiri 7·50", Goa 5·70" and Mangalore 7·09".

The week's rainfall was below the average in Upper Burma, northeast India, Gujarat, the central parts of the country and the whole of the peninsula with the exception of the west coast. On the other hand the deficiency shown a week ago in the seasonal rainfall in the west of Rajputana has now disappeared and that in the North-West Frontier Province has been changed to an excess.

Division.	Rainfall data for week ending on 8th July 1909.			Rainfall data from 30th April 1909 to 8th July 1909.			Seasonal percentage departure from normal.	
	Average actual rainfall in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Average actual rainfall of season to date in inches.	Average normal rainfall in inches.	Excess or defect in inches.	This week.	Last week.

GEORGE C. SIMPSON,
for *Director-General of Observatories.*

R. W. CARLYLE,
Secretary to the Government of India.

SIMLA;
The 8th July 1909.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 3rd July 1909.

Burma.—Heavy rain fell in most districts except in the dry zone where the rainfall was slight and insufficient. Ploughing for the main rice crop is general and sowing of nurseries is progressing. In Upper Burma cultivation of the autumn crops, sesamum, maize, cotton and ground-nut is progressing. Standing crops are in good condition but more rain is needed for young plants in some of the dry zone districts. The price of unhusked rice has advanced slightly at Rangoon and at four other centres and has fallen slightly at Mandalay.

Eastern Bengal and Assam.—The rainfall during the week was heavy and well distributed except in Darrang, the Chittagong Hill Tracts and the Khasi and Jaintia Hills where more rain is needed. Prospects of tea are better in Dibrugarh; they are excellent in Cachar and Sylhet and fair in Jalpaiguri. The Brahmaputra is in high flood and damage is reported to low lands in the Garo Hills district, Goalpara and Kamrup. Prospects of rice on high lands are very good and those of jute are universally good except in Dhubri. Harvesting of jute and autumn rice has begun and winter rice is being transplanted. The average price of common rice has fallen by 1 per cent since last week. Loans are being given out in Bogra. There are 41 persons on gratuitous relief in Bogra and Rajshahi. Cattle disease is lessening though it is still prevalent in several districts.

Bengal.—The rainfall during the week was general all over the Province. The fall was heavy in parts of Nadia, Murshidabad, Shahabad, Sambalpur, Palamau, Manbhum and Cooch Behar and in the Tirhoot and Bhagalpur divisions except Champaran; it was light in Burdwan, Bankura, Jessore, Champaran, Cuttack, Balasore, Hazaribagh and Singhbhum; and moderate elsewhere. More rain is wanted in Burdwan, Bankura, Jessore and Angul. Weeding of jute and autumn paddy continues. Jute and sugarcane are doing well. Transplantation of winter rice is in progress. Insects are damaging the sugarcane crop in thana Gokaran in the district of Murshidabad. The price of common rice has risen in Nadia, Bhagalpur and Sambalpur and has fallen in Shahabad and Hazaribagh. Cattle disease is reported from several districts. The fodder and water supply is sufficient. The number of persons on test works in the Madhipura subdivision of Bhagalpur was 57. The famine relief works in Darbhanga were attended by 2,864 persons. Last week these works were attended by 5,570 persons. Gratuitous relief was given to 31,335 persons in Muzaffarpur, Darbhanga, Bhagalpur and Palamau.

The weekly report on the famine and scarcity is as follows:—District Darbhanga—Workers exclusive of dependants 2,864; on gratuitous relief (*a*) dependants of workers 1,959; (*b*) in poorhouses or kitchens 4,757; and (*c*) on village doles or other relief 19,284; total gratuitously relieved 26,000. Grand total on relief 28,864. Some more rain fell during the week. Sunshine is now wanted for autumn crops. People are actively busy on agricultural operations. Prospects are favourable. Prices 11 to 11½ seers per rupee.

United Provinces.—Heavy rain fell during the week all over the Provinces. Autumn sowings continue. Standing crops are in good condition. The fodder and water supplies are adequate. Cattle disease is reported from eighteen districts but the general state of agricultural stock is good. Prices are stationary.

The weekly report on the famine and scarcity is as follows:—The condition of people on relief is good. Crime is normal. Two civil works and one aided work are

in progress and one poorhouse is open in Bijaigarh; and one aided work in Jaunpur. Some works continue in Garhwal. Seven civil works are in progress and one poorhouse is open in Bahraich. One civil work in Kera Mangraur was closed on the 3rd July. Gratuitous relief is being distributed in Basti and Kheri. The total number on relief is practically unchanged. The numbers on Government relief are :—on relief works 15,574; on aided works 420; on gratuitous relief 10,823; in poorhouses 169; on private works 27; grand total on relief 27,013. Prices :—Garhwal 9; Kera Mangraur, Kheri and Bahraich 14; Bijaigarh 15; and Basti 16 seers per rupee.

Punjab.—Moderate to light rain was received in all districts except Mianwali and Multan. Rain is badly needed in Mianwali. Extra spring crops are being harvested. Sowings of autumn crops continue satisfactorily. Standing autumn crops are generally in good condition. Cotton and *juar* have been slightly damaged by insects in parts of Multan. Prices are high and have risen slightly in some districts. Cattle are generally in good condition. Fodder is sufficient except in parts of Shahpur.

North-West Frontier Province.—Showers of rain which were beneficial to standing crops fell in the Nowshera, Mardan and Swabi tahsils of the Peshawar district and in the Bannu tahsil of the Bannu district; showers were also received in Dera Ismail Khan. More rain is wanted everywhere. The condition of standing crops is average. Harvesting of extra spring crops is in progress in Bannu and the outturn is average. Sowing of autumn crops is still in progress in Dera Ismail Khan and Bannu. The public health is good. The condition of cattle is good but disease still prevails in the Marwat tahsil of the Bannu district. Irrigation from canals is sufficient. Fodder is deficient in the Marwat tahsil but sufficient elsewhere. Drinking water is scarce in the Daman tract of the Dera Ismail Khan district. Prices are fluctuating. Prices:—wheat $10\frac{7}{16}$ to $12\frac{1}{2}$; gram $13\frac{5}{16}$ to 16; maize $14\frac{1}{4}$ to 17; *bajra* 13 to 15; and barley $18\frac{11}{16}$ seers per rupee.

Jammu—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 10 to $16\frac{1}{2}$ and maize from 12 to 20 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type prevails in certain tahsils. Fodder is sufficient.

Kashmir.—The weather was bright except for rain on one occasion which did good to crops. The condition of spring crops is average and that of autumn crops good. Fodder is sufficient. There is no disease among cattle. Prices are unchanged.

Rajputana.—General rain fell in almost all the States and in Ajmer. The heaviest amounts received, in cents, were :—Kotah 745; Bundi 700; Tonk 627; Karauli 644; Bharatpur 431; and Dholpur 463; the minimum fall was 118 cents in Jaipur. Partial rain is reported from Bikaner and Marwar. There was no rain in Jaisalmer. Monsoon sowings are generally in progress. The condition of cattle is satisfactory. Fodder is sufficient. Prices have fallen by $1\frac{1}{2}$ seers in Mewar and are steady or practically steady elsewhere.

Central India.—The rainfall during the week was general and sufficient for present requirements. Sowing of autumn crops is in progress. Agricultural stock are satisfactory except for some cattle disease in Indore, Baghelkhand, Bundelkhand and Bhopawar. Prices are high but stationary.

Central Provinces.—The heaviest falls of rain registered during the week were :— $7\frac{1}{2}$ inches in Mandla and $5\frac{1}{2}$ inches in Jubbulpore. Narsinghpur, Seoni, Balaghat and Raipur each registered from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches. In the remaining districts the rainfall ranged from 6 cents in Wardha to $2\frac{1}{4}$ inches in Damoh. More rain is required in Damoh, Drug, Raipur and the districts of the Nagpur country. Sowing of autumn crops is in rapid progress everywhere and germination of crops already sown is reported satisfactory. Some re-sowing was necessary in Saugor and Chhindwara. Weeding has begun in Saugor, Narsinghpur and Buldana. Preparation of land for sowing of spring crops has

started in Saugor and Jubbulpore. Grass-hoppers appeared in parts of Chhattisgarh but have done no damage. Fodder and water are adequate. Agricultural stock are in good condition. The price of wheat remained stationary in thirteen districts, gram in seventeen, rice in twelve and *juar* in twenty. Wheat in Nimar, rice in Bilaspur and gram in Narsinghpur rose by one seer per rupee. Rice in Chhindwara and gram in Buldana became cheaper by one seer. Elsewhere prices fluctuated slightly with a tendency to rise. The number of weavers on relief has not been reported.

Feudatory States—Light to moderate rain, ranging from 38 cents to 4½ inches, fell in ten States during the week. More rain, would be beneficial in Kawardha, Chhuikhadan and Raj-Nandgaon. Sowing of autumn crops continues and germination is reported to be good. Sugarcane in Raigarh and Sakti and cotton in Sarangarh are in very good condition. The supply of fodder and water is sufficient. The variations in prices are unimportant.

Bombay.—The rainfall during the week was heavy in parts of Broach, Surat, the Konkan, West Khandesh, Nasik, Poona, Satara, Belgaum, Kathiawar, Baroda, Savantvadi and Kolhapur; good in parts of Kaira and Rewa Kantha; moderate in parts of Ahmedabad, East Khandesh, Ahmednagar, Palanpur, Cutch and Mahi Kantha; and slight in parts of Thar and Parkar, Sholapur, Bijapur and Dharwar. More rain is needed for cultivation of autumn crops in parts of Karachi, Sukkur, Thar and Parkar, Kaira, Kanara, East Khandesh, Nasik, Poona, Sholapur, Satara, Bijapur, Belgaum, Cutch and Kathiawar. Preparation of lands for cultivation of autumn crops continues in parts of Sukkur, Larkana, Nasik, Satara, Dharwar, Cutch, Palanpur and Rewa Kantha. Sowing of autumn crops generally continues but has been retarded in parts of Bijapur, Belgaum and Kolhapur owing to insufficient rain. Transplantation is in progress in parts of Karachi, Sukkur, Larkana, Hyderabad, Surat, the Konkan, Nasik, Poona and Savantvadi. Sowing of cotton is in progress in parts of Thar and Parkar, Ahmedabad, Surat, East Khandesh, Baroda and Cutch. The fodder supply is generally adequate. Agricultural stock are sufficient except in parts of Ahmednagar, Poona, Sholapur, Satara and Cutch and are generally in good condition. The supply of drinking water and of water for irrigation are generally adequate. Prices of food grains have fallen slightly in Hyderabad, Ahmedabad, Broach, Nasik, Ahmednagar, Poona, Sholapur, Bijapur and Belgaum; have risen slightly in Thana; and are generally stationary elsewhere. The quantity purchasable per rupee is in Sind 28 to 40 per cent; in Gujarat 20 to 49 per cent; in the Konkan 7 to 25 per cent; in the Deccan 20 to 49 per cent; and in the Karnatak 31 to 44 per cent less than the normal. Stocks of grain are adequate. Labourers get sufficient employment. The cultivating and labouring classes are generally in fair condition. The numbers on relief are:—on works 1,139 in Bijapur and 120 in Dharwar; total on relief 1,259.

Hyderabad.—The rainfall during the week was 58 cents. Good rain fell in parts of the Warangal district and fair to poor rain elsewhere. There was no rain in seventeen talukas. 55 cents of rain fell in the Kuppal taluka of the Salar Jang Estate. Sowings of autumn crops continue. Seedlings are generally in fair condition except in parts of the Raichur and Mahbubnagar districts and in the Kandahar taluka of the Nander district where they are reported to be withering for want of rain. Early rice lands continue being prepared and sowings are in progress. Scarcity of water prevails in Kushtagi and Lingsugar. Cattle disease is reported in one taluka only. Prices:—wheat 6¾; coarse rice 6¾; and *juar* 13¾ seers per rupee. White *juar* is selling in Hyderabad City at 12½ seers per rupee. Yellow *juar* is not available. The highest price in districts is 8¾ seers in the Kushtagi and Raichur districts and the lowest 23 seers in Udgir taluka of the Bidar district.

Mysore.—Good rain fell during the week in Hassan, Kadur and Shimoga and slight rain elsewhere. Prices of food grains are steady and markets are well supplied. Ploughing and sowing operations continue. Prospects of the season are fair but

rain is urgently needed in parts of Bangalore, Kolar, Tumkur, Mysore and Chitaldroog. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 5 inches 86 cents. Ploughing for and transplanting of rice continues. Cattle disease prevails in parts. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall was normally very heavy in South Canara and Malabar; good in Kistna, Godavari, the Nilgiris, Ganjam and the Vizagapatam Agency; *nil* in Trichinopoly and Tinnevelly; and light to fair elsewhere. Irrigation supplies are insufficient in parts of districts except Ganjam, Kistna, Anantapur, Chingleput, Trichinopoly, Tanjore, Tinnevelly, Malabar, South Canara and the Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. Standing crops are generally fair, but some in parts of Kurnool, Bellary, Salem and Coimbatore require more rain. Harvests continue with outturn poor to normal. Pasture is insufficient in parts of Kistna, Guntur, the Deccan, Nellore, South Arcot, Coimbatore and Tinnevelly. Fodder is scanty in parts of Guntur, the Deccan and North Arcot. The condition of cattle is generally good. The price of rice is stationary in thirteen districts; has fallen in five; and has risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in twelve districts; has fallen in four; and has risen in five. *Cholam* is stationary in five districts; has fallen in five; and has risen in four. *Cumbu* is stationary in five districts; has fallen in four; and has risen in six. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is good and employment is procurable. Grain stocks are generally sufficient.

FAMINE.

Statement showing the number of persons on relief works and in receipt of gratuitous relief in the Districts and Native States affected by famine or scarcity in India—(District details).

NOTE.—The figures are compiled from returns obtained from Local Governments and Political Officers, and give the corrected details of the totals reported in the telegraphic famine reports published weekly in the Supplement to the *Gazette of India.*

Non-labouring children and other dependants of relief workers are classed under relief works when distinguished in the local returns from persons gratuitously relieved in poor-houses or at their houses. Weavers relieved in their own trade are shown under "village doles or other relief."

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 10, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 8th July 1909.

NOTIFICATIONS.

No. 2590 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 5th July 1909 :—

No. 310 of 1909.—Ramji Das & Co., proprietors of Edwards Sports, Works, Sialkot. *A racket.*

No. 311 of 1909.—Harry Burnett Smith, watchmaker, c/o Messrs. P. Orr & Sons, Madras, British India. *New or improved apparatus for recording the movements of locomotive engines and the like.*

No. 312 of 1909.—Sydney Solomon Lawrence, optician, of 67 and 69 Chancery lane, London, England. *An improvement relating to "megaphones" or speaking machines.*

No. 313 of 1909.—Dattatraya Atmaram Gadkari, draftsman, Kaira, and Kanaiyalal Kanalal Pandit, medical practitioner, Kaira. *A kind of shoe made of wood and canvas, called "The novelty shoe."*

No. 314 of 1909.—H. B. Jennings, 18 Mott's lane and 20 British Indian street, Calcutta. *Locking the leaves of books manufactured for the loose leaf system of books.*

No. 315 of 1909.—Carl Jost, engineer, of Standard Buildings, Hornby road, Bombay, British India. *Improved means for driving and keeping wet screens used for moistening and cooling the draught of air caused by a fan or otherwise.*

No. 316 of 1909.—James Howden, engineer, of 195 Scotland street, Glasgow, Scotland. *Improvements in and process of and apparatus for curing tea leaf.*

No. 317 of 1909.—Matthew Smith Hopkins, chemist, of 225 East German street, Baltimore, Maryland, United States of America, and Charles Ridgeley Barnett, civil engineer, of 413 Harthorn road, Roland Park, Baltimore county, Maryland, United States of America. *Improvements in and relating to process and apparatus for the recovery of the ingredients of oily inks.*

No. 318 of 1909.—Linotype and Machinery Limited, linotype and printing machinery manufacturers, of 188 and 189 Fleet street, London, England. *Improvements in the production of linotypes and apparatus therefor.*

No. 319 of 1909.—Linotype and Machinery Limited, linotype and printing machinery manufacturers, of 188 and 189 Fleet street, London, England. *Improvements in typographical composing and casting machines.*

No. 320 of 1909.—The Sub-Target Company, Limited, of 29a Charing Cross road, London, W.C., England. *Improvements in or relating to apparatus for rifle, gunnery and like practice.*

No. 321 of 1909.—Murex Magnetic Company, Limited, of 55 and 56 Bishopsgate street within, London, England. *Improvements relating to the treatment of ores.*

No. 322 of 1909.—Murex Magnetic Company, Limited, of 55 and 56 Bishopsgate street within, London, England. *Improvements relating to the treatment of ores or the like.*

No. 323 of 1909.—Herbert William Garratt, locomotive engineer, of 25 Lewiston Place, Portland Avenue, Stamford Hill, in the county of Middlesex, England. *Improvements in and relating to locomotive engines.*

No. 324 of 1909.—Alexander Gibb and Thomas Graham Menzies, civil engineer, of Goytrey House, Pontypool, Monmouthshire, England, and 130 Wellesley road, Chiswick, London, England, respectively. *Improvements in apparatus for laying concrete.*

No. 2591 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

No. 152 of 1908.—Ram Prasad Hiralal Yodha, managing agent, of Shrimant Raj Kanya Indira Raja Hand Weaving and General Trading Company, Limited, Baroda, and an inhabitant of Ahmadabad, Sankadi Sheri, Jati street, at present of Baroda, Munshi Garden. *A loom to be called "Shrimant Indira Raja Loom."* (Specification filed 22 June 1909.)

No. 509 of 1908.—William Arthur Thomson, miner, of Palmerston, Port Darwin, Northern Territory of South Australia, Australia. *Improvements in the catchment vessels of rain gauges.* (Specification filed 26 June 1909.)

No. 527 of 1908.—Edward Brice Killen, engineer, of 52 Queen Victoria Street London, England. *Improvements in or relating to wheels.* (Specification filed 26 June 1909.)

No. 118 of 1909.—Thomas William Simpson, glass bottle manufacturer, of Whitwood House, Castleford, in the county of York, England. *An improved machine for manufacturing glass bottles.* (Specification filed 26 June 1909.)

No. 131 of 1909.—John Orme Brettell, engineer, of West Dene, Shrubbery Avenue, Worcester, in the county of Worcester, England, and McKenzie and Holland Limited, railway signal engineers, of 58 Victoria street, Westminster, in the county of Middlesex, and of Vulcan Iron Works, Worcester, in the county of Worcester, England. *An improved interlocking apparatus for railway or tramway point, signal or other levers.* (Specification filed 26 June 1909.)

No. 232 of 1909.—Albert Edwards Greene, engineer, of Chicago, Illinois, United States of America. *Process of refining metals and alloys.* (Specification filed 26 June 1909.)

No. 2592 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 6 of 1898.—Christian Wilhelm Luther. *A new way of constructing light fireproof building material possessed of the quality not to be eaten by insects and therefore specially adapted for hot climates.* (From 12 August 1909 to 12 August 1910.)

No. 120 of 1899.—Henry Phillips Davis and Frank Conrad. *Improvements in electric motors and meters adapted for use with alternating currents.* (From 19 August 1909 to 19 August 1910.)

No. 444 of 1900.—James Begg. *A rotary leaf spreader and arrangement for withering tea leaf and the like.* (From 2 July 1909 to 2 July 1910.)

No. 22 of 1901.—Ernest Rowland Hill. *Improvements in controlling mechanism especially applicable for use with pumps.* (From 17 August 1909 to 17 August 1910.)

No. 28 of 1901.—The Linotype Company, Limited. *Mechanism for effecting the distribution of type.* (From 26 August 1909 to 26 August 1910.)

No. 419 of 1901.—Christopher Rawson. *Improvements in the oxidising process of indigo manufacture.* (From 12 August 1909 to 12 August 1910.)

No. 22 of 1902.—Adolf Gentzsch. *Improved manufacture of a substitute for gutta-percha.* (From 12 August 1909 to 12 August 1910.)

No. 76 of 1902.—The Inverted Incandescent Gas Lamp Syndicate Limited. *Improvements in or connected with gas burners.* (From 16 August 1909 to 16 August 1910.)

No. 221 of 1902.—Cass Langdon Kennicott. *Improvements relating to water purifying apparatus.* (From 23 July 1909 to 23 July 1910.)

No. 222 of 1902.—Porter Safety Seal Company. *Improvements in or relating to implements and devices for sealing bags, boxes, kegs and other articles.* (From 23 July 1909 to 23 July 1910.)

No. 31 of 1903.—William Adonriram Shely and Alda Merrill Shely. *Machine for breaking and cleaning fibrous material.* (From 18 August 1909 to 18 August 1910.)

No. 73 of 1903.—James Hodgkinson. *Improvements in apparatus for ginning or treating cotton and other fibrous material.* (From 29 July 1909 to 29 July 1910.)

No. 500 of 1903.—Mark Cummins. *Improvements relating to brakes.* (From 16 August 1909 to 16 August 1910.)

No. 522 of 1903.—Ernest Armstrong. *Improvements in lubricating devices for the journals of railway axles, shafts and the like.* (From 27 July 1909 to 27 July 1910.)

No. 178 of 1904.—Chaimsonovitz Prosper Elieson. *Electric accumulator plate.* (From 22 November 1910 to 22 November 1911.)

No. 331 of 1904.—Eduard Pielock. *Improvements in tubular boilers, steam generators or the like.* (From 8 September 1909 to 8 September 1910.)

No. 32 of 1905.—James Ormond. *An improved bag spreader for tea packing machines and the like.* (From 25 August 1909 to 25 August 1910.)

No. 48 of 1905.—Benjamin Garver Lamme. *Improvements relating to the distribution of electric energy to apparatus capable of being operated by direct and also by alternating currents.* (From 29 August 1909 to 29 August 1910.)

No. 126 of 1905.—Henry Colbeck Michell. *Improved manufacture of non-conducting coverings, blocks and slabs suitable for covering steam pipes, boilers and the like and for other purposes.* (From 30 August 1909 to 30 August 1910.)

No. 331 of 1905.—Sidney Frescott Wood and McKenzie and Holland, Limited. *Improvements in electric treadles or contact makers for railway signalling and the like.* (From 14 February 1910 to 14 February 1911.)

No. 332 of 1905.—Charles Dutton, Courtenay Harold Wish Edmunds and McKenzie and Holland, Limited. *Improvements in or relating to railway point and signal apparatus and the like.* (From 14 February 1910 to 14 February 1911.)

No. 2593 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

No. 268 of 1904.—Charles Ewing. *Improvements in rolling-stock for mono-rail tramways or railways.* (Specification filed 1 April 1905.)

No. 342 of 1904.—William Jeffers Craig and Frank Walter Hart. *Improvements in keys for railway and other chairs.* (Specification filed 1 April 1905.)

No. 351 of 1904.—Daniel Holland Stubbs. *Improvements in punkahs.* (Specification filed 29 March 1905.)

No. 372 of 1904.—Frank Staines. *Improved portable draining tray for domestic purposes.* (Specification filed 28 March 1905.)

No. 397 of 1904.—Ole Mikael Johan Olsen and Walter Gates. *An enclosed mechanical duplex alternating gas regulator, for extinguishing and re-lighting gas burners.* (Specification filed 28 March 1905.)

No. 398 of 1904.—Michael D'Souza. *An improved goods wagon safety lock.* (Specification filed 29 March 1905.)

No. 399 of 1904.—Stephen Arthur Sisson. *Improvements in or connected with billiard and bagatelle or like tables.* (Specification filed 28 March 1905.)

No. 410 of 1904.—Maneck Khurshedjee Thanewala. *An improved ruler.* (Specification filed 27 March 1905.)

No. 429 of 1904.—Ebrahim Alishaik Bidree. *Improvements in warping machines.* (Specification filed 31 March 1905.)

No. 444 of 1904.—Nagapa Arlapa Abdoolpurkar and Malaya Madavalaya Togi. *Improvements in warping machines for hand looms.* (Specification filed 27 March 1905.)

No. 470 of 1904.—Edward Schafer. *Improvements in fire extinguishers.* (Specification filed 29 March 1905.)

No. 51 of 1905.—Ralph Starrett. *Improvements in and relating to cotton gins.* (Specification filed 1 April 1905.)

No. 65 of 1905.—James Brideoake Sunderland, Ernest Fox and David Darby. *An improved saddle tree for riding pack or any other kind of saddle.* (Specification filed 28 March 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 64 of 1904.—Joseph Henry Decent. *An improved boiler-tube cleaner* (specification filed 31 March 1904.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of the filing of the specification—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not " designs " within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled " Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified : or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1*s*. 6*d*. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

CINCHONA FEBRIFUGE.

Cinchona Febrifuge can be purchased for cash only by Government officers and the general public, from the Superintendent, Royal Botanic Garden, Calcutta.

W. E. T. BENNETT,
Offg. Secretary for Irrigation, North-West Frontier Province

OFFICE OF THE REVENUE AND FINANCIAL SECRETARY TO THE CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Nathiagali, the 5th July 1909.

No. 263-*H.*—Rule 28 of the rules made by the Inspector-General of Registration, Punjab, under section 69 of Act III of 1877 and notified in Punjab Government Notification No. 3947, dated the 10th December 1880, is cancelled, and in its place the following rule, which has been approved by the Chief Commissioner, North-West Frontier Province, is published under section 69 of Act XVI of 1908.

Rule 28.—The books required by section 51 to be kept in Registration offices shall consist of printed forms to be supplied by the Inspector-General, containing the headings hereinafter described, and paged consecutively, bound in volumes of convenient size, the number of pages in each volume being certified on the title page. These volumes shall be numbered consecutively (a separate series for each book) and the number shall not terminate with the calendar year, but shall run on perpetually. Registrars will send to the Inspector-General's Office every year by the 1st July an indent specifying the books and forms likely to be required in their own offices and in those subordinate to them during the next calendar year. After printing and binding the books will be supplied during the month of January, to Registrars who will stock them and distribute them when required to the sub-offices. Every registering officer on receiving a volume from the Registrar's office shall immediately examine it, to see that it contains the certified number of pages, and that these have been numbered in proper consecutive order; and he shall note the result on the title page. A similar certificate will be entered by the Registrar in any volume brought into use in his own office.

A. L. P. TUCKER,

Revenue and Financial Secretary to the Chief Commissioner,
North-West Frontier Province.

PART III.

Advertisements and Notices by Private Individuals and Corporations.

ESTATE BRIG. SURG. LIEUT.-COL. SIR G. KING, I.M.S., DECEASED.

PURSUANT TO SECTION 42, ACT 28 OF 1866.

Notice is hereby given that all persons having claims against the late Sir George King, a Brigade Surgeon Lieutenant-Colonel of the Indian Medical Service, who died on the 12th Febuary 1909 at San Remo, Italy, Letters of Administration to whose Estate have been granted to George Roberts Johnston, of Messrs. Grindlay & Co., Calcutta, are required to send in the same on or before the 27th July next to the said Messrs. Grindlay & Co., Calcutta, after which date the said Administrator will proceed to administer the assets, having regard only to the claims of which he shall then have received notice, and no claims sent in subsequently will be recognized, and all persons indebted to or holding any securities or property belonging to the said Estate are also hereby requested to pay without delay the amount owing by them, or deliver the said securities or property to the said Administrator whose receipt alone is valid for the same.

G. R. JOHNSTON,

Administrator to Estate, Brig. Surg. Lieut.-Col. Sir G. King, I.M.S., deceased.

CALCUTTA;
The [illegible]th June 1909.

Lost or Stolen.

The Government Promissory Notes Nos. 067071, 049735 of the 3½ per cent. Loans of 1854-55 and 1900-01 respectively and 051587 of the 3 per cent. Loan of 1896-97 for R100 each, the first and the third originally standing in the name of the Comptroller General and the second in the name of Prosad Das Boral & Bros., and last endorsed to N. A. DaCosta, the proprietor by whom they were never endorsed to any other person, having been lost or stolen, notice is hereby given that payment of the above Notes and the interest thereupon have been stopped at the Public Debt Office, Bank of Bengal, Calcutta, and that application is about to be made for the issue of Duplicates in favour of the proprietor. The Public are cautioned against purchasing or otherwise dealing with the above mentioned securities.

Name of the Advertiser—N. DA COSTA,

Residence—Sanjowlie View, Simla.

Lost.

The lower half of the Government Promissory Note No. 191104 of the 3½ per cent. loan of 1865 for R500 originally standing in the name of the Bank of Bengal and last endorsed to the undersigned by whom it was never endorsed to any other person, having been lost in transit by post about the end of January 1908, notice is hereby given that the upper half has been lodged at the Public Debt Office, Bank of Bengal, Calcutta, and that payment of the above note and the interest thereupon have been stopped and that application is about to be made for the issue of duplicate in favour of the proprietor. The public are cautioned against purchasing or otherwise dealing with the above mentioned security.

GURMUKHROY BHAGWANDAS, the proprietor,
71, Burtolla Street, Calcutta.

SUPPLEMENT TO

The Gazette of India.

No. 28 } CALCUTTA, SATURDAY, JULY 10, 1909.

OFFICIAL PAPERS

A SUPPLEMENT *to the* GAZETTE OF INDIA *will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in* PART VI *of the* GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT *separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The* SUPPLEMENT *and* PART VI *of the* GAZETTE *can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by Post.*

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA *is required by Law, or which it has been customary to publish in the* CALCUTTA GAZETTE, *will be included in the* SUPPLEMENT. *For such Orders and Notifications the body of the* GAZETTE *must be looked to.*

FINANCE DEPARTMENT.

NOTIFICATION.

ACCOUNTS AND FINANCE.
PUBLIC DEBT.

No. 3500-A.

Calcutta, the 14th July 1909.

THREE-AND-A-HALF PER CENT LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred and fifty lakhs of rupees for the public service in the following manner:

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,50,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 28th July 1909. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent Loan*". If the tenderer is no

*Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 27th July and up to noon, standard time,* on the 28th July, provided that—

(a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);

(b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;

(c) each tender is for not less than Rs. 10,000;

(d) the deposit is either a Promissory Note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;

(e) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta,

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (c) Government Promissory Notes[1] standing in the name of, or endorsed to, the tenderer or the person making the deposit.

1. *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (a) Deposits, not being Promissory Notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of Promissory Notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 28th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and Rangoon at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those

* Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 28th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

[1] For tenders received by the Accountants General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment certificates.

13. If the allotment made on any tender is less than Rs. 5,000, then the whole of the allotment certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 15th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows:

Instalment I.—As near as convenient to 50 per cent, but not less than 50 per cent, payable upon the 17th August.

Instalment II.—The balance payable upon the 15th September and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1909, and he will also receive interest at $3\frac{1}{2}$ per cent per annum from the dates on which he may have made payment till the 30th December 1909.

(*b*) Or he may, at his option, by paying interest at the said rate from the 30th June 1909 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from the 30th June 1909.

FORM OF PROMISSORY NOTE (see Clause 2).

Fort William, the

Promissory Note No.	*Government Rupees*	*at $3\frac{1}{2}$ per cent of 1900-01.*

The Governor General of India in Council does hereby acknowledge to have received from
the sum of Government Rupees One Hundred only as a loan to the Secretary of State in

Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said loan by paying the said sum of Government Rupees One Hundred only to the said
his Executors, or Administrators, or his or their Order, on demand, at the General Treasury, at Fort William, after the expiration of Three months' Notice of payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees One Hundred only from the
at the rate of three-and-a-half per cent per annum, by half-yearly payments, at the General Treasury, at Fort William, to the said , his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this Note) all further interest shall cease.

The Governor General in Council hereby further engages that Notice of Payment as aforesaid shall not be given before the Thirtieth day of September 1920, and that this Note shall not be discharged before the Thirty-first day of December 1920.

FORM OF TENDER (see Clause 4).

I, *A.B.*, hereby tender for Rupees (X) of *The Three-and-a-half Per Cent Loan* advertised in the Notification published in the *Gazette of India, Extraordinary*, dated the 14th July 1909, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (Y) Annas (Z) for every hundred rupees allotted to me.

I enclose a *deposit receipt* * for rupees (XX) and engage, if my offer be accepted, to pay to the account of the Government at the *Bank of*† *or at the*† *Branch of the Bank of*† ; *or into the Public Treasury at*† ; *as the case may be*—

* Or Cheque or Government Promissory Note.

† Here enter the name of Bank, Branch Bank or Treasury.

The first instalment, as near as convenient to 50 per cent, but not less than 50 per cent, on or before the 17th August.

The balance on or before the 15th September.

Or, if the amount allotted to me be less than Rs. 3,000, then the whole amount on or before the 15th September.

Any allotment made to me may be communicated to *C. D.* at ‡

‡ Here insert *C. D's* address which must be in India. This paragraph should only be inserted if *A.B.* does not reside in India, or if residing in India, he wishes the allotment communicated to an agent, or desires to pay the instalments elsewhere than at the place where the tender is submitted, and wishes the allotment-certificates to be given to an agent at that place.

NOTE—(1) *A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount: thus "One hundred and two" or "One hundred" or "Ninety-nine", not "Two per cent premium" or "Par" or "One per cent discount".*

By order of the Governor-General in Council,

W. S. MEYER,

Secretary to the Government of India.

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements :

Filling up Tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the principal Treasuries.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

Presentation of tenders.

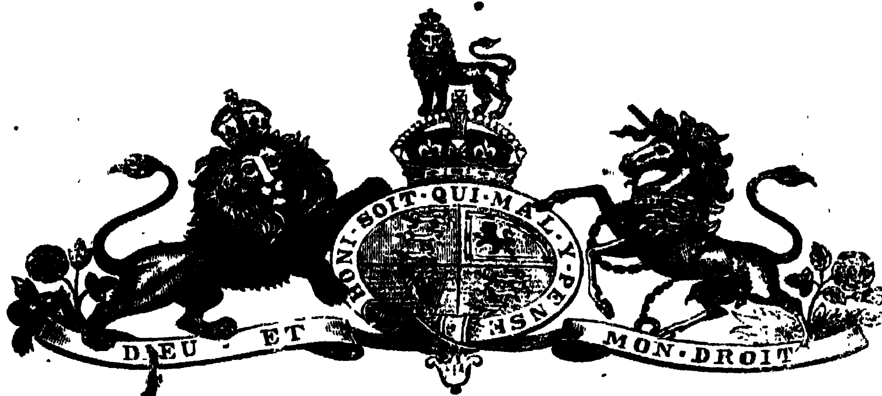
(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay and Rangoon will do likewise in respect of tenders presented to them under Note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Accepted Tenders.



(6) The Comptroller General and the Accountant General at Madras, Bombay or Rangoon (in the case of tenders received by such Accountant-General and payable in Madras, Bombay or Rangoon), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts:—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted ; and the deposit on the tender will be divided among them ; they will be substantially of the following form :

This is to certify that, in accordance with the terms of Notification No. -A., dated the 14th July 1909, (Gazette of India, Extraordinary, *dated the 14th July 1909*), *the above-named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent Loan of 1900-01 at the rate above-mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a Promissory Note or Notes of the Government of India for Rs. 2,000 bearing interest from*

FINANCE DEPARTMENT.

NOTIFICATION.

ACCOUNTS AND FINANCE.
PUBLIC DEBT.

No. 3500 A.

Calcutta, the 14th July 1909.

THREE-AND-A-HALF PER CENT. LOAN.

His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred and fifty lakhs of rupees for the public service in the following manner:

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent. Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,50,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 28th July 1909. Tenders must be for sums of 100 rupees or multiples of that sum.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half Per Cent. Loan.*" If the tenderer is not

* Noon, standard time, corresponds to 12-24 P.M., Calcutta time.

resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 27th July and up to noon, standard time,* on the 28th July; provided that—

(a) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);
(b) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;
(c) each tender is for not less than Rs. 10,000;
(d) the deposit is either a promissory note or a Treasury Receipt from the local Office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;
(e) the amount of the tender is made payable at the place of tender, viz., Madras, Bombay or Rangoon (as the case may be) or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the following forms: (a) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (b) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (c) Government Promissory Notes [1] standing in the name of, or endorsed to, the tenderer or the person making the deposit.

[1] *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (a) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(b) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 28th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and

* Noon, standard time, corresponds to 12-24 P.M., Calcutta time.

Rangoon, at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 28th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

[1] For tenders received by the Accountant General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 15th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows:—

Instalment I.—As near as convenient to 50 per cent., but not less than 50 per cent., payable upon the 17th August:

Instalment II.—The balance payable upon the 15th September;

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100), bearing interest from the 31st December 1909, and he will also receive interest at 3½ per cent. per annum from the dates on which he may have made payment till the 30th December 1909.

* Noon, standard time, corresponds to 12·24 P.M., Calcutta time.

(b) Or he may, at his option, by paying interest at the said rate from the 30th June 1909 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from the 30th June 1909.

FORM OF PROMISSORY NOTE (see Clause 2).

Fort William, the .

Promissory Note No. *Government Rupees* *at 3½ per cent. of 1900-01.*

The Governor General of India in Council does hereby acknowledge to have received from the sum of Government Rupees One Hundred only as a loan to the Secretary of State in Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said loan by paying the said sum of Government Rupees One Hundred only to the said , his Executors, or Administrators, or his or their Order, on demand, at the General Treasury, at Fort William, after the expiration of Three Months' Notice of Payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees One Hundred only from the at the rate of three-and-a-half per cent. per annum, by half-yearly payments, at the General Treasury, at Fort William, to the said , his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this Note) all further interest shall cease.

The Governor General in Council hereby further engages that Notice of Payment as aforesaid shall not be given before the Thirtieth day of September 1920, and that this Note shall not be discharged before the Thirty-first day of December 1920.

FORM OF TENDER (see Clause 4).

I, *A.B.*, hereby tender for Rupees (X) of *The Three and-a-half Per Cent. Loan* advertised in the Notification published in the *Gazette of India, Extraordinary*, dated the 14th July 1909, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (Y) Annas (Z) for every hundred rupees allotted to me.

I enclose a *deposit receipt* * for Rupees (XX), and engage, if my offer be accepted, to pay to the account of the Government at the *Bank of* † or at the † *Branch of the Bank of* † ; or *into the Public Treasury at* † ; *as the case may be*—

*Or Cheque or Government Promissory Note.

†Here enter the name of Bank, Branch Bank, or Treasury.

The first instalment, as near as convenient to 50 per cent., but not less than 50 per cent., on or before the 17th August:

The balance on or before the 15th September:

Or, if the amount allotted to me be less than Rs. 3,000, then the whole amount on or before the 15th September:

Any allotment made to me may be communicated to *C. D.* at ‡ .

‡ Here insert *C. D.'s* address which must be in India. This paragraph should only be inserted if *A. B.* does not reside in India, or, if residing in India, he wishes the allotment communicated to an agent, or desires to pay the instalments elsewhere than at the place where the tender is submitted, and wishes the allotment-certificates to be given to an agent at that place.

NOTE.—(1) *A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount: thus "One hundred and two" or "One hundred" or "Ninety-nine," not "Two per cent. premium" or "Par" or "One per cent. discount."*

By order of the Governor General in Council

W. S. MEYER,

Secretary to the Government of India

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements:

Filling up tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras and Bombay, and will also be supplied to the Principal Treasuries.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender.

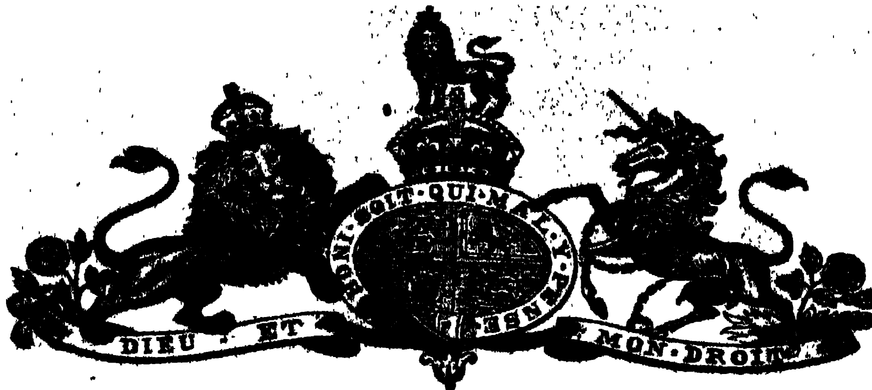
Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay and Rangoon will do likewise in respect of tenders presented to them under note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.



Accepted Tenders.

(6) The Comptroller General and the Accountant General at Madras, Bombay or Rangoon (in the case of tenders received by such Accountant General and payable in Madras, Bombay or Rangoon), will issue allotment-certificates to successful tenderers. These certificates will be for the following amounts:— Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form:

This is to certify that, in accordance with the terms of Notification No. 3500-A., dated the 14th July 1909 (Gazette of India, Extraordinary, *dated the 14th July 1909*), *the above named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent. Loan of 1900-01 at the rate above mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a promissory note or notes of the Government of India for Rs. 2,000 bearing interest from .*

F. C. HARRISON,
Offg. Comptroller and Auditor General.

FINANCE DEPARTMENT.

NOTIFICATIONS.

ACCOUNTS AND FINANCE.

PUBLIC DEBT.

Simla, the 14th July, 1909.

THREE-AND-A-HALF PER CENT LOAN.

No. 3500-A.—His Excellency the Right Honourable the Governor General in Council has resolved to borrow two hundred and fifty lakhs of rupees for the public service in the following manner:

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of *the Three-and-a-half Per Cent Loan of 1900-01*, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half Per Cent Loan of 1900-01*, will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 31st day of December 1920.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 2,50,00,000 will be received by the Comptroller General from this date to noon, standard time,* of Wednesday, the 28th July 1909. Tenders must be for sums of 100 Rupees or multiples of that sum.

4. Each tender must be addressed in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover superscribed "*Tender for the Three-and-a-half Per Cent Loan*". If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE (1).—Tenders made in accordance with these instructions will also be received by the Accountants General at Madras, Bombay and Rangoon on account of the Comptroller General, Calcutta, on the 27th July and up to noon, standard time,* on the 28th July, provided that—

(*a*) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);

(*b*) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;

(*c*) each tender is for not less than Rs. 10,000;

(*d*) the deposit is either a Promissory Note or a Treasury Receipt from the local office of the Presidency Bank, or a cheque on a local Bank in favour of the Accountant General;

(*e*) the amount of the tender is made payable at the place of tender, *viz.*, Madras, Bombay or Rangoon (as the case may be) or in Calcutta;

and the Accountant General will return deposits on non-accepted tenders and will issue allotment-certificates so far as the tenders are payable in Madras, Bombay or Rangoon.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. The deposit must be in one of the

*Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, Bombay or Rangoon, or (*c*) Government Promissory Notes[1] standing in the name of, or endorsed to, the tenderer or the person making the deposit.

1. *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

8. (*a*) Deposits, not being Promissory Notes, will, in the case of accepted tenders, be credited proportionately in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of Promissory Notes, will be credited as far as possible proportionately in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon, standard time,* on Wednesday, the 28th July next, and those received under the terms of note (1) to clause 4 will be similarly opened by the Accountants General at Madras, Bombay and Rangoon at noon, standard time,* on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at rates not below the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate. The amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders, provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 100: preference will however be given to small tenders, not exceeding Rs. 2,000, at the lowest accepted rate, such tenders receiving allotments in full as far as possible.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[1] as soon as possible after the 28th July and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras and Bombay, and at the Branch Office of the Bank of Bengal at Rangoon.

1 For tenders received by the Accountants General at Madras, Bombay or Rangoon, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates [after credit of the deposit under clause 8 (*a*)] will be made payable upon the 15th September.

Otherwise the whole amount of each allotment will be divided into two instalments as follows:

Instalment I.—As near as convenient to 50 per cent, but not less than 50 per cent, payable upon the 17th August.

Instalment II.—The balance payable upon the 15th September and instalment-certificates will be issued for each instalment separately.

* Noon, standard time, corresponds to 12-24 P.M. Calcutta time.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 100.

14. Any allotment-certificates will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras and Bombay, or their Branches, or by the officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 100) bearing interest from the 31st December 1909, and he will also receive interest at 3½ per cent per annum from the dates on which he may have made payment till the 30th December 1909..

(*b*) Or he may, at his option, by paying interest at the said rate from the 30th June 1909 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from the 30th June 1909.

FORM OF PROMISSORY NOTE (see Clause 2).

Fort William, the .

Promissory Note No. *Government Rupees* *at 3½ per cent of 1900-01.*

The Governor General of India in Council does hereby acknowledge to have received from
the sum of Government Rupees One Hundred only as a loan to the Secretary of State in Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said loan by paying the said sum of Government Rupees One Hundred only to the said
his Executors, or Administrators, or his or their Order, on demand, at the General Treasury, at Fort William, after the expiration of Three months' Notice of payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees One Hundred only from the
at the rate of three-and-a-half per cent per annum, by half-yearly payments, at the General Treasury, at Fort William, to the said , his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this Note) all further interest shall cease.

The Governor General in Council hereby further engages that Notice of Payment as aforesaid shall not be given before the Thirtieth day of September 1920, and that this Note shall not be discharged before the Thirty-first day of December 1920.

FORM OF TENDER (see Clause 4).

I, *A.B.*, hereby tender for Rupees (X) of *The Three-and-a-half Per Cent Loan* advertised in the Notification published in the *Gazette of India, Extraordinary*, dated the 14th July 1909, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (Y) Annas (Z) for every hundred rupees allotted to me.

I enclose a *deposit receipt* * for rupees (XX) and engage, if my offer be accepted, to pay to the account of the Government at the *Bank of*† *or at the*† *Branch of the Bank of*† ; *or into the Public Treasury at*† ; *as the case may be*—

* Or Cheque or Government Promissory Note.

† Here enter the name of Bank, Branch Bank or Treasury.

The first instalment, as near as convenient to 50 per cent, but not less than 50 per cent, on or before the 17th August.

The balance on or before the 15th September.

Or, if the amount allotted to me be less than Rs. 3,000, then the whole amount on or before the 15th September.

Any allotment made to me may be communicated to *C. D.* at ‡

‡ Here insert *C. D's* address which must be in India. This paragraph should only be inserted if *A B.* does not reside in India, or if residing in India, he wishes the allotment communicated to an agent, or desires to pay the instalments elsewhere than at the place where the tender is submitted, and wishes the allotment-certificates to be given to an agent at that place.

NOTE—(1) *A separate tender must be made at each rate tendered. The rate tendered should be the whole amount per centum, not the premium or discount thus "One hundred and two" or "One hundred" or "Ninety-nine", not "Two per cent premium" or "Par" or "One per cent discount".*

By order of the Governor-General in Council,

W S. MEYER,

Secretary to the Government of India.

NOTIFICATION BY THE COMPTROLLER GENERAL.

The Comptroller General requests the attention of tenderers to the following arrangements

Filling up Tenders.

(1) They are requested to use only the printed forms of tender, which will be available at his Office and at the Currency Office on application to the Darwan on duty, at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay, and will also be supplied to the principal Treasuries.

(2) If the deposit is in the form of Promissory Notes or of Currency Notes, their number should be quoted in detail in the tender

Presentation of tenders.

(3) For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number and initialled by himself or an assistant specially deputed for the purpose. The Accountants General at Madras, Bombay and Rangoon will do likewise in respect of tenders presented to them under Note (1) to clause 4 of the Government Notification.

Return of Deposit in case of Non-acceptance.

(4) The reverse of this receipt is a form in which, in the event of the tender not being accepted, the tenderer may give to the Comptroller General or Accountant General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General or Accountant General. The deposit will then be returned to the bearer in exchange for the receipt.

(5) Deposits upon tenders presented personally, as described in No. (3) above, will be returned only in this way, and will not be sent by post or otherwise. Deposits upon other unsuccessful tenders will be returned by post or by the hands of a clerk.

Accepted Tenders.

(6) The Comptroller General and the Accountant General at Madras, Bombay or Rangoon (in the case of tenders received by such Accountant-General and payable in Madras, Bombay or Rangoon), will issue allotment-certificates to successful tenderers.

These certificates will be for the following amounts:—Rs. 100, Rs. 300, Rs. 500, Rs. 1,000, Rs. 2,000, Rs. 5,000, Rs. 10,000, Rs. 20,000, Rs. 50,000, Rs. 1,00,000, making up the full value accepted; and the deposit on the tender will be divided among them; they will be substantially of the following form:

This is to certify that, in accordance with the terms of Notification No. -A., dated the 14th July 1909, (Gazette of India, Extraordinary, *dated the 14th July 1909*), *the above-named tenderer has engaged to take up Rs. 2,000 of the 3½ Per Cent Loan of 1900-01 at the rate above-mentioned on or before ; and that on the said payment being completed, he is entitled on endorsing and delivering up this certificate to receive a Promissory Note or Notes of the Government of India for Rs. 2,000 bearing interest from*

CALCUTTA; *The 14th July 1909.*

F. C. HARRISON,
Offg. Comptroller and Auditor General.

LEAVE AND APPOINTMENTS.

The 12th July, 1909.

No. 3523-*F. O. & A.*—Mr. J. W. Young is posted as Assistant Comptroller, Post Office, Calcutta, with effect from the 21st of June 1909.

The 15th July, 1909.

No. 3620-*F. O. & A.*—The privilege leave for five weeks granted to Mr. E. S. Hensman, Chief Superintendent in the Office of the Accountant General, Madras, in the notification in this Department, No. 2817-F. O. & A., dated the 3rd of June 1909, is extended by three weeks.

Mr. W. J. Bryning, Chief Superintendent in the Office of Accountant General, Bengal, is granted privilege leave for three months, with effect from the 24th of June 1909.

Mr. Upendra Lal Banerjee, a Superintendent in the Office of the Accountant General, Bengal, is appointed to officiate as Chief Superintendent in that office, during the absence on privilege leave of Mr. W. J. Bryning, or until further orders.

ACCOUNTS AND FINANCE.

The 15th July, 1905.

No. 3581-*F. O. & A.*

RESOLUTION—By the Government of India, Finance Department.

The Government of India have had under consideration the examinations now held for admission to the Enrolled List of the Civil Accounts Department and the Superior Accounts Branch of the Public Works Department.

2. Under the rules published in paragraphs 2 and 3 of the Resolution of the Public Works Department, No., 139-A. E., dated the 17th June 1899, the subjects for examination for the Public Works Accounts Branch are those prescribed for entrance to the Engineering class of the Rurki College, but this examination has proved not altogether suitable for the Accounts Branch, and has failed to attract a sufficient number of thoroughly qualified candidates.

It has been decided, therefore, to substitute the syllabus of the examination for entrance to the Enrolled List of the Civil Accounts Department, and to maintain a register of candidates under the immediate supervision of the Government of India.

3. As the conditions for employment in the two services will thus be similar, the Government of India consider it unnecessary to hold separate examinations hereafter for the Enrolled List and for the Superior Accounts Branch of the Public Works. It has therefore been decided to institute a combined examination for the two services, and the following rules for its regulation are published for general information. They will come into force with effect from the date of publication, and will entirely supersede all rules* previously applicable to either of the separate examinations.

* Resolution of the Government of India, No. 1524 GI, dated 10th April 1899, and paragraphs 2 and 3 of Resolution No. 139-A. E., dated the 17th June 1899 (Public Works).

Rules for the examination of candidates for the Enrolled List of the Civil Accounts Department and for the Superior Accounts Branch of the Public Works Department.

I.—A register of candidates will be kept from which not less than three candidates for each vacancy will be nominated by the Government of India from time to time as vacancies are expected. Only candidates so nominated will be entitled to compete.

II.—Applications by persons desirous of having their names entered in the above register should be made by them in their own hand-writing to the Secretary to the Government of India in the Finance Department, and should be accompanied by proof that the applicant is a native of India within the meaning of the Statute 33 Vict., Chapter 3, section 6,† by certificates of character and of educational qualifications, by a statement of age, and by information regarding any services that may have been rendered to the State by his parents and family.

† "The words 'Native of India' shall include any person born and domiciled within the dominions of Her Majesty in India of parents habitually resident in India and not established there for temporary purposes only."

Note.—Copies of all certificates should be sent for record, along with the originals which will be returned.

III.—Applications on behalf of persons who wish to be candidates may also be made by Local Governments and by Directors of Public Instruction in consultation with the heads of the principal Colleges in the various provinces. Such applications should contain information of the same character as prescribed by rule II.

IV.—The names of persons not possessed of high educational qualifications will not be registered. Clear and distinct hand-writing and a business familiarity with the English language are indispensable.

V.—All applications whether by or for candidates should name the Department in which the applicant desires to serve. If a candidate is equally willing to accept employment in either Department, this should be clearly stated.

VI.—The Government of India reserve an absolute discretion not only in regard to the selection of persons to be entered on the register of candidates, but also as to the nomination of candidates to compete at the examination. It must be clearly understood that registration of a candidate's name does not in any way imply that he will be nominated for admission to examination. Candidates will be informed, at the time of nomination, whether they have been held eligible for both, or for one only of the two Departments.

VII.—The name of a registered candidate will be struck off the register when he has reached the age of 25, or has failed in two examinations.

VIII.—A candidate nominated for admission to one examination will not be admitted to a later examination unless again nominated.

IX.—The age of a candidate, when examined, must not exceed twenty-five years. A nominated candidate before appearing at the examination must produce a certificate in the annexed form by a Commissioned Medical Officer or by a Medical Officer in charge of a Civil Station.

CERTIFICATE.

I do hereby certify that I have examined A. B., a candidate for employment in the Superior Accounts Branch of the Public Works Department / Enrolled List of the Finance Department of the Government of India, and that I cannot discover that he has any disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the public service in any part of India.

X.—Such candidate must also, before appearing for examination, produce a certificate of age from the officer in charge of the District in which his family reside, or, if they reside in a Presidency Town or a Native State, from the Presidency Magistrate or Political Agent, respectively. To obtain this certificate the date and place of the candidate's birth must be proved before the District Officer, Presidency Magistrate or Political Agent, as the case may be, by documentary evidence, supplemented, where this is not conclusive proof, by statements of relatives and others on oath or solemn affirmation.

XI.—Nominated candidates will be examined in the subjects described in the Schedule attached to this Resolution. No candidate will be admitted to either Department who fails to show a competent knowledge of the compulsory subjects, and the Government reserve the right of declining to make any appointment when no candidate reaches a high standard of proficiency.

XII.—The examination will be mainly by written questions and answers. There will be a *viva voce* test in the last two groups of the compulsory subjects mentioned in the Schedule attached to this Resolution. The questions will be prepared, and the examination conducted, in such manner as the Governor General in Council from time to time directs.

XIII.—Some months before an examination is to be held, its date and place, and the conditions of examination, will be notified in the *Gazette of India*, and the number of vacancies in each Department open to competition will at the same time be stated.

XIV.—Subject to the above conditions, candidates for each Department will be appointed to the posts thrown open to competition according to their order of merit at the examination, and the Departments for which they have been nominated. Where a candidate has been permitted to appear for both the Enrolled List and the Public Works Accounts Branch, and his position in the examination would entitle him to a post in either Department, he will be allowed a choice as between the two.

ORDERED that the Resolution be forwarded to the Departments of the Government of India, to the several Local Governments and Administrations with the request that it may be communicated to Directors of Public Instruction and all heads of Colleges and Schools in their respective Provinces, to the Comptroller and Auditor General, to all Accountants General and Comptrollers and to the Accountant General, Public Works Department.

Ordered also, that the Resolution be published in the *Gazette of India*.

W. S. MEYER,

Secretary to the Government of India.

SCHEDULE.

SUBJECTS FOR EXAMINATION.

Compulsory Subjects.

	MARKS.
Writing and Composition, Impromptu Essay upon some given subject	300
Political Economy and Logic	300
English History and Literature and Indian History ...	200

In the last two subjects the standard required will be that of the B. A. Honour Course of the Calcutta University.

Optional Subjects.

Mathematics ...
- *Group A.*—Pure Mathematics as principal subject with Mixed Mathematics as subsidiary subject.
- *Group B.*—Mixed Mathematics as principal subject with Pure Mathematics as subsidiary subject.

Physical Science...
- *Group C*—Chemistry.
- *Group D.*—Heat, Electricity, and Magnetism as principal subjects with Light and Sound as subsidiary subjects.
- *Group E.*—Light and Sound as principal subjects with Heat, Electricity, and Magnetism as subsidiary subjects.

Each group will carry 500 marks.

In each group the standard required will be that of the M. A. Course of the Calcutta University, as defined in the Calendar for the year in which the examination is to be held.

There will be a practical examination in each of the groups C. D. and E. No candidate will be allowed to take up more than one group.

No. 4941—4988-102.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

In their Resolution No. 1243—1252, dated the 19th February 1906, the Government of India appointed a Committee to enquire into the procedure prescribed for the purchase of stores for the use of Government Departments in India. The Committee were directed to ascertain, and to report on, the defects in the practice now adopted, more especially with reference to the question of facilitating purchases and of affording greater encouragement to

4

local industries, and they were instructed to formulate a set of rules with the object of effecting improvement in the existing system. Certain definite questions were also referred to them for specific enquiry. The Committee visited the important manufacturing centres and obtained the views of representative Indian firms, and they presented their report in July 1906. A large amount of useful information was brought together in their report and the detailed treatment of the subject enabled the Government of India to arrive at conclusions of a definite character. It has been decided that the Committee's Report should not be published. But a summary of their conclusions is given in the following paragraphs.

2. The procedure hitherto adopted in the large consuming Departments conforms to Standing Order No. 85, dated the 12th July 1904 (Appendix 30 to Volume III of the Public Works Department Code), which contains the executive instructions prescribed for the practical guidance of officers of the Public Works Department and of State Railways, and which, in substance, is reproduced in paragraphs 13 and 13 A of Army Regulations, India, Volume III. This procedure is, in the Committee's opinion, defective in certain respects. Dealing first with the case of articles of local origin and manufacture, the Committee have pointed out that there is no indication in these instructions of the declared policy of Government in favour of the purchase of such articles; that the rules applicable to such purchases are cast in a permissive form and do not require that preference should be given to locally produced stores; that practical difficulties are experienced in giving effect to the rules which require a comparison to be made in respect of price and quality between the locally manufactured article and that obtained from England; and that a further difficulty is felt in regard to the interpretation which should be placed on the condition that an article manufactured in India from imported materials must not have been imported into India in a "finished or partly finished state." The result of these defects has been that in practice the policy of the Government has not been carried into complete effect: and the Committee in reviewing the indents of the more important of the consuming Departments found that orders to the value of £467,319 were sent home in the year 1904-1905 for articles which could probably have been obtained of local manufacture. The resources of Indian manufacturers as a whole are, in the Committee's opinion, not being taxed to the full: in the case of the engineering trades in particular, the larger firms at Calcutta and Bombay are more dependent on orders from local bodies, railways other than State, and general private enterprise than on Government support. The Committee satisfied themselves that Indian manufacturers are both able and willing to undertake a much larger volume of work than at present is entrusted to them by Government Departments: and they quoted as evidence the ready enterprise with which Calcutta Engineering firms have adapted their shops to meet the orders placed in India for rolling stock.

3. As regards the procedure which regulates the supply of European stores, the Committee found on the evidence before them that, as a consequence of the difficulty of framing accurate forecasts, the indent system is not invariably productive of economy, that the general tendency is towards over-estimating, and that this tendency is aggravated by the discouragement of supplementary indents and by the criticisms to which an officer is exposed in attempting to correct an under-estimate by local purchases. Specific instances were also quoted by the Committee in which direct financial loss had resulted from delay and from defective methods in the supply of articles obtained on indent. On the other hand, the enquiries which the Committee made into the quality and price of imported stores purchased locally by Government Departments from Indian firms, satisfied them that, in spite of the necessarily scattered and spasmodic character of such purchases, Indian firms had on the whole been able to supply a sufficiently good article at a price which over a number of cases compared not unfavourably with that paid by the India Office.

4. To meet the defects disclosed by their examination of the present system, the Committee formulated certain proposals, the most important of which may

be briefly summarised as follows. They were of opinion that the rules prescribed for the guidance of officers of the consuming Departments should contain a clear and unmistakable indication of the desire of Government that, where articles of European and articles of Indian manufacture do not differ materially in respect of quality and price, preference should be given to the latter. They also suggested a modification of the terms of the present rules applicable to the purchase of articles made up in India from imported materials. To meet the difficulties experienced in comparing prices, the Committee proposed as a means of testing rates offered by English and Indian firms, that simultaneous tenders for delivery in India should be invited in England and in India in the case of standardised articles of which specifications are available at the India Office and in India. In the case of articles not so standardised, they proposed that a comparison should be made with the cost, as shewn in Rate Lists, of the imported article delivered in India. They suggested that the form and scope of the existing Rate Lists, which only include stores procured from England for the use of State Railways, should be amplified and extended to cover the transactions of all consuming Departments; that the proposed lists should be issued with promptitude every quarter and that their compilation should be entrusted to a special agency; that full and detailed information should be given therein as to the freight, insurance and landing charges paid on each article procured through the Store Department, and that account should be taken in determining home prices, of charges representing the incidence of customs duty and of the cost of maintenance of the Store Department. Finally, in cases where the article required is not included in the current quarterly Rate Lists, or in those of the three preceding quarters, they proposed that the officer authorising the purchase should satisfy himself to the best of his ability that the price of the locally manufactured article is not unfavourable.

5. As regards the purchase in India of articles of European manufacture, the Committee suggested considerable modifications of the present procedure in the direction of facilitating the purchase of such articles. In particular the Committee were strongly of opinion that the rules should permit of the supply by large contractors of English stores required in the structure of works let out on contract. A draft set of rules to give effect to their proposals was submitted with the Committee's Report.

6. On the minor points referred to them for enquiry, while the Committee agreed, and, as already stated, included among their recommendations a proposal, that officers should be required in certain cases to give preference to locally manufactured articles, they did not advocate the introduction of any special measure to enforce the exclusion from indents of demands for articles which can be obtained of local manufacture. They considered the organization of a special inspecting staff to be necessary; they made proposals to secure the dissemination among all Departments of information regarding the resources of Indian firms and manufacturers, and they deprecated the creation of Store depôts, except on a very limited scale for the stocking of inconsiderable supplies of standard stores intended for immediate and local use.

7. These recommendations received the careful consideration of the Government of India and have formed the subject of correspondence with the Secretary of State. As regards the adoption of special measures to enforce compliance with the rules prescribing the purchase of locally manufactured articles, the Government of India decided that a check should be applied in regard to indents, with a view to securing that no article should be indented for from the Store Department when a similar indigenous article could be obtained of a satisfactory quality and at a reasonable price. They directed that the Director-General of Commercial Intelligence should undertake the compilation of quarterly Rate Lists on the lines proposed, and that that officer should also be entrusted with the duty of placing the consuming Departments in possession of information as to the resources of Indian manufacturers and as to the possibility of obtaining from them an indigenous article in substitution for an imported article.

8 The Secretary of State agrees that the existing rules and procedure regarding the purchase of stores may with advantage be modified, so as to give greater encouragement to the purchase in India of articles which are either produced or manufactured locally. As regards imported articles he also agrees that an addition should be made to the rules, so as to authorise the local purchase of such articles when their value is inconsiderable. Subject to certain conditions, he has also accepted the proposal that in the case of important construction works let out to Indian firms of approved standing, the supply of English stores required for the construction may be included in the contract. The rules as finally settled by him are appended to this Resolution.

9. At the same time the Secretary of State desires that it should be made clear that these rules are adopted purely as an experimental measure, and that they will be revised should it be found that they result in a deterioration of quality or an increase in the cost of stores supplied to Government. In order to secure additional safeguards, the Secretary of State desires to be furnished with periodical reports showing whether articles purchased in India as being of equal quality with articles procurable in England at the same price are found by experience to be so. As the comparison of prices required by the rules will be attended with some difficulty, and in order to provide additional supervision, he has also decided that lists of purchases in India of articles not included in the Rate Lists are to be sent to him at the end of each financial year, in order that he may have the opportunity of noticing any cases in which it might appear that excessive prices have been paid.

10. The Secretary of State has also sanctioned the proposal of the Committee as to the establishment of an inspecting staff for the purpose of testing and passing supplies purchased in India. Details of a scheme to give effect to this decision are now being worked out for submission to the Secretary of State.

11. The Governor General in Council is now pleased to direct that the rules appended to this Resolution shall be observed in supersession of all existing orders regarding the purchase of stores required for the use of Government Departments. He desires to impress on all concerned that the policy of Government is to encourage the purchase of articles locally manufactured or produced, and the first two of the rules now drawn up accordingly prescribe that preference shall be given to such articles when the quality is satisfactory and the price not unfavourable. To secure that full effect shall be given to this policy, the Government of India direct that indents should be carefully scrutinised by the sanctioning authority, with a view to judging whether articles are not being indented for from Europe which could equally economically and satisfactorily be obtained from local manufacturers. Indenting officers should also be required to explain in their indents their reasons for including in the demand on the India Office any article which is available of Indian manufacture. Finally, the Government of India desire that copies of all indents should be submitted to them after despatch in order that the operation and effect of these orders may be watched, and a check applied to secure the exclusion from indents of requisitions for articles which Indian manufacturers can supply. Separate orders will issue subsequently in respect of the date on which indents should be submitted to the Government for this purpose.

12. Substantial modifications have been introduced in the rules applicable to the local purchases of European stores. Under Rule 3 (*a*) officers will now be permitted to purchase without restriction English stores of small value which are in India at the time of order, within the money limits prescribed by Rule 13. Under Rule 5 purchases of English stores may also be made within the limits prescribed by Rule 13, not only in cases where the demand is so urgent that a supply by indent would cause delay and inconvenience, but also in cases where economy can be effected by the greater promptitude afforded by purchase in India. Rule 3 (*b*) lays down the conditions to which is subject the concession referred to in paragraph 8 above, as to the supply of English stores required in the structure of important construction works. The Government of India will await from Local Governments, to whom all applications should be made in the first instance, proposals as to the firms which should be admitted to this concession.

13. The compilation of Rate Lists is, as has already been stated, now being undertaken by the Director-General of Commercial Intelligence, and it is anticipated that these Lists, in their revised and amplified form, will shortly be ready for issue. The Director-General of Commercial Intelligence will, when the first issue of these Rate Lists has been compiled, ascertain from Local Governments and Administrations and from each Department the number of copies of these Lists required, and will arrange for the supply of these as well as of copies of subsequent issues. In accordance with the wishes of the Secretary of State, as explained in paragraph 9 above, lists showing the prices at which purchases were made of articles not included in these Rate Lists during the preceding financial year, should be submitted to the Government of India by the 31st August in each year, for transmission to the India Office. Separate orders will issue subsequently after experience has been gained of the working of the new rules, in regard to the submission of reports as to the quality of articles purchased in India.

14. The rules appended to this Resolution do not apply to the transactions of Port Trusts, Municipalities, Cantonments and other Local Funds not included in the general accounts and estimates of the Empire, unless they should at any time be expending Government revenues on behalf of Government, or unless the Government should in any special case, in which it may advance to them funds for particular works, thinks proper to make a condition to this effect. The arrangements for the supply of stores to Port Trusts and other similar bodies will always be subject to any control that may be provided by the local law.

ORDER—Ordered, that this Resolution be communicated to all Departments of the Government of India, to all Local Governments and Administrations, to all Accountants General and Comptrollers (including the Comptroller and Auditor General), to all Heads of Departments subordinate to this Department, to the Examiner of Telegraph Accounts and to the Private and Military Secretaries to His Excellency the Viceroy.

Ordered, also, that the Resolution be published in the *Gazette of India* for general information.

B. ROBERTSON,

Secretary to the Government of India.

RULES FOR THE SUPPLY OF ARTICLES FOR THE PUBLIC SERVICE.

Subject to the provisions of the rules specified below, and to any instructions regarding specific articles which have been, or may be, issued by the Government of India from time to time (*e.g.*, those relating to the supply of stationery), the following are the rules relating to the supply of articles required for the public service :—

RULE 1.—*Articles manufactured in India from Indian materials.*

All articles which are produced in India in the form of raw material, or are manufactured in India from materials produced in India, should, by preference, be purchased locally, provided that the quality is sufficiently good for the purpose and the price not unfavourable.

RULE 2.—*Articles manufactured in India from imported materials.*

All articles manufactured in India from imported materials should, by preference, be purchased in India, subject, however, to the following conditions :—

(*a*) That a substantial part of the process of manufacture of the articles purchased has been performed in India.

(b) That the price is as low as that at which articles of similar quality can be obtained through the India Office.

(c) That the materials employed are subjected to such inspection and tests as may be prescribed by the Government of India.

RULE 3.—*Articles which are not manufactured in India.*

Articles which are not manufactured in India should be obtained by indent upon the Store Department of the India Office, except in the following cases:—

(a) When the articles are already in India at the time of order and the cost of the supply does not exceed the limits prescribed in Rule 13.

(b) In the case of important construction works let out on contract, articles not manufactured in India required for the construction of such works may be supplied by the contracting firm, subject to the following conditions:—

(i) That the firm is approved by the Government of India and is included in the list of firms so approved.

(ii) That the materials are subject to the current specifications and tests prescribed by the Government of India.

RULE 4.—*Particular articles which may be purchased in India.*

The following articles, whether manufactured or produced in India or not, may be purchased in India:—

(a) Those of a perishable nature.

(b) Explosives.

(c) Block tin.

(d) Wines and Spirits and English-bottled beer for Army Hospitals in India.

(e) Kerosine oil.

(f) Plant and materials for electric installations.

(g) Australian timber.

(h) Australian copper.

(i) Italian marble.

(j) Such other classes of articles as may from time to time be prescribed by the Government of India with the approval of the Secretary of State in Council.

RULE 5.—*Special purchases in India.*

When serious inconvenience to the public service would be caused by waiting to obtain an article from England, or when, owing to the greater promptitude of supply, an economy can be effected by purchasing in India articles which under the foregoing rules should be obtained through the Store Department, the purchase may be made in India, subject to Rule 13; but in such cases, if the value of the articles exceed Rs. 50, the sanctioning officer should place on record the reasons which make the local purchase desirable. This record shall be available for the inspection of the Examiner of Accounts or the supervising officer when required.

RULE 6.—*Inter-departmental purchases.*

Nothing in these rules is to be deemed to prohibit the purchase of stores of European manufacture by one Department or Railway from another.

RULE 7.—*Method of obtaining Stores not purchased in India.*

All articles which under the foregoing rules are not to be bought in India should be obtained by indent on the Store Department of the India Office,

except any which the Secretary of State may have specially authorised the Government of India or its officers to purchase direct outside India. Such purchase is at present permissible in the case of the following articles :—

(*i*) Seeds.

(*ii*) Cinchona bark.

(*iii*) Articles for experimental or research purposes required by officers approved by the Government of India from time to time. A list of the officers thus approved is given in Appendix A.

(*iv*) Excise instruments and apparatus required by Provincial Excise Departments for experimental or research purposes.

(*v*) China, glass, cutlery, plate and crockery for the residences of Heads of Provinces.

(*vi*) Australian timber.

NOTE.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

RULE 8.—*Forecast of Requirements.*

Every effort should be made to foresee requirements so that there may be ample time to send forward indents for such articles as should under the rules be obtained from the India Office. Persistent failure of any officer to make such efforts should be brought to notice by the Local Government or other authority, which may, at its discretion, cancel or reduce the powers of sanction entrusted to the officer at fault.

RULE 9.—*Time required to obtain Stores from England.*

It may be assumed that the time required from the transmission of an indent upon the Secretary of State to the receipt of the stores is :—

Urgent telegraphic indents, not less than three months.

Ordinary indents, six to ten months, according to the article demanded.

For special stores, *e.g.*, large girders, rolling-stock, etc., up to one year in ordinary times.

RULE 10.—*Method of comparing Prices.*

In all cases in which the selection of source of supply depends upon comparison of prices, the procedure to be adopted for such a comparison is as follows :—

(*i*) A reference should be made to Home prices as shown in the Rate Lists, and freight should be added at the latest rates paid by the India Office, together with 1*s*. 3*d*. per 100*l*. for insurance, and 3*d*. per ton for freight brokerage.

(*ii*) In cases of important contracts, the prices ruling in the English market should be ascertained by a telegraphic reference to the Director-General of Stores.

(*iii*) In cases where the necessary information as to Home prices is not available from the Rate Lists, the purchase in India shall be subject to the condition that the price is not unfavourable.

(*iv*) In order to arrive at the market value at an Indian port of an article imported from England, the following charges shall be included :—

(*a*) Landing, wharfage, and port charges as shewn in the Rate Lists.

(*b*) Customs duty, as shown in the Tariff to be applicable to the article in question, to be calculated on its cost *plus* the additional charges mentioned in the earlier part of this rule.

(*v*) The cost of carriage to site from port or place of manufacture, as the case may be, shall be taken into account.

RULE 11.—*Tests.*

Any articles purchased in India which should be tested are liable to the specifications laid down from time to time by competent authority, with the approval of the Secretary of State in Council, and should be required to pass the tests prescribed for such articles.

RULE 12.—*Firms from which iron and steel may be bought in India.*

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Local Government or Administration and entered in a Schedule as corrected from time to time by the Government of India. A list of approved firms is given in Appendix B.

RULE 13.—*Financial limits on powers of officers to make purchases in India.*

In the case of purchases made under Rules 1, 2 and 4, an officer's powers of purchase extend to the ordinary limits to which he is empowered to enter into contracts. But in the case of purchases made in India under Rules 3 (*a*) and 5, the limits for expenditure on any one article or any number of similar articles purchased at one time are as follows :—

(*a*) *Civil Departments.*

	Rs.
(*i*) Heads of Departments, Commissioners of Divisions, and other officers of or above the rank of Collector whom the Local Government may select.	250
(*ii*) Other officers authorised to incur expenditure . . .	50
(*iii*) Controller of Printing, Stationery and Stamps . . .	1,000
(*iv*) Local Government or Administration :—	
1. In case of purchases made under Rule 3 (*a*). . .	3,000
2. In case of purchases made under Rule 5 . . .	Full powers.

The powers of a Local Government are also exercised by the following officers :—

Surveyor-General of India.

Inspector-General, Civil Veterinary Department.

Inspector-General of Agriculture.

Director-General of Observatories.

Director-General of Telegraphs.

Political Resident, Persian Gulf.

(*b*) *Public Works Department.*

	For purchases made under Rule 3 (*a*).	For purchases made under Rule 5.
	Rs.	Rs.
(*i*) Executive or Assistant Engineer holding charge of a Division.	200	500
(*ii*) Superintending Engineer or Superintendent of Works	1,000	2,500
(*iii*) Local Government or Administration . . .	3,000	Full powers.

(*c*) *Railway Department.*

	For purchases made under Rule 3 (*a*).	For purchases made under Rule 5.
	Rs.	Rs.
(*i*) Executive or Assistant Engineer holding charge of a Division on a line under construction or survey.	200	500
(*ii*) Engineer-in-Chief holding charge of a line under construction or survey.	1,000	2,500
(*iii*) Manager of an open line	1,000	2,500
(*iv*) Railway Board	3,000	Full powers.

NOTE.—Managers of open lines may depute to their Engineers-in-Chief, Executive Engineers or Assistant Engineers holding charge of a Division, such powers of purchase as they deem fit up to the limits specified for lines under construction, and to their Chief Store-keepers up to the limits specified for Executive Engineers.

(d) *Army Department.*

	For purchases made under Rule 3 (a).	For purchases made under Rule 5.
	Rs.	Rs.
(i) Divisional Commander	3,000	5,000
(ii) Officer Commanding an independent brigade; Director-General of Military Works; Director-General of Ordnance; Director, Royal Indian Marine; Director-General, Indian Medical Service (for medical store depôts); Director, Army Clothing; and Director-General, Army Remount Department.	2,500	2,500
(iii) Officer Commanding a brigade, other than those included in (ii); Inspector-General of Ordnance Factories; and Inspector-General of Ordnance.	1,000	1,000
(iv) Superintendent, Army Clothing Factory; Inspector, Submarine Defences: Supply and Transport Officer on special duty in Kashmir; and Deputy Director, Royal Indian Marine.	500	500
(v) Chief of the Staff; Adjutant General in India; Quarter Master General in India; Principal Medical Officer, His Majesty's Forces in India; Military Secretary to His Excellency the Commander-in-Chief; Military Accountant-General; Controller of Military Accounts, Eastern Circle; Controller of Military Supply Accounts; Controller of Military Accounts, Northern Circle; Controller of Military Accounts, Western Circle; Deputy Controller of Military Accounts in independent charge, Secunderabad Division; and Deputy Controller of Military Accounts in independent charge, Burma Division.	250	250
(vi) Officer Commanding a station; Superintendent, Army Remount Department; Superintendent, Ordnance Factory; Government Inspector, Army Boot Factory, Cawnpore; Ordnance Officers in charge of Arsenals; Proof Officer, Balasore; Medical Storekeeper; Commandant, Indian Staff College; and Divisional Supply Officer and Divisional Transport Officer.	200	200
(vii) Officer Commanding a unit (including a hospital); Senior Medical Officer, Indian Medical Service of a station; Recruiting Staff Officer for Gurkhas at Gorakhpur; Officers (Ordnance or Departmental) in charge of depôts; Station Supply Officer; and Chief Chemical Examiner.	20	20

NOTE.—These powers are subject to the rules of the budget system. No sanction may be given which will involve expenditure from the budget grant of any future year. The powers extend to each sanction whether against Army, Military Works or Marine funds.

In the case of Ordnance, Medical Store and Remount Departments, the Divisional, Brigade and Station Commanders are not competent financial authorities.

CANTONMENTS.

TAXATION.

No. 685.—In exercise of the powers conferred by section 25 of the Cantonments Act, 1889 (XIII of 1889), the Governor-General in Council is pleased to extend to the Lucknow Cantonment the provisions of sections 38, 63 to 65, 70 to 73 and 187 of the United Provinces Municipalities Act, 1900 (United Provinces Act I of 1900), in the restricted and modified form set forth below :—

EXTENDED SECTIONS.

Joint Committee (section 38).

1. (1) The cantonment authority may, from time to time, concur with the municipal board in appointing, out of their respective bodies, a joint committee for the supervision of octroi and in appointing a chairman of the committee and in delegating to such committee any power which might be exercised by either the authority or the board and in framing and modifying regulations as to the proceedings of such committee and as to the conduct of correspondence relating to the purpose for which the committee is appointed.

(2) If any difference of opinion arises between the authority and the board in acting under the section, the decision thereon of the Commissioner shall be final.

Octroi not invalid for defect of form (section 63).

2. An octroi shall not be invalid for defect of form, and, when any property is described for the purpose of assessing any octroi, it shall be sufficient to describe it so that it shall be generally known, and it shall not be necessary to name the owner.

Power to permit compounding for octroi (section 64).

3. The municipal board, by a resolution passed at a special meeting and confirmed by the Local Government, may provide that all or any persons may be allowed to compound for octroi.

Power to exempt from octroi (section 65).

4. (1) The municipal board may exempt, in whole or in part, for any period not exceeding one year, from the payment of octroi, any person who, by reason of poverty, may in its opinion, be unable to pay the same, and may renew such exemption as often as may be necessary.

(2) The municipal board may by a resolution passed at a special meeting and confirmed by the Local Government, and the Local Government may by order, exempt, in whole or in part, from the payment of octroi any person or class of persons or any property or description of property.

Recovery of octroi (section 70).

5. Arrears of octroi may be recovered on application to a magistrate having jurisdiction within the limits of the cantonment or in any other place where the defaulter may for the time being be resident, by the distress and sale of any movable property within the limits of such magistrate's jurisdiction belonging to such defaulter.

Appeal against octroi (section 71).

6. (1) An appeal against the assessment or levy of octroi shall lie to the Collector or to such other officer as may be empowered by the Local Government in this behalf : provided that, when the Collector or such other officer as aforesaid is a member of the board, the appeal shall lie to the Commissioner.

(2) If, on the hearing of an appeal under this section, any question as to the liability to, or the principle of assessment of, an octroi arises, on which the officer hearing the appeal entertains reasonable doubt, he may, either of his own motion or on the application of any person interested, draw up a statement of the facts of the case and the point on which doubt is entertained, and refer the statement with his own opinion on the point for the decision of the High Court.

(3) On reference being made under sub-section (2), the subsequent proceedings in the case shall be as nearly as may be in conformity with the rules relating to references to the High Court contained in chapter XLVI of the Code of Civil Procedure.

(4) In every appeal the costs shall be in the discretion of the officer deciding the appeal.

(5) Costs awarded under this section to the board shall be recoverable by the cantonment authority as though they were arrears of octroi due from the appellant.

(6) If the board fail to pay any costs to an appellant within ten days after the date of the order for payment thereof, the officer awarding the costs may order the person having the custody of the balance of the cantonment fund to pay the amount.

Limitation of appeal (section 72).

7. No appeal shall lie in respect of an octroi unless it is preferred within sixty days from the time when the demand of the tax is made.

Octroi not to be questioned except under these adapted sections (section 73).

8. No objection shall be taken to any valuation or assessment of octroi, nor shall the liability of any person to be taxed to octroi be questioned in any other manner or by any other authority than is provided in these adapted sections.

Power of Local Government to make octroi rules (section 187).

9. (1) The Local Government, with the previous sanction of the Governor-General in Council, may make rules consistent with the United Provinces Municipalities Act, 1900 (United Provinces Act I of 1900), for the assessment and collection of, and for the compounding for octroi, and for preventing the evasion of the same.

(2) In making rules under sub-section (1) the Local Government may direct that a breach of any provision thereof shall be punished with fine which may extend to fifty rupees.

MEDICAL DEPARTMENT.

No. 686.—The following is published for information of officers of the Indian Medical Service :—

The Right Hon'ble the Secretary of State for India, in communication with the Army Council, has decided that service in the South African War in the capacity of a civil medical practitioner, shall, in the case of an officer afterwards admitted to the Indian Medical Service, reckon towards service for Indian pension. Officers who wish to claim the concession, but who have not yet established their claims thereto, should submit their applications for verification through the usual channel, stating the period of their service in South Africa, and the capacity in which they served during the operations.

R. I. SCALLON, *Major-General,*
Secretary to the Government of India.

RESOLUTION.—The Managing Agents of the Deoghur Railway have recommended the adoption on the Deoghur Railway of the amendments, promulgated under Railway Board's circular No. 1970-R.T., dated the 3rd November 1908, and published under their notification No. 337, dated the 19th

November 1908, in rule 12, sub-rule (4), and rule 22, Chapter II, Part I, of the General Rules of 1906 for working open lines of railway in British India, which rules were sanctioned for adoption on the Deoghur Railway in Railway Board's resolution No. 1085-R.T., dated the 30th September 1907.

2. In exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-sections (1) and (4), of the Indian Railways Act, 1890 (IX of 1890), the adoption of the amendments in the said General Rules, cited in paragraph 1 above, on the Deoghur Railway.

ORDER.—Ordered that this resolution be published under a notification in Part I of the *Gazette of India* as required by section 47, sub-section (3), of the Indian Railways Act, 1890 (IX of 1890); also that the amendments cited in paragraph 1 above, which have already been published in the *Gazette of India*, be kept open for inspection at railway stations as directed by sub-section (6) of the same section, and that this resolution be communicated to the Secretary to the Government of Bengal, Railway Department, and to the Senior Government Inspector of Railways, Circle No. 2, Calcutta, for information.

The 16th July, 1909.

No. 221.—The following is published for general information:

No. 1228-R.T., dated the 6th July 1909.

RESOLUTION—*By the Railway Board.*

Amendments in rule 13-IX and 13-XI of Appendix B to the General Rules of 1906 for working open lines of railway.—Rules to regulate the transport and importation of explosives.

Read—

Section 47 of the Indian Railways Act, 1890 (IX of 1890).

Government of India Department of Commerce and Industry, notification No. 801, dated the 24th March 1905.

Railway Board's notification No. 183, dated the 6th September 1906, and Railway Board's circular No. R. T. $\frac{89\text{-}A}{6}$, dated the 8th September 1906.

Railway Board's notification No. 183, dated the 22nd July 1907, and Railway Board's circular No. 562 R. T., dated the 5th July 1907.

Read also—

Government of India, Department of Commerce and Industry, notification No. 4219-20 (Explosives), dated the 15th June 1909.

RESOLUTION.—In the notification by the Government of India in the Department of Commerce and Industry, No. 4219 20 (Explosives), dated the 15th June 1909, read above, certain amendments were made in the rules to regulate the transport and importation of explosives published with the like notification No. 4505-4 (Explosives), dated the 31st May 1907.

2. In exercise, therefore, of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-sections (1) and (4), of the Indian Railways Act, 1890 (IX of 1890), as in force in British India or as locally applied, the adoption by the administrations of all lines of railway administered by the Government, of the amendments specified in the annexure hereto in the General Rules for working open lines of railway, which were promulgated with Railway Boards's circular No. R. T. $\frac{89\text{-}A}{6}$, dated the 8th September 1906, and revised by their circular No. 562-R.T., dated the 5th July 1907.

3. The Railway Board also desire that the administrations of the several railways not administered by the Government will submit formal application for the adoption of the said amendments on their respective lines.

ORDER—Ordered that this circular, with the accompanying amendments, be published under a notification in Part I of the *Gazette of India*, as required by section 47, sub-section (3), of the Indian Railways Act, 1890 (IX of 1890), and that a copy of the amended General Rule be kept open for inspection at railway stations as directed by sub-section (6) of the same section; also that a copy of this circular and of its enclosure be communicated to the Local Governments and Administration and to the officers noted on the margin, for information and necessary action, and to the Senior Government Inspectors of Railways, Circles Nos. 1 to 7, and the Secretary, Indian Railway Conference Association, for information.

The Governments of Bengal, the United Provinces, and Eastern Bengal and Assam, Public Works Department.
The Government of Bengal, Marine Department.
The Secretary to the Honourable the Agent to the Governor General for Rajputana, Public Works Department.
The Agents, Assam-Bengal, Barsi Light, Bengal and North-Western, Bengal Nagpur, Bombay, Baroda, and Central India, Burma, East Indian, Great Indian Peninsula, Madras and Southern Mahratta, Rohilkhund and Kumaon, and South Indian Railway Companies.
The Agent and Manager, His Highness the Nizam's Guaranteed State Railways Company (through the Honourable the Resident at Hyderabad).
The Managers and Engineers-in-Chief, Bengal Dooars, and Bhavnagar-Gondal-Junagad-Porbandar Railways.
The Manager and Executive Engineer, Morvi Railway.
The Chief Engineer, Cutch State Railway.
The Managers, North-Western, Oudh and Rohilkhand and Eastern Bengal (State) Railways.

[Enclosure to Government of India, Railway Department (Railway Board), Circular No. 1228-R. T., dated the 6th July 1909.]

Amendments in rule 13-IX and 13-XI of Appendix B to the General Rules for working open lines of railway, promulgated with Railway Board's Circular No. R. T. $\frac{89\text{-}A}{5}$, dated the 8th September 1906, as revised by their Circular No. 562-R. T., dated the 5th July 1907.

In rule 13-IX, *for* the words "signed by an officer authorised by the Local Government in this behalf," *substitute* the words "signed by the Chief Inspector of Explosives or an Inspector of Explosives".

In rule 13-XI, *for* the words "15th October" in the second and fifth lines, *substitute* the words "1st August" and "31st July" respectively.

R. C. F. VOLKERS,
Secretary, Railway Board.

No.

Simla, the 14th July 1909.

EXECUTION OF CERTAIN CLASSES OF DEEDS AND CONTRACTS IN THE MADRAS PRESIDENCY.

RESOLUTION.

In exercise of the powers conferred by section 2 of the East India Contracts Act, 1870 (33 and 34 Vict., c. 59), and of all other powers enabling him in this behalf, the Governor General in Council is pleased to direct that the following be substituted for part J of the Resolution of the Government of India in the Home Department, no. 3-Judicial/485-501, dated the 28th March 1895, as amended by the Resolutions noted on the margin,* relating to the execution of deeds, contracts and other instruments on behalf of His Majesty's Secretary of State for India in Council :—

* Nos. 226-29 (Judicial), dated the 21st February 1908.
Nos. 592-95 (Judicial), dated the 8th May 1908.

J.—In the territories under the administration of the Government of Madras, as regards contracts, etc., not hereinbefore specified—

I.—In the case of the Governor in Council— All deeds and instruments relating to any matters other than those specified in heads II to VI.	By a Secretary to Government.
II.—Contracts and other instruments for the purchase, supply, conveyance or carriage of building materials, stores, machinery, etc., and the provision of labour for building or other work, and such like engagements.	By Collectors of Districts, Sub-Collectors, Assistant and Deputy Collectors in charge of Divisions; Inspector-General, Deputy Inspectors-General, and Superintendents of Police; Commissioner of Police, Madras; Inspector-General of Jails; Inspector-General of Registration; Superintendent of Stationery; and the Presiding Port Officer and Port Officers.
III.—Exploring and prospecting licenses and all mining and other leases not herein otherwise provided for.	By Collectors of Districts.
IV.—Contracts and other instruments relating to the Medical Department.	By the Surgeon-General with the Government of Madras.
V.—(a) Leases of whole Excise Salt factories.	By the Board of Revenue.
(b) All contracts, deeds or other agreements relating to the execution of salt works, or the purchase, sale or transport of salt, the supply of labour, stores, building materials, etc., and any other like engagements relating to the salt revenue or the business of the Salt Department.	By the Commissioner of Salt, Abkari, and Separate Revenue.

(*c*) All contracts, deeds or other agreements relating to the execution of salt works, or the purchase, sale or transport of salt, the supply of labour, stores, building materials, etc., and any other like engagements relating to the salt revenue, or the business of the Salt Department within their respective jurisdictions and within the limit of value of Rs. 5,000; and contracts or agreements for the import of foreign salt on credit, for payment of the duty leviable thereon, or contracts or agreements for the clearance of salt under the credit system on the deposit of securities within the limit of value of Rs. 50,000.	By the Deputy Commissioners of Salt and Abkari Revenue.
(*d*) Leases granted to manufacturers of salt in blocks of land in Government factories.	By Deputy Commissioners of Salt and Abkari Revenue.
(*e*) Leases of plots of land in Excise Salt factories.	By Deputy Commissioners of the Salt, Abkari and Customs Department.
(*f*) Contracts or agreements for the import of foreign salts on credit, for payment of the duty leviable thereon, or contracts or agreements for the clearance of salt under the credit system wholesale on the deposit of securities within the limit of value of Rs. 10,000.	By Assistant Commissioners of Salt and Abkari Revenue.
VI.—Contracts and other instruments relating to matters connected with the Educational Department.	By the Director of Public Instruction.

ORDER.—Ordered that the above Resolution be communicated to the Government of Madras for information, with reference to their letter no. 1009, dated the 14th April 1909, and to the Finance Department, the Department of Revenue and Agriculture, and the Department of Commerce and Industry for information; and that it be published in the Supplement to the *Gazette of India.*

H. A. STUART,

Secretary to the Government of India.

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 15th July 1909, based on the Indian Daily Weather Reports of the period.

A depression formed at the head of the Bay and after remaining stationary for some days crossed the coast near Balasore on the 13th. It was throughout of only slight intensity, but while it was lying over the north of the Bay it had the effect of confining the rainfall in northeast India chiefly to the coast districts. The Arabian Sea monsoon current was fairly vigorous and gave rain over a large part of northwest India, in the central parts of the country, the Deccan and on the west coast of the peninsula. The United Provinces received local falls of rain from both currents.

Burma.—Rainfall occurred chiefly in Lower Burma, but all stations except Mandalay and Monywa received some rain during the week. Skies were moderately to heavily clouded and temperature was normal.

Northeast India, including Orissa.—Owing to the presence of low pressure conditions over the head of the Bay more rain fell in the coast districts than in other parts of the division, and Bihar, Chota Nagpur and the central districts of Eastern Bengal were almost rainless. Skies were moderately clouded. Temperature was nearly normal.

The United Provinces, Central India and the Central Provinces.—There was rain in all parts of the division, but the falls were not numerous in the United Provinces. Skies were only lightly to moderately clouded in this area, but elsewhere moderate to heavy cloud was present. Normal temperature conditions prevailed.

Northwest India.—Rain was widespread in Rajputana and Gujarat: from other parts of northwest India only a few falls were reported. Skies were cloudy and temperature was normal except in the extreme northwest where skies were almost clear and temperature was in defect.

The Peninsula.—Rain fell in all parts of the division except in the southeast of Madras. Skies were heavily overcast and temperature was normal or in defect.

The following gives the chief rainfall amounts as reported at 8 hrs. each day:—

July 9th. Mergui 3·60", Tavoy 5·12", Moulmein 3·58", Jhansi 2·97", Dehra Dun 2·27", Nagpur 3·33", Multan 3·16", Surat 2·25", Bombay 4·73", Ratnagiri 6·90", Goa 3·30" and Karwar 3·64".

„ 10th. Dwarka 2·85", Rajkot 2·14" and Bombay 3·61".

„ 11th. Simla 2·75", Udaipur 1·92", Dwarka 2·58", Belgaum 3·00" and Nellore 2·30".

July 12th. Silchar 2·62", Jalpaiguri 2·16", Cuttack 2·90", Agra 3·70", Chanda 1·91", Dwarka 3·00", Surat 2·23", Hanumkonda 2·71" and Mercara 2·76".

„ 13th. Silchar 2·45", False Point 3·43", Cuttack 2·68", Akola 2·58", Ludhiana 2·55", Sambhar 2·25", Ajmer 1·85", Bhuj 3·53" and Belgaum 2·30".

„ 14th. Akyab 5·23", Sibsagar 3·15", Hoshangabad 4·00", Seoni 2·58", Rajkot 2·66", Bombay 3·49" and Ratnagiri 3·17".

„ 15th. Kyaukpyu 3·98", Akyab 3·23", Chaibassa 1·98", Ranchi 2·19", Simla 2·06", Delhi 1·91", Hyderabad (Sind) 2·80", Rajkot 2·95 and Belgaum 3·05".

The rainfall given by the Arabian Sea current during the past week was generally either equal to or above the average, while that of the Bay current was in general defect. The rainfall for the whole monsoon period is below the normal in only the following divisions:—Chota Nagpur, the east of the United Provinces, the west of Central India, Kashmir, Baluchistan and the Madras Deccan: in all other parts of the country it is either practically normal or in excess.

Division.	Rainfall data for week ending on 15th July 1909.			Rainfall data from 30th April 1909 to 15th July 1909.				
	Average actual rainfall in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Average actual rainfall of season to date in inches	Average normal rainfall in inches.	Excess or defect in inches.	Seasonal percentage departure from normal. This week.	Seasonal percentage departure from normal. Last week.

GEORGE C. SIMPSON,
for *Director-General of Observatories.*

R. W. CARLYLE,
Secretary to the Government of India.

SIMLA
The 15th July 1909.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 10th July 1909.

Burma.—The rainfall during the week was general though light in the upper section of the dry zone. It was heavy in Tenasserim and mostly moderate elsewhere. Ploughing and sowing for the main rice crop is progressing and transplanting has commenced in places. But agricultural operations have been retarded owing to insufficiency of rain in Bhamo, Katha, Shwebo and Lower Chindwin. Sowing of sesamum and maize continue in Upper Burma. Standing crops are in good condition except in a few northern districts where more rain is required. The price of unhusked rice has risen slightly in four districts and fallen slightly in two others.

Eastern Bengal and Assam.—The weather was seasonable in Assam but hot all over Eastern Bengal. More rain is needed in the hill districts. No fresh damage from floods is reported. In several districts the crops which were inundated have recovered. Prospects of tea are favourable. Sowing of jute which was begun late in some districts has finished. Earlier sown jute on low lands is being harvested and its prospects are good. Transplanting of winter rice is in progress. Autumn rice is being harvested in parts. The relief works in Rangpur have been closed. Nineteen persons were on gratuitous relief. The average price of common rice has risen by 2 per cent. Cattle disease is prevalent in several districts.

Bengal.—Rain fell during the week in all districts except Patna and Gya. The fall was moderate in Champaran and Sambalpur and light elsewhere. In North Bihar the break in the rains has been beneficial to standing crops and sowings but more rain is wanted in south-west Bengal and Chota Nagpur for transplantation of winter rice. It is reported that progress is being retarded in parts of Burdwan, Bankura and Manbhum owing to want of moisture. Sowings of autumn crops continue. Sugarcane, jute and other standing crops are doing well. Floods have done some damage to jute in the Kishanganj sub-division of Purnea. The crop in Pakour in the Sonthal Parganas has also suffered from excessive rain. The price of common rice has risen in Midnapore, Saran, Champaran, Bhagalpur and Hazaribagh and has fallen in Nadia. Cattle disease is reported from several districts. The fodder and water supply is sufficient throughout the Province. 2,231 persons attended the famine relief works in Darbhanga and gratuitous relief was given to 29,092 persons in Muzaffarpur, Darbhanga and Palamau.

The weekly report on the famine and scarcity is as follows:—District Darbhanga—Workers exclusive of dependants 2,231; on gratuitous relief (*a*) dependants of workers 1,629; (*b*) in poorhouses or kitchens 5,059; and (*c*) on village doles or other relief 20,101; total gratuitously relieved 26,789. Grand total on relief 29,020. Agricultural prospects are good and have been improved by dry weather. People are actively engaged in cultivating operations. The public health is good except in a few villages. Prices 12 seers per rupee.

United Provinces.—Rain fell throughout the Provinces, exceeding 3 inches in seventeen districts. Autumn sowings continue. Early autumn crops are being weeded. Transplantation of late rice has commenced. Standing crops are in good condition. Supplies of fodder and water are adequate. Cattle disease is reported from fifteen districts but the general state of agricultural stock is good. Prices are generally stationary.

The weekly report on the famine and scarcity is as follows:—The health of persons on relief is generally good. Crime is normal. Relief works were closed in Mirzapur. The remaining aided work in Jaunpur has been completed. A few works continue in Garhwal. The civil work open in Bahraich will be closed on the 16th July with

a valedictory dole. Gratuitous relief which is being distributed in five districts will be closed in Basti on the 15th July with a valedictory dole. The number on relief works has fallen considerably but that of gratuitous relief has risen slightly. The numbers on Government relief are:—on relief works 9,605; on aided works 19; on gratuitous relief 11,798; in poorhouses 147; on private works 22; total on relief 21,591. Prices:—Garhwal 9; Kera Mangraur, Kheri and Bahraich 14; Bijaigarh 15; and Basti 16 seers per rupee.

Punjab.—Good rain was received in Ambala, Jullundur and Ludhiana and moderate to light rain in all the remaining districts. More rain is badly needed in Sialkot. Extra spring crops are still being harvested in some districts. Sowings of autumn crops continue satisfactorily. Standing autumn crops are generally in good condition. Autumn crops have been slightly damaged by insects in parts of Rohtak, Sialkot and Multan. Prices are high and have risen slightly in some districts. Cattle are generally in good condition. Fodder is sufficient except in parts of Shahpur.

North-West Frontier Province.—Rain ranging from 23 cents to 5 inches 54 cents fell all over the province and was beneficial to standing crops and to autumn sowings which are in progress everywhere. The condition of standing crops is fair. Harvesting of extra spring crops continues in Bannu and the outturn is reported to be average. The public health is good. Cattle disease is prevalent in two tahsils. Irrigation from canals is ample. Fodder is deficient in the Marwat tahsil of the Bannu district and sufficient elsewhere. Prices are stationary in Dera Ismail Khan but are fluctuating elsewhere. Prices:—wheat $10\frac{1}{16}$ to 12; maize $14\frac{5}{16}$ to $17\frac{1}{2}$; gram $13\frac{5}{16}$ to 16; *bajra* 13 to 15; and barley $18\frac{1}{16}$ seers per rupee.

Jammu.—Slight rain fell during the week. Prices are stationary. Wheat sells from 9 to 16 and maize from 12 to 20 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type is prevalent in two tahsils. Fodder is sufficient. Sowing of autumn crops is in progress.

Kashmir.—The weather was bright except for rain on two occasions. The condition of spring crops is good. Fodder is sufficient. There is no disease among cattle. Prices are unchanged.

Rajputana.—The rainfall registered in cents was:—Bharatpur 670; Jaipur 585; Banswara 459; and 115 to 328 in Bikaner, Mewar, Tonk, Bundi, Jhalawar, Kishangarh, Alwar, Karauli, Dholpur and Ajmer-Merwara. The following States received from 41 to 83 cents:—Jaisalmer, Sirohi, Shahpura and Kotah. Slight showers occurred in Partabgarh. No rain fell in Jodhpur but nine districts out of twenty-three received between 46 and 540 cents. The rainfall was excessive in parts of Karauli necessitating fresh sowings; it was sufficient in Kotah where maize has germinated well. Early sowings are thriving in Jodhpur. Cultivators are generally engaged in ploughing and sowing. Standing crops are being weeded in places. The condition of cattle is generally good. Pasturage and fodder are ample. Prices show a tendency to rise in many places.

Central India.—The rainfall during the week was fair in Indore and general and sufficient elsewhere. Sowing of autumn crops is in progress. The condition of agricultural stock is satisfactory except for some cattle disease in Baghelkhand, Bundelkhand and Bhopawar. Prices are high but stationary.

Central Provinces.—Moderate to heavy rain fell during the week. The heaviest fall registered was 14 inches at Balaghat. Saugor, Hoshangabad, Nimar and Betul received less than 1 inch. In other districts, the rainfall ranged from 1 inch in Seoni to $5\frac{3}{4}$ inches in Bhandara. More rain is needed in Jubbulpore, Nagpur, Chanda, Drug, Raipur and the Vindhyan districts. Sowing of autumn crops is in full swing throughout the Provinces and germination is successful except in parts of the Rehli tahsil of the Saugor district. A little resowing was necessary in Hoshangabad and Drug. Transplantation and thinning have started in the rice districts. Weeding is in progress in Saugor, Narsinghpur, Nimar and the districts of Berar. Preparation of land for sowing of spring crops continues in Jubbulpore and Narsinghpur. Grasshoppers are doing some damage to crops in Raipur and Drug. The supply of fodder and water is sufficient

everywhere. Cattle are doing well. Prices of staple food grains are steady. Weaver relief was closed in Chanda at the end of June. No famine relief operations of any kind are now current in the Provinces and the submission of weekly famine telegrams and statements is therefore discontinued.

Feudatory States.—The rainfall during the week was good, varying from 5½ inches in Raigarh and Sakti to 1½ inches in Kanker. More rain is required in Kawardha and Raj-Nandgaon where some resowing was necessary owing to insufficient rain and damage by insects. Sowing of autumn crops is generally in rapid progress and germination is good. Fodder and water are adequate. Prices:—wheat in Kawardha and Chhuikhadan rose by two seers and rice in Kawardha, Chhuikhadan, Khairagarh and Raj-Nandgaon by ¾ to 1½ seers per rupee. Elsewhere prices were steady or fluctuated slightly.

Bombay.—The rainfall during the week was heavy in parts of Surat, the Konkan, Nasik, Belgaum, Kathiawar and Kolhapur; good in parts of Kaira, Broach, East Khandesh, Satara, Dharwar, Baroda and Cutch; moderate in parts of Ahmedabad, the Panch Mahals, West Khandesh, Palanpur and Rewa Kantha; and slight in parts of Sind, Ahmednagar, Poona, Sholapur, Bijapur and Mahi Kantha. The rainfall was generally sufficient and beneficial, but more rain is needed for cultivation of autumn crops in parts of Karachi, Thar and Parkar, Kaira, Nasik, Ahmednagar, Satara, Bijapur, Belgaum and Palanpur. Sowing of autumn crops generally continues but has been retarded in parts of Ahmednagar, Bijapur, Belgaum and Kolhapur owing to insufficient rain and in parts of Broach and Surat owing to excessive moisture. Transplantation is in progress in parts of Karachi, Sukkur, Larkana, Hyderabad, the Panch Mahals, Kaira, Surat, the Konkan, Nasik, Poona and Rewa Kantha. Sowing of cotton continues in parts of Thar and Parkar, Ahmedabad, Surat, East Khandesh, Baroda, Cutch and Rewa Kantha. The supply of fodder is generally adequate. Agricultural stock are sufficient except in parts of Ahmednagar, Poona, Sholapur, Satara and Cutch and are generally in good condition. The supply of drinking water and of water for irrigation are generally adequate. Prices of food grains have fallen sightly in the Upper Sind Frontier, the Panch Mahals, East Khandesh, Ahmednagar, Sholapur and Dharwar; have risen slightly in Sukkur, Larkana and Colaba; and are generally stationary elsewhere. The quantity purchasable per rupee is in Sind 21 to 41 per cent; in Gujarat 20 to 42 per cent; in the Konkan 7 to 37 per cent; in the Deccan 17 to 48 per cent; and in the Karnatak 31 to 40 per cent less than the normal. Stocks of grain are adequate. Labourers get sufficient employment. The cultivating and labouring classes are generally in fair condition. The numbers on relief are:—on works, 839 in Bijapur; on gratuitous relief, 93 in Bijapur and 120 in Dharwar; total on relief 1,052.

Hyderabad.—The rainfall during the week was 1 inch 62 cents. Rain fell during the week throughout the Dominions except in the Kuppal taluka of the Salar Jang Estate which is still badly off. The highest falls were 6 inches 65 cents in Jintur and 5 inches 18 cents in Hingoli in the Parbhani district. Sowings of autumn crops are in progress and seedlings are generally fair. Autumn sowings are reported to have been suspended and seedlings are withering in parts for want of rain especially in the Raichur, Gulbarga, Mahbubnagar and Nalgonda districts while crops are reported to have been damaged by insects in parts of Mahbubnagar. Land for the sowing of spring crops is being prepared in some tracts as also early rice lands, sowings of which are in progress. Water scarcity is reported in the Kushtagi taluka of the Raichur district and the Yellareddi taluka of the Nizamabad district. Scarcity of fodder is reported in the Kushtagi and Lingsugar talukas of the Raichur district. Cattle disease prevails in one district. Prices:—wheat 7½; coarse rice 7; and *juar* 14½ seers per rupee. White *juar* is selling in Hyderabad City at 12½ seers per rupee. Yellow *juar* is not available. The highest price in districts is 8¾ seers in the Kushtagi taluka of the Raichur district and the lowest 22 seers in the Nilanga and Rajura talukas of the Bidar district.

Mysore.—Good rain fell during the week in Hassan, Kadur and Shimoga and slight rain elsewhere. Prices of food grains are generally steady and markets are well supplied.

Ploughing and sowing operations continue. Standing crops are in good condition but more rain is needed in parts of Bangalore, Kolar, Tumkur, Mysore and Chitaldroog. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 11 inches 99 cents. Ploughing for and transplanting of rice continues. Cattle disease prevails in parts. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall was normally very heavy in South Canara and Malabar; heavy in Ganjam; good in the Nilgiris, Godavari, Vizagapatam and Kistna; *nil* in Madura; and light to fair elsewhere. Irrigation supplies are insufficient in parts of districts except Vizagapatam, Godavari, Kistna, Chingleput, Trichinopoly, Tanjore, Tinnevelly, Malabar, South Canara and the Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. Standing crops are generally fair, but some in parts of Bellary, Anantapur, Salem and Coimbatore require more rain. Harvests continue with outturn poor to normal. Pasture is insufficient in parts of Guntur, the Deccan, Nellore, Coimbatore and Tinnevelly. Fodder is scanty in parts of Guntur, the Deccan, South Arcot and North Arcot. The condition of cattle is generally good. The price of rice is stationary in fifteen districts; has fallen in three; and has risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts; has fallen in six; and has risen in six. *Cholam* is stationary in four districts; has fallen in four; and has risen in six. *Cumbu* is stationary in four districts; has fallen in four; and has risen in seven. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is generally good and employment is procurable. Grain stocks are generally sufficient.

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 17, 1909.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 18th March 1909

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 15th July 1909.

NOTIFICATIONS.

No. 2731 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 12th July 1909 :—

No. 325 of 1909.—Sorabji Muncherji Rutnagar, journalist, 27 Medows street, and Dossabhoy Maneckji Wadia, mill manager, No. 2 Warden road, both of Bombay. *Improvements in or relating to carding engines.*

No. 326 of 1909.—Munwar Khan, proprietor of the firm of Munwar Khan and Company, at Delhi, at present residing at Buksh Ellihi's Hotel, Sendureaputty, Calcutta. *A plough.*

No. 327 of 1909.—Louis Julian, mechanical draftsman, residing at Rayapuram, and V. S. Gnanaprakasam, assistant engineer, residing at Vepery, within the local limits of Madras. *Double-trapped street-gully and storm-water overflow.*

No. 328 of 1909.—George Lezinsky, Attorney-at-Law, of 115 Broadway, Borough of Manhattan, city and state of New York, United States of America. *Improvements in explosive compounds and manufacture of the same.*

No. 329 of 1909.—Johan Alex Faesen, merchant, of 32 Soestdykerstraatweg, Hilversum, Holland, Theodore Carel Dentz, merchant, 27 Tesselschadestraat, Amsterdam, Holland, and Rudolf August Louis Lehmann, Consul-General of Greece, of 15 Oude Turfmarkt, Amsterdam, Holland. *Improvements in or relating to resilient tyres.*

No. 330 of 1909.—George Calvert, of the Metropolitan Laboratories, 100 Evering road, in the county of London, England. *Improved apparatus for filling pneumatic tyres and other containers with compressed gases.*

No. 331 of 1909.—Charles Didelon, of No. 3 Rue Laugier, Paris, France, and Albert Braut, of No. 59 Rue de L'Aqueduc, Paris, France. *Improvements in apparatus for rendering soluble and nitrifying sewage and other waste solid and liquid matters.*

No. 332 of 1909.—George Harrison Sheffield, civil engineer, of 38 Victoria street, Westminster, in the county of London, England, and James Denis Twinberrow, civil engineer, of 1 Woodside, Hexham, in the county of Northumberland, England. *Improvements in and connected with bogies for rolling stock.*

No. 333 of 1909.—John Scott, quarry master, of the Green, Wishaw, in the county of Lanark, Scotland, and Christian Mollmann Gottschau, engineer, of Saucelbank, Blackhall, Paisley, in the county of Renfrew, Scotland. *Improvements in cam and tapped-valve gear for fluid-pressure engines.*

No. 334 of 1909.—Frederick Hardman, dyer and bleacher, of Hollinbank Dye Works, Sion street, Radcliffe, in the county of Lancaster, England, and Frank Edmondson, gentleman, of 19 Oxford road, Birkdale, in the said county. *Improvements in bleaching cotton and other vegetable fibres in the raw state or in the form of yarns or fabrics.*

No. 2732 P.—THE undermentioned design has been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under

that Act, and copies have been sent to the Governments of Madras, Bombay and Burma. This and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 13-D. of 1909.—C. S. V. Aiyar, The Model Stores, Papauasam, residing at West Main street, Papauasam, Tanjore district, Madras Presidency. *A brief bag.*

No. 2733 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 269 of 1908.—The Renard Road and Rail Transport Corporation, Limited, manufacturers and carriers, of 82 Victoria street, Westminster, London, S. W., England. *Improvements in and relating to trains of vehicles for common roads.* (Specification filed 26 June 1909.)

No. 296 of 1908.—K. Ramasami Mudally and S. S. Balasundara Naicker, iron safe manufacturers, doing business at No. 396 Mint street, George Town, Madras, E. *Burglar proof safe-guarding safes entitled "Improved device for safe-guarding safes."* (Specification filed 3 May 1909.)

No. 409 of 1908.—Henry Simon, Limited, engineers, of 20 Mount street, Manchester, in the county of Lancaster, England. *Improvements in the art of milling and conditioning flour from wheat.* (Specification filed 1 July 1909.)

No. 497 of 1908.—George Alexander Buchanan, civil engineer, of 14 Camac street, Calcutta. *Improved means for preventing insects such as ants from climbing up the legs of tables, chairs, almirahs, beds and the like.* (Specification filed 26 June 1909.)

No. 504 of 1908.—The Westinghouse Metal Filament Lamp Company, Limited, manufacturers, of 2 Norfolk street, Strand, London, England. *Improved manufacture of filaments of tungsten or molybdenum for electric incandescence lamps.* (Specification filed 26 June 1909.)

No. 536 of 1908.—Walter Frederic Perman, tea planter, of Decajulie Tea Estate, Deckajulie Post Office, Assam, British India. *An improved joint for chimneys and the like on corrugated iron roofs.* (Specification filed 30 June 1909.)

No. 540 of 1908.—The New Ignition Syndicate, Limited, manufacturers, and Wallace James Lambert Sandy, electrical engineer, both of Britannia Works, Canal Bridge, Old Kent road, London, England. *An improved electrolyte for use in electric batteries.* (Specification filed 26 June 1909.)

No. 550 of 1908.—John Foster Stephenson, engineer, of Haines street, Glenferrie, in the state of Victoria, Australia. *Improvements in spring mattresses.* (Specification filed 26 June 1909.)

No. 4 of 1909.—George Webb, motor car manufacturer, of Priory street, Monmouth, in the county of Monmouth, England. *Improvements in or relating to rims for the road wheels of vehicles.* (Specification filed 30 June 1909.)

No. 25 of 1909.—George Webb, motor car manufacturer, of Priory street, Monmouth, in the county of Monmouth, England. *Improvements in or relating to detachable rims for the road wheels of vehicles.* (Specification filed 30 June 1909.)

No. 93 of 1909.—Gimson and Company (Leicester,) Limited, engineers, and Socrates Keats, manager of the Shoe Machinery Department, both of Vulcan road, Leicester, England. *Improvements in or relating to machines for lasting boots and shoes.* (Specification filed 30 June 1909.)

No. 221 of 1909.—Egbert Von Lepel, engineer, of No. 9 Traunsteinerstrasse, Charlottenberg, Berlin, W., in the German Empire. *Improved apparatus for producing rapid electric oscillations.* (Specification filed 1 July 1909.)

No. 240 of 1909.—Isaac Emerson Palmer, inventor, of 326 Washington street, Middletown, Connecticut, United States of America. *Improvements in or relating to yarn or thread guides.* (Specification filed 3 July 1909.)

No. 241 of 1909.—Enrique John Solano, author, of 4 Park lane, in the county of London, England. *Improvements in and relating to moving targets.* (Specification filed 3 July 1909.)

No. 244 of 1909.—Alexander Albert Holle, gentleman, of Haere House, Olst, Holland, in the kingdom of the Netherlands. *Improvements in steam and other fluid engines.* (Specification filed 1 July 1909.)

No. 248 of 1909.—Gimson & Company (Leicester), Limited, engineers, of Vulcan road, Leicester, England, and Socrates Keats, manager of Shoe Machinery Department, of same address. *Improvements in or relating to lasting machines.* (Specification filed 30 June 1909.)

No. 253 of 1909.—Knut Jonas Elias Hesselman, mechanical engineer, of Saltsjo Storangen, near Stockholm, in the kingdom of Sweden. *Improvements in auxiliary motors for reversing reversible internal combustion motors.* (Specification filed 1 July 1909.)

No. 254 of 1909.—William Forbes Leslie, bachelor of medicine and master of chemistry, of 75 Victoria street, Westminster, London, England. *Improvements in pulverising mills.* (Specification filed 1 July 1909.)

No. 2734 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 357 of 1896.—Andrew Campbell and James Urie. *Apparatus for filling oil tins.* (From 20 July 1909 to 20 July 1910.)

No. 92 of 1898.—Charles Hodgson. *An improvement in apparatus for interlocking railway points and signals.* (From 25 August 1909 to 25 August 1910.)

No. 111 of 1898.—Charles Hodgson. *An improvement in railway signal interlocking apparatus.* (From 25 August 1909 to 25 August 1910.)

No. 70 of 1900.—Eugene Sandow. *Improvements in dumbells for physical culture exercises.* (From 31 July 1909 to 31 July 1910.)

No. 231 of 1901.—The Rowland Telegraphic Company. *Improvements in electric telegraphs.* (From 30 September 1909 to 30 September 1910.)

No. 424 of 1901.—Illius Augustus Timmis. *Improvements in the construction of bogies for railway rolling stock.* (From 29 July 1909 to 29 July 1910.)

No. 151 of 1905.—Francis Gascoigne Lynde. *An improved bib cock.* (From 12 July 1909 to 12 July 1910.)

No. 180 of 1905.—Henry William De Stuckle. *Improvements in or relating to the manufacture of caustic alkalis or analogous hydrates.* (From 21 November 1909 to 21 November 1910.)

No. 181 of 1905.—Henry William De Stuckle. *Improvements in or relating to apparatus for the manufacture of alkali or alkali-hydrates and zinc-sulphide.* (From 21 November 1909 to 21 November 1910.)

No. 328 of 1905.—Willibald Liedke and Otto Rabenhorst. *Improvements in or relating to incandescent vapour lamps.* (From 24 August 1909 to 24 August 1910.)

No. 440 of 1905.—International Cigar Machinery Company. *Improvements in cigar machinery.* (From 23 April 1910 to 23 April 1911.)

No. 2735 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased :—

No. 261 of 1904.—Harry Erskine Coles. *A rifle carrier for mounted troops.* (Specification filed 8 April 1905.)

No. 448 of 1904.—Samuel Groves Whitehouse. *Improvements in connection with wheeled-vehicles.* (Specification filed 8 April 1905.)

No. 500 of 1904.—Harold Boyd. *Improvements in and relating to the manufacture of explosive compositions.* (Specification filed 7 April 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 66 of 1902.—Henry Braithwaite Ashton. *Improvements relating to spinning-frames.* (Specification filed 8 April 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (*d*) After the expiration of the sixth year and before the expiration of the seventh year from the date of the filing of the specification—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified : or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1*s*. 6*d*. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and Designs Act, V of 1888.

CINCHONA FEBRIFUGE.

C. L. PEART, Captain,
Offg. Secretary, Board of Examiners.

DEPARTMENT OF MINES IN INDIA, DHANBAID, EAST INDIAN RAILWAY, MANBHUM.

NOTICE.

INDIAN MINES ACT, 1901.

An examination for first and second class coal mine managers' certificates of competency, under the rules applying to coal mines, will be held at Asansol on the 3rd, 4th and 5th November 1909.

Only persons who have had practical experience in coal mines are eligible to sit for the examination. Necessary instructions will be supplied to intending candidates on application to the undersigned and on their stating their experience.

Applications received after the 7th October 1909 will not be considered.

J. R. R. WILSON,
Chief Inspector of Mines in India.

SULPHATE OF QUININE AND SULPHATE OF CINCHONIDINE.

Manufactured at the Bengal Government Cinchona Plantation.

These articles are guaranteed to be free from wilful admixture with other Cinchona Alkaloids. Quinine is for sale only to Government officers. Cinchonidine is for sale to Government officers and to dealers. Both Quinine and Cinchonidine are for sale for cash only and may be obtained from the Superintendent, Royal Botanic Garden, Sibpur, near Calcutta.

The rates for both drugs from 1st April 1909 are as follows:—

For original sealed cases containing not less in one delivery than the undernoted quantities or for any larger quantities R10 per lb. Carriage extra.

Quinine—	In 4 lb. tins	48 lbs.
	" 1 " "	50 "
	" ½ " "	30 "
	" ¼ " "	30 "
	" 1 oz. "	60 "
	" ½ " "	60 "
Cinchonidine—	In 1 lb. tins	50 lbs.
	" ½ " "	30 "
	" ¼ " "	30 "

For any less quantity in one delivery than the above R15 per lb. By post 6 annas for every lb. and 4 annas for every half or quarter lb. extra.

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATION.

Mount Abu, the 4th July 1909.

No. 973.—The following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 22nd August 1909.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid will be considered by the Hon'ble the Chief Commissioner.

Draft Notification.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the following rules to regulate the possession and transport of petroleum in Ajmer-Merwara in supersession of those published in this office Notifications cited in the margin.—

No. 71, dated the 26th January 1903.
No 190, dated the 25th February 1904.
No. 528, dated the 19th May 1905.

RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE POSSESSION AND TRANSPORT OF PETROLEUM IN AJMER-MERWARA.

PART I.

PRELIMINARY.

Definitions.

1. In these rules,—

(*a*) "Part" means a Part of these rules;

* * * * * * * *

(*c*) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(*d*) "installation" means a place specially prepared for the storage of petroleum in bulk or for bulk combined with non-bulk storage, and may be either a major or a minor installation;

(*e*) "major installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons; or

(2) in which tin-making operations are carried on;

(*f*) "minor installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons; and

(2) in which no tin-making operations are carried on;

(*g*) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;

(*h*) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Local Government may by notification declare as such;

* * * * * * * *

(*j*) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and

(*k*) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

Chapter I.—Possession of Petroleum.

Smoking prohibited.

1. No smoking shall be permitted inside any installation or storage shed.

Supervision of operations within installation or storage shed.

2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand or dry earth in installation.

4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

Marking of capacity of tanks.

5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.

Protection from lightning.

6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

Testing of lightning-conductor by licensee.

7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Official testing of lightning-conductor.

8. Any officer appointed by the Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Time for work in installations or storage sheds.

9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

Closure of pipes and openings.

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

Material for storage sheds.

11. All storage sheds in an installation shall be built of uninflammable material.

Posting up of rules and conditions.

12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

CHAPTER II.—TRANSPORT OF PETROLEUM.

* * * * * * *

Validity of license granted in another province.

Petroleum may be transported into and within Ajmer-Merwara under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

* * * * * * *

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

Applications for licenses.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Licensing authority.

2. Licenses—

(a) for the possession of non-dangerous petroleum, not being petroleum in bulk,

(b) for the possession of non-dangerous petroleum in a minor installation,

(c) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and

(d) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government :

Provided that in the case of renewals of existing licenses the Local Government may delegate its powers under this rule to the District Magistrate or to such other authority as the Local Government may from time to time by an order in writing appoint in this behalf.

Refusal of license.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case :

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

Forfeiture of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Particulars of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules :

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

Renewal of licenses.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a license as for a new license.

Supply of rules to licensee.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Procedure on death or disability of licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Loss of license.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

Continuance of license.

1. Every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Dangerous petroleum not in bulk.

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Transfer of certain licenses.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Local Government may prescribe on the recommendation of the Chief Inspector of Explosives.

Storage in major installations.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may from time to time by general or special order, approve, may be granted in Form D.

Storage in minor installations.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Dangerous petroleum for use on motor-vehicles.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles,, save in so far as these provisions are varied by the conditions of the license.

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

10. Every application for a license for the possession of petroleum other than licenses under rules 4 and 9 of this Chapter, shall specify :—

(a) the description and quantity of petroleum which the applicant desires to keep,

(b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,

(c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

Certificate of safety to be furnished.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Particulars to be given in applications for licenses under rules 4 and 9.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify :—

(a) whether the applicant is the owner of a motor-vehicle,

(b) the amount of dangerous petroleum the applicant desires to store,

(c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

General licenses for the transport of non-dangerous petroleum.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of dangerous petroleum.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

Effect of general license.

4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

Pass for transport of petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding 5 hundred gallons, in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

Special licenses for the transport of dangerous petroleum.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

Effect of special license.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

Particulars to be given in applications for special licenses.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, (sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.

CHAPTER VI.—FEES.

1. (1) Where the proceeeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

Method of levying fees.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(3) The court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

2. The following fees shall be charged for licenses for the possession of petroleum namely:—

Fees for licenses for possession of petroleum

Non-dangerous petroleum.

	R	
(a) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	12	
(b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons *plus* R2 for every additional one thousand gallons or part thereof.
(c) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons.	20	for the first five thousand gallons *plus* R4 for every additional one thousand gallons or part thereof.
(d) When the quantity to be stored exceeds fifty thousand gallons.	250	

Dangerous petroleum.

	R	
(e) When the quantity to be stored does not exceed forty gallons.	3	
(f) When the quantity to be stored exceeds forty gallons, but does not exceed five hundred gallons.	8	
(g) When the quantity to be stored exceeds five hundred gallons.		the same fees as those laid down for non-dangerous petroleum.

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum :—

Non-dangerous petroleum.

Special license—	R
(a) When the quantity to be transported exceeds five hundred but does not exceed five thousand gallons.	1
(b) For every additional five thousand gallons or part of five thousand gallons.	1
General license for the transport of non-dangerous petroleum by rail, by road, or by water for twelve months.	100

Dangerous petroleum.

Special license—	R	
(i) When the quantity to be transported does not exceed forty gallons.	2	
(ii) When the quantity to be transported exceeds forty gallons but does not exceed four hundred and eighty gallons.	2	for the first 40 gallons *plus* 8 annas for every additional forty gallons or part thereof.
(iii) When the quantity to be transported exceeds four hundred and eighty gallons.	8	for the first four hundred and eighty gallons *plus* R2 for every additional four hundred and eighty gallons or part thereof.
General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water, up to a maximum of sixty gallons at a time.		
General license for the transport of dangerous petroleum by dealers by rail, road or water.	50	

Fee for license granted for unexpired portion of an original license.

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

Fee for duplicate licenses.

5. A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

FORM A.

(Rule 2 of Chapter IV of Part II.)

License to possess petroleum (other than dangerous petroleum), otherwise than in bulk.

No. Fee, R

License is hereby granted to for the storage in the storage shed described below, of gallons of petroleum, subject to the rules for the storage of petroleum published in Notification No. dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on form A.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored.
None	5,000 and under.
20 feet . . . . over	5,000 and up to 50,000.
30 "	Unlimited.

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

FORM B.

(Rule 3 of Chapter IV of Part II.)

License to possess dangerous petroleum, otherwise than in bulk, in quantity exceeding forty gallons.

No. Fee, R .

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana,
and Chief Commissioner, Ajmer-Merwara.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on Form B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons.	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons .	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons .	12 B. W. G.

4 An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear.
Not exceeding 500 gallons	20 feet.
From 500 to 1,000 „	25 „
„ 1,000 to 5,000 „	30 „
„ 5,000 to 15,000 „	40 „
„ 15,000 to 25,000 „	50 „
„ 25,000 to 35,000 „	60 „
„ 35,000 to 50,000 „	70 „
„ 50,000 and over	100 „

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorized by the Local Government in this behalf.

FORM C.

(Rule 4 of Chapter IV of Part II.)

License to possess dangerous petroleum in quantity not exceeding forty gallons.

No. Fee, R3.

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority
appointed under rule 2 of Chapter III of Part II.

Endorsement on Form C.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons	16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. Receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material; provided, however, that the doors and windows may be of wood.

9. All ventilating openings in the storage shed shall be protected by strong wire gauze

10. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

13. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

14. Where a storage shed forms a part of or is attached to another building, and where the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

15. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM D.

(Rule 7 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a major installation.

No. Fee, R .

License is hereby granted to for the storage, in the place described below, of gallons of petroleum, not being dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana, and
Chief-Commissioner of Ajmer-Merwara

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The inclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

FORM E.

(Rule 8 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a minor installation.

No. Fee, R .

License is hereby granted to for the storage in the place described below, of gallons of petroleum, not being

* These tanks shall not have a greater capacity than 30,000 gallons.

dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

(Description of the place referred to.)

Endorsement on Form E.

CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(*a*) for horizontal tanks, not less than one-third the height of the tank;

(*b*) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments:—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 20,000	Ditto 20 „
Over 20,000 and up to 50,000	Ditto 30 „

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or light, except those necessary in the soldering room and watchman's house shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(*a*) each tank shall separately be enclosed in the manner prescribed in condition 1, or

(*b*) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a masonry wall or embankment as provided in clause (*b*) of the condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both, not less than two feet high when the quantity of petroleum stored exceeds 10,000 gallons the height of depth shall be three feet.

A combination of these methods is permissible.

FORM F.

(Rule 9 of Chapter IV of Part II.)

Special license to possess and transport dangerous petroleum for owners of motor-vehicles.

No. Free of charge.

License is hereby granted to owner (or hirer) of a motor-vehicle (or vehicles) for the possession of gallons of dangerous petroleum for use therein at* and for its transport on the said motor-vehicle (or vehicles) for the purpose of use therein, subject to the rules for the possession and transport of dangerous petroleum published in Notification No. , dated , and to the conditions at the back of this license.

When the quantity exceeds 40 gallon.	First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara
When the quantity does not exceed 40 gallons.	District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

Endorsement on Form F.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons

---

* Situation and description of storage shed above referred to.

having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (*b*) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM G.

(Rule 1 of Chapter V of Part II.)

General license to transport petroleum other than dangerous petroleum.

No. Fee, R100.

A general license is hereby granted to to transport petroleum, other than dangerous petroleum, subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the condition at the back of this license.

This license shall continue in force till the

District Magistrate or other authority appointed under rule 2 of Chapter III of Part II.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons .	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

FORM I.

(Rule 4 of Chapter V, Part II.)

Pass to be granted by the holder of General License No. for the transport of dangerous / non-dangerous petroleum otherwise than in bulk / in bulk or otherwise than in bulk subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the further conditions on the back of this pass.

This pass covers (drums / tins / cases / packages containing)* gallons of dangerous / non-dangerous petroleum being the property of while in transport from to .

*To be omitted when the petroleum is transported in bulk.

The 190 . Holder of General License No.

Endorsement on Form I.

CONDITIONS OF PASS.

I.—For dangerous petroleum in the case of the holder of a license in Form H.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than 40 gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanised sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

II.—For dangerous petroleum in the case of the holder of a license in Form L.

1. The quantity of dangerous petroleum to be transported under this pass shall not exceed 60 gallons.

2. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than four gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

3. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

4. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

5. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

III.—For petroleum other than dangerous petroleum.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron, or other receptacles not easily broken, or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM J.

The 10th July 1909.

No. 1018.—In exercise of the powers conferred by section 4 (*a*) of the Ajmer Courts Regulation, I of 1877, the Chief Commissioner of Ajmer-Merwara is pleased with the previous sanction of the Governor-General in Council to appoint Major R. B. Berkeley, I. A., to be an Additonal Commissioner in Ajmer-Merwara, with effect from the date of assuming charge.

By order,

W. H. J. WILKINSON,

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

THE HONOURABLE THE RESIDENT IN MYSORE.

NOTIFICATIONS.

Bangalore, the 8th July 1909.

No. 50.—Whereas by the Notification of the Government of India in the Foreign Department, No. 2252-I., dated the 7th August 1883, the Indian Christian Marriage Act, 1872, was with certain modifications declared to apply to the Civil and Military Station of Bangalore, so far as regards marriages between persons, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian British subject.

In exercise of the powers conferred by sections 6 and 9 respectively of the Act, the Hon'ble the Resident in Mysore is pleased—

(*a*) to grant a license to the Reverend A. C. David, Indian Minister, to solemnise marriages within the territories included in the Civil and Military Station of Bangalore; and

(*b*) to grant a license to the said Reverend A. C. David, Indian Minister, authorizing him to grant certificates of marriage within the territories included in the Civil and Military Station of Bangalore between Native Christians, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian subject of His Majesty.

No. 51.—In exercise of the powers conferred by sections 6 and 9 respectively of the Indian Christian Marriage Act, 1872 (XV of 1872, as modified by Act II of 1891) and which have been delegated to him by the Governor-General in Council under section 86 of the Act by Foreign Department Notification No. 3747-I. B., dated the 1st October 1897, the Hon'ble the Resident in Mysore is pleased:—

(*a*) to grant a license to the Reverend A. C. David, Indian Minister, to solemnise marriages within the territories of Mysore including the Civil and Military Station of Bangalore; and

(*b*) to grant a license to the said Reverend A. C. David, Indian Minister, authorizing him to grant certificates of marriage between Native Christians within the said territories.

The powers hereby conferred are to be exercised only so far as regards Christian subjects of His Majesty.

By order,

T. COPELAND,

First Assistant Resident.

No. 410.—The following rules regarding the new Provincial and the Upper Subordinate Services of the Survey of India are published for general information:—

Rules for the constitution of the new Provincial Service of the Survey of India.

The Provincial Service of the Survey of India is open only to persons who are natives of India as defined in the Statute 33 Vict., Cap. 3, Section 6.

2. There will be four methods of admission to the Service:—

(1) by competive examination of candidates nominated by the Surveyor General (rules 3-6);

(2) by direct appointment of persons possessing certain educational qualifications (rules 7-8);

(3) by promotion from the Upper Subordinate Service (rule 10);

(4) by transfer from the existing service (rules 12-13).

3. The Surveyor General will, about the beginning of April in each year, publish a notice specifying the number of vacancies offered for competition.

4. Only candidates who have been nominated by the Surveyor General will be permitted to appear at a competitive examination for admission to the Service. For the present no candidate will be nominated for the competitive examination, who does not possess the qualifications required for admission to the entrance examination of the Thomason Civil Engineering College or equivalent qualifications in Provinces other than the United Provinces or the Punjab. Persons desirous of appearing at the competitive examination must apply to the Surveyor General, Calcutta, when a form of application will be supplied. On receipt of the form duly filled in and after such further enquiries and examination as he may consider necessary, the Surveyor General will, if he thinks the applicant suitable for service in the Survey of India, give him a nomination which will entitle him to appear at a competitive examination to be held under the following rule.

5. The Surveyor General may arrange to have the competitive examination conducted by the authorities of such College or Colleges as he may select, or special examination of nominated candidates may be held by the Survey Department. If only one examination is held in a year, those candidates who obtain the greatest number of marks will be appointed in order of passing up to the number of probationary appointments offered for competition. If more than one examination is held in the same year, the Surveyor General will allot the number of appointments to be given at each examination, and the candidates who stand highest on the list of passed candidates at each examination will be selected up to the number of vacancies allotted to the examination for which they appear.

6. Candidates selected after examination under the foregoing rules will be on probation for three years, and will receive salary at the rate of R100 per mensem for the first year, R125 per mensem for the second year, and R150 per mensem for the third year.

7. The Surveyor General may, subject to the approval of the Government of India, appoint on probation a candidate who has graduated, taking mathematics as a subject for his degree, or who has passed as a Bachelor of Engineering or possesses the Roorkee Engineering College certificate or other equivalent qualification. Such a candidate must be under 24 years of age.

8. Candidates appointed under rule 7 will be on probation for two years and will receive a salary of R100 per mensem for the first year, and R150 per mensem for the second year.

9. A candidate appointed on probation may be discharged by the Surveyor General at any time during the period of probation, and no probationer will be permanently appointed to the Provincial Service until he has completed his period of probation and has satisfied the Surveyor General that he is duly qualified and that his health is good. The term of probation may be prolonged by the Surveyor General to the extent of any period or periods of leave passed on medical certificate. Probationary service, if followed by a permanent appointment, will count for leave and pension.

10. The Surveyor General may, subject to the approval of the Government of India, promote specially deserving officers from the Upper Subordinate Service to the Provincial Service; ordinarily no such promotion will be given to any officer after he has attained the age of 40 years.

11. On being permanently appointed to the new Provincial Service after completion of the periods of probation prescribed in rules 6 and 8, or on promotion from the Upper Subordinate Service under rule 10, an officer will be designated Extra Assistant Superintendent and will receive pay at the rate of R250 per mensem rising by triennial increments of R50 to R600, subject to the condition that the Surveyor General shall have power to stop any increment for unsatisfactory work or conduct. The service will also include a number of posts of Extra Deputy Superintendents, promotion to which will ordinarily be made by selection from among the Extra Assistant Superintendents on R600. The Government of India however reserve the right to select any Extra Assistant Superintendent for promotion to the rank of Extra Deputy Superintendent.

At present the following posts of Extra Deputy Superintendents have been sanctioned :—

		R	
4 posts	on	650	per mensem.
2 ,,	on	700	,, ,,
2 ,,	on	800	,, ,,
2 ,,	on	1,000	,, ,,

12. Members of the existing Provincial Service appointed after 1st May 1905 may at the discretion of the Surveyor General be transferred, subject to such tests (if any) as the Surveyor General may prescribe, to the new Provincial Service and on such transfer will receive their present rates of pay (including such increments as they may earn under the existing scheme) until they have completed three years from the date of their present appointment to the existing service, and thereafter will receive pay at the rate of R250 subject to the increase provided by rule 11 above.

13. The Government of India may at any time transfer any member of the old Provincial Service to the new Provincial Service under such conditions as they think fit.

Rules for the constitution of the Upper Subordinate Service.

1. On being permanently appointed to the Upper Subordinate Service, an officer will be designated Sub-Assistant Superintendent and will receive pay at the rate of R80 per mensem, and his pay will rise by triennial increments of R15 to R200; but the Surveyor General may at any time stop an increment in the case of an officer whose work or conduct is unsatisfactory. The service will also include eventually nine posts on R250.

2. All appointments to the Upper Subordinate Service are made by direct nomination by the Surveyor General, there being no competitive examination.

3. The Surveyor General may make appointments to this Service—

(a) by promotion from the Lower Subordinate Service of Surveyors who have rendered specially good service and are qualified for the practical duties they will be called upon to perform ;

(b) by selection from among candidates who possess the qualifications required for admission to the Entrance Examination of the Thomason Civil Engineering College or other equivalent qualification.

4. Lower subordinates selected for promotion under rule 3 (a) will start on the nearest time-scale rate in the Upper Subordinate Service, provided that they shall in no case lose pay by promotion. Thus a lower subordinate drawing not more than R80 will start on R80 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than R80 and not more than R95 will start on R95 on promotion to the Upper Subordinate Service. A lower subordinate drawing more than R95 will start on R110 on promotion to the Upper Subordinate Service.

5. Candidates selected under rule 3 (b) will be appointed on probation for two years with a salary of R50 per mensem, and will not be permanently appointed to the Upper

Subordinate Service until they have completed their period of probation and satisfied the Surveyor General that they are duly qualified. The term of probation may be prolonged by the Surveyor General to the extent of any period or periods of leave passed by the probationer on medical certificate. Probationary service under this rule if followed by a permanent appointment will count for leave and pension.

The 14th July 1909.

No. 411.—M. R. Ry. M. S. Ganesa Aiyar Avergal, Probationary Sub-Assistant Superintendent, 3rd grade, is confirmed in the Department, with effect from 1st July 1909.

TANJORE COLLECTOR'S OFFICE ;
Dated 3rd July 1909.

THE GOVERNMENT OF BENGAL.—REVENUE DEPARTMENT.

LAND ACQUISITION BRANCH.

Calcutta, the 14th July 1909.

MEMORANDUM OF AGREEMENT made the 8th day of July one thousand nine hundred and nine between the Tata Iron and Steel Company Limited a Company incorporated under the Indian Companies Act 1882 and having its Registered Office at Bombay (hereinafter called " the Company") of the one part and the Secretary of State for India in Council (hereinafter called the " Secretary of State") of the other part. WHEREAS the Company has applied to the Local Government for the acquisition of the land described in the Schedule hereto and delineated on the map hereunto annexed for the construction of the works of the Company and other works in connection with the Company's undertaking or business a portion of the said land being intended to be utilized as the site of its works proper and the remainder for other works and purposes in connection with the undertaking of the Company: AND WHEREAS the Local Government being satisfied by an enquiry held under its order that the said acquisition is needed for the construction of the said works and that such works are likely to prove useful to the public has consented to the said acquisition pursuant to the provisions of the Land Acquisition Act 1894 (hereinafter referred to as " the said Act") on condition of the Company entering into such agreement as is hereinafter contained. Now these presents witness and it is hereby agreed and decleared as follows :—

1. The Company shall and will provide for pay and reimburse to Government in manner hereinafter mentioned the entire cost of acquiring the said land pursuant to the provisions of the said Act including all compensation damages costs charges and expenses whatsoever which have been or may be paid or incurred in respect or on account of such acquisition and all law costs and other expenses which have been or may be incurred by the Government upon or in respect of or incidental to the said acquisition or any litigation arising thereout either in the original or appellate courts and including the cost of the establishment and salary of the officer or officers of Government to be employed by Government in connection with or for the purpose of such acquisition. The moneyy which shall become payable by the Company as aforesaid shall be paid by the Compans by the initial deposit with the Collector of the sum of Rupees twenty-five thousand within three days after publication of the notice of intended acquisition under section 9 of the said Act and by payment to the Collector of monthly instalments of not less than Rupees ten thousand until the whole of the said moneys shall have been paid But in the event of the acquisition not having been completed before such instalments shall have amounted to the sum estimated by the Collector to be required the said instalments shall cease unless and until it shall be found that any further sum or sums is or are required in which case such further sum or sums shall be paid by the Company to the Collector on demnnd. In these presents the term " Collector" shall include the persons included in such term by the said Act.

2. As and when any award as to any portion of the said land is made by the Collector such portion shall be transferred to the Company in manner hereinafter mentioned so soon thereafter as conveniently may be provided that the moneys then in the hands of the Collector and paid by the Company as hereinbefore provided shall be sufficient to defray the compensation awarded in respect thereof and all costs and expenses in connection therewith. PROVIDED ALSO that the Company may at any time pay any further or additional sum beyond the instalment then due or about to become due to enable such compensation to be paid and such transfer to be made.

3. The said land shall be transferred by the Secretary of State so as to vest absolutely in the Company subject to the conditions contained in clauses 4 to 9 hereof.

4. The Company shall carry on upon the said land the business or some of the businesses comprised in the objects for which the Company has been established as declared in its Memorandum of Association and in particular shall erect on some part of the said land suitable works for the conversion or manufacture of steel iron or ferro-manganese within five years after possession of the said land shall be delivered to the Company or within such further time as the Local Government shall allow and shall expend in the erection of such works not less than the sum of twelve lakhs of rupees.

5. The Company shall at all times during the said period of five years or any such extension thereof as aforesaid permit the Local Government or any officers deputed by that Government in that behalf to inspect all works of the Company upon the said land whether in course of construction or otherwise and shall furnish to the Local Government from time to time on demand correct statements of the moneys expended by the Company in the construction of works of the Company upon the said land.

6. In case the Company shall not erect upon the said land the works referred to in clause 4 hereof within the period therein mentioned and expend thereon the sum of twelve lakhs of rupees at the least then it shall be lawful for the Local Government at any time within six calendar months after the expiry of the said period to enter upon and take possession of the said land or any part thereof in the name of the whole and thereupon the whole of the said land shall *ipso facto* vest in the Secretary of State upon the following terms :—

(1) The Secretary of State shall forthwith pay to the Company a sum equal to the amount of the compensation awarded under the said Act and paid by the Company in respect of the said land upon the acquisition thereof including the amount awarded under section 23 (2) of the said Act.

(2) The Company shall be at liberty at any time or times within twelve calendar months after the said land shall have so vested in the Secretary of State or within such further period as the Local Government shall consider reasonable and shall prescribe to enter upon the said land and pull down remove and carry away all or any buildings works and other property belonging to the Company and standing or being upon the said land. Any property of the Company which may remain upon the said land after the expiry of the said period may be sold by the Local Government either by public auction or otherwise as the Local Government shall think fit and the proceeds of sale after deduction of the expenses of and incidental to the sale shall be paid by the Local Government to the Company.

7. If at any time or times any part or parts of the said land not directly utilized for the purposes of the manufactory of the Company shall be necessary to be possessed by Government for purposes of revenue administration or for purposes connected with public health safety or necessity (of which matters the Local Government shall be the sole judge) the Company shall on being thereunto required by the Local Government transfer to the Secretary of State such part or parts of the said land as the Local Government shall specify to be necessary for the purposes aforesaid and in consideration of such transfer the Secretary of State shall pay to the Company a sum equal to the amount of the compensation awarded under the said Act and paid by the Company in respect of the land the subject of the transfer upon the acquisition thereof for the Company including the amount awarded in respect thereof under section 23 (2) of the said Act.

8. The Company may at any time sell or assign its right and interest in such part or parts of the said land as shall no longer be required by the Company for the purposes of its business provided the Company shall have first offered the same to the Local Government at a price not exceeding the lowest amount which the Company shall be willing to accept from third parties and such offer shall have been declined by the Local Government.

9. A public right of way for all purposes shall be recognised by the Company over the said land along—

(*a*) the Company's roadway in course of construction from Kalimati Railway station limits to the village of Beldih on the west side of the said land;

(*b*) the existing cart track from Kalimati Railway station to Kalimati village; and

(*c*) the existing cart track from Sankchi village through Mohulbera to Kalimati village.

The Company shall not obstruct or permit the obstruction of the nullah in Sankchi village under which pipes are intended to be laid by the Company to reach the river Subernarekha. The Company will recognise any local custom entitling tenants of Sankchi and Mohulbera villages to take wood for fuel or for agricultural purposes from any lands of the Company adjacent to the said villages.

As WITNESS the common seal of the Company and the hand of Chief Secretary to the Government of Bengal (Revenue Department) for and on behalf of the Lieutenant-

Governor of Bengal acting in the premises for and on behalf of the Secretary of State for India in Council the day and year first above written.

The Schedule above referred to.

All those the following pieces of land situate in the villages of Beldih, Sankchi, Susnigaria and Jogselai in pargana Dhalbhum, zilla Singhbhum (namely)—

First.—A piece of land measuring, more or less, 10,782 bighas 19 cottahs and 5 chitaks of standard measurement, equivalent to 3,564·63 acres, bounded on the—

North—By a line drawn from a point on the north-west corner of the village site of Sankchi, about one quarter of a mile from the river Subarnarekha, and thence to the south-west corner of the village site of Sankchi, and thence to the south-east corner of the said village site, and thence to the south-west corner of the village site of tola Kasidih of village Sankchi, and thence to a point south-west of the village site of tola Mohulbera of village Sankchi and thence the line goes straight eastwards and meets the common boundary of villages Sankchi and Golmundi.

East—By villages Golmundi and Kalimati.

South—By Bengal-Nagpur Railway land.

West—By river Kharkai from the Railway line to the eastern boundary of village Khuntadih, and thence along the common boundary of villages Jogselai and Khuntadih up to the trijunction point of villages Khuntadih, Beldih and Jogselai, and thence along the common boundary of villages Beldih and Jogselai up to the point west of the village site of Bistupur, a tola of village Jogselai, and thence to a point on the north-east corner of the village site of Beldih, and thence to a point east of the village site of Beldih, and thence by an irregular line up to the starting point.

Second.—A strip of land measuring about fifty feet in width and one mile in length and connecting the land first herein described with the piece of land thirdly therein described.

Third.—A strip of land measuring about 4·20 acres, situate partly on the bank of the river Subarnarekha and partly in the bed of the said river.

Fourth.—A strip of land measuring about 100 feet in width and 1,150 feet in length, comprising about 2·66 acres, adjoining the piece of land thirdly herein described on the south bank of the said river and stretching therefrom diagonally across the said river in a north-westerly direction to its opposite bank, which strip of land lies practically wholly in the bed of the said river.

The common seal of the abovenamed The Tata Iron and Steel Company, Limited, was hereto affixed in the presence of

TATA SONS & Co.,
Agents.

G. THIBAUT,
Registrar.

SENATE HOUSE :
The 13th July, 1909.

CALCUTTA UNIVERSITY.

ERRATUM.

In the list of successful candidates at the recent Intermediate Examination in Science published in the *Gazette of India*, dated the 15th May, 1909, the name of Bhaskarananda Mukhopadhyay of the Presidency College, who has passed in the 1st Division and who actually stands 13th in order of merit has been erroneously shown as occupying the 43rd place. The correct position of Bhaskarananda Mukhopadhyay in the list is therefore immediately before H. S. Suhrawardy of St. Xavier's College.

G. THIBAUT,
Registrar.

SENATE HOUSE :
The 15th July, 1909.

*Agents for sale of the Legislative Department publications.

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through the Local Government to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[The amounts within parentheses are for packing and postage.]

PART I.

Government of India Notifications, Appointments, Promotions, &c.

HOME DEPARTMENT.

NOTIFICATIONS.

ESTABLISHMENTS.

Simla, the 22nd July, 1909.

No. 847.—The Governor General in Council is pleased, under the Statute 24th and 25th Vict., Cap. 67, section 26, to grant the Hon'ble Sir Harvey Adamson, Kt., C.S.I., an Ordinary Member of the Council of the Governor General of India, leave of absence on medical certificate for a period of five months and twenty-seven days, with effect from the 15th August 1909, or the subsequent date on which he may avail himself of it.

EXAMINATIONS.

The 23rd July, 1909.

No. 336.—In supersession of Home Department Notification no. 188, dated the 18th March 1902, the following revised Regulations under which a limited number of members of the Indian Civil Service, and officers of the Indian Army in civil or political employ (whether temporarily or permanently), will be permitted to present themselves for examination in the Russian language while on furlough are, with the approval of His Majesty's Secretary of State for India, published for information :—

1. The Civil Service Commissioners will hold examinations in London four times a year, commencing on the third Tuesday in January, July and October, and on that Tuesday in April which first follows after the date on which Easter Sunday falls, for the purpose of examining officers in Russian.

2. The syllabus of the examination is as follows :—

PART I.—ORAL.

	Marks.
1. Conversation	300
2. Reading short M.S. reports, notes, telegrams, etc., and dictating answers thereto	100
3. Knowledge of terms relating to administration and Government, including the titles of local officials and the terms of etiquette in dealing with them, also of terms used in travel, to be tested by direct questions and by oral translation from a British or foreign training manual	100
TOTAL ...	500

PART II.—WRITTEN.

4. Translation into English from Russian of unseen passages	100
5. Translation from English into Russian of unseen passages	150
6. Dictation	50
7. Translation into English of official and private correspondence (manuscript)	50
8. Writing a private or official letter in Russian, a *précis* being given	100
9. Extempore translation from Russian, to be taken from an ordinary newspaper, and read out by the examiner	50
10. Extempore translation into Russian, to be taken from an ordinary newspaper, and read out by the examiner	100
TOTAL ...	600

3. Officers who obtain ·5 of the total marks will be noted in their record of service as " Passed " in Russian, and those who obtain ·8 will be noted as qualified to be " Interpreters " in Russian.

4. Applications for permission to appear at these examinations must be made to the Government of India in the Home Department—(*a*) in the case of an officer directly under the Government of India, through the Department in which he is serving ; and (*b*) by an officer under a local Government or Administration, through the local Government or Administration to which he is subordinate. Applications must not be made to the India Office in London.

5. Such permission will be granted only to those members of the Indian Civil Service and officers of the Indian Army in civil or political employ who seem likely to be employed, before their active service comes to an end, in situations where a knowledge of Russian may be of advantage to the State, and to no one who will not be able to attend the preliminary examination, and also the final one, should he proceed to Russia for a course of study, and to return to duty in India, without exceeding the amount of leave which he may have to his credit, or which may be admissible to him if subject to the Leave Rules for the Indian Army. The Government of India reserve to themselves full discretion to grant or withhold permission in any case.

6. Any officer, of not less than three and not more than twelve years' service, who proves his possession of a sufficient elementary knowledge of Russian by obtaining not less than 275 marks (·25 of the total) at one of the examinations held by the Civil Service Commissioners, or passes one of the preliminary examinations in Russian held in India, will be permitted to proceed from England to Russia for a further course of study of the Russian language.

7. After passing the elementary test, and receiving permission to proceed to Russia, he must start from England within a fortnight from the date of the India Office letter conveying such permission unless specially authorised to defer his departure. He must on no account start for Russia until he has received a letter of instructions on the subject from the India Office. No officer on leave on medical certificate will be permitted to proceed to Russia under these rules unless reported fit to do so by the India Office Medical Board.

8. On starting for Russia he will be granted an advance of pay not exceeding 35 days' furlough pay and also not exceeding 100*l*. Such advance will only be granted to an officer who draws his furlough pay from the India Office, and will be recovered in instalments spread over eight months after his arrival in Russia.

9. Shortly after his arrival in Russia, he shall report to the India Office his address and the date of his entering Russia. Any subsequent change of his address shall likewise be reported. In the case of an officer of the Indian Army he is required to report himself on arrival to the Military Attaché at St. Petersburg, whether he chooses that city or another as his place of residence.

10. Every officer is expected to present himself for final examination twelve months after passing the elementary test; and of those twelve months at least ten must have been spent in Russia.

11. Two months before his final examination, he shall notify to the India Office the address in England to which his order for examination should be sent by the Civil Service Commissioners.

12. On his return to England he shall report to the India Office in writing his arrival and the date of his crossing the Russian frontier on his return. If he left India on medical certificate, he shall apply for permission to appear before the Medical Board at the India Office. He shall not leave Russia, either temporarily or permanently, earlier than fourteen days before the final examination, without obtaining leave of absence for a definite period from the Under Secretary of State for India.

13. If he succeeds at the final examination in qualifying to be an interpreter in the Russian language, he shall receive a gratuity of 125*l*. and a further consolidated sum of 32*l*. or 42*l*. in repayment of his travelling expenses to and from St. Petersburg or Moscow, as the case may be. The gratuity of 125*l*. shall be paid only in cases where there has been the full term of residence in Russia for the purposes of study. He will also be granted a free passage from England to India; and will be treated with retrospective effect* as an entitled passenger

* *i.e.*, (1) If he came to England from India at his own expense, he will receive, as passage allowance, a return fare at the current rate of the British India Steam Navigation Company.

(2) If he came to England from India as a non-entitled passenger on a transport, he will receive a refund of his messing charges and an entitled passage to India.

(3) If he went from India direct to Russia, he will receive a single fare at the British India Steam Navigation Company's rate from the port of embarkation to Port Said and a sum of £30 or £32 in respect of his travelling expenses from that port to Moscow or St. Petersburg, as the case may be, a sum of £16 or £21 in respect of his travelling expenses from St. Petersburg or Moscow to London, and an entitled passage from England to India.

In any of the three cases he will be entitled to receive, after returning to India, his travelling expenses from his station to the port of embarkation before starting for England.

to England or to Russia when first proceeding there. No grant on account of travelling expenses shall be made to an officer who fails to qualify to be an Interpreter, but he may earn the gratuity and the consolidated sum for travelling expenses if he succeeds at any subsequent examination in qualifying to be an Interpreter, provided he has not more than 12 years' service at the time of re-examination.

14. If he succeeds in passing a further test five years after qualifying as an Interpreter, he will be entitled to a further gratuity of 75*l*. The syllabus of this further test is the same as that of the interpretership examination, with the omission of items 4, 5 and 6. In order to qualify, 80 per cent. of the total marks, or 640 must be obtained. The examination will be carried out in India, and officers will be allowed two chances of requalifying, and two only, and in the event of failure at the second attempt, their names will be removed from the list of Russian Interpreters.

15. Whether successful or not at the final examination, he shall rejoin in India within two months from the date on which it began, unless his leave or furlough extends beyond that period. If, however, his leave has been granted under medical certificate, it will be necessary for him as usual to obtain a certificate that he is in a fit state of health to return to his duty.

16. A member of the Indian Civil Service or a Military Officer subject to the Civil Leave Rules shall be entitled to count as Indian duty for promotion and pension, but not as service for furlough, the period of ten months spent in Russia. The whole time passed in the course of study and until the date of his return to duty in India will be treated as part of the furlough taken, and he will be entitled to the usual furlough pay.

17. A Military Officer in civil employ, but subject to the Leave Rules for the Indian Army, shall be entitled to count as Indian duty for promotion and pension the period spent in Russia, and to draw for such period the equivalent, at the privileged rate of exchange, of the Indian pay and allowances of his rank, and the half staff salary of his substantive appointment; provided that if the sterling amount be less than his leave pay under the Leave Rules for the Indian Army, then leave pay shall be allowed. He will be considered as on leave before arrival in Russia, and from the date of quitting Russia until he rejoins his appointment in India, under the conditions of Regulation 15. The period spent in Russia will not be considered as part of the two years' maximum absence from duty allowable under the Leave Rules for the Indian Army.

18. When an officer who has qualified as an Interpreter in Russian is on leave in England, he may, with the sanction of the Secretary of State for India on the recommendation of the Government of India, be permitted to proceed to Russia to keep up his knowledge of the language; and provided that he remains in Russia at least two months, he will, on his return to London, receive a sum of 32*l*. or 42*l*. in respect of his travelling expenses to and from St. Petersburg or Moscow, as the case may be, and, if desired, he will have his leave extended by two months without prejudice to the advantages accruing under the rules relating to combined leave, if on combined leave.

19. The half-yearly examinations in India are held in January and July, and the names of the officers who are recommended by the Government of India for permission to proceed direct from India to Russia will be communicated to the India Office as soon as the result of the examination is known. The names of the officers who are finally selected will be communicated by the India Office to the Government of India, who will give authority to each officer to take up his residence in Russia, to which country he should proceed about May or November so as to be on the same footing as the officers of his batch who proceed from England. If more than 18 months have elapsed since an officer passed the preliminary test he will be required to undergo a fresh examination before receiving permission to proceed to Russia.

20. The passport of an officer proceeding direct from India to Russia will be issued either by the Governor General of India, or by the Governor of Madras

or of Bombay. The necessary *visa* should be procured by the officer at Port Said or any other place on the route where there is an accredited Russian Agent.

MEDICAL.

Keppel, 30th Punjabis, are placed at the disposal of the Hon'ble the Chief Commissioner and Agent to the Governor General in the North-West Frontier Province for employment with the Frontier Militia, with effect from the date of assuming charge.

The 23rd July, 1909.

No. 2474-*Est.-A.*—*Corrigendum.*—In Notification No. 1909-Est.-A., dated the 9th June 1909, *for* "Lieutenant-Colonel C. Archer, C.I.E., a Political Agent of the 1st Class" *read* "Lieutenant-Colonel C. Archer, C.I.E., a Political Agent of the 2nd Class."

No. 1434-*I.B.*—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to direct that the notifications of the Government of India in the Foreign Department, mentioned in the schedule hereto annexed, shall be amended to the extent noted against each :—

SCHEDULE.

1. No. 285-I., dated the 23rd January, 1884.

In the list of Acts the words and figures "The Indian Limitation Act, (Act XV of 1877)" and "The Code of Civil Procedure (Act XIV of 1882)" shall be omitted, and the following shall be added thereto :—

"The Code of Civil Procedure (Act V of 1908)."

"The Indian Limitation Act (Act IX of 1908)."

2. No. 1494-I., dated the 14th May, 1885.

In paragraph (4) the words and figures "Act V of 1908" shall be substituted for the words and figures "Act XIV of 1882."

3. No. 1367-I., dated the 25th April, 1890.

The words and figures "the Indian Registration Act, 1908, (XVI of 1908)" shall be substituted for the words and figures "the Indian Registration Act, III of 1877, as amended by Acts XII of 1879, VII of 1886, and VII of 1888, section 65."

4. Nos. 1368-I., 1369-I., 1370-I., and 1371-I., dated the 25th April, 1890.

The words and figures "sections 3, 5, 6, 7 and 8 of the Indian Registration Act, 1908 (XVI of 1908)" shall be substituted for the words and figures "sections 4, 5, 6, 7 and 8 of the Indian Registration Act, III of 1877."

5. No. 1372-I., dated the 25th April, 1890.

The words and figures "the Indian Registration Act, 1908, (XVI of 1908)" shall be substituted for the words and figures "the Indian Registration Act, III of 1877."

6. No. 5022-I., dated the 24th December, 1891.

In the schedule the entries—

"XV of 1877 ... ... Limitation."

"XIV of 1882 ... ... Civil Procedure."

shall be deleted, and the following shall be added thereto :—

"V of 1908 ... ... Civil Procedure."

"IX of 1908 ... ... Limitation."

7. No. 332-I., dated the 24th January, 1896.

In the list of Acts in paragraph 1, the entries—

"Act III of 1877 (the Indian Registration Act, 1877)"

"Act XV of 1877 (the Indian Limitation Act, 1877)"

"Act XIV of 1882 (the Code of Civil Procedure)"

shall be deleted, and the following shall be added thereto:—

"Act V of 1908 (the Code of Civil Procedure, 1908)"

"Act IX of 1908 (the Indian Limitation Act, 1908)"

"Act XVI of 1908 (the Indian Registration Act, 1908)".

8. No. 356-I.B., dated the 25th January, 1901.

In the list of Acts in paragraph (1) the entries—

"„ III of 1877 ... ... Registration"

"„ XV of 1877 ... ... Limitation"

shall be deleted, and the following shall be added thereto:—

"„ IX of 1908 ... ... Limitation."

"„ XVI of 1908 ... ... Registration."

9. No. 4350-I B., dated the 2nd December, 1904.
10. No. 862-I.B., dated the 8th March, 1907.

In the list of Acts in paragraph (1) the entries—

"Act III of 1877 ... The Indian Registration Act, 1877"

"Act XV of 1877 ... The Indian Limitation Act, 1877"

"Act XIV of 1882 ... The Code of Civil Procedure."

shall be deleted, and the following shall be added thereto:—

"Act V of 1908 ... The Code of Civil Procedure, 1908."

"Act IX of 1908 ... The Indian Limitation Act, 1908."

"Act XVI of 1908 ... The Indian Registration Act, 1908."

No. 1435-*I.B.*—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor General in Council is pleased to apply to the Cantonments of Agar, Goona, Sehore and Sirdarpur in the Central India Agency, the provisions, so far as they may be suitable, of the Acts mentioned below :

The Code of Civil Procedure, 1908 (V of 1908).

The Indian Limitation Act, 1908 (IX of 1908).

The Indian Registration Act, 1908 (XVI of 1908).

Provided, firstly, that references in the said Acts to a "High Court" and "British India" shall be read as referring to the Court of the Agent to the Governor General in Central India and the said Cantonments, respectively, and references in the Code of Civil Procedure, 1908, and the Indian Registration Act, 1908, to the "Local Government" as referring to the Agent to the Governor General in Central India.

Provided, secondly, that for the purpose of facilitating the application of the said Acts, any Court in the said Cantonments may construe the provisions thereof with such alterations not affecting the substance as may be necessary or proper to adapt them to the matter before the Court.

S. H. BUTLER,

Secretary to the Government of India.

SEPARATE REVENUE.

STAMPS.

Non-Judicial.

Simla, the 16th July, 1909.

No. 3616-*Exc.*—In exercise of the powers conferred by section 9, clause (*a*), of the Indian Stamp Act, 1899 (II of 1899), and in supersession of all previous Notifications issued from time to time under the said clause of the said section, the Governor General in Council is pleased to reduce, to the extent set forth in each case, the duties chargeable under the said Act in respect of the instruments hereinafter described under Nos. 3, 4, 10, 20, 22, 56, 70, 71, 73 and 80, and to remit the duties so chargeable in respect of instruments of the other classes hereinafter described :—

A.—LAND REVENUE.

General.

1. Lease or counterpart thereof executed at the time of settlement made directly by the Government with the existing occupant of land, whether a zamindar or a tenant, and whether self-cultivating or not :

Provided that no fine or premium is paid in consideration of the lease.

2. Agreement of the kind described in the Dekkhan Agriculturists' Relief Act, 1879 (XVII of 1879), section 43.

3. Promissory note payable on demand to a certain person, and not to order or bearer, when such note is executed by an agriculturist, and is attested at the time of execution by a Village Registrar, under section 57 of the Dekkhan Agriculturists' Relief Act, 1879 (XVII of 1879).—Duty reduced to one anna.

4. Promissory note payable otherwise than on demand, and not payable at more than one year after date or sight, to a certain person, and not to order or bearer, when such note is executed by an agriculturist, and is attested at the time of execution by a Village Registrar, under section 57 of the Dekkhan Agriculturists' Relief Act, 1879 (XVII of 1879).—Duty reduced to the amount chargeable under Article No. 13 (*b*) of Schedule I of the Stamp Act, 1899, on a bill of exchange for the same amount.

5. Instrument executed for the purpose of securing the repayment of a loan made, or to be made, under the Land Improvement Loans Act, 1883 (XIX of 1883), or the Agriculturists' Loans Act, 1884 (XII of 1884), including an instrument whereby a landlord binds himself to consent to the transfer, in the event of default in such repayment, of any land, or interest in land, on the security of which any such loan is made to his tenant.

6. Receipt given by a person for advances exceeding Rs. 20 received by him from the Government under the Agriculturists' Loans Act, 1884 (XII of 1884).

In Bombay.

7. Agreement respecting the occupancy of land, whether surveyed or not, and the payment of the land revenue therefor, executed under the Bombay Land Revenue Code, 1879 (Bombay Act V of 1879), or any rules made under that Act.

8. Lease granted under rule 31 of the Rules published by the Government of Bombay under the Bombay Land Revenue Code, 1879 (Bombay Act V of 1879).

9 Lease granted by the Government under rules made under the Indian Forest Act, 1878 (VII of 1878), section 31, or purporting to be so granted, of land situated in a protected forest in any of the following villages in the Akola taluka of the District of Ahmednagar in the Presidency of Bombay, namely:—Ambit, Ghatghar, Kumshed, Lohali, Kotul, Pachnai, Panjare, Samrad, Shinganwadi and Uddavne.

10. Agreement or memorandum of an agreement, whereby the owner or occupier of land in a village in the Bombay Presidency agrees to relinquish his rights therein to the Government, and to accept rights in other land in exchange for the rights so relinquished.—Duty reduced to four annas.

11. Instrument executed by an Inamdar in the Bombay Presidency whereby he undertakes to suspend or remit rent due from a tenant or tenants in consideration of a suspension, or remission granted by the Government in respect of his own *judi* or quit rent.

In Burma.

12. Certified copy of a map showing the holdings of cultivators in Burma when furnished to such a cultivator.

13. Instrument executed with the object of securing the repayment of a loan from the public revenues granted in Upper Burma for any of the purposes described in section 4 of the Agriculturists' Loans Act, 1884 (XII of 1884).

14. Instrument executed for the purpose of securing the due payment of rent of a fishery leased under section 4, clause (*b*), of the Burma Fisheries Act, 1875 (VII of 1875), or under section 32, sub-section (3), of the Upper Burma Land and Revenue Regulation, 1889 (III of 1889).

In the Central Provinces.

15. Conveyance by endorsement of rights secured by an instrument known as a "satta."

16. Copy or extract certified by a patwari to be a true copy of, or a true extract from, records or papers, which patwaris are required to prepare or keep by any rule made by the Chief Commissioner under the Central Provinces Land Revenue Act, 1881 (XVIII of 1881), section 146, where the copy or extract is furnished by a patwari to a malguzar or tenant of or in the village with which the copy or extract is concerned.

In Madras.

17. Patta granted by an officer of the Government or by any assignee of Govenment revenue in the Madras Presidency to a holder of land under a raiyatwar settlement.

In the United Provinces of Agra and Oudh.

18. Agreement with respect to the enhancement of the rent of an ex-proprietary or occupancy tenant of the kind described in the North Western Provinces Rent Act, 1881 (XII of 1881), section 12, clause (*a*).

19. Authority in writing to distrain referred to in section 75 of the Oudh Rent Act, 1886 (XXII of 1886), and in section 120, clause (*g*), of the Agra Tenancy Act, 1901 (United Provinces Act II of 1901).

20. Mortgage deed executed afresh in lieu of a previous mortgage deed for the purpose of giving effect to the provisions of section 9, sub-section (2), of the Bundelkhand Alienation of Land Act, 1903 (United Provinces Act II of 1903). —So much of the duty remitted as is not in excess of the duty already paid in respect of the previous mortgage deed.

In the Punjab and the North-West Frontier Province.

21. Copy of the map or plan certified to be a true copy of a map or plan prepared or maintained under Chapter IV of the Punjab Land Revenue Act, 1887 (XVII of 1887), whether such copy is granted under rule 23 or rule 314 of the rules under the said Act:

Provided that the copy is supplied for the private use of the person applying for it, and that it is not used or intended to be used as evidence in a Court of Justice or before any public officer.

22. Mortgage deed executed afresh in lieu of a previous mortgage deed for the purpose of giving effect to the provisions of section 9, sub-section (2), of the Punjab Alienation of Land Act, 1900 (XIII of 1900).—So much of the duty remitted as is not in excess of the duty already paid in respect of the previous mortgage deed.

23. Instrument of the kind referred to in section 8, sub-section (1), clause (*b*), of the Punjab Laws Act, 1872 (IV of 1872), as amended by section 2 of the Punjab Descent of Jagirs Act, 1900 (Punjab Act IV of 1900), and in section 30, sub-section (1), clause (*b*), of the North-West Frontier Province Law and Justice Regulation, 1901 (VII of 1901).

In Eastern Bengal and Assam.

24. Agreement or counterpart of an agreement executed in the course of arrangements made by the Government in Assam for the collection of land revenue and cesses.

25. Security bond or mortgage deed executed by a person who has entered into an agreement to collect and pay in land revenue and cesses, or by the surety of such a person to secure the due accounting for money collected by that person under such agreement.

In Bengal.

26. Instrument executed by members of the Mundari and of other aboriginal tribes of the Ranchi district as security for the repayment of advances received by them from the Government under the provisions of section 7, sub-section (1), clause (i), of the Public Demands Recovery Act (Bengal Act I of 1895), for the purpose of redeeming their holdings.

B.—OPIUM, EXCISE AND HEMP DRUGS.

27. Receipt given by an opium cultivator or his representative or by a lambardar or khattadar in the Bihar and Benares Agencies for money paid to him by the Government as an advance for the cultivation of opium.

28 Bond when executed by the surety of a middleman (lambardar or khattadar) taking an advance for the cultivation of the poppy for the Government.

29. Agreement or memorandum of agreement made by a raiyat or by a middleman (lambardar or khattadar) for the cultivation of the poppy for the Government.

30. Power of attorney executed in favour of a lambardar or khattadar by an opium cultivator, who does not attend personally to receive an advance or to enter into a contract for the cultivation of the poppy for the Government.

31. Instrument of the nature of a mortgage deed when executed by the surety of a middleman (lambardar or khattadar) taking an advance for the cultivation of the poppy for the Government.

32. Security bond or mortgage deed for the fulfilment of any contract deed for the supply of weighment articles in use in the Bihar and Benares Opium Agencies.

33. Contract deed for the supply of weighment articles in use in the Bihar and Benares Opium Agencies.

34. Agreement or memorandum of agreement made by a raiyat for, or in respect of, the cultivation of the hemp plant in the district of Rajshahi.

35. Agreement or memorandum of agreement for the cultivation of the hemp plant made by a cultivator in the Madras Presidency.

C.—FOREST DEPARTMENT.

36. Agreement and security bond required to be executed, under the rules to regulate the training and appointments in the Subordinate Forest Service, by

a student and his surety previous to his entry into the Imperial Forest School, Dehra Dun, or the Burma Forest School, Tharrawaddy.

37. Instrument in the nature of a conveyance by the Government of standing trees in a Government forest.

D.—MEDICAL DEPARTMENT.

38. Security bond taken under the authority of the Government from a medical student of the Apothecary, Assistant Surgeon, or Hospital Assistant class, and his surety, or from the surety of such a student.

E.—POST OFFICE AND TELEGRAPH DEPARTMENT.

39. Letter which a person depositing money in a Post Office Savings Bank, as security to the Government or a local authority for the due execution of an office or for the fulfilment of a contract or for any other purpose, is required to address to the Postmaster in charge of the Post Office Savings Bank agreeing to special conditions with respect to the application and withdrawal of the money deposited and the payment of interest accruing due thereon.

40. Receipt given by, or on behalf of, a depositor in a Post Office Savings Bank for a sum of money withdrawn from any such Bank.

41. Receipt endorsed by the payee on a Postal Money Order.

42. Receipt given by the addressee for a deposit exceeding twenty rupees made for the payment of a reply to a telegraphic message.

F.—RAILWAYS AND INLAND STEAMER COMPANIES.

43. Agreement made with a Railway Company or Administration or an Inland Steamer Company for the conveyance of goods.

44. Agreement or indemnity bond given to a Railway authority or an Inland Steamer Company by a passenger permitted to travel without payment of fare, indemnifying such authority or Company from any claim for damages in case of accident or injury.

45. Agreement or indemnity bond given to a Railway authority or an Inland Steamer Company by a consignee (when the Railway receipt or bill of lading is not produced) in respect of the delivery of articles carried at half parcels rates or at goods rates, namely, fresh fish, fruits, vegetables, bazar baskets, bread, meat, ice, and other perishable articles.

46. Agreement made with a Railway Company or Administration which purports to limit the responsibility of the Company or Administration as declared by the Indian Railways Act, 1809 (IX of 1890), section 72, sub-section (1), and is in a form approved by the Governor General in Council under sub-section (2) of that section.

47. Receipt or bill of lading issued by a Railway Company or Administration or an Inland Steamer Company for the fare for the conveyance of passengers or goods, or both, or animals, or given to such Company or Administration or Inland Steamer Company for the refund of an overcharge made in respect of such fare.

48. Receipt given by, or on behalf of, a depositor in State Railway Provident Institution or in the East Indian Railway Savings Bank for a sum of money withdrawn from any such Institution or Bank.

49. Debenture bond of the loan of Rs. 20,00,000 raised by the Government of His Highness the Maharaja of Mysore for the construction of a line of railway from Bangalore to Tiptoor, where the said bond is negotiated in British India.

G.—GOVERNMENT OFFICERS AND CONTRACTORS.

50. Agreement paper passed by a contractor of the Supply and Transport Corps where his security deposit is transferred to a Post Office Savings Bank.

51. Instrument in the nature of a memorandum or agreement furnished to, or made or entered into with, a Supply and Transport Officer by a contractor.

52. Agreement or declaration by which a tender made to a Supply and Transport Officer is accepted as a contract, where the deposit of the contractor as security for his contract is made in Government of India Promissory Notes or in cash.

53. Instrument in the nature of a memorandum or agreement furnished to, or made or entered into with, the Ordnance Department, the Army Clothing Department, the Forest Department, or the Public Works or State Railway Department by a contractor for the due performance of his contracts.

54. Mortgage deed executed by an officer of Government in Civil or Military employ for securing the repayment of an advance received by him from the Government for the purpose of constructing or purchasing a dwelling house for his own use.

55. Instrument of reconveyance of mortgaged property executed by Government in favour of an officer in Civil or Military employ on the repayment of an advance received by him from the Government for the purpose of constructing or purchasing a dwelling house for his own use.

56. Agreement which has been or may be entered into in compliance with the rules prescribed by the Resolution of the Government of India in the Finance Department (Military Finance), No. 2195-Accts., dated the 25th October 1907, regulating the deposits of regimental funds with private banks or firms or such other rules for that purpose as may hereafter be in force.—Duty reduced to the amount payable in respect of a bond for like amount or value or to Rs. 5, whichever shall be less.

II.—OTHER DOCUMENTS.

57. Bill of exchange drawn in Mysore, on which the full rate of stamp duty has been paid there, where the same is negotiated in British India.

58. Cheque drawn in Mysore on which the full rate of stamp duty has been paid there, where the same is negotiated in British India.

59. Receipt given for payment of interest on Government of India Promissory Notes.

60. Letter of authority or power of attorney executed for the sole purpose of authorising one or more of the joint-holders of a Government security to give on behalf of the other or others of them, or any one or more of them, a discharge for interest payable on such security or on any renewed security issued in lieu thereof.

61. Power of attorney furnished to a relative, servant or dependant under the Dekkhan Agriculturists' Relief Act, 1879 (XVII of 1879), section 68.

62. Copy of an instrument which a Village Registrar has to deliver to a party under the Dekkhan Agriculturists' Relief Act, 1879 (XVII of 1879), section 58.

63. Agreement executed under the Indian Emigration Act, 1883 (XXI of 1883), section 35, sub-section (1).

64. Contract executed in accordance with the provisions of the Assam Labour and Emigration Act, 1882 (I of 1882), for service in Assam under the Local Government in the Public Works Department or under a District Committee constituted under the Assam Local Rates Regulation, 1879 (III of 1879).

65. Arrangement entered into under the Indian Income Tax Act, 1886 (II of 1886), section 9, sub-section (2).

66. Sanad of jagir or other instrument conveying land granted to an individual by the Government otherwise than for a pecuniary consideration.

67. Instrument of exchange executed by a private person where land is given by him for public purposes in exchange for other land granted to him by the Government.

68. Transfer by endorsement of a mortgage of rates and taxes authorised by any Act for the time being in force in British India.

69. Transfer of any of the under-noted debentures of the Ootacamund Club, namely, Nos. 1 to 188, dated the 31st December 1892; Nos. 189 to 464, 467 to 482 and 485 to 604, dated the 15th January 1893; Nos. 465, 466, 483, 484, and 605 to 810, dated the 25th October 1893; and Nos. 811 and 812, dated the 23rd February 1894.

70. Trust deed entered into in compliance with the rules for the time being in force in the Bombay Presidency, the Punjab, Bengal, Eastern Bengal and Assam, regulating grants-in-aid made by the Government for building purposes to schools and colleges in those provinces.—Duty reduced to the amount payable in respect of a bond for like amount or value, or to Rs. 15 whichever shall be less.

71. Agreement executed for service or for performance of work in any estate not less than ten acres in extent, whether held by one person, or by more persons than one as co-owners, and whether in one or more blocks, and situated in British India or in Mysore which is being prepared for the production of, or actually produces, tea, coffee, rubber, pepper, cardamom or cinchona, where the advance given under such agreement does not exceed fifty rupees.—Duty reduced to one anna.

72. Apprenticeship-deed whereby a person is bound apprentice to the Superintendent of Government Printing, India, to learn the business of a distributor or of a compositor.

73. Kabuliyat executed by a Ghatwal of any of the 52 Sarkari Panchaki and Be Panchaki Ghats, or of the 186 Zamindari Panchaki Ghats, in the district of Bankura in Lower Bengal.—Duty reduced to the amount payable in respect of a conveyance for a consideration equal to the amount or value of the average annual rent reserved.

74. Instrument of transfer of shares registered in a branch register in the United Kingdom under the provisions of the Indian Companies (Branch Registers) Act, 1900 (IV of 1900), which has paid the stamp duty leviable thereon in accordance with the law for the time being in force in the United Kingdom.

75. Receipt given by a gangman on a famine relief work in the Bombay Presidency in respect of sums exceeding Rs. 20 paid to him on account of the wages of relief workers.

76. Agreement between creditor and debtor to refer their claims to arbitration made in the Central Provinces in the course of conciliation proceedings approved by the Local Administration, and the award made in virtue of such agreement.

77. Authority in writing (general or special) authorising an agent to appear and plead under section 23, sub-section (2), of the United Provinces Village Courts Act, 1892, (United Provinces Act III of 1892).

78. Lease of a fishery granted by the Government in Assam.

79. Agreement or counterpart of an agreement entered into by the owner of a "token" animal and the Government in pursuance of any rules for the time being in force under section 31 of the Punjab Military Transport Animals Act, 1903 (Punjab Act I of 1903).

80. Instrument evidencing an agreement relating to the hypothecation of movable property where such hypothecation has been made by way of security for the repayment of money advanced or to be advanced by way of loan, or of an existing or future debt.—Duty reduced to the amount chargeable on a bill of exchange under Article No. 13 (*b*) of Schedule I of the Stamp Act, 1899, for the amount secured, if such loan or debt is repayable on demand or more than three months from the date of the instrument; and to half that amount, if such loan or debt is repayable not more than three months from the date of the instrument.

81. Instrument executed in the areas mentioned in the schedule hereto attached in respect of which the stamp duty with which it is chargeable under the stamp law for the time being in force in the said areas has been paid in accordance with the said law.

SCHEDULE.

NOS. 1038—1039.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

JUDICIAL.

Simla, the 23rd July 1909.

RESOLUTION.

In exercise of the powers conferred by section 2 of the East India Contracts Act, 1870 (33 and 34 Vict., C. 59), and of all other powers enabling him in this behalf, the Governor General in Council is pleased to direct that the following be substituted for clause XV of part E of the Resolution of the Government of India in the Home Department, no. 3-Judicial—485-501, dated the 28th March 1895, relating to the execution of deeds, contracts and other instruments on behalf of

His Majesty's Secretary of State for India in Council :—

XV.—Agreements with monthly non-pensionable European, Eurasian and Native employés on State Railways, defining the terms and conditions of service to be entered into on entering the service of Government.	By Managers, Engineers-in-Chief, Locomotive Superintendents, Carriage and Wagon Superintendents, Traffic Superintendents, Examiners of Accounts, Chief Storekeepers ; and Executive Engineers in charge of Divisions, District Locomotive Superintendents, District Carriage and Wagon Superintendents, and District Traffic Superintendents in the Railway Branch.

ORDER—Ordered that the above Resolution be communicated to the Railway Department (Railway Board) for information, with reference to its office memorandum no. 2424-R.E., dated the 12th July 1909 ; and that it be published in the Supplement to the *Gazette of India.*

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

HOME DEPARTMENT

SANITARY.

H. A. STUART,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 22nd July 1909, based on the Indian Daily Weather Reports of the period.

A shallow depression shown over Orissa and Chota Nagpur on the 16th moved in a westnorthwesterly direction and became merged in the trough of low pressure on the 18th. The Bay current did not pass freely into the depression and during nearly the whole week gave rain only in Burma and northeast India. The Arabian Sea current on the other hand was more vigorous than usual in northern India and gave rain from the North-West Frontier Province to Chota Nagpur. Very heavy rain fell in the northwest of the United Provinces and parts of the east and north of the Punjab, amounts ranging from four to nine inches being reported on the 20th from Dehra Dun, Meerut, Bareilly, Sirsa and Rawalpindi. Very heavy falls also occurred at Mount Abu where a total of 36 inches was recorded from the 16th to the 19th, of this amount 22 inches were received from 8 hrs. on the 17th to 8 hrs. on the 19th. As is frequently the case during periods when the Arabian Sea current extends over northern India, comparatively little rain was given by it in the peninsula, and the week's rainfall in that part of the country was in general defect.

Burma.—Rain fell in all parts of the province except at some places in the central districts. Skies were moderately to heavily clouded, and temperature was approximately normal.

Northeast India, including Orissa.—The whole division received rain. Cloud was comparatively light on the 16th and 17th and moderate to heavy on the remaining days. Temperature was normal or in slight defect.

The United Provinces, Central India and the Central Provinces.—Heavy rain was reported from the northwest of the United Provinces on the 20th and 21st: the rainfall in the rest of the division was comparatively light but well distributed. Cloud was heavy except in the United Provinces on the 16th, 17th and 18th. Maximum temperature was in general defect, the deficiency being large in the Central Provinces and the west of Central India on the 17th and in the United Provinces on the 20th.

Northwest India.—North Kashmir, Baluchistan, Sind and Cutch were practically rainless, but nearly every observatory in the rest of the division had rain, and some heavy falls were reported from parts of the east and north of the Punjab on the 20th. Cloud was moderate to heavy except in the northwestern districts. Temperature was normal or in defect, some stations on the 18th reporting maxima largely below normal.

The Peninsula.—Very little rain fell in Mysore, southeast Madras and the Madras Deccan; and in the rest of the division, although most stations reported rain, the amounts were comparatively small. Cloud was light to moderate on the 18th and 19th and moderate to heavy on the remaining days. Temperature was approximately normal.

The following summarises the chief rainfall amounts as reported at 8 hrs. each day:—

July 16th. Mergui 5·03", Moulmein 5·62", Diamond Island 5·87", Mount Abu 4·00" and Surat 5·12".

„ 17th. Bhamo 2·60", Jhansi 2·70", Pachmarhi 5·04", Chanda 3·40", Mount Abu 9·89" and Surat 4·87".

„ 18th. Nagpur 2·49", Rawalpindi 2·51" and Mount Abu 11·24".

„ 19th. Chittagong 4·50" and Mount Abu 10·84".

„ 20th. Dehra Dun 8·22", Roorkee 3·10", Meerut 8·94", Bareilly 4·61", Agra 2·18", Cawnpore 4·40", Sirsa 5·81", Ambala 3·76", Rawalpindi 5·04", Murree 3·50" and Lahore 2·11".

„ 21st. Mergui 5·03", Cherra Poonjee 8·30", Darjeeling 6·59", Jalpaiguri 3·12", Patna 3·76", Gaya 3·08", Roorkee 4·75", Bareilly 3·25", Muktesar 3·19" and Lahore 3·67".

„ 22nd. Akyab 5·62", Cherra Poonjee 5·90", Darjeeling 4·98", Darbhanga 3·18", Gaya 3·06", Bahraich 2·45" and Dehra Dun 8·69".

The week's rainfall was much heavier than usual in the west of the United Provinces, the Punjab and the North-West Frontier Province, but it was in general defect in the peninsula. The seasonal rainfall which a week ago was only just normal in the east and north of the Punjab and the west of the United Provinces is now in decided excess in those two divisions.

Division.	Rainfall data for week ending on 22nd July 1909.			Rainfall data from 30th April 1909 to 22nd July 1909.				
	Average actual rainfall in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Average actual rainfall of season to date in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Seasonal percentage departure from normal. This week.	Seasonal percentage departure from normal. Last week.

for *Director-General of Observatories.*

R. W. CARLYLE,
Secretary to the Government of India.

SIMLA
The 22nd July 1909.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 17th July 1909.

Burma.—The rainfall during the week was heavy in Lower Burma generally but more particularly along the coast; it was mostly light in the dry zone and fair in the northern sections of Upper Burma. Ploughing and sowing for the main rice crop are progressing satisfactorily on the whole and transplanting is extending. Sowing of early sessamum and maize continue in Upper Burma. Agricultural operations have been retarded for want of rain in Katha, Shwebo and Lower Chindwin. More rain is also needed in Magwe, Bhamo and Myingyan. Nurseries are withering in parts of Bhamo and Shwebo and insects have done some damage to beans in the Budalin township of Lower Chindwin. Elsewhere, standing crops are in good condition. The price of unhusked rice has risen considerably in one district and slightly in four others; it has fallen considerably in one district.

Eastern Bengal and Assam.—The weather during the week was seasonable in the Dacca and Chittagong divisions and in Assam generally. In the Rajshahi division, Nowgong, Darrang, Manipur and the Chittagong Hill Tracts more rain is needed and transplanting of winter rice is being retarded. Prospects of tea are generally fair but the outturn is likely to be short. Green-fly is prevalent in Lakhimpur. Harvesting of jute and autumn rice progresses. Winter rice is being transplanted. The condition of crops on lowlands in Rajshahi, Goalpara and the Garo Hills is not good. Fodder is short in Kamrup and South Sylhet. The distressed areas in Malda are recovering. General crop prospects are good. No relief works are open. 32 persons were on gratuitous relief in Rangpur. The average price of common rice has fallen by about one per cent. Cattle disease is reported from several districts.

Bengal.—The rainfall during the week was general over the Province; it was very heavy in parts of Cuttack, Puri and Darjeeling; moderate in Midnapore, Khulna, Balasore, Angul, Sambalpur, Hazaribagh, Ranchi and Palamau; and light elsewhere. Transplantation of winter rice is in progress but more rain is wanted for transplantation in some districts of the Burdwan and Presidency divisions as well as in Saran, Bhagalpur, Purnea, the Sonthal Parganas and Manbhum. The cessation of rain has been beneficial to autumn crops in Muzaffarpur and Darbhanga. Jute, sugarcane and other standing crops are doing well. Insects have done some injury to jute in parts of Nadia and some damage has been done to autumn paddy by floods in Shahabad. The price of common rice has risen in Nadia, Muzaffarpur, Puri, Hazaribagh, Ranchi and Manbhum and has fallen in Jessore, Saran and Champaran. Cattle disease is reported from several districts. The fodder and water supply is sufficient throughout the Province. In Darbhanga 993 persons attended famine relief works but the works are now being closed. Gratuitous relief was given to 28,161 persons in Muzaffarpur, Darbhanga and Palamau.

The weekly report on the famine and scarcity is as follows:—District Darbhanga—Workers exclusive of dependants 993; on gratuitous relief (*a*) dependants of workers 1,012; (*b*) in poorhouses or kitchens 5,110; and (*c*) on village doles or other relief 20,244; total gratuitously relieved 26,366. Grand total on relief 27,359. All relief works have been closed excepting three in Darbhanga thana. The Collector hopes to close all relief operations by 31st July. Prospects are good. Autumn crops are coming up well in the Madhubani sub-division. Early *marua* is being harvested and sold in markets. The dry weather since the commencement of this month after the heavy rainfall of last month has improved the condition of autumn crops. Rain is now required particularly for transplantation of paddy. Some emaciation among women and children is still reported in Darbhanga thana where portions of the country became flooded. Prices 12 seers per rupee.

United Provinces.—Rain fell throughout the Provinces. The falls were heaviest in Bundelkhand and the hills and lightest in the eastern submontane districts. Autumn sowings continue. Early crops are being weeded and late rice is being transplanted. The condition of standing crops is good. Cattle disease is reported from twenty-two districts but the general condition of agricultural stock is good. Markets are well supplied. Prices are generally stationary.

The weekly report on the famine and scarcity is as follows:—The condition of people on relief is good. Crime is normal. Works are being gradually closed in Garhwal. The civil works in Bahraich were closed on the 16th July with a month's valedictory dole. Valedictory doles to recipients of gratuitous relief were given in Mirzapur on the 17th July for six weeks. In Basti and Garhwal valedictory doles were given on the 15th July for a fortnight and month respectively. Gratuitous relief continues in Kheri and Bahraich. The numbers on relief works and gratuitous relief are decreasing. The numbers on Government relief are:—on relief works 9,283; on gratuitous relief 9,752; in poorhouses 54; total on relief 19,089. Prices:—Garhwal 9; Kera Mangraur, Kheri and Bahraich 14; Bijaigarh 15; and Basti 16 seers per rupee.

Punjab.—Good rain has fallen in parts of Rohtak, Gurgaon, Delhi, Ambala, Jullundur, Ludhiana, Shahpur, Rawalpindi and Lyallpur and moderate to light rain in other parts of the Province. More rain is wanted in Amritsar and Sialkot. Extra spring crops are being harvested in some districts. Sowings of autumn crops continue satisfactorily. Standing autumn crops are generally in good condition and have been benefited by the recent rain. Crops have been slightly damaged by insects and excessive rain in Rohtak and by grass-hoppers in Multan. Prices are high and have risen in some districts. Cattle are generally in good condition except in Sialkot where they have become a little weak owing to over-work. Fodder is sufficient except in parts of Shahpur. Complaints of shortage in the water supply are general in the Toba Teksingh tahsil of the Lyallpur district.

North-West Frontier Province.—The rainfall was general all over the province, ranging from 15 cents in Bannu to 5 inches 71 cents in Mardan. It was beneficial to standing crops and for autumn sowings which are still in progress everywhere. The condition of crops is good. Harvesting of extra spring crops in Bannu continues and the outturn is reported to be average. The public health is good. Cattle disease is reported in one village of the Mardan tahsil of Peshawar. Canal irrigation in Peshawar is satisfactory and rivers are rising. Irrigation from the Paharpur canal was stopped owing to damage done by floods. Fodder is deficient in the Marwat tahsil of Bannu but is sufficient elsewhere. Prices are rising in Bannu and Dera Ismail Khan but are falling slightly in Peshawar. Prices:—wheat $10\frac{5}{16}$ to $11\frac{1}{2}$; maize $14\frac{1}{16}$ to $15\frac{1}{2}$; gram $13\frac{5}{16}$ to 16; *bajra* $12\frac{3}{16}$ to $14\frac{1}{2}$; and barley $18\frac{7}{8}$ seers per rupee.

Jammu.—Good rain fell during the week. Prices are fluctuating. Wheat sells from 10 to 14 and maize from $13\frac{1}{2}$ to 20 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type prevails in parts of the Province. Fodder is sufficient. Land is being ploughed for sowings of autumn crops.

Kashmir.—It rained heavily on two occasions during the week which did good to crops. The condition of crops is good. Fodder is sufficient. There is no disease among cattle. Prices are unchanged.

Rajputana.—The rainfall during the week was general. The amounts registered in cents were:—Shahpur 626; Bikanir, Mewar, Banswara, Tonk, Kotah, Jhalawar and Ajmer-Merwara between 307 and 577; Marwar, Jaisalmer, Sirohi, Partabgarh, Bundi, Jaipur, Kishangarh, Alwar, Dholpur and Karauli between 110 and 293; and Bharatpur 12. Agricultural operations are satisfactory. Sowings continue and are doing well where they have germinated. There has been slight damage in Jaipur. The condition of cattle is good. Pasturage and fodder are sufficient. Prices have risen by 2 seers per rupee in Bundi; they have fallen to the same extent in Karauli and by 1 seer in Marwar.

Central India.—The rainfall was general and sufficient for the present. Sowing of autumn crops and weeding are in progress. Agricultural stock are satisfactory except

for some cattle disease in parts of Indore, Baghelkhand, Bundelkhand and Bhopawar. Prices have fallen slightly in Malwa and are stationary but high elsewhere.

Central Provinces.—During the week, cloudy and rainy weather prevailed throughout the Provinces. The rainfall was good and well distributed. The heaviest falls, in inches, were:—Bhandara 9½; Mandla 8¾; Yeotmal 8; Nagpur 7¼; and Hoshangabad and Chanda each 7. Elsewhere the rainfall ranged from 2¼ inches in Nimar to 6 inches in Buldana. Sowing of autumn crops is rapidly approaching completion but was retarded by continuous rain in Mandla and Nagpur. Germination is reported satisfactory everywhere. Thinning and transplantation continue in the rice districts and weeding in Jubbulpore, Hoshangabad, Nimar and the Vindhyan and Berar districts. Preparation of land for the sowing of spring crops is in progress in Damoh, Narsinghpur and Amraoti. Grasshoppers have slightly damaged late sown rice in Raipur but have disappeared from Drug and Bilaspur. Fodder and water are adequate. Agricultural stock are in good condition. Prices are steady.

Feudatory States.—Heavy rain fell during the week. The heaviest falls were:—Sakti 10½; Raigarh and Kanker 9½; and Raj-Nandgaon 9 inches. The quantity reported from the remaining States did not exceed 4 inches. A break in the rains is needed in Sakti but more rain will be welcome in Kawardha and Sirguja. Sowing and thinning of autumn crops are well advanced and germination is successful everywhere. Fodder and water are sufficient. The price of rice became cheaper by two seers per rupee in Raigarh. Prices were steady elsewhere or fluctuated slightly.

Bombay.—The rainfall during the week was heavy in parts of Surat, the Konkan, Nasik, Poona, Satara, Belgaum, Kathiawar, Cutch, Baroda and Kolhapur; good in parts of Thar and Parkar, Ahmedabad, the Panch Mahals, Kaira, Broach, East Khandesh, West Khandesh, Dharwar, Palanpur, Mahi Kantha and Rewa Kantha; moderate in parts of Karachi, Larkana and Hyderabad; and slight in parts of Sukkur, the Upper Sind Frontier, Ahmednagar, Sholapur and Bijapur. The rainfall was beneficial and generally sufficient but more is needed for cultivation of autumn crops in parts of Karachi, Poona, Satara, Bijapur and Dharwar. Sowing of autumn crops generally continues but has been retarded in parts of Satara and Bijapur owing to insufficient rain and in parts of Surat, East Khandesh, Belgaum and Cutch owing to excessive moisture. Transplantation is in progress in parts of Karachi, Sukkur, Larkana, Hyderabad, Gujarat, the Konkan, Nasik, Poona, Satara and Rewa Kantha. Sowing of cotton continues in parts of Thar and Parkar, Ahmedabad, Baroda and Cutch. The fodder supply is generally adequate. Agricultural stock are sufficient except in parts of Ahmednagar, Poona, Sholapur, Satara and Cutch and are generally in good condition. The supply of drinking water and of water for irrigation are generally adequate. Prices of food grains have fallen slightly in Colaba, Ratnagiri and West Khandesh, have risen slightly in the Upper Sind Frontier, Thana, Sholapur and Kathiawar; and are generally stationary elsewhere. The quantity purchasable per rupee is in Sind 26 to 41 per cent; in Gujarat 20 to 42 per cent; in the Konkan 12 to 35 per cent; in the Deccan 17 to 31 per cent; and in the Karnatak 30 to 40 per cent less than the normal. Stocks of grain are adequate. Labourers get sufficient employment. The cultivating and labouring classes are generally in fair condition. The numbers on gratuitous relief are:—93 in Bijapur and 123 in Dharwar.

Hyderabad.—The rainfall during the week was 2 inches 1 cent. Rain fell throughout the Dominions. It was good in the Warangal and Adilabad districts; fair to poor elsewhere; and very poor in the Bir district. The highest fall was 6 inches 43 cents in the Pakhal taluka of the Warangal district. No report has yet been received from Kuppal in the Salar Jang Estate. Sowings of autumn crops still continue in most parts. They are over only in a few places and are suspended in others for want of rain. The crop is being weeded and is generally fair to good except in parts of the Mahbubnagar, Huzurnagar and Pakkal talukas where it is reported to have been damaged by insects. Lands are being prepared for the sowing of spring crops and early rice is being sown in parts of the Telingana district. Fodder scarcity prevails in the Kushtagi and Lingsugur talukas of the Raichur district and the Huzurnagar taluka of the Nalgonda district and water scarcity in the Kushtagi, Yellareddi and Huzurnagar talukas. Cattle disease is

reported in two talukas. Prices:—wheat 6¾; coarse rice 7; and *juar* 14¼ seers per rupee. White *juar* is selling in Hyderabad City at 12¼ seers per rupee. Yellow *juar* is not available. The highest price in districts is 8¾ seers in the Kushtagi taluka of the Raichur district and the lowest 24 seers in the Udgir taluka of the Bidar district.

Mysore.—The rainfall during the week was good in Hassan, Kadur and Shimoga; fair in Tumkur and Chitaldroog; and slight elsewhere. Prices of food grains are generally steady and markets are well stocked. Ploughing and sowing operations continue. Standing crops are in good condition but more rain is needed in parts of Bangalore, Kolar, Tumkur and Mysore. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 11 inches 21 cents. Ploughing for, and transplanting of, rice continue. Cattle disease prevails in parts. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall was normally very heavy in Malabar and South Canara; heavy in the Nilgiris; good in Ganjam, the Vizagapatam Agency, Godavari, Kistna and Kurnool; *nil* in Madura and Tinnevelly; and light to fair elsewhere. Irrigation supplies are insufficient in parts of districts except Vizagapatam, Godavari, Kistna, Chingleput, Trichinopoly, Malabar, South Canara and the Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. Standing crops are generally fair, but some in parts of Cuddapah, Salem and Coimbatore require more rain and some in parts of North Arcot and Madura are withering. Harvests continue with outturn poor to normal. Pasture is insufficient in parts of Guntur, Bellary, Cuddapah, Nellore, South Arcot, Coimbatore, Trichinopoly and Tinnevelly. Fodder is scanty in parts of Guntur, Anantapur, Cuddapah, South Arcot and North Arcot. The condition of cattle is generally good. The price of rice is stationary in ten districts; has fallen in ten; and has risen in three. The prices of millets have fluctuated as follows:—*Ragi* is stationary in ten districts; has fallen in four; and has risen in seven. *Cholam* is stationary in five districts; has fallen in four; and has risen in five. *Cumbu* is stationary in nine districts; has fallen in two; and has risen in four. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is good and employment is procurable. Grain stocks are generally sufficient.

FAMINE.

Statement showing the number of persons on relief works and in receipt of gratuitous relief in the Districts and Native States affected by famine or scarcity in India—(District details).

NOTE.—The figures are compiled from returns obtained from Local Governments and Political Officers, and give the corrected details of the totals reported in the telegraphic famine report published weekly in the Supplement to the *Gazette of India*.

Non-labouring children and other dependants of relief workers are classed under relief works when distinguished in the local returns from persons gratuitously relieved in poor-houses or at their houses. Weavers relieved in their own trade are shown under "village doles or other relief."

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 22nd July 1909.

NOTIFICATIONS.

No. 2839 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 19th July 1909 :—

No. 335 of 1909.—John Isaac Solomon, engineer, of 51 West 81st street, New York city, United States of America, and at present of Colombo, Ceylon. *A process for extracting pearls from pearl-bearing mussels, oysters and the like.*

No. 336 of 1909.—Archibald Allan Crawford, of 9 Medows street, Bombay. *Improvements in storage cells, particularly in storage cells for the electrical supply of railway carriages.*

No. 337 of 1909.—John Hutchings, mining aud mechanical engineer, of Capel House, 62 New Broad street, in the city of London. *Improvements in and relating to direct acting pumping machinery.*

No. 338 of 1909.—James Gayley, metallurgical engineer, of 71 Broadway, New York city, in the county and state of New York, United States of America. *Improvements in the drying of air by refrigeration.*

No. 339 of 1909.—William Hutton, sanitary engineer to Government, Madras. *Automatic liquid-flow regulator.*

No. 340 of 1909.—Augustus Rosenberg, engineer of 259 High Holborn, London, England. *Process of and means for depositing metals upon metallic surfaces.*

No. 341 of 1909.—James Gayley, metallurgical engineer, of 71 Broadway, New York city, in the county and state of New York, United States of America. *A new and improved method of operating blast furnaces and converters.*

No. 342 of 1909.—Frank Shoemaker, machinist, residing at 324 Fremont street, in the city of Waterloo, county of Blackhawk, and state of Iowa, United States of America. *Improvements in door-operating appliances.*

No. 343 of 1909.—Compagnie Generale De Phonographes, Cinematographes Et Appareils De Precision, manufacturers, of Paris, France. *Cinematographic film and its process of manufacture.*

No. 344 of 1909.—Dr. John Venn, of Vicarsbrook, Chaucer road, Cambridge, England, and John Archibald Venn, engaged in Research Work at Cambridge University, of 10 Brookside, Cambridge, England. *An improved bowling machine.*

No. 2840 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 379 of 1908.—The Coal Treating Company, manufacturers, a corporation organized under the laws of the territory of Arizona, and having places of business at Phœnix, Arizona, and also at 15 Court Square, Boston, Massachusetts, United States of America. *Process for facilitating or controlling the combustion of fuel and for preventing smoke.* (Specification filed 6 July 1909.)

No. 500 of 1908.—Henri Joseph Beaurain, engineer, of 56 rue des Drapiers, Brussels, Belgium. *Process for manufacturing wall facing tiles of the fayence kind.* (Specification filed 9 July 1909.)

No. 103 of 1909.—George Arthur Pearson, locomotive engineer, of 215 Lambton Quay, Wellington, in the dominion of New Zealand. *Improvements relating to couplings for air and vacuum brake pipes.* (Specification filed 9 July 1909.)

No. 187 of 1909.—Elijah Ashworth, machine maker, of the Moss Brook Works, Collyhurst, Manchester, in the county of Lancaster, England. *Improvements in and applicable to carding engines.* (Specification filed 7 July 1909.)

No. 233 of 1909.—Alexander Ralph Ogden, contractor, of Fairlawn, Waratah street, Rushcutter Bay, Sydney, New South Wales, formerly of the Arundel Hotel, Arundel street, Strand, in the city of Westminster, England, but at present of 17 and 19 Bishops road, Cambridge Heath, in the county of Middlesex, England, and Richard Wingfield Stuart, gentleman, formerly of 7 Granville Mansions, Shepherd's Bush, London, but at present of 8 and 9 Colville Square, Bayswater, in the county of Middlesex, England. *Improvements in and connected with apparatus of the ejector type for producing a vacuum.* (Specification filed 7 July 1909.)

No. 234 of 1909. Edward Halford Strange, technical research chemist, and Charles Albert Pim, chemical engineer, both of 7 Staple Inn, in the county of London, England. *Improvements in apparatus for the manufacture of thin sheets, or foil, or strips, or ribbons, of lead, or other metal, or alloy.* (Specification filed 7 July 1909.)

No. 247 of 1909.—George Lawrence Smith, engineer, of 92 Queen Victoria street, in the city of London, England. *Improvements in or relating to fire and temperature alarms or indicators.* (Specification filed 7 July 1909.)

No. 259 of 1909.—Harold Sheen Martin, electrical engineer, of 16 Cumberland street, Liverpool, in the county of Lancaster, in the kingdom of England. *An improved electrical resistance device for use with lamps and for other purposes.* (Specification filed 7 July 1909.)

No. 261 of 1909.—Samuel Henry Crocker, engineer, of 9 St. James Walk, in the county of London, England. *Improvements in and relating to lead pencils.* (Specification filed 10 July 1909.)

No. 264 of 1909.—William Church, boot manufacturer, of 9 St. George's Avenue, Northampton, in the county of Northampton, in the kingdom of England. *Improvements in measuring apparatus for bootmakers.* (Specification filed 8 July 1909.)

No. 266 of 1909.—Herbert Newall Morris, manufacturing chemist, of Gorton Brook Chemical Works, Miles street, West Gorton, Manchester, county of Lancaster, England. *A process for the utilization of the husk of rice usually known as "paddy husk."* (Specification filed 8 July 1909.)

No. 2841 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 110 of 1898.—George Labram. *A method and apparatus for separating diamonds from earthy matters.* (From 25 August 1909 to 25 August 1910.)

No. 136 of 1900.—James Gresham and Frank James Gresham. *Improvements in injectors.* (From 13 November 1909 to 13 November 1910.)

No. 302 of 1902.—Albert Walter Sullivan and William Renshaw. *Improvements in pneumatically actuated car doors.* (From 25 November 1909 to 25 November 1910.)

No. 246 of 1903.—Max Ruping. *Improvements in or relating to the impregnation of wood and other porous materials.* (From 18 November 1909 to 18 November 1910.)

No. 1 of 1904.—Augustus Henry Murray Driver, George Norman and The Birmingham Small Arms Company, Limited. *A new method of testing and straightening gun barrels and other tubular articles and in appliances or apparatus to be used in connection therewith.* (From 31 August 1909 to 31 August 1910.)

No. 274 of 1904.—Hilmer Theodor Bru-de-Wold. *An improved device for carrying a large quantity of ammunition in the field on pack horses in a portable and compact manner.* (From 17 August 1909 to 17 August 1910.)

No. 544 of 1904.—Alfred Z. Clark. *Improvements in apparatus for treating crushed ores, slimes, tailings, aud alluvial and other wash dirt, for recovery of metals or gems therefrom.* (From 28 July 1909 to 28 July 1910.)

No. 202 of 1905.—James Gresham, Harry Edward Gresham and George Kiernan. *Improvements relating to brake mechanism for trains and vehicles.* (From 18 November 1909 to 18 November 1910.)

No. 2842 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act, the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

No. 388 of 1904.—Kaikhusroo M. Satin. *Satin's automatic connectionless bell signals for railway and like locomotives.* (Specification filed 11 April 1905.)

No. 424 of 1904.—Reginald Henry Pierce and George Davencourt Westropp. *Improvements in railway crossings.* (Specification filed 10 April 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for each of the above inventions.

No. 366 of 1903.—James Price Cleghorn. *A new or improved process of preserving meat, fowl, fish and other substances and apparatus therefor.* (Specification filed 16 April 1904.)

Fee in respect of the continuance of an exclusive privilege—

4 (*b*) After the expiration of the fourth year and before the expiration of the fifth year from the date of the filing of the specification—

The sum of R50 for the above invention.

No. 473 of 1898.—Allibhoy Vallijee and Sons. *An improved tin ice box.* (Specification filed 14 April 1899.)

No. 56 of 1899.—Reginald Belfield. *Improvements in controllers for electric motors.* (Specification filed 14 April 1899.)

Fee in respect of the continuance of an exclusive privilege—

4 (*g*) After the expiration of the ninth year and before the expiration of the tenth year from the date of the filing of the specification—

The sum of R100 for each of the above inventions.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified : or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1*s*. 6*d*. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions and
Designs Act, V of 1888.

CINCHONA FEBRIFUGE.

Cinchona Febrifuge can be purchased for cash only by Government officers and the general public, from the Superintendent, Royal Botanic Garden, Calcutta.

The rates for Government officers are : —

	R a. p.	Post-free R a. p.
16-oz. tin	7 8 0	7 14 0

(b) 568 lakhs, representing payment into the Reserve of the proceeds of Sterling Bills on London less amount remitted to England for investment.

1,168 lakhs

F. C. HARRISON,
Offg. Head Commissioner of Paper Currency.

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATION.

Mount Abu, the 4th July 1909.

No. 973.—The following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 22nd August 1909.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid will be considered by the Hon'ble the Chief Commissioner.

Draft Notification.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the following rules to regulate the possession and transport of petroleum in Ajmer-Merwara in supersession of those published in this office Notifications cited in the margin.—

No. 71, dated the 26th January 1903.
No. 190, dated the 25th February 1904.
No. 528, dated the 19th May 1906.

RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE POSSESSION AND TRANSPORT OF PETROLEUM IN AJMER-MERWARA.

PART I.

PRELIMINARY.

Definitions.

1. In these rules,—

(a) "Part" means a Part of these rules;

* * * * * * * *

(c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(d) "installation" means a place specially prepared for the storage of petroleum in bulk or for bulk combined with non-bulk storage, and may be either a major or a minor installation;

(e) "major installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons; or

(2) in which tin-making operations are carried on;

(f) "minor installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons; and

(2) in which no tin-making operations are carried on;

(g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;

(h) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Local Government may by notification declare as such;

* * * * * * * *

(j) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and

(k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation or storage shed.

Supervision of operations within installation or storage shed.

2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand or dry earth in installation.

4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

Marking of capacity of tanks.

5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.

Protection from lightning.

6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

Testing of lightning-conductor by licensee.

7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Official testing of lightning-conductor.

8. Any officer appointed by the Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Time for work in installations or storage sheds.

9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

Closure of pipes and openings.

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

Material for storage sheds.

11. All storage sheds in an installation shall be built of uninflammable material.

Posting up of rules and conditions.

12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

CHAPTER II.—TRANSPORT OF PETROLEUM.

* * * * * * *

Validity of license granted in another province.

Petroleum may be transported into and within Ajmer-Merwara under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

* * * * * * *

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

Applications for licenses.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Licensing authority.

2. Licenses—

(a) for the possession of non-dangerous petroleum, not being petroleum in bulk,

(b) for the possession of non-dangerous petroleum in a minor installation,

(c) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and

(d) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government:

Provided that in the case of renewals of existing licenses the Local Government may delegate its powers under this rule to the District Magistrate or to such other authority as the Local Government may from time to time by an order in writing appoint in this behalf.

Refusal of license.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case:

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

Forfeiture of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Particulars of license.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules:

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

Renewal of licenses.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(2) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

(3) The same fee shall be charged for the renewal of a license as for a new license.

Supply of rules to licensee.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Procedure on death or disability of licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Loss of license.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

Continuance of license.

1. Every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Dangerous petroleum not in bulk.

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Local Government may prescribe on the recommendation of the Chief Inspector of Explosives.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may from time to time by general or special order, approve, may be granted in Form D.

Storage in major installations.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Storage in minor installations.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify :—

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

(a) the description and quantity of petroleum which the applicant desires to keep,

(b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,

(c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Certificate of safety to be furnished.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify :—

Particulars to be given in applications for licenses under rules 4 and 9.

(a) whether the applicant is the owner of a motor-vehicle,

(b) the amount of dangerous petroleum the applicant desires to store,

(c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of non-dangerous petroleum.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

General licenses for the transport of dangerous petroleum.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

Effect of general license.

4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

Pass for transport of petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding 5 hundred gallons, in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

Special licenses for the transport of dangerous petroleum.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

Effect of special license.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

Particulars to be given in applications for special licenses.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle

---

CHAPTER VI.—FEES.

1. (*1*) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

Method of levying fees.

(*2*) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(*3*) The court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (*b*) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

2. The following fees shall be charged for licenses for the possession of petroleum namely:—

Fees for licenses for possession of petroleum.

Non-dangerous petroleum.

	R	
(*a*) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	12	
(*b*) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons *plus* R2 for every additional one thousand gallons or part thereof.
(*c*) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons.	20	for the first five thousand gallons *plus* R4 for every additional one thousand gallons or part thereof.
(*d*) When the quantity to be stored exceeds fifty thousand gallons.	250	

Dangerous petroleum.

	R	
(*e*) When the quantity to be stored does not exceed forty gallons.	3	
(*f*) When the quantity to be stored exceeds forty gallons, but does not exceed five hundred gallons.	8	
(*g*) When the quantity to be stored exceeds five hundred gallons.		the same fees as those laid down for non-dangerous petroleum.

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum :—

Non-dangerous petroleum.

	R
Special license—	
(*a*) When the quantity to be transported exceeds five hundred but does not exceed five thousand gallons.	1
(*b*) For every additional five thousand gallons or part of five thousand gallons.	1
General license for the transport of non-dangerous petroleum by rail, by road, or by water for twelve months.	100

Dangerous petroleum.

	R	
Special license—		
(*i*) When the quantity to be transported does not exceed forty gallons.	2	
(*ii*) When the quantity to be transported exceeds forty gallons but does not exceed four hundred and eighty gallons.	2	for the first 40 gallons *plus* 8 annas for every additional forty gallons or part thereof.
(*iii*) When the quantity to be transported exceeds four hundred and eighty gallons.	8	for the first four hundred and eighty gallons *plus* R2 for every additional four hundred and eighty gallons or part thereof.
General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water, up to a maximum of sixty gallons at a time.		
General license for the transport of dangerous petroleum by dealers by rail, road or water.	50	

Fee for license granted for unexpired portion of an original license.

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

Fee for duplicate licenses.

5 A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

FORM A.

(Rule 2 of Chapter IV of Part II.)

License to possess petroleum (other than dangerous petroleum), otherwise than in bulk.

No. Fee, R

License is hereby granted to for the storage in the storage shed described below, of gallons of petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on Form A.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams, rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored.
None	5,000 and under.
20 feet	over 5,000 and up to 50,000.
30 „	Unlimited.

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

FORM B.

(Rule 3 of Chapter IV of Part II.)

License to possess dangerous petroleum, otherwise than in bulk, in quantity exceeding forty gallons.

No. Fee, R .

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana,
and Chief Commissioner, Ajmer-Merwara.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on Form B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch : provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons.	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

4 An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear.
Not exceeding 500 gallons	20 feet.
From 500 to 1,000 „	25 „
„ 1,000 to 5,000 „	30 „
„ 5,000 to 15,000 „	40 „
„ 15,000 to 25,000 „	50 „
„ 25,000 to 35,000 „	60 „
„ 35,000 to 50,000 „	70 „
„ 50,000 and over	100 „

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorized by the Local Government in this behalf.

FORM C.

(Rule 4 of Chapter IV of Part II.)

License to possess dangerous petroleum in quantity not exceeding forty gallons.

No. Fee, R3.

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

(Description of the storage shed above referred to.)

Endorsement on Form C.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons	16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. Receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material; provided, however, that the doors and windows may be of wood.

9. All ventilating openings in the storage shed shall be protected by strong wire gauze

10. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

13. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

14. Where a storage shed forms a part of or is attached to another building, and where the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

15. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM D.

(Rule 7 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a major installation.

No. Fee, R .

License is hereby granted to for the storage, in the place described below, of gallons of petroleum, not being dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner of Ajmer-Merwara.

The 190 .

(Description of the place above referred to.)

Endorsement on Form D.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The inclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

FORM E.

(Rule 8 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a minor installation.

No. Fee, R .

License is hereby granted to for the storage in the place described below, of gallons of petroleum, not being

* These tanks shall not have a greater capacity than 30,000 gallons.

dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

(Description of the place referred to.)

Endorsement on Form E.

CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(*a*) for horizontal tanks, not less than one-third the height of the tank;

(*b*) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 20,000	Ditto 20 „
Over 20,000 and up to 50,000	Ditto 30 „

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or light, except those necessary in the soldering room and watchman's house shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(*a*) each tank shall separately be enclosed in the manner prescribed in condition 1, or

(*b*) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a masonry wall or embankment as provided in clause (*b*) of the condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both, not less than two feet high when the quantity of petroleum stored exceeds 10,000 gallons the height of depth shall be three feet.

A combination of these methods is permissible.

FORM F.

(Rule 9 of Chapter IV of Part II.)

Special license to possess and transport dangerous petroleum for owners of motor-vehicles.

No. Free of charge.

License is hereby granted to owner (or hirer) of a motor-vehicle (or vehicles) for the possession of gallons of dangerous petroleum for use therein at* and for its transport on the said motor-vehicle (or vehicles) for the purpose of use therein, subject to the rules for the possession and transport of dangerous petroleum published in Notification No. , dated , and to the conditions at the back of this license.

When the quantity exceeds 40 gallons. — First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

When the quantity does not exceed 40 gallons. — District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

Endorsement on Form F.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons

* Situation and description of storage shed above referred to.

having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM G.

(Rule 1 of Chapter V of Part II.)

General license to transport petroleum other than dangerous petroleum.

No. Fee, R100.

A general license is hereby granted to to transport petroleum, other than dangerous petroleum, subject to the rules contained in Chapter V of Part II of Government Notification No , dated , and to the condition at the back of this license

This license shall continue in force till the

District Magistrate or other authority appointed under rule 2 of Chapter III of Part II.

The 190.

Endorsement on Form G.

CONDITION OF THE LICENSE.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron or other receptacles not easily broken or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM H

(Rule 2 of Chapter V of Part II)

General license to transport dangerous petroleum otherwise than in bulk.

No. Fee, R 50.

A general license is hereby granted to to transport dangerous petroleum otherwise than in bulk, subject to the rules contained in Chapter V of Part II of Government Notification No , dated , and to the further conditions on the back of this license.

This license shall continue in force till the

When the quantity to be transported at a time exceeds 40 gallons — First Assistant to the Agent to the Governor-General, Rajputana and Chief Commissioner, Ajmer-Merwara

When the quantity to be transported at a time does not exceed 40 gallons — District Magistrate or other authority appointed under rule 2 of Chapter III of Part II

CONDITIONS OF LICENSE

1 The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three eighths of an inch

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal

	Not less than
(1) When the capacity does not exceed two gallons . . .	27 B W G.
(2) When the capacity exceeds two but does not exceed four gallons	22 B. W. G
(3) When the capacity exceeds four but does not exceed eight gallons .	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W G
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

FORM I.

(Rule 4 of Chapter V, Part II.)

Pass to be granted by the holder of General License No. for the transport of dangerous / non-dangerous petroleum otherwise than in bulk / in bulk or otherwise than in bulk subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the further conditions on the back of this pass.

This pass covers (drums / tins / cases / packages containing)* gallons of dangerous / non-dangerous petroleum being the property of while in transport from to .

*To be omitted when the petroleum is transported in bulk.

The 190 . Holder of General License No.

Endorsement on Form I.

CONDITIONS OF PASS.

I.—For dangerous petroleum in the case of the holder of a license in Form H.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than 40 gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanised sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

II.—For dangerous petroleum in the case of the holder of a license in Form L.

1. The quantity of dangerous petroleum to be transported under this pass shall not exceed 60 gallons.

2. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than four gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal :

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

3. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

4. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

5. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

III.—For petroleum other than dangerous petroleum.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron, or other receptacles not easily broken, or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM J.

(Rule 5 of Chapter V of Part II.)

Special license to transport petroleum other than dangerous petroleum.

No Fee, R .

License is hereby granted to to transport from to * (cases or packages containing)* gallons of petroleum subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the further condition on the back of this license.

*To be omitted when the petroleum is transported in bulk.

The license shall continue in force till the day of

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

Endorsement on Form J.

CONDITION OF THE LICENSE.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron, or other receptacles not easily broken, or in tank-carts of a pattern approved by the Local Government in this behalf or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM K.

(Rule 6 of Chapter V of Part II.)

Special license to transport dangerous petroleum.

No. Fee, R .

License is hereby granted to of to transport cases or packages containing in all gallons of dangerous petroleum from to subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the further conditions on the back of this license.

The amount of petroleum in each case or package is stated below.

This license shall continue in force till the day of

When the quantity exceeds 40 gallons. First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

When the quantity does not exceed 40 gallons. District Magistrate or Authority appointed under rule 2 of Chapter III of Part II.

The 190 .

Endorsement on Form K.

CONDITIONS OF LICENSE.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than 40 gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch :

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :

	Not less than

No. 1156-Z.—Lieutenant M. H. Lucas of the Zhob Levy Corps is granted six weeks privilege leave from the date on which he avails himself of it.

The 16th July 1909.

No. 1276-Z.—In exercise of the powers conferred by sections 7, 9, 10 and 65 of the Excise Act, 1896 (XII of 1896), as applied to the Territories administered by the Hon'ble the Agent to the Governor General in Baluchistan as such Agent, the said Agent is pleased to make the following directions and rules for fixing duty on country spirits removed from distilleries; the grant of licenses for distilleries for the manufacture of country spirits; the grant of licenses for the sale, wholesale and retail, of country spirit; and the issue and transport of such spirit, in the said territories, (excluding the Zhob District) with effect from the 1st October 1909.

Location of distillery.

1. There shall be one distillery at Quetta, and from that distillery, all country liquor for consumption in the Baluchistan Agency territories (except the Zhob District) shall be supplied.

2. The distillery, with its stills and all subsidiary buildings in the distillery enclosure, shall be kept in repair from public funds.

Distillery license.

3. The exclusive right to manufacture liquor at the distillery shall be granted for any period not less than one year, and not exceeding three years, to an approved person or firm, by the Revenue Commissioner; and to enable him to select a suitable distiller the Revenue Commissioner shall call for tenders of the price per gallon at which applicants are prepared to supply the liquor to wholesale and retail vendors, or to such persons as may be specially authorised to obtain liquor from the distillery. It shall be optional with the Revenue Commissioner to accept the lowest tender or not, as he may see fit. Tenders shall be called for at least two months before the expiry of the existing contract.

Distiller to pay rent for use of distillery.

4. The distiller shall receive a license in Form No. I attached. He shall pay no license fee, but shall be charged such rent as the Revenue Commissioner may fix for the use of the distillery, stills, godowns, etc.

Strength of liquor, minimum quantity of issue, and rate of still-head duty.

5. The strength of liquor at the time of issue from the distillery shall be between 10° and 15° under proof. A still-head duty of R4 shall be paid on each gallon of liquor of the strength above mentioned and this duty must be paid, before a permit to remove the liquor from the distillery is granted. Liquor issued from the distillery on special permits (*vide* rule 31) shall pay an additional duty of R1-8 per gallon. These rates may be varied at any time by the Chief Revenue Authority, and the licensed distiller shall have no claim to compensation on account of any such variation. Liquor shall not be issued from the distillery in quantities of less than 5 gallons at a time.

Still-head duty, by whom paid.

6. The distiller shall have no concern with the payment of still-head duty, which shall be paid in the manner prescribed in Rule 11 by the person requiring the liquor, who shall also arrange for the payment of the price of the liquor to the distiller.

Accounts of licensed distiller.

7. The licensed distiller shall keep in the distillery, true and correct accounts of all distillery transactions, and shall have them properly kept, and written up to date regularly every day.

These accounts shall shew the materials and ingredients brought into the distillery, the quantities used each day, and the balance remaining in hand. A daily record shall also be kept of the quantity of liquor distilled every day (once-distilled and twice-distilled liquor being shewn separately), as well as the quantity and strength of liquor issued from the distillery, and the balance remaining in stock.

These accounts shall be open to inspection at all times by the official in charge of the distillery, hereinafter called the Distillery Inspector, or by any other authorised person.

8. The licensed distiller shall not introduce or suffer to be introduced into the liquor distilled by him before such liquor is finally tested by the Distillery Inspector any saccharine matter or other soluble foreign substance the addition of which to spirit is calculated to heighten the specific gravity of the spirit and to cause it to indicate when tested by the hydrometer a lower strength than the actual strength.

9. A reserve of two months' supply of liquor shall always be kept in the distillery, except during the last two months of the distiller's contract, when the prescribed reserve may be drawn upon.

Reserve of liquor to be kept in distillery.

10. On the expiry of distiller's contract all liquor remaining in the distillery shall be disposed of as the Revenue Commissioner may direct.

Disposal of liquor in stock.

11. Licensed wholesale and retail vendors, or special permit holders may, on payment of still-head duty at the Treasury or Sub-Treasury, or where there is no Treasury or Sub-Treasury at the Tahsil obtain from the Treasury or Sub-Treasury Officer or Tahsildar receipted applications showing the amount of duty paid and the quantity of liquor, the issue of which is covered thereby.

Method of obtaining liquor from distillery.

The applicant or his agent shall then proceed to the distillery and arrange with the distiller or his representative for the purchase of the liquor, and having done so, shall obtain the distiller's signature or the signature of his representative, on the back of the receipted application, in token of his consent to the removal of the liquor. He shall then present the paper so signed to the Distillery Inspector who, after satisfying himself that the paper is in order, shall issue a pass for the removal of the liquor.

12. All passes issued by the Distillery Inspector shall be returned to him at or before the expiry of the period specified therein, which shall be fixed for each shop by the Political Agent in charge of the District in which the shop is situated.

13. One or more wholesale dealers who shall not be licensed distillers, may be appointed by the Political Agent of the District concerned, if necessary, for the convenience of retail vendors. But as is explained in Rule 20, retail vendors shall be at liberty to obtain their liquor either from the wholesale dealers or from the distillery direct, whichever they may prefer.

Wholesale dealers.

NOTE.—Where possible competing wholesale licenses should be granted, so as to prevent the supply to retailers becoming a monopoly.

14. Wholesale dealers shall receive licenses in Form No. II attached, and shall pay a license fee to be fixed by the Revenue Commissioner.

License fee to be paid by wholesale dealers.

Wholesale dealers using Government buildings shall also pay rent to be fixed by the Revenue Commissioner for the use of such buildings.

Rent charged to wholesale dealers who use Government buildings.

15. Licensed wholesale dealers shall establish a depôt or warehouse at some convenient place, to be approved of by the local authorities, within, or adjacent to, the respective areas for which they have the license. They shall obtain all the liquor they require from the distillery at Quetta and shall not, unless they are also retail vendors, be permitted to supply liquor to any person except a retail vendor or his authorised agent, nor shall they be permitted to issue liquor in quantities of less than two gallons, or 12 reputed quart bottles.

Wholesale dealers must establish warehouses or depôts.

Wholesale dealers to obtain all liquor from distillery at Quetta.

They shall only supply liquor to retail vendors.

Minimum quantities they can supply

16. The distiller shall provide vessels of fixed capacity to be approved by the Revenue Commissioner, in which liquor shall be removed from the distillery. But the person removing the liquor shall make his own arrangements for the conveyance thereof to its destination.

Distiller to provide casks or other suitable vessels of fixed capacity.

Wholesale dealer to arrange for conveyance of liquor from the distillery to his warehouse.

17. Licenses for the retail vend of country spirit shall be in form No. III attached. They shall be granted by the Political Agent of the District concerned for such period as may be specified in the license and for such shops as may be approved by him. The right to receive such licenses shall be put up to auction, either separately or in groups of shops every year, or at such intervals as may be determined by the Revenue Commissioner; and such licenses shall, as a rule, be sold to the highest bidder, but the Political Agent may accept the highest bid or not, as the thinks desirable.

Retail vendors.

18. Wholesale dealers may also keep retail shops but, if they do so, a separate license shall be taken out for each retail shop.

Wholesale dealers may keep retail shops.

19. No new shop shall be opened, or existing shop closed or removed to another building or place, without permission from the local authorities concerned.

No change of shops without permission.

20. Retail vendors may obtain liquor for their requirements from any licensed wholesale dealer or dealers in Baluchistan, or from the Quetta distillery direct.

Retail venders may get liquor either from distillery or from wholesale dealers.

The minimum quantity of liquor which can be obtained from the distillery shall however be 5 gallons, while the minimum quantity which a wholesale dealer may supply shall be two gallons in bulk, or one dozen reputed quart bottles, *vide* Rule 15.

Minimum quantity supplied by wholesale dealers, and by distillery.

Procedure when retail vendor takes liquor direct from the distillery.

21. If a retail vendor wishes to get his liquor from the distillery he shall proceed as laid down in rule 11.

Retail vendors must use distillery vessels for removal of liquor therefrom.

22. When removing liquor from the distillery the retail vendor shall use the vessels of fixed capacity provided at the distillery at the cost of the distiller and shall make his own arrangements for their transport to his shop from the distillery.

Procedure when retail vendor takes liquor from wholesale dealer.

23. If a retail vendor wishes to get his liquor from a wholesale dealer he shall arrange for payment to the wholesale dealer of the price of the liquor, which may include still-head duty, the cost of the liquor as charged by the distiller, subject to the maximum rate stated in the distiller's tender, and such reasonable profit as the wholesale dealer may charge to recoup himself for the expenses of the wholesale depôt, and the transport of the liquor thereto.

The Revenue Commissioner may prescribe and vary from time to time in respect to all wholesale vendors or any wholesale vendor the maximum rates of sale by wholesale to retail vendors, if it appears that the wholesale vendors are charging exorbitant rates.

NOTE.—As the retail vendors can always, if they prefer, get their liquor direct from the distillery on payment of the fixed price and still-head duty, wholesale dealers will be unable to charge exorbitant prices.

Pass required to remove liquor from wholesale depôt to retail shops.

24. No liquor shall be transferred from a wholesale depôt to a retail shop without a pass signed by the wholesale vendor, in the prescribed form (Form No. IV.)

Instructions regarding pass.

After the pass has been filled up both parts shall be signed by the licensed wholesale vendor or his representative; one part shall be given to the person removing the spirit, and the counterfoil shall be retained by the wholesale vendor for record and reference. Passes will only be current for the period specified therein, which shall be fixed in each case by the wholesale vendor, and shall be returned to the wholesale vendor, who shall paste them to the counterfoils. The wholesale vendor shall make no issues to any shop while a pass for that shop is outstanding and he shall be held responsible for reporting to the officer in charge of excise all cases of undue delay in returning, or failure to return, passes.

Liquor may be removed from wholesale depôts in any vessel.

25. Retail vendors may remove liquor from wholesale depôts in vessels of any capacity provided either by themselves or by the wholesale dealers.

Bottling may be done by wholesale dealers.

26. To enable wholesale dealers to supply liquor to retail vendors in bottles when so required, such bottling as may be necessary may be done at their wholesale depôts.

Rates and strength for retail sale.

27. The maximum rates at which retail vendors shall sell liquor, whether flavoured or plain, to the public shall be:—

R1-4-0 per reputed quart bottle;

R1-2-0 per medium bottle;

R0-10-0 per pint bottle;

and not more than one reputed quart or medium bottle or two pint bottles, shall be supplied at one time to any one person.

The maximum strength of liquor sold shall be 10° under proof; but no minimum retail sale strength shall be fixed.

Liquor may be sold at shops by dram or bottle for consumption on and off the premises.

28. Retail vendors, may sell liquor, either by the dram or by the bottle, to be consumed on the premises, on the conditions set forth in their license.

They may also sell in the same quantities to persons who may wish to take the liquor away for consumption at their homes or elsewhere.

Accounts of wholesale and retail vendors.

29. Wholesale dealers and retail vendors shall keep at their depôts or shops, as the case may be, a true and correct account, in the form to be prescribed in their license, of the quantities and description of liquor received and sold by them, and the stock in hand.

This account shall be written up to date daily, and shall be open at all times to inspection by any duly appointed Excise Officer. An abstract of his account shall be forwarded by each wholesale dealer to the Political Agent, Quetta, by the tenth day of every month, showing separately, the quantity of liquor supplied by him to each retail shop during the preceding month.

Sub-letting of any kind of license prohibited.

30. No sub-letting of licenses of any kind in connection with the manufacture or sale of country liquor shall be permitted without the previous consent in writing of the Political Agent.

Special permits for large quantities for private use.

31. Special permits (Form No. V) current for specified period, may be granted free of charge, by the Political Agent or such other officer of a rank not below that of Extra-Assistant Commissioner as may be authorised by the Revenue Commissioner in this behalf, to respectable persons of good position, enabling them to obtain from the distillery, or from retail vendors, but not from wholesale vendors, country liquor in quantities not exceeding nine gallons at one time, and to keep such liquor in their possession for their own private use.

Additional still-head duty on liquor issued on special permits.

When liquor is thus obtained, on a special permit from the distillery, an additional rate of R 1-8-0 per gallon of still-head duty shall be levied upon it. Care must be taken that these permits are not abused so as to result in unlicensed retail sale.

By order,

H. A. K. GOUGH, Major,

First Assistant.

FORM No. I.

(Para. 4 of the Notification.)

License for the manufacture and sale of country spirit at the Public Distillery at Quetta.

of (hereinafter called the licensee), is hereby authorized, under and subject to the provisions of the Excise Act, 1896 (XII of 1896), to distil spirit at the Public Distillery at Quetta from the 190 to the 190 , and to sell and issue the said spirit from the distillery during that period subject to the terms and conditions mentioned :—

1. The strength of spirit to be distilled under this license shall be between 10° and 15° under-proof, and the licensee shall not manufacture in, or remove from, the Distillery, spirit of any other strength.

2. The licensee shall not sell spirit except to persons licensed to sell country spirit by wholesale or retail in Baluchistan and to persons holding special permits authorising them to remove spirit from the distillery, and shall not remove spirit, or allow spirit to be removed, from the distillery except under a permit issued by the Political Agent or by an officer duly empowered by the Political Agent in that behalf.

3. The licensee shall pay to Government a rent of R 100 per mensem, payable in advance on the first day of each month for the use, during the period of this license, of the distillery with its stills, store-rooms and other buildings. He shall provide all other utensils, vessels and appliances necessary for fermenting and distilling the spirit, and or ts storage and removal.

4. The licensee shall not carry on the distillation of spirit in such a manner as may, in the opinion of the Distillery Inspector, be likely to cause injury to life or property, or to cause nuisance on or about the distillery premises, and he shall strictly and forthwith obey all orders given by the officer aforesaid in this behalf. No ingredients noxious to health shall be used in distilling, or put into the spirit after it is made.

6. The licensee shall be bound to supply country spirit of the strength prescribed in clause 1 to any wholesale or retail licensed vendor, or special permit holder in Baluchistan on payment of a price, in addition to still-head duty at the rate of per gallon.

7. The licensee shall not remove, or allow anyone to remove, from the distillery, spirit manufactured by him until it has been gauged and tested by the officer in charge of the distillery, and until after the duty leviable thereon has been paid.

8. The licensee shall not give or sell spirit to any person for consumption on the distillery premises.

9. The licensee shall provide such locks and fastenings for the doors of the store-rooms, and shall store spirit in casks or other vessels of such kind and capacity, as the Revenue Commissioner may direct, and shall obey all rules that may be prescribed for the management and working of the distillery. All spirits stored, and all materials and apparatus kept, within the distillery premises shall be at the risk of the distiller. No claim to compensations on account of loss from fire or any other cause will be entertained.

10. All spirit shall be distilled twice over before it is removed from the distillery.

11. The minimum quantity of spirit that shall be issued from the distillery at one time is 5 imperial gallons.

12. No bottling of spirits shall be done in the distillery.

13. A reserve of two month's supply of spirit shall be kept in the distillery, except during the last two months of this license, when the prescribed reserve may be drawn upon.

Two weeks' supply of spirit, calculated on the consumption of the immediately preceding three months, shall be handed over to the Excise authorities by the distiller on the expiry of this license.

For the two weeks' supply so handed over the incoming distiller shall pay to the outgoing distiller such price as may be mutually agreed upon, provided that if they do no agree as to the price they shall refer to the Political Agent, whose arbitration shall be final.

14. On the expiry of this license, or if it be revoked or cancelled, all materials and ingredients, as well as all vessels and other apparatus belonging to the licensee, shall be forthwith removed from the distillery, unless transferred to the incoming distiller; and all spirit then remaining in the distillery, in excess of the two weeks' supply referred to in the last preceding clause, shall be disposed of in such manner as to the Revenue Commissioner may seem fit.

15. The licensee shall obey all rules and lawful orders issued by the Revenue Commissioner, the Political Agent and the officer in charge of the distillery, and his stock of spirit and materials for distillation shall always be open to inspection by any Excise Officer.

16. Copper vessels properly tinned may be used for conveying liquor from the distillery to a shop, but they shall not be allowed for the storage of spirit. Such vessels shall be retinned at the expense of the distiller whenever the officer in charge of the distillery considers that they require retinning.

17. The licensee shall keep in the distillery correct and true accounts, written up to date daily, of his receipts and disbursements connected with the manufacture and sale of spirit under this license, and of all materials and ingredients received and used in the manufacture of spirit, and of the quantities and strengths of the spirits manufactured at, and removed from, the distillery.

These accounts, together with any others that the Excise authorities may prescribe, shall be produced for inspection whenever required by the Political Agent, or the Distillery Inspector, or by any officer deputed for the purpose.

18. If the licensee shall desire to be absent at any time from the distillery, he shall appoint some person, approved by the Political Agent in writing, to be his agent during his absence, and shall furnish him with a power-of-attorney (of which a copy shall be deposited with the Political Agent), authorising him to act in all matters relating to this license in his behalf. The licensee shall be responsible for the acts and omissions of any agent whom he so appoints and of every servant employed by him in the manufacture, storage, sale and removal of spirit, as if they were his own acts and omissions.

19. It is entirely within the discretion of the Revenue Commissioner whether he will or will not renew this license at the expiration of the term for which it is granted. It is also entirely within the discretion of the Revenue Commissioner whether he will or will not permit the heir or legal representative of the holder of the license, in case of death, to have the benefit of the license for the unexpired portion of the term for which it was granted.

20. Upon any breach of any of the above conditions, established to the satisfaction of the Revenue Commissioner, this license is liable to be cancelled and the offender, in addition to the cancellation of his license, will be liable to be otherwise dealt with according to law.

Granted this day of 19 .

Revenue Commissioner.

COUNTERPART AGREEMENT.

I of the abovenamed licensee, hereby agree to all the terms and conditions heretofore written and expressed.

(Impressed stamp of 8 annas).

Licensee.

Signed in our presence, this day of 19 .

FORM II.

(PARA. 14 OF NOTIFICATION.)

License for the wholesale vend of Country Spirit.

License is hereby granted to
of (hereinafter called the licensee) authorizing him under and subject to the provisions of the Excise Act (XII of 1896) to sell by wholesale country liquor at his depôt situated at

from the 19 to the 19 subject to the following conditions, the infraction of any of which, or a conviction for any offence under the Excise Act, shall render the licensee liable to the forfeiture of his license, in addition to any penalty imposed upon him under that law. A fee of R to cover the whole period of this license shall be paid in advance to .

2. The licensee shall carry on the business of the said depôt in person. If he shall wish to appoint another person to officiate for him in conducting the business he shall first obtain the permission of the Political Agent, which shall be endorsed on the back of this license. The licensee shall, however, be responsible for the acts and omissions of every person so appointed to officiate for him, and of all his servants, as if the said acts and omissions were his own.

3. A signboard shall be affixed over the entrance to the premises, on which shall be printed in English and in Urdu, the name of the licensee, and the words "Licensed wholesale vendor of country spirits."

4. The licensee shall obtain all spirit that he may require from the licensed distiller at the Quetta distillery, on payment of the still-head duty and the price of the liquor as fixed for the time being, and no spirit shall be sold at the premises for which this license is granted except country spirit so obtained.

5. Spirit will be issued from the distillery at strength between 10° and 15° under-proof, and the licensee shall sell it at the same strength. No flavouring or colouring substance shall be added by the licensee to such spirit, nor shall the spirit be diluted while in the possession of the licensee. The licensee shall sell spirit to licensed retail vendors of country spirits only, and no spirit shall be transferred from the licensee's depôt to the shop of a licensed retail vendor without a pass signed by the licensee in the prescribed form. (Form No. IV.)

6. The licensee shall not sell or keep spirit for wholesale vend at any other place than that described in this license. He shall not allow any spirit to be drunk on the premises, nor shall he sell in less quantities than two imperial gallons or one dozen reputed quart bottles.

7. The licensee's premises and all liquor therein shall at all times be open to inspection by the Political Agent, and the Superintendent of Police, or by any officer deputed by the Political Agent to inspect the same.

8. The licensee shall keep in his depôt in the Form A annexed a true account of all receipts and sales of liquor. This account shall be kept regularly, and written up to date every day. It shall be open at all times to inspection by the Political Agent or any other official authorized by the Political Agent, and an abstract thereof (in Form B annexed) shall be submitted to the Political Agent on the tenth day of each month, showing the receipts and sales during the preceding month.

9. All passes covering the transport of spirits from the distillery to the licensee's depôt shall be returned to the Distillery Inspector at or before the expiry of the period prescribed therein.

10. The business covered by this license shall not be sold, sublet, or otherwise alienated, without the consent in writing of the Political Agent. It is entirely within the discretion of the Political Agent whether he will or will not renew this license at the expiration of the term for which it is granted. It will also be optional with the Political Agent whether he will or will not permit the heir or legal representative of the licensee, in case of death, to have the benefit of the license for the unexpired portion of the term for which it was granted.

11. The Political Agent shall have power to suspend or cancel this license in whole or in part if, in his opinion, there has been an infringement by the licensee, or by any of his servants of any of the conditions thereof, or of any provisions of the law relating to excise for the time being in force.

12. Any spirit remaining in the possession of the licensee on the expiry of this license shall forthwith be made over to the Political Agent to be dealt with as the Revenue Commissioner may direct.

13. The licensee shall be entitled to a refund of duty paid by him on any spirit thus made over to the Political Agent on the expiry or termination of this license, provided that such termination has not been caused by the cancellation or suspension of his license.

14. If it appears at any time to the Revenue Commissioner that the licensee is charging exorbitant rates for the sale of spirits to retail vendors, the Revenue Commissioner may fix and vary from time to time a maximum rate for such sale, and the licensee shall have no claim to compensation on account of a rate so fixed.

FORM No. III.

(PARA. 17 OF NOTIFICATION.)

License for the retail sale of Country Spirits.

License is hereby granted to of (hereinafter called the licensee) authorizing him under the provisions of the Excise Act (XII of 1896), to sell country spirit by retail at his shop situated in
at and owned by
from the 19 to the 19
subject to the following conditions, the infraction of any of which shall render the licensee liable to the forfeiture of this license, as well as of the advance deposit made by him, in addition to any other penalty prescribed in the Excise Act.

1. The licensee shall pay to Government the sum of R in the following monthly instalments:—

For	April	R	For	May	R
„	June	„	„	July	„
„	August	„	„	September	„
„	October	„	„	November	„
„	December	„	„	January	„
„	February	„	„	March	„

2. The fees due for the last two months of the period covered by this license shall be paid in advance by way of security. This deposit shall be liable to forfeiture in the event of default or breach of any of the conditions of this license. If not so forfeited, it shall be applied to the payment of the last two monthly instalments of the fee. The fees due for each of the other months of the period covered by this license shall be paid in advance not later than the 5th day of each month.

3. The licensee shall obtain all the spirit he requires either from a licensed wholesale country spirit vendor, or from the licensed distiller at the Quetta Distillery direct, and he shall not have in his shop, or sell therein, any liquor other than country spirit so obtained. He shall not receive into his shop any spirit except such as is covered by the prescribed permit or pass, nor shall he keep or sell spirit in any place except in his shop above described. All permits and passes shall be returned at or before the expiry of the period prescribed therein to the licensed wholesale vendor or the Distillery Inspector at Quetta as the case may be.

4. The maximum strength at which the licensee shall sell spirit to the public shall be 10° under-proof, the maximum selling rates for either plain or flavoured spirit shall be as follows:—

R 1-4-0 per reputed quart bottle;
R 1-2-0 per medium bottle;
R 0-10-0 per pint bottle;

and not more than one reputed quart bottle, or one medium bottle, or two pint bottles shall be sold to any person at one time. Larger quantities, not exceeding 9 gallons at one time may, however, be supplied to special permit holders possessing written authority to obtain the liquor from the licensee.

5. The licensee shall not receive wearing apparel, or ornaments, or any other consideration except coin, in return for liquor, nor shall he sell liquor on credit.

6. The licensee shall carry on the business of the said shop in person. If he shall wish to appoint any other person to officiate for him in conducting the business thereof, he shall first obtain the permission of the Political Agent endorsed on the back of this license. The licensee shall be responsible for the acts and omissions of every person so appointed to officiate for him, and of all his servants, as if the said acts and omissions were his own.

7. The licensee shall not keep his shop open, or sell spirit after 11 o'clock at night, nor shall he open his shop or sell spirit before 6 o'clock in the morning. The Political Agent may, however, by special written order, permit the shop to be kept open and liquor sold up to 12 o'clock midnight.

8. The licensee shall not allow any person to drink to intoxication in his shop, nor shall he permit disorderly persons to remain on the premises, nor allow gambling there. He shall give immediate information to the nearest Police Officer of any irregularity tending to disturb the public peace.

9. The licensee shall close his shop whenever ordered to do so by the Political Agent, or the Superintendent of Police or a Magistrate, and of his own accord during riot or disturbance in the neighbourhood thereof. The Police shall at all times have access to every part of his shop for Police purposes; and the licensee shall give entry thereto to any Excise Officer at any hour of the day or night.

10. A signboard shall be put up at the entrance to the shop, inscribed with the name of the vendor, and the designation "Licensed retail vendor of country spirits."

11. The licensee shall keep in his shop an account in the form attached of all receipts and sales of spirits under this license. This account shall be written up to date daily and shall be open at all times to inspection by any duly appointed Excise Officer.

12. Country spirits shall not be sold to any European soldier or non-commissioned officer, whether with his regiment or in staff or civil employ, without the express permission in writing of the Officer Commanding the regiment or detachment, or of his other official superior, or of the Cantonment Magistrate in localities where Act XIII of 1889 is in force.

13. Country spirits shall not be sold to any native if there is reason to believe that he intends to convey the same to European soldiers or non-commissioned officers, or their wives, or European or Eurasian camp followers, nor to any of the following persons :—

I. European vagrants under escort of the Police ;
II. Insane persons ;
III. Persons known or believed to be intoxicated ; and
IV. Children below the age of 14 years.

14. The licensee may sell spirit either by the dram or by the bottle, to be consumed on the premises, and he may also sell in the same quantities to persons who may wish to take the liquor away for consumption at their homes or elsewhere.

15. No drug or deleterious substance of any kind may be added to the spirit, nor shall any spirit be stored in copper vessels.

16. The shop shall have only one door opening into a public road. It shall be so constructed that the interior may be visible from the doorway, and it shall not be a place of residence, save for the vendor and his family, or caretakers.

17. All spirit remaining in possession of the licensee on the expiry of this license shall be disposed of as the Political Agent may direct. The licensee shall be entitled to a refund of duty paid by him on any spirit thus made over to the Political Agent on the expiry or termination of his license, provided that such termination has not been caused by the cancellation or suspension of his license.

18. The Political Agent shall have power to suspend this license, in whole or in part, if, in his opinion, there has been an infringement by the licensee, or by any of his servants, of any of the conditions thereof, or of any provision of the law relating to excise for the time being in force.

19. It is entirely within the discretion of the Political Agent whether he will or will not renew this license at the expiration of the term for which it is granted. It is also entirely within the discretion of the Political Agent whether he will or will not permit the heir or legal representative of the holder of the license, in case of death, to have the benefit of the license for the unexpired portion of the term for which it was granted.

20. This license shall not be sold, or sublet, or otherwise alienated, except with the previous consent in writing of the Political Agent.

FORM No. V.

(Para. 31 of Notification.)

Special Permit.

Permission is hereby granted to

to obtain at the distillery at Quetta, or from a licensed retail vendor of country spirit, and to retain in his possession in his house, for domestic use only, any quantity of country spirit not exceeding 9 gallons. This permit shall hold good from the 19 to the 19 or until the Political Agent recalls the same. The said Political Agent may recall it at any time without assigning any reason for such recall.

Dated 19 .

Political Agent.

THE HONOURABLE THE CHIEF COMMISSIONER OF BRITISH BALUCHISTAN.

NOTIFICATION.

Ziarat, the 16th July 1909.

No. 1277-Z.—In exercise of the powers conferred by sections 9, 10 and 65 of the Excise Act, 1896 (XII of 1896), as extended to British Baluchistan the said Chief Commissioner is pleased to make the following rules for the supply of country spirit, the grant of licenses for the sale, wholesale and retail, of country spirit, and for the issue and transport thereof in British Baluchistan with effect from the 1st October 1909:—

Location of distillery.

1. All country liquor for consumption in British Baluchistan shall be supplied from the distillery established under Notification No. dated by the Honourable the Agent to the Governor General in Baluchistan.

2. The existing distillery at Sibi shall be closed from the date on which these rules come into force, and will be converted, if necessary, into a wholesale vend depôt, *vide* rule 7.

Method of obtaining liquor from distillery.

3. Licensed wholesale and retail vendors, or special permit holders may, on payment of still-head duty at the Treasury or Sub-Treasury, or where there is no Treasury, or Sub-Treasury at the Tahsil, obtain from the Treasury or Sub-Treasury Officer or Tahsildar receipted applications showing the amount of duty paid, and the quantity of liquor the issue of which is covered thereby.

The applicant or his agent shall then proceed to the distillery and arrange with the distiller or his representative for the purchase of the liquor, and having done so shall obtain the distiller's signature or the signature of his representative, on the back of the receipted application, in token of his consent to the removal of the liquor. He shall then present the paper so signed to the Distillery Inspector who, after satisfying himself that the paper is in order shall issue a pass for the removal of the liquor.

4. All passes issued by the Distillery Inspector shall be returned to him at or before the expiry of the period specified therein, which shall be fixed for each shop by the Political Agent in charge of the District in which the shop is situated.

Wholesale dealers.

5. One or more wholesale dealers, who shall not be licensed distillers, may be appointed by the Deputy Commissioner of the District concerned, if necessary for the convenience of retail vendors. But as is explained in Rule 12 retail vendors shall be at liberty to obtain their liquor either from the wholesale dealers or from the distillery direct, whichever they may prefer.

NOTE.—Where possible competing wholesale licenses should be granted, so as to prevent the supply to retailers becoming a monopoly.

License fee to be paid by wholesale dealer.

6. Wholesale dealers shall receive licenses in form No. II attached, and shall pay a license fee to be fixed by the Revenue Commissioner.

Rent charged to wholesale dealers who use Government buildings.

Wholesale dealers using Government buildings shall also pay rent to be fixed by the Revenue Commissioner for the use of such buildings.

Wholesale dealers must establish warehouses or depôts.

Wholesale dealers to obtain all liquor from distillery at Quetta.

They shall only supply liquor to retail vendors.

Minimum quantities they can supply.

7. Licensed wholesale dealers shall establish a depôt or warehouse at some convenient place, to be approved of by the local authorities, within or adjacent to, the respective areas for which they have the license. They shall obtain all the liquor they require from the distillery at Quetta and shall not, unless they are also retail vendors, be permitted to supply liquor to any person except a retail vendor, or his authorised agent, nor shall they be permitted to issue liquor in quantities of less than 2 gallons, or 12 reputed quart bottles.

Distiller to provide casks or other suitable vessels of fixed capacity.

Wholesale dealer to arrange for conveyance of liquor from the distillery to his warehouse.

8. The distiller shall provide vessels of fixed capacity to be approved by the Revenue Commissioner, in which liquor shall be removed from the distillery. But the person removing the liquor shall make his own arrangements for the conveyance thereof to its destination.

Retail vendors.

9. Licenses for the retail vend of country spirit shall be in Form No. III attached. They shall be granted by the Deputy Commissioner of the District concerned for such period as may be specified in the license, and for such shops as may be approved by him. The right to receive such licenses shall be put up to auction, either separately or in groups of shops every year, or at such intervals as may be determined by the Revenue Commissioner and such licenses shall, as a rule, be sold to the highest bidder, but the Deputy Commissioner may accept the highest bid or not, as he thinks desirable.

Wholesale dealers may keep retail shops.

10. Wholesale dealers may also keep retail shops, but, if they do so, a separate license shall be taken out for each retail shop.

No change of shops without permission.

11. No new shop shall be opened, or existing shop closed or removed to another building or place without permission from the local authorities concerned.

Retail vendors may get liquor either from distillery or from wholesale dealers.

12. Retail vendors may obtain liquor for their requirements from any licensed wholesale dealer or dealers in Baluchistan or from the Quetta Distillery direct.

Minimum quantity supplied by wholesale dealers and by distillery

The minimum quantity of liquor which can be obtained from the distillery shall, however, be 5 gallons, while the minimum quantity which a wholesale dealer may supply shall be two gallons in bulk, or one dozen reputed quart bottles, *vide* Rule 7.

Procedure when retail vendor takes liquor direct from the distillery.

13. If a retail vendor wishes to get his liquor from the distillery he shall proceed as laid down in rule 3.

Retail vendors must use distillery vessels for removal of liquor therefrom.

14. When removing liquor from the distillery the retail vendor shall use the vessels of fixed capacity provided at the distillery at the cost of the distiller, and to make his own arrangements for their transport to his shop from the distillery.

Procedure when retail vendor takes liquor from wholesale dealer.

15. If a retail vendor wishes to get his liquor from a wholesale dealer he shall arrange for payment to the wholesale dealer of the price of the liquor, which may include still-head duty, the cost of the liquor as charged by the distiller, subject to the maximum rate stated in the distiller's tender, and such reasonable profit as the wholesale dealer may charge to recoup himself

for the expenses of the wholesale depôt and the transport of the liquor thereto. The Revenue Commissioner may prescribe and vary from time to time in respect to all wholesale vendors or any wholesale vendor the maximum rates of sale by wholesale to retail vendors if it appears that the wholasale vendors are charging exorbitant rates.

NOTE.—As the retail vendors can always, if they prefer get their liquor direct from the distillery on payment of the fixed price and still-head duty, wholesale dealers will be unable to charge exorbitant prices.

Pass required to remove liquor from wholesale depôt to retail shops.

16. No liquor shall be transferred from a wholesale depôt to a retail shop without a pass signed by the wholesale vendor in the prescribed form (Form No. IV).

Instructions regarding pass.

After filling up the pass both parts shall be signed by the licensed wholesale vendor or his representative, one part shall be given to the person removing the spirit and the counterfoil shall be retained for record and reference. Passes will only be current for the period specified therein, which shall be fixed in each case by the wholesale vendor and shall be returned to the wholesale vendor who shall paste them to the counterfoils. The wholesale vendor shall make no issues to any shop while a pass for that shop is outstanding, and he shall be held responsible for reporting to the officer in charge of excise all cases of undue delay in returning, or failure to return, passes.

Liquor may be removed from wholesale depôts in any vessel.

17. Retail vendors may remove liquor from wholesale depôts in vessels of any capacity provided, either by themselves or by the wholesale dealers.

Bottling may be done by wholesale dealers.

18. To enable wholesale dealers to supply liquor to retail vendors in bottles when so required, such bottling as may be necessary may be done at their wholesale depôts.

Rates and strength for retail sale.

19. The maxima rates at which retail vendors shall sell liquor whether flavoured or plain to the public shall be:—

R 1-4-0 per reputed quart bottle,
R 1-2-0 per medium bottle,
R 0-10-0 per pint bottle,

and not more than one reputed quart or medium bottle, or two pint bottles, shall be supplied at one time to any one person.

The maximum strength of liquor sold shall be 10° under-proof; but no minimum retail sale strength shall be fixed.

Liquor may be sold at shops by dram or bottle for consumption on and off the premises.

20. Retail vendors may sell liquor, either by the dram or by the bottle, to be consumed on the premises on the conditions set forth in their license.

They may also sell in the same quantities to persons who may wish to take the liquor away for consumption at their homes or elsewhere.

Accounts of wholesale and retail vendors.

21. Wholesale dealers and retail vendors shall keep at their depôts or shops, as the case may be, a true and correct account in the form to be prescribed in their license of the quantities and description of liquor received and sold by them, and the stock in hand.

This account shall be written up to date daily, and shall be open at all times to inspection by any duly appointed Excise Officer.

An abstract of his account shall be forwarded by each wholesale dealer to the Political Agent, Quetta, by the tenth day of every month showing separately the quantity of liquor supplied by him to each retail shop during the preceding month.

Sub-letting of any kind of license prohibited.

22. No sub-letting of licenses of any kind in connection with the manufacture or sale of country liquor shall be permitted without the previous consent in writing of the Political Agent.

Special permits for large quantities for private use.

23. Special permits (in Form No. V) current for specified period, may be granted, free of charge, by the Deputy Commissioner or such other officer of a rank not below that of Extra Assistant Commissioner as may be authorised in this behalf, to respectable persons of good position, enabling them to obtain from the distillery, or from retail vendors, but not from wholesale vendors, country liquor in quantities not exceeding nine gallons at one time and to keep such liquor in their possession for their own private use.

Additional still-head duty on liquor issued on special permits.

When liquor is thus obtained, on a special permit, from the distillery, an additional rate of R1-8-0 per gallon of still-head duty shall be levied upon it. Care must be taken that these permits are not abused so as to result in unlicensed retail sale.

By order,

H. A. K. GOUGH, Major,

Secretary to the Chief Commissioner of British Baluchistan.

FORM No. II.

(PARA. 6 OF NOTIFICATION).

License for the wholesale vend of country spirit.

License is hereby granted to of (hereinafter called the licensee) authorising him under and subject to the provisions of the Excise Act (XII of 1896), to sell by wholesale country liquor at his depôt situated at from the 19 to the 19 subject to the following conditions, the infraction of any of which, or a conviction for any offence under the Excise Act, shall render the licensee liable to the forfeiture of his license in addition to any penalty imposed upon him under that law:—

1. A fee of R to cover the whole period of this license shall be paid in advance to

2. The licensee shall carry on the business of the said depôt in person. If he shall wish to appoint another person to officiate for him in conducting the business, he shall first obtain the permission of the Deputy Commissioner, which shall be endorsed on the back of this license. The licensee shall, however, be responsible for the acts and omissions of every person so appointed to officiate for him, and of all his servants, as if the said acts and omissions were his own.

3. A sign board shall be affixed over the entrance to the premises on which shall be printed, in English and in Urdu, the name of the licensee, and the words "Licensed wholesale vendor of country spirits."

4. The licensee shall obtain all spirit that he may require from the licensed distiller at the Quetta Distillery on payment of the still-head duty and the price of the liquor as fixed for the time being, and no spirit shall be sold at the premises for which this license is granted except country spirit so obtained.

5. Spirit will be issued from the distillery at strength between 10° and 15° under proof, and the licensee shall sell it at the same strength. No flavouring or colouring substance shall be added by the licensee to such spirit, nor shall the spirit be diluted while in the possession of the licensee. The licensee shall sell spirit to licensed retail vendors of country spirit only, and no spirit shall be transferred from the licensee's depôt to the shop of a licensed retail vendor without a pass signed by the licensee, in the prescribed form (Form No. IV).

6. The licensee shall not sell or keep spirit for wholesale vend at any other place than that described in this license. He shall not allow any spirit to be drunk on the premises, nor shall he sell in less quantities than two imperial gallons or one dozen reputed quart bottles.

7. The licensee's premises and all liquor therein shall at all times be open to inspection by the Deputy Commissioner, and the Superintendent of Police, or by any officer deputed by the Deputy Commissioner to inspect the same.

8. The licensee shall keep in his depôt in the Form A annexed a true account of all receipts and sales of liquor. This account shall be kept regularly and written up to date every day. It shall be open at all times to inspection by the Deputy Commissioner or any other official authorised by the Deputy Commissioner and an abstract thereof in Form B annexed shall be submitted to the Deputy Commissioner on the tenth day of each month showing the receipts and sales during the preceding month.

9. All passes covering the transport of spirit from the distillery to the licensee's depôt shall be returned to the Distillery Inspector at or before the expiry of the period prescribed therein.

10. The business covered by this license shall not be sold, sublet, or otherwise alienated without the consent in writing of the Deputy Commissioner. It is entirely within the discretion of the Deputy Commissioner whether he will or will not renew this license at the expiration of the term for which it is granted. It will also be optional with the Deputy Commissioner whether he will or will not permit the heir or legal representative of the licensee in case of death, to have the benefit of the license for the unexpired portion of the term for which it was granted.

11. The Deputy Commissioner shall have power to suspend or cancel this license in whole or in part if, in his opinion, there has been an infringement by the licensee or by any of his servants, of any of the conditions thereof, or of any provisions of the law relating to excise for the time being in force.

12. Any spirit remaining in the possession of the licensee on the expiry of this license shall forthwith be made over to the Deputy Commissioner, to be dealt with as the Revenue Commissioner may direct.

13. The licensee shall be entitled to a refund of duty paid by him on any spirit thus made over to the Deputy Commissioner on the expiry or termination of this license provided that such termination has not been caused by the cancellation or suspension of his license.

14. If it appears at any time to the Revenue Commissioner that the licensee is charging exorbitant rates for the sale of spirits to retail vendors the Revenue Commissioner may fix and vary from time to time a maximum rate for such sale, and the licensee shall have no claim to compensation on account of a rate so fixed.

FORM NO. III.

(PARA. 9 OF NOTIFICATION).

License for the retail sale of country spirit.

License is hereby granted to of (hereinafter called the licensee) authorising him under the provisions of the Excise Act (XII of 1896), to sell country spirit by retail at his shop situated in at and owned by from the 19 to the 19 subject to the following conditions, the infraction of any of which shall render the licensee liable to the forfeiture of this license as well as of the advance deposit made by him, in addition to any other penalty prescribed in the Excise Act.

1. The licensee shall pay to Government the sum of R in the following monthly instalments:—

For April	R	For May	R
" June	"	" July	"
" August	"	" September	"
" October	"	" November	"
" December	"	" January	"
" February	"	" March	"

2. The fees due for the last two months of the period covered by this license, shall be paid in advance by way of security. This deposit shall be liable to forfeiture in the event of default or breach of any of the conditions of this license. If not so forfeited it shall be applied to the payment of the last two monthly instalments of the fee. The fees due for each of the other months of the period covered by this license shall be paid in advance not later than the fifth day of each month.

3. The licensee shall obtain all the spirit he requires either from a licensed wholesale country spirit vendor, or from the licensed distiller at the Quetta Distillery direct; and he shall not have in his shop, or sell therein, any liquor other than country spirit so obtained. He shall not receive into his shop any spirit except such as is covered by the prescribed permit or pass nor shall he keep or sell spirit in any place except in his shop above described—all permits and passes shall be returned at or before the expiry of the period prescribed therein to the licensed wholesale vendor or the Distillery Inspector at Quetta as the case may be.

4. The maximum strength at which the licensee shall sell spirit to the public shall be 10° under-proof. The maximum selling rates for either plain or flavoured spirit shall be as follows:—

R1-4-0 per reputed quart bottle;
R1-2-0 per medium bottle;
R0-10-0 per pint bottle;

and not more than one reputed quart bottle, or one medium bottle, or two pint bottles shall be sold to any person at one time. Larger quantities, not exceeding nine gallons at one time, may however be supplied to special permit holders possessing written authority to obtain the liquor from the licensee.

5. The licensee shall not receive wearing apparel, or ornaments or any other consideration except coin in return for liquor nor shall he sell liquor on credit.

6. The licensee shall carry on the business of the said shop in person If he shall wish to appoint any other person to officiate for him in conducting the business thereof, he shall first obtain the permission of the Deputy Commissioner endorsed on the back of this license. The licensee shall be responsible for the acts and omissions of every person so appointed to officiate for him, and of all his servants, as if the said acts and omissions were his own.

7. The licensee shall not keep his shop open, or sell spirit after 11 o'clock at night, nor shall he open his shop or sell spirit before 6 o'clock in the morning. The Deputy Commissioner may however by special written order permit the shop to be kept open and liquor sold up to 12 o'clock midnight.

8. The licensee shall not allow any person to drink to intoxication in his shop, nor shall he permit disorderly persons to remain on the premises nor allow gambling there. He shall give immediate information to the nearest Police Officer of any irregularity tending to disturb the public peace.

9. The licensee shall close his shop whenever ordered to do so by the Deputy Commissioner or the Superintendent of Police or a Magistrate and of his own accord during riot or disturbance in the neighbourhood thereof. The police shall at all times have

access to every part of his shop for police purposes and the licensee shall give entry thereto to any Excise Officer at any hour of the day or night.

10. A sign board shall be put up at the entrance to the shop inscribed with the name of the vendor, and the designation "Licensed retail vendor of country spirits."

11. The licensee shall keep in his shop an account in the form attached of all receipts and sales of spirits under this license. This account shall be written up to date daily, and shall be open at all times to inspection by any duly appointed Excise Officer.

12. Country spirits shall not be sold to any European soldier or non-commissioned officer, whether with his regiment or in staff or civil employ, without the express permission in writing of the Officer Commanding the regiment or detachment or of his other official superior, or of the Cantonment Magistrate in localities where Act XIII of 1889 is in force.

13. Country spirits shall not be sold to any native if there is reason to believe that he intends to convey the same to European soldiers or non-commissioned officers, or their wives, or European or Eurasian camp followers, nor to any of the following persons:—

I. European vagrants under escort of the police;

II. Insane persons;

III. Persons known or believed to be intoxicated; and

IV. Children below the age of 14 years.

14. The licensee may sell spirit either by the dram or by the bottle, to be consumed on the premises, and he may also sell in the same quantities to persons who may wish to take the liquor away for consumption at their houses or elsewhere.

15. No drug or deleterious substance of any kind may be added to the spirit nor shall any spirit be stored in copper vessels.

16. The shop shall have only one door, opening into a public road. It shall be so constructed that the interior may be visible from the doorway, and it shall not be a place of residence, save for the vendor and his family, or caretakers.

17. All spirit remaining in possession of the licensee on the expiry of this license shall be disposed of as the Deputy Commissioner may direct. The licensee shall be entitled to a refund of duty paid by him on any spirit thus made over to the Deputy Commissioner on the expiry or termination of his license, provided that such termination has not been caused by the cancellation or suspension of his license.

18. The Deputy Commissioner shall have power to suspend this license, in whole or in part, if, in his opinion, there has been an infringement by the licensee, or by any of his servants of any of the conditions thereof or of any provision of the law relating to excise for the time being in force.

19. It is entirely within the discretion of the Deputy Commissioner whether he will or will not renew this license at the expiration of the term for which it is granted. It is also entirely within the discretion of the Deputy Commissioner whether he will or will not permit the heir or legal representative of the holder of the license, in case of death, to have the benefit of the license for the unexpired portion of the term for which it was granted.

20. This license shall not be sold, or sub-let, or otherwise alienated except with the previous consent in writing of the Deputy Commissioner.

NOTIFICATION.

Simla, the 26th July, 1909.

No. 9.—Whereas the non-official Additional Members of the Council of the Governor of Bombay have, in accordance with the Regulations published with the Notification of the Government of India in the Legislative Department, No. 19, dated the 23rd June, 1893, and amended by the like Notification No. 33, dated the 23rd December, 1902, recommended for renomination as an Additional Member of the Council of the Governor General

for the purpose of making Laws and Regulations the Hon'ble Mr. Gopal Krishna Gokhale, C.I.E.;

In exercise of the power conferred by section 10 of the Indian Councils Act, 1861 (24 and 25 Vict., c. 67), and section 1 of the Indian Councils Act, 1892 (55 and 56 Vict., c. 14), the Governor General is pleased to renominate the said Hon'ble Mr. Gopal Krishna Gokhale, C.I.E., to be an Additional Member of the said Council of the Governor General.

J. M. MACPHERSON,

Secretary to the Government of India.

HOME DEPARTMENT.

NOTIFICATIONS.

PUBLIC.

Simla, the 30th July, 1909.

No. 2823.—The following Despatch from the Secretary of State and the Indian Councils Act, 1909 (Statute 9 Edw. 7, Ch. 4) are published for general information :

INDIA OFFICE, LONDON,

2nd July 1909.

Public,

No. 98.

To His Excellency the Right Honourable the Governor General of India in Council.

MY LORD,

I forward for your information a copy of the Indian Councils Act, 1909, which has now received the Royal Assent and become law.

Indian Councils Act, 1909 (Statute 9 Edw. 7, Ch. 4).

2. As the measure during its progress through Parliament was the subject of frequent communications between Your Excellency's Government and myself, it is unnecessary for me to review its provisions. You are no doubt already engaged in considering the action to be taken under it; and I await your proposals, which I hope will be expedited as much as possible.

I have the honour to be,

MY LORD,

Your Lordship's most obedient, humble Servant,

MORLEY OF BLACKBURN.

[9 EDW 7.] INDIAN COUNCILS ACT, 1909. [CH. 4.]

CHAPTER 4.

A.D. 1909.

An Act to amend the Indian Councils Acts, 1861 and 1892, and the Government of India Act, 1833.

[25th May 1909.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Amendment of constitution of Legislative Councils.

1.—(1) The additional members of the councils for the purpose of making laws and regulations (hereinafter referred to as Legislative Councils) of the Governor-General and of the Governors of Fort Saint George and Bombay, and the members of the Legislative Councils already constituted, or which may here-

after be constituted, of the several Lieutenant-Governors of Provinces, instead of being all nominated by the Governor-General, Governor, or Lieutenant-Governor in manner provided by the Indian Councils Acts, 1861 and 1892, shall include members so nominated and also members elected in accordance with regulations made under this Act, and references in those Acts to the members so nominated and their nomination shall be construed as including references to the members so elected and their election.

A.D. 1909.

24 & 25 Vict. c. 67.
55 & 55 Vict. c. 14.

(2) The number of additional members or members so nominated and elected, the number of such members required to constitute a quorum, the term of office of such members and the manner of filling up casual vacancies occurring by reason of absence from India, inability to attend to duty, death, acceptance of office, or resignation duly accepted, or otherwise, shall, in the case of each such council, be such as may be prescribed by regulations made under this Act:

Provided that the aggregate number of members so nominated and elected shall not, in the case of any Legislative Council mentioned in the first column of the First Schedule to this Act, exceed the number specified in the second column of that schedule.

Constitution and procedure of Executive Councils of Governors of Fort Saint George and Bombay.

2.—(1) The number of ordinary members of the councils of the Governors of Fort Saint George and Bombay shall be such number not exceeding four as the Secretary of State in Council may from time to time direct, of whom two at least shall be persons who at the time of their appointment have been in the service of the Crown in India for at least twelve years.

(2) If at any meeting of either of such councils there is an equality of votes on any question, the Governor or other person presiding shall have two votes or the casting vote.

Power to constitute provincial executive councils.

3.—(1) It shall be lawful for the Governor-General in Council, with the approval of the Secretary of State in Council, by proclamation, to create a council in the Bengal Division of the Presidency of Fort William for the purpose of assisting the Lieutenant Governor in the executive government of the province, and by such proclamation,—

(a) to make provision for determining what shall be the number (not exceeding four) and qualifications of the members of the council; and

(b) to make provision for the appointment of temporary or acting members of the council during the absence of any member from illness or otherwise, and for the procedure to be adopted in case of a difference of opinion between a Lieutenant-Governor and his council, and in the case of equality of votes, and in the case of a Lieutenant-Governor being obliged to absent himself from his council from indisposition or any other cause.

(2) It shall be lawful for the Governor-General in Council, with the like approval, by a like proclamation to create a council in any other province under a Lieutenant Governor for the purpose of assisting the Lieutenant-Governor in the executive government of the province: Provided that before any such proclamation is made a draft thereof shall be laid before each House of Parliament for not less than sixty days during the session of Parliament, and, if before the expiration of that time an address is presented to His Majesty by either House of Parliament against the draft or any part thereof, no further proceedings shall be taken thereon, without prejudice to the making of any new draft.

(3) Where any such proclamation has been made with respect to any province the Lieutenant-Governor may, with the consent of the Governor-General in Council, from time to time make rules and orders for the more convenient transaction of business in his council, and any order made or act done in accordance with the rules and orders so made shall be deemed to be an act or order of the Lieutenant-Governor in Council.

(4) Every member of any such council shall be appointed by the Governor-General, with the approval of His Majesty, and shall, as such, be a member of

A.D. 1909. the Legislative Council of the Lieutenant-Governor, in addition to the members nominated by the Lieutenant-Governor and elected under the provisions of this Act.

Appointment of Vice-Presidents.

4. The Governor-General, and the Governors of Fort Saint George and Bombay, and the Lieutenant-Governor of every province respectively shall appoint a member of their respective councils to be Vice-President thereof, and, for the purpose of temporarily holding and executing the office of Governor-General or Governor of Fort Saint George or Bombay and of presiding at meetings of Council in the absence of the Governor-General, Governor, or Lieutenant-Governor, the Vice-President so appointed shall be deemed to be the senior member of Council and the member highest in rank, and the Indian Councils Act, 1861, and sections sixty-two and sixty-three of the Government of India Act, 1833, shall have effect accordingly.

3 & 4 Will. 4. c. 85.

Power to extend business of Legislative Councils.

5.—(1) Notwithstanding anything in the Indian Councils Act, 1861, the Governor-General in Council, the Governors in Council of Fort Saint George and Bombay respectively, and the Lieutenant-Governor or Lieutenant-Governor in Council of every province, shall make rules authorising at any meeting of their respective legislative councils the discussion of the annual financial statement of the Governor-General in Council or of their respective local governments, as the case may be, and of any matter of general public interest, and the asking of questions, under such conditions and restrictions as may be prescribed in the rules applicable to the several councils.

(2) Such rules as aforesaid may provide for the appointment of a member of any such council to preside at any such discussion in the place of the Governor-General, Governor, or Lieutenant-Governor, as the case may be, and of any Vice-President.

(3) Rules under this section, where made by a Governor in Council, or by a Lieutenant-Governor, or a Lieutenant-Governor in Council, shall be subject to the sanction of the Governor-General in Council, and where made by the Governor-General in Council shall be subject to the sanction of the Secretary of State in Council, and shall not be subject to alteration or amendment by the Legislative Council of the Governor-General, Governor, or Lieutenant-Governor.

Power to make regulations.

6. The Governor-General in Council shall, subject to the approval of the Secretary of State in Council, make regulations as to the conditions under which and manner in which persons resident in India may be nominated or elected as members of the Legislative Councils of the Governor-General, Governors, and Lieutenant-Governors, and as to the qualifications for being, and for being nominated or elected, a member of any such council, and as to any other matter for which regulations are authorised to be made under this Act, and also as to the manner in which those regulations are to be carried into effect. Regulations under this section shall not be subject to alteration or amendment by the Legislative Council of the Governor-General.

Laying of proclamations, &c., before Parliament.

7. All proclamations, regulations, and rules made under this Act, other than rules made by a Lieutenant-Governor for the more convenient transaction of business in his council, shall be laid before both Houses of Parliament as soon as may be after they are made.

Short title, construction, commencement, and repeal.

8.—(1) This Act may be cited as the Indian Councils Act, 1909, and shall be construed with the Indian Councils Acts, 1861 and 1892, and those Acts, the Indian Councils Act, 1869, the Indian Councils Act, 1871, the Indian Councils Act, 1874, the Indian Councils Act, 1904, and this Act may be cited together as the Indian Councils Acts, 1861 to 1909.

32 & 33 Vict. c. 98. 33 & 34 Vict. c. 34. 37 & 38 Vict. c. 91. 4 Edw. 7. c. 26.

(2) This Act shall come into operation on such date or dates as the Governor-General in Council, with the approval of the Secretary of State in Council, may appoint, and different dates may be appointed for different purposes and provisions of this Act and for different councils.

On the date appointed for the coming into operation of this Act as respects any Legislative Council, all the nominated members of the council then in office

shall go out of office, but may, if otherwise qualified, be renominated or be elected in accordance with the provisions of this Act.

A.D. 1909.

(3) The enactments mentioned in the Second Schedule to this Act are hereby repealed to the extent mentioned in the third column of that schedule.

CALCUTTA; } The 7th July 1909. }

LOVELOCK & LEWES,
Chartered Accountants.

G. KINGSLEY,
Vice-Chairman.

H. M. HAYWOOD,
Secretary.

TELEGRAPH ESTABLISHMENT.

The 24th July, 1909.

No. 5383—58.—The Governor General in Council is pleased to make the following promotion in the Superior establishment of the Indian Telegraph Department, with effect from the date specified :

Name.	From	To	Nature of promotion.	With effect from the
Mr. A. W. Foord ...	Director, officiating ...	Director	Temporary ...	1st July 1909.

CUSTOMS.

The 27th July, 1909.

No. 5455—82.—In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878 (VIII of 1878), the Governor General in Council is pleased to prohibit the bringing by sea or by land into British India of any copy, whether heretofore or hereafter issued, of the publication "Justice."

GENERAL.

The 27th July, 1909.

No. 5443—110.—The services of Mr. G. Rainy, I.C.S., Under Secretary to the Government of India in the Department of Commerce and Industry, are replaced at the disposal of the Government of Bengal, with effect from the 14th of August 1909.

Mr. A. H. Ley, I.C.S., now on combined leave in England, is appointed an Under Secretary to the Government of India in the Department of Commerce and Industry, *vice* Mr. Rainy, with effect from the 16th August 1909, or such subsequent date on which he may be able to assume charge of the appointment.

EMIGRATION.

The 29th July, 1909.

No. 5536—65.—In exercise of the powers conferred by section 81, sub-section (1), clause (*a*), of the Indian Emigration Act, 1908 (XVII of 1908), the Governor General in Council is pleased to direct that after rule 5 of the Rules published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94-E., dated the 18th March 1880, the following shall be added, namely :

5A. In case of any dispute as to whether any person should be deemed to be a Native of India within the meaning of the Act, the question shall be determined by the Protector of Emigrants or, where no such officer has been appointed at the port of embarkation, by any officer whom the Local Government may appoint in this behalf, or in the case of departure by land out of British India by the Magistrate of the district.

5B. Every such officer shall presume that any such person is a Native of India unless proof to the contrary is adduced to his satisfaction. A certificate (in the annexed form) signed by a Magistrate or Consular representative of the Government of which he claims to be a subject, and bearing (*a*) the thumb impressions of such person affixed in the presence of the authority who signed the certificate or (*b*) a photograph of such person officially sealed across the edge, shall ordinarily be accepted by such officer as evidence of nationality provided that the officer may refuse to accept such a certificate if he has reason to believe that it has been obtained by fraud or personation.

Form of Certificate.

I (Magistrate of / Consul for) .... hereby certify that .... (by occupation ....), the holder of this certificate has been identified before me to my satisfaction as a subject of the .... Government, and that the impressions of his thumbs were affixed in my presence on this certificate / his photograph hereto affixed has been sealed in my presence.

A.—Existing Act.
B.—Commission's Draft.

A Bill to Consolidate and amend the law regulating labour in factories.

WHEREAS it is expedient to consolidate and amend the law regulating labour in factories; It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

Short title, commencement and extent.

1. (1) This Act may be called the Indian Factories Act, 190 .

(2) It shall come into force on ; and

(3) It extends to the whole of British India.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

"Child."

(1) "child" means a person who is under the age of fourteen years:

"Employed."

(2) a person who works in a factory, whether for wages or not,—

(a) in a manufacturing process or handicraft, or

(b) in cleaning any part of the factory used for any manufacturing process or handicraft, or

(c) in cleaning or oiling any part of the machinery, or

(d) in any other kind of work whatsoever incidental to, or connected with, the manufacturing process or handicraft, or connected with the article made or otherwise the subject of the manufacturing process or handicraft therein,

shall be deemed to be employed therein:

"Actually employed."

(3) a person shall not be deemed to be actually employed during any period notified under section 37 for which all work in a factory is discontinued: [B, cl. 2 (

"Factory."

(4) "factory" means any premises wherein steam, water or other mechanical power is used in aid of any process for, or incidental to, making, altering, repairing, ornamenting, finishing or otherwise adapting for use, transport or sale any article or part of an article; and every part of a factory shall be deemed to be a factory except any part used exclusively as a dwelling:

Provided that nothing in this definition shall apply to—

(a) any indigo-factory, or

(b) any premises situated on and used solely for the purposes of a tea or coffee plantation, or

(c) any factory wherein less than fifty persons are on any day simultaneously employed:

"Mill-gearing."

(5) "mill-gearing" includes every shaft, whether upright, oblique or horizontal, and every wheel, drum, pulley, rope, driving strap or band, by which the motion of the first moving power is communicated to any machine:

"Prescribed."

(6) "prescribed" means prescribed by rules made under this Act:

"System of shifts."

(7) "system of shifts" means a system of relays in which the time of the beginning and ending of the actual employment of each person in each relay is fixed:

"Textile factory."

(8) "textile factory" means a factory wherein is carried on any process for or incidental to making, altering, repairing, ornamenting, finishing or otherwise adapting for use, transport or sale, cotton, wool, hair, silk, flax, hemp, jute, tow, china-grass, cocoa-nut fibre or other like material, either separately or mixed together or mixed with any other material, or any fabric made thereof: [B, cl. 7 (

Provided that print works, bleaching and dyeing works, lace warehouses, paper mills, flax scutch mills, rope works and hat works shall not be deemed to be textile factories: and

(9) "week" means the period between midnight on Sunday night and midnight on the succeeding Sunday night.

CHAPTER II.

INSPECTORS AND CERTIFYING SURGEONS.

Inspectors.

3. (1) The Local Government may, by notification in the local official Gazette, appoint such persons as it thinks fit to be inspectors of factories within such local limits as it may assign to them respectively.

(2) Every such inspector shall be deemed to be a public servant within the meaning of the Indian Penal Code. XLV of 186

(3) The District Magistrate shall have the powers of an inspector under this Act.

The Indian Factories Bill.

(Chapter II.—Inspectors and Certifying Surgeons.—Chapter III.—Health and Safety.)

4. Subject to any rules in this behalf, an inspector may, within the local limits for which he is appointed,—

Powers of inspector.

(*a*) enter, with such assistants (if any) as he thinks fit, any factory whenever he has reason to believe that any person is employed therein;

(*b*) make such examination of the premises and machinery, and of the registers hereinafter prescribed, and take on the spot or otherwise such evidence of any persons as he may deem necessary for carrying out the purposes of this Act; and

(*c*) exercise such other powers as may be necessary for carrying this Act into effect.

5. The Local Government may appoint such persons practising medicine or surgery as it thinks fit to be certifying surgeons for the purposes of this Act within such local limits as it may assign to them respectively.

Certifying surgeons.

6. A certifying surgeon shall, at the request of any person desirous of being employed in a factory situated within the local limits for which he is appointed, or of the parent or guardian of such person, or of the manager of the factory in which such person desires to be employed, examine such person and grant him a certificate in the prescribed form stating his age, as nearly as it can be ascertained from such examination, and whether he is fit for employment in a factory.

Grant of certificate.

(3).] 7. A certifying surgeon may authorize any qualified medical practitioner to exercise the functions assigned to him by section 6, and may revoke such authority:

Authorization of medical practitioner's functions.

Provided that a certificate issued by a medical practitioner so authorized shall not, unless confirmed, on personal examination of the person named therein, by the certifying surgeon who conferred the authority, be valid after the first date subsequent to the issue thereof on which such certifying surgeon visits the factory in which the person named therein is employed.

CHAPTER III.

HEALTH AND SAFETY.

7.] 8. The following provisions shall apply to every factory:—

Sanitary provisions.

(*a*) it shall be kept clean, and free from effluvia arising from any drain, privy or other nuisance;

7.] (*b*) it shall not be so overcrowded while work is carried on therein as to be dangerous or injurious to the health of the persons employed therein;

7.] (*c*) it shall be ventilated in such a manner as to render harmless, as far as practicable, any gases, vapours, dust or other impurities generated in the course of the work carried on therein that may be injurious to health.

9. If in a factory in which any process is carried on by which dust or other impurity is generated and inhaled by the workers to an injurious extent it appears to the inspector that such inhalation could be to a great extent prevented by the use of a fan or other mechanical means, the inspector may serve on the manager an order in writing, directing that a fan or other mechanical means of a proper construction for preventing such inhalation be provided, maintained and used within a reasonable time. [B, cl. 18.]

Provision as to ventilation by fans in certain factories.

10. (*1*) Every factory shall be sufficiently lighted. [B, cl. 19.]

Lighting.

(*2*) In the case of any factory which is not, in the opinion of the inspector, so lighted, the inspector may serve on the manager of the factory an order in writing specifying the measures necessary for the attainment of a sufficient standard of lighting, and requiring him to carry them out before a specified date.

11. In any factory in which humidity of the atmosphere is produced by artificial means, the water used for the purpose of producing humidity shall be taken either from a public supply of drinking water or from some other source of water ordinarily used for drinking, or shall be effectively purified to the satisfaction of the inspector before being used for the purpose of producing humidity. [B, cl. 20.]

Purity of water used for humidifying.

12. Every factory shall be provided with suitable latrine accommodation, and, if the Local Government so requires, with separate urinal accommodation for the persons employed in the factory. [B, cl. 21.]

Provision of latrines and urinal accommodation

13. In every factory there shall be maintained a sufficient water-supply for the use of the persons employed in the factory. [B, cl. 22.]

Water-supply.

14. In every factory, the construction of which is commenced after the commencement of this Act, the doors of each room in which more than thirty persons are employed shall, except in the case of sliding doors, be constructed so as to open outwards. [B, cl. 23.]

Doors of factory to open outwards.

15. (*1*) Every factory shall be provided with such means of escape in case of fire for the persons employed therein as can reasonably be required in the circumstances of each case. [B, cl. 24.]

Provision of means of escape in case of fire.

(*2*) In the case of any factory which is not so provided the inspector may serve on the manager of the factory an order in writing specifying the measures necessary for providing such means of escape, and requiring him to carry them out before a specified date.

16. No smoking shall be permitted and no naked lights shall be used in the immediate vicinity of any inflammable material in any factory.

Precautions against fire.

17. (*a*) Every fly-wheel directly connected with a steam-engine, water-wheel or other mechanical power in any part of a factory, every part of a steam-engine or water-wheel, and every other [B, cl. 25.]

Fencing.

The Indian Factories Bill.

(Chapter III.—Health and Safety. Chapter IV.—Hours of Employment and Holidays. Chapter V.—Textile Factories.)

part of the machinery or mill-gearing of a factory which may, in the opinion of the inspector, be dangerous if left unfenced, shall, while the same is in motion, and

(b) every hoist or teagle, and every hoist-well, trap-door or other similar opening near which any person is liable to pass or be employed, shall at all times be kept by the manager of such factory securely fenced to the satisfaction of, and in accordance with any orders given by, the inspector.

[B, cl. 26.]

Prohibition of employment of women and children in certain dangerous work.

18. No woman or child shall be allowed to clean any part of the mill-gearing or machinery of a factory while the same is in motion, or to work between the fixed and traversing parts of any self-acting machine while such machine is in motion by the action of the steam-engine, water-wheel or other mechanical power, as the case may be.

[B, cl. 27.]

Prohibition of employment of women and children in vicinity of cotton-openers.

19. No woman or child shall be employed in any factory for pressing cotton in the vicinity of a cotton-opener.

Explanation.—If the feed-end of a cotton-opener is in a room separated from the delivery-end by a partition extending from the floor to the roof, then women and children employed in the room in which the feed-end is situated shall not be deemed to be employed in the vicinity of the cotton-opener.

[B, cls. 18 (2) & 25 (2).]

Appeal from orders under sections 9, 10, 15, or 17.

20. Any person on whom an order under section 9, section 10, section 15 or section 17 has been served may within seven days appeal against such order to the Local Government or such authority as it may appoint in this behalf who may confirm, modify or reverse any such order

CHAPTER IV.

HOURS OF EMPLOYMENT AND HOLIDAYS.

Periodical stoppage of work.

21. In every factory there shall be fixed for each working day, at intervals not exceeding six hours, periods of not less than half an hour, during which all work shall be discontinued.

Exceptions.—Nothing in this section shall apply to—

(a) any factory in which a system of shifts approved by the inspector is in force, or

(b) any kind of work exempted from the operation of this section by rules.

Weekly holiday.

22. (1) The manager of a factory shall allow not less than one whole holiday in each week to every person employed in such factory.

(2) Unless the manager gives general or special notice to the inspector that in the case of all or any of the persons employed in his factory the holiday prescribed by sub-section (1) will be allowed on a day other than Sunday, such holiday shall be allowed on Sunday.

(3) Any person who is employed in a factory on a holiday fixed by or in pursuance of this section shall be deemed to be employed contrary to the provisions of this Act.

Exception.—Nothing in this section shall apply to any foreman, mechanic, artisan or labourer, working only in repairing either the machinery in or any part of a factory.

Power to exempt from sections 21 and 22.

23. Subject to the control of the Governor General in Council, the Local Government may, by notification in the local official Gazette, exempt any class of factories or any class of persons employed in factories from the operation of section 21 or section 22.

Employment of children.

24. With respect to the employment of children in factories the following provisions shall apply:—

(a) no child shall be employed in any factory unless he is in possession of a certificate granted under section 6 showing that he is not less than nine years of age and is fit for employment in a factory; [B, cl. 9 (1).]

(b) no child shall be employed in any factory before half-past five o'clock in the morning or after seven o'clock in the evening; [B, cl. 9 (2).]

(c) no child shall be employed in any factory for more than eight and a half hours in any one day; [B, cl. 9 (4).]

(d) no child shall be actually employed in any factory for more than seven hours in any one day.

Employment of women.

25. With respect to the employment of women in factories the following provisions shall apply:—

(a) no woman shall be employed in any factory, except a factory for ginning cotton, before half-past five o'clock in the morning or after seven o'clock in the evening; [B, cl. 11.]

(b) no woman shall be actually employed in any factory for more than eleven hours in any one day.

[B, cl. 12.]

Prohibition of employment of woman or child in two factories on same day.

26. No woman or child shall be employed on any day in any factory who has to the knowledge of the manager already been employed on the same day in any other factory.

Hours to be fixed.

27. The manager of a factory shall fix specified hours for the employment of each woman and child employed in such factory, and no woman or child shall be employed except during such hours.

CHAPTER V.

TEXTILE FACTORIES.

Limit of actual employment in a textile factory.

28. No person shall be actually employed in any textile factory for more than twelve hours in any one day.

Exception.—Nothing in this section shall apply to any case exempted by rules from the operation thereof.

The Indian Factories Bill.

(Chapter V.—Textile Factories. Chapter VI.—Notices and Registers. Chapter VII.—Rules.)

Limit of total employment in a textile factory.

29. No person shall be employed in any textile factory before half-past five o'clock in the morning or after seven o'clock in the evening.

Exception.—Nothing in this section shall apply to any case exempted by rules from the operation thereof.

Limit of use of machinery in a textile factory.

30. The period for which mechanical power is used in any textile factory shall not in any one day exceed twelve hours.

Exception.—Nothing in this section shall apply to any case exempted by rules from the operation thereof.

Exceptions to sections 29 and 30.

31. Nothing in section 29 or section 30 shall apply to any factory for ginning cotton or for pressing cotton or jute, or to any factory in which a system of shifts approved by the inspector is in force.

Limit of actual employment of children in a textile factory.

32. No child shall be actually employed in any textile factory for more than six hours in one day.

Power to extend certain provisions to specified class of factories.

33. The Governor General in Council may, by notification in the Gazette of India, apply all or any of the provisions of this Chapter to any other specified class of factories.

CHAPTER VI.

NOTICES AND REGISTERS.

Person beginning to occupy factory to give notice.

34. (*1*) Every person shall, within one month after he begins to occupy a factory, send to the inspector a written notice containing the name of the factory and of the place where it is situate, the address to which he desires his letters to be directed, the nature of the work performed in such factory, the nature and amount of the moving power therein, and the name of the manager of the factory.

(*2*) If the manager of the factory is changed, the occupier shall send to the inspector, within seven days from the date on which the change was made, written notice of the change.

Notice to be given of accident.

35. When any accident occurs in a factory causing death or bodily injury, whereby the person injured is prevented from returning to his work in the factory during the forty-eight hours next after the occurrence of the accident, the manager shall send notice of such accident to such authorities in such form and within such time as may be prescribed.

Registers of children and of persons under the age of sixteen years.

36. In every factory there shall be kept a register of the children (if any) employed in such factory, and of their respective employment, and a register of all other persons below the age of sixteen years employed in the factory.

Notice fixing hours of employment, etc.

37. (*1*) There shall be affixed in some conspicuous place near the main entrance of every factory a notice in English and the language of the majority of the operatives in such factory showing for the current month—

(*a*) the periods during which all work is discontinued under section 21;

(*b*) any other periods of not less than half an hour during which all work is discontinued;

(*c*) the hours of beginning and ending work for each shift (if any);

(*d*) the hours of employment of women (if any);

(*e*) the hours of employment of children (if any) according to the different sets; and

(*f*) the dates of the holidays prescribed by section 22.

(*2*) A copy of the notice prescribed by sub-section (*1*) shall be sent to the inspector so as to reach him not later than the first day of each month.

CHAPTER VII.

RULES.

Power to make rules.

38. (*1*) Subject to the control of the Governor General in Council, the Local Government may make rules for the purpose of carrying into effect the provisions of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) the inspection of factories;

(*b*) the manner in which inspectors are to exercise the powers conferred on them by this Act;

(*c*) the duties to be performed by certifying surgeons;

(*d*) the form of the certificate prescribed by section 6;

(*e*) the methods to be adopted in order to secure cleanliness and freedom from effluvia;

(*f*) the proportion which the number of cubic feet of space in any room shall bear to the number of persons employed at one time therein;

(*g*) standards of sufficient ventilation, and the methods to be adopted in order to secure their observance;

(*h*) standards of latrine and urinal accommodation;

(*i*) standards of water-supply;

(*j*) exemptions from the operation of section 21, section 28, section 29 or section 30, and the conditions on which such exemptions shall be granted;

(*k*) the form of the notice prescribed by section 35, and the time within which and the authority to whom it shall be sent;

The Indian Factories Bill.

(Chapter VII.—Rules. Chapter VIII.—Penalties and Procedure.)

(*l*) the form of the registers prescribed by section 36; and

(*m*) the manner in which appeals under this Act shall be presented and heard.

Returns.

39. The Governor General in Council may from time to time make rules requiring occupiers or managers of factories to furnish such returns, occasional or periodical, as may in his opinion be necessary for the effectual carrying out of this Act.

Prior publication of rules.

40. The power to make rules conferred by clause (*e*), clause (*f*), clause (*g*) and clause (*i*) of section 38 and by section 39 is subject to the condition of the rules being made after previous publication.

Commencement of rules.

41. Rules made under this Chapter shall be published in the local official Gazette or the Gazette of India, as the case may be, and shall thereupon have effect as if enacted in this Act.

CHAPTER VIII.

PENALTIES AND PROCEDURE.

Penalties.

42. Any manager of a factory who—

(*a*) employs any person, or allows any person to be employed, contrary to any of the provisions of this Act;

(*b*) neglects to comply with any of the provisions of sections 8 and 10 for cleanliness, over-crowding, ventilation, and lighting;

(*c*) neglects to comply with the provisions of section 11;

(*d*) neglects to provide latrine or urinal accommodation in accordance with the provisions of section 12;

(*e*) neglects to maintain a sufficient supply of water for the persons employed in accordance with the provisions of section 13;

(*f*) constructs and maintains any door in contravention of section 14;

(*g*) neglects to comply with any order of an inspector under sections 9 and 15;

(*h*) neglects to fence any machinery, mill-gearing, hoist, teagle or opening as required by section 17;

(*i*) neglects to keep the registers prescribed by section 36;

(*j*) neglects to set up and maintain the notice required by section 37 or to send a copy thereof to the inspector;

(*k*) neglects to furnish any notice or return required by this Act, or by rules made under it;

shall be punishable with fine which may extend to two hundred rupees:

Provided that—

(i) no prosecution under this section shall be instituted except by, or with the previous sanction of, the inspector;

(ii) no prosecution under clause (*e*) or clause (*g*) of this section shall be instituted until either the time prescribed by section 20 for the presentation of an appeal has expired or such appeal, if made, has been determined;

(iii) no person shall be liable in respect of a repetition of the same kind of offence from day to day to a fine exceeding two hundred rupees, except— [1 E... 22, ...

(*a*) where the repetition of the offence occurs after a prosecution has been instituted in respect of the previous offence; or

(*b*) where the offence is one of employing or allowing to be employed two or more persons contrary to the provisions of this Act.

Penalties for certain offences.

43. Any person who—

(*a*) wilfully delays an inspector in the exercise of any power under section 4, or fails to produce, on demand by an inspector, any registers or other documents, kept in pursuance of this Act, or conceals or prevents or attempts to prevent any person employed in a factory from appearing before or being examined by an inspector;

(*b*) smokes or uses naked lights in the immediate vicinity of any inflammable material in contravention of section 16; or

(*c*) does or omits to do any other act prohibited or prescribed by this Act or any order or rule made thereunder;

shall be punishable with fine which may extend to two hundred rupees:

Provided that no one shall be required to answer any question or to give any evidence to criminate himself.

Using false certificate.

44. Any person who knowingly uses or attempts to use as a certificate granted to himself under section 6, a certificate granted to another person under that section, or who, having procured a certificate under the said section, knowingly allows it to be used, or an attempt to use it to be made, by another person, shall be punishable with fine which may extend to twenty rupees. [A, s. ...

Presumption as to employment.

45. If a person over the age of six years is found inside any room or other part of a factory in which any manufacturing process or work incidental to any manufacturing process is being carried on, he shall, until the contrary is proved, be deemed to be employed in that factory. [B, ...

Evidence as to age.

46. (1) When an act or omission would, if a person were under or over a certain age, be an offence punishable under this Act, and such person is in the opinion of the Court apparently under such age, it shall be on the accused to prove that such person is not under such age. [A, s. ...

(2) A declaration in writing by a certifying surgeon that he has personally examined a

person employed in a factory and believes him to be under or over the age set forth in such declaration shall, for the purposes of this Act, be admissible as evidence of the age of that person.

CHAPTER IX.

SUPPLEMENTAL PROVISIONS.

Power to extend application of Act.

10.] 47. The Local Government may, by notification in the local official Gazette, apply all or any of the provisions of this Act to all or any factories, not being indigo-factories or premises situated on and used solely for the purposes of a tea or coffee plantation, wherein any specified number of persons, not being less than twenty, are on any day simultaneously employed.

Special provision regarding computation of time.

48. The Local Government may, by notification in the local official Gazette, direct, in respect of any area in which the hours of the day are not ordinarily reckoned according to local mean time, that for the hours specified in section 24, clause (*b*), section 25, clause (*a*), and section 29, hours reckoned according to the standard of time ordinarily observed in such area shall be substituted :

Provided that no direction made under this section shall authorize a variation of more than fifteen minutes from the hours specified in the said sections.

Application to Crown factories.

49. This Act shall apply to factories belonging to the Crown.

Powers to exempt from Act.

50. In case of any public emergency, the Local Government may, by an order in writing, exempt any factory from this Act to such extent and during such period as it thinks fit.

Exercise of powers by Governor General in Council.

51. The Governor General in Council may, if he thinks fit, exercise any power which is by this Act conferred upon the Local Government.

Repeal and savings.

52. The Indian Factories Act, 1881, and the Indian Factories Act, 1891, are hereby repealed :

Provided that all appointments made and all certificates given under the said Acts shall be deemed to have been made or given under this Act.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to consolidate and amend the law in India relating to factories. The Indian Factories Acts of 1881 and 1891 will be repealed and the new Act will take their place. The Report submitted by the Factory Labour Commission in 1908 disclosed the existence of abuses in factories, particularly in connection with the employment of children and the length of the hours for which the operatives generally were employed. The Commission made proposals with the object of checking these abuses, and also submitted proposals for strengthening the law on several points so that inspection might be more effective and the administration of the law improved. It is now proposed to undertake legislation to give effect to these recommendations in so far as they have been approved by Government. The opportunity has been taken to remodel the framework of the existing law, and to redraft several of its provisions.

2. The report of the Commission showed that excessive hours were not worked except in textile factories. The restrictions which it is considered necessary to impose in the case of textile factories are the following :—

(1) No person shall be actually employed for more than 12 hours in any one day.

(2) No person shall be employed before 5-30 in the morning or after 7 in the evening.

(3) The period for which mechanical power is used shall not in any one day exceed 12 hours.

(4) No child shall be employed for more than 6 hours in any one day.

Of the above restrictions, the second and third will not apply to any factory in which a system of shifts approved by the inspector is in force, nor to any factory for ginning cotton or for pressing cotton or jute. Power is also taken to grant exemption in special cases from restrictions (1), (2) and (3).

The Government of India will be empowered to extend by notification the provisions of the law relating to textile factories to any other specified class of factories should the necessity arise. In the case of non-textile factories, certain new restrictions have been proposed in the case of women and children, which are explained in the notes on clauses 24 and 25.

3. The existing Act contains no substantive provisions providing for the health and safety of the operatives, except one section which deals with the fencing of machinery. In accordance with the recommendation of the Factory Labour Commission, a number of provisions for securing the health and safety of the operatives have been included in

Chapter III of the Bill. These provisions are in some cases borrowed from the English Factory and Workshop Act of 1901, and in others are based on rules which are already in force in several Provinces.

4. Several provisions have been inserted in the Bill with the object of making inspection more effective, increasing the powers of the inspectors and providing generally for the better administration of the Act. The existing law makes the occupier of the factory primarily liable for any breach of its provisions and of the rules and orders made thereunder. It has been found difficult to enforce this responsibility, and in the Bill it is now proposed that, in place of the occupier, the manager of the factory shall be held responsible when any offence is committed against the Act.

5. The important changes in the law are explained in the subjoined notes on clauses.

The 27th July 1909. W. L. HARVEY.

Notes on Clauses.

Clause 2.—

Sub-clause (2).—A definition of the term "actually employed" has been inserted *vide* section 10 (2) of the existing Act).

Sub-clause (4).—The words "for not less than four months in the whole in any one year" which occur in the definition of a "factory," in section 2 of the existing Act have been omitted. The effect of this change will be to bring seasonal factories within the purview of the Act as recommended by the Factory Labour Commission.

Sub-clause (8).—A definition of the term "textile factory" has been inserted on the model of section 149 of the English Factory and Workshop Act, 1901.

Sub-clause (9).—The meaning of the term "week" has been defined with reference to clause 22 which prescribes a weekly holiday. The effect of this definition is that, when another day is given as a holiday in lieu of the Sunday, any one of the six days immediately preceding the Sunday can be substituted.

Clause 3 (3).—Under the existing law the District Magistrate is, by virtue of his office, an inspector of all factories in his district. In future, while he will retain the powers of an inspector, he will not, unless specially appointed by the Local Government, be the inspector to perform in any local area the duties imposed on the inspector by the Act.

Clause 4 (c).—This provision reproduces section 119 (1) (g) of the English Statute. Clause (c) of section 4 of the existing Act is no longer necessary, as the employment of a child who is not in possession of an age certificate will be made an offence.

Clause 6.—As it is proposed that the possession of age certificates by children should be compulsory, the fee which is at present levied for the grant of such certificates will be abolished.

Clause 7.—It is considered probable that delay may sometimes occur before children, whom it is proposed to employ in a factory, can be passed for age by the certifying surgeon. In order to prevent the inconvenience which might thus be caused, this clause provides for the grant of a provisional certificate by a qualified medical practitioner authorized by the certifying surgeon.

Clauses 8, 12 and 13.—In the present Act there are no substantive provisions dealing with ventilation, over-crowding, etc., and doubt has been expressed whether rules made under section 18, sub-section (1), clauses (b), (c) and (d), would be held by the Courts to be "consistent with the Act." To remove all doubt on this point, clauses 8, 12 and 13 have been inserted in the Bill. Clause 8 is based on section 1 of the English Statute.

Clause 9.—In several classes of factories, more particularly cotton-presses, rice-mills, flour-mills and paper-mills, the amount of solid impurities in the atmosphere is sometimes so large as to cause serious danger to the health of the operatives. In some of the better managed factories mechanical appliances have been used which entirely obviate this danger, and it is proposed that power should be taken to insist on the provision of such appliances wherever they are needed (*vide* section 74 of the English Statute).

Clause 10.—It is considered desirable that, in the interest of the operatives, the inspector should have power to insist on proper arrangements for lighting.

Clause 11.—The water used for humidifying purposes is in some cases drawn from impure sources. This clause has been framed on the model of section 94 (1) of the English Statute in order to rectify this. It imposes no burden on factories which have at present a supply of reasonably pure water.

Clause 14.—This clause, which is modelled on section 16 (2) of the English Statute, will provide a useful precaution against accidents.

Clause 15.—In many factories no adequate provision is made for the escape of the operatives from the upper storeys in case of fire. Most factories in India with more than one storey are cotton factories; and in view of the danger of fires occurring there and the rapidity with which they spread, it is considered essential that this defect should be remedied. A provision similar to this clause will be found in section 14 of the English Statute.

Clause 16.—In order to secure the safety of the operatives, it is necessary that smoking and the use of naked lights in certain portions of the factory should be forbidden. The want of this precaution led to fires in two cotton-presses which resulted in serious loss of life.

Clause 17.—This clause reproduces section 12 of the present Act, with amendments requiring hoists or teagles, and hoist-wells, trapdoors and other similar openings near which people are liable to pass or be employed, to be kept at all times fenced, the fencing to be to the satisfaction of, and in accordance with any orders given by, the local inspector. Experience has shown that hoists are more dangerous when at rest than while in motion, as there is then nothing to draw attention to the well.

Clause 18.—This clause is based on section 8 of the present Act. The prohibition of the employment of children in certain kinds of dangerous work has been extended to women.

Clause 19.—The object of this clause is to prevent the employment of women in front of the machines known as "openers" which are used in cotton-presses. A considerable number of women have been burnt to death in the past owing to fires occurring in the opener. The machine is of a dangerous character, and fires frequently occur owing to the presence of matches in the raw cotton or to sparks caused by stones or similar bodies coming in contract with exposed portions of the metal works inside the opener.

Clause 21.—Under section 5-A of the present Act, in every factory, except where a system of shifts is in force, there must be a stoppage of all work for half an hour between noon and two o'clock. In place of this, the Bill prescribes that in every factory there shall be fixed, at intervals not exceeding six hours, periods of not less than half an hour during which all work shall be discontinued. It is considered that under the conditions prevailing in India no operative should be required to work for more than six hours continuously, and that the law should make this clear. Provision is made for exempting any specified kinds of work from the stoppage by sub-clause (b), and clause 23 empowers the Local Government to exempt specified classes of factories altogether.

Clause 22.—This clause is based on section 5-B of the present Act, but its provisions have been redrafted. It provides that when a day other than Sunday is given as the weekly holiday, general or special notice must be given to the inspector. Clause 23 empowers the Local Government to exclude any class of factories, or any class of persons employed in factories, from the weekly holiday. The term "week" is defined in clause 2 (9).

Clause 24.—This clause is based on section 7 of the present Act, but certain important amendments are proposed. At present no child may be employed if he is under nine years of age; in future he must be in possession of a certificate that he is not less than nine years of age and is fit for employment in a factory. At present no child may be employed except between 5 A. M. and 8 P. M. In future the limits will be 5-30 A. M. and 7 P. M. The provision prescribing an interval of rest during the period of employment has been omitted, but a new sub-clause has been inserted, providing that no child may be employed for more than eight and a half hours in any one day from the time at which he first arrived at the factory.

Clause 25.—This clause follows section 6 of the present Act. As in the case of children the hours during which the employment of women is permissible have been shortened. Exceptions to the general rule in this matter will be allowed only in cotton-ginning factories. No exception will be made as under the present law in the case of factories which work in shifts. The intervals of rest amounting in the aggregate to 1½ hours prescribed for women by the present law are found in practice to be too long and are seldom taken advantage of, and the provision prescribing them has been omitted. The general power of exemption from the provisions of section 6 of the existing Act vested in the Governor General in Council is not reproduced.

Clause 27.—This provision is considered necessary in order that inspection may be effective and compliance with the law secured.

Clause 34.—This clause reproduces section 14 of the existing Act and requires, in addition, that, if the manager is changed, notice shall be given to the inspector within seven days.

Clause 36.—This clause prescribes, in addition to the registers required under section 9 of the present Act, the maintenance of a register of persons under the age of 16 years. It is thought that this register will be of assistance to the inspector in detecting cases of the employment, as full-timers, of children who are under, but near, the age of 14.

Clause 37.—This clause is based on section 10 of the present Act, but is fuller and more complete.

Clauses 38 to 41.—These clauses are based on section 18 of the existing Act. Sub-clause (*a*) of section 18, regarding the fencing of machinery, has been omitted, as clause 17 makes further provision for this matter unnecessary.

Clause 42.—Section 17 of the present Act provides that every occupier of a factory shall be deemed primarily liable for any breach of the Act or of any order or rule made thereunder. It has been found difficult in practice to enforce the responsibility which the law has placed on the occupier, and it is now proposed to take a different course. This clause makes the manager of a factory liable to punishment for offences against the Act. Proviso (*iii*) follows section 143 of the English Statute.

Clause 43.—For the proper administration of the Act it is essential that the inspector should be protected from interference in the discharge of his duties. Sub-clause (*a*) has therefore been inserted on the model of section 199 (*3*) of the English Statute. Sub-clauses (*b*) and (*c*) provide for the punishment of persons, other than the manager, for offences against the Act.

Clause 44.—The word "knowingly" has been substituted for the word "corruptly" which occurs in section 15 (2) of the existing Act. The former is the recognised statutory word and the one used in section 139 of the English Statute.

Clause 45.—This clause is intended to remove a difficulty which is often experienced in proving that children under age, who are found by the inspector in a factory, have been employed there. It is not considered possible to prohibit the presence in factories of such children, but the clause provides that, if any person above the age of six years is found in any part of a factory, where any manufacturing processes are carried on, he shall be deemed to be employed there, unless the contrary is proved.

Clause 48.—In any place where the hours of the day are ordinarily computed by local mean time, no difficulty will arise in observing the hours for beginning and ending work prescribed by clauses 24, 25 and 29 of the Bill. But where the hours of the day are reckoned according to Indian standard time, there might be wide variations in the actual time of starting and stopping work at different places. At Karachi, for instance, mills might start work ninety minutes earlier in the day than those in Calcutta. This clause therefore empowers each Local Government, to fix once for all, for each industrial centre where standard time is recognized, the equivalent of 5-30 A. M. and 7 P. M. local mean time in terms of Indian standard time to the nearest quarter of an hour.

J. M. MACPHERSON,

Secretary to the Government of India.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 30th July, 1909:

No. 4 OF 1909.

A Bill further to amend the Indian Companies Act, 1882.

WHEREAS it is expedient further to amend the Indian Companies Act, 1882; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Companies (Amendment) Act, 1909.

Insertion of new sections after section 73.

2. After section 73 of the Indian Companies Act, 1882, the following shall be inserted, namely:—

Payment of interest out of capital.

Power of Company to pay interest out of capital in certain cases.

"73A. Where any shares of a Company are issued for the purpose of raising money to defray the expenses of the construction of any works or buildings or the provision of any plant which cannot be made profitable for a lengthened period, the Company may pay interest on so much of that share capital as is for the time being paid up for the period and subject to the conditions and restrictions in this section mentioned, and may charge the same to capital as part of the cost of construction of the work or building, or the provision of plant:

Provided that—

(1) no such payment shall be made unless the same is authorized by the Company's articles of association or by special resolution;

(2) no such payment, whether authorized by the articles of association or by special resolution, shall be made without the previous sanction of the Governor General in Council;

(3) before sanctioning any such payment, the Governor General in Council may, at the expense of the Company, appoint a person to inquire and report to him as to the circumstances of the case, and may, before making the appointment, require the Company to give security for the payment of the costs of the inquiry;

(4) the payment shall be made only for such period as may be determined by the Governor General in Council, and such period shall in no case extend beyond the close of the half-year next after the half-year during which the works or buildings have been actually completed or the plant provided;

(5) the rate of interest shall in no case exceed four per cent. per annum or such lower rate as the Governor General in Council may, by notification in the Gazette of India, prescribe;

(6) the payment of the interest shall not operate as a reduction of the amount paid up on the shares in respect of which it is paid;

(7) the accounts of the Company shall show the share capital on which, and the rate at which, interest has been paid out of capital during the period to which the accounts relate;

(8) nothing in this section shall affect any Company to which the Indian Railway Companies Act, 1895, or the Indian Tramways Act, 1902, applies.

Re-issue of Redeemed Debentures.

Power to re-issue redeemed debentures in certain cases.

"73B. (1) Where either before or after the passing of this Act a Company has redeemed any debentures previously issued, the Company, unless the articles of association or the conditions of issue expressly otherwise provide, or unless the debentures have been redeemed in pursuance of any obligation on the Company so to do (not being an obligation enforceable only by the person to whom the redeemed debentures were issued or his assigns), shall have power, and shall be deemed always to have had power, to keep the debentures alive for the purposes of re-issue, and where a Company has purported to exercise such a power the Company shall have power, and shall be deemed always to have had power, to re-issue the debentures either by re-issuing the same debentures or by issuing other debentures in their place, and upon such a re-issue the person entitled to the debentures shall have, and shall be deemed always to have had, the same rights and priorities as if the debentures had not previously been issued.

(2) Where with the object of keeping debentures alive for the purpose of re-issue they have either before or after the passing of this Act been transferred to a nominee of the Company, a transfer from that nominee shall be deemed to be a re-issue for the purposes of this section.

(3) Where a Company has either before or after the passing of this Act deposited any of its debentures to secure advances from time to time on current account or otherwise, the debentures shall not be deemed to have been redeemed by reason only of the account of the Company having ceased to be in debit whilst the debentures remained so deposited.

(4) The re-issue of a debenture or the issue of another debenture in its place under the power by this section given to, or deemed to have been possessed by, a Company, whether the re-issue or issue was made before or after the passing of this Act, shall be treated as the issue of a new debenture for the purposes of stamp-duty, but it shall not be so treated for the purposes of any provision limiting the amount or number of debentures to be issued:

Provided that any person lending money on the security of a debenture re-issued under this section which appears to be duly stamped may

give the debenture in evidence in any proceedings for enforcing his security without payment of the stamp-duty or any penalty in respect thereof, unless he had notice or, but for his negligence, might have discovered, that the debenture was not duly stamped, but in any such case the Company shall be liable to pay the proper stamp-duty and penalty.

(5) Nothing in this section shall prejudice—

(a) the operation of any decree or order of a Court of competent jurisdiction passed or made before the date of the passing of this Act as between the parties to the proceedings in which the decree was passed or the order made, and any appeal from any such decree or order shall be decided as if this Act had not been passed ; or

(b) any power to issue debentures in the place of any debentures paid off or otherwise satisfied or extinguished, reserved to a Company by its debentures or the securities for the same."

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to make provision for the payment of interest out of capital by Companies during the period of construction of works or buildings, and to grant to Joint Stock Companies the power to re-issue redeemed debentures in certain circumstances. The amending clauses follow, with the necessary modifications, clauses 91 and 104 of the Companies (Consolidation) Act, 1908 (8 Edw. 7, ch. 69).

The 16th July, 1909.

W. L. HARVEY.

J. M. MACPHERSON,
Secretary to the Government of India.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 30th July 1909:

No. 5 OF 1909.

THE INDIAN ELECTRICITY BILL.

CONTENTS.

PART I.

PRELIMINARY.

CLAUSES.

1. Short title, extent and commencement.
2. Definitions.

PART II.

SUPPLY OF ENERGY.

Licenses.

3. Grant of licenses.
4. Revocation or amendment of licenses.
5. Provisions where license of licensee, not being a local authority, is revoked.
6. Provisions where license of local authority is revoked.
7. Purchase of undertaking.
8. Provisions where no purchase and license revoked with consent of licensee.
9. Licensee not to purchase, or associate himself with, other licensed undertakings or transfer his undertaking.
10. General power for Government to vary terms of purchase.
11. Annual accounts of licensee.

Works.

12. Provisions as to the opening and breaking up of streets, railways and tramways.
13. Notice of new works.
14. Alteration of pipes or wires.

CLAUSES.

15. Laying of electric supply-lines or other works near sewers, pipes or other electric supply-lines or works.
16. Streets, railways, tramways, sewers, drains or tunnels broken up to be reinstated without delay.
17. Notice to telegraph-authority.
18. Aërial lines.
19. Compensation for damage.

Supply.

20. Power for licensee to enter premises and to remove fittings or other apparatus of licensee.
21. Restrictions on licensee's controlling or interfering with use of energy.
22. Obligation on licensee to supply energy.
23. Charges for energy to be made without undue preference.
24. Discontinuance of supply to consumer neglecting to pay charge.
25. Exemption of electric supply-lines or other apparatus from attachment in certain cases.
26. System of supply.
27. Meters.
28. Supply of energy outside area of supply.

Supply by non-licensees.

29. Sanction required by non-licensees in certain cases.

PART III.

TRANSMISSION AND USE OF ENERGY.

30. Control of transmission and use of energy.

PART IV.

GENERAL.

Protective Clauses.

31. Protection of railways and canals, docks, wharves and piers.
32. Protection of telegraphic, telephonic and electric-signalling lines.

CLAUSES.

33. Notice of accidents and inquiries.

34. Prohibition of connection with earth and power for Government to interfere in certain cases of default.

Administration and Rules.

35. Advisory Boards.

36. Appointment of Electric Inspectors.

37. Power for Government to make rules.

38. Further provisions respecting rules.

Criminal Offences and Procedure.

39. Penalty for theft of energy.

40. Penalty for maliciously wasting energy or injuring works.

41. Penalty for unauthorized breaking up of streets.

42. Penalty for illegal or defective supply or for non-compliance with order.

43. Penalty for illegal transmission or use of energy.

44. Penalty for interference with meters or licensee's works and for improper use of energy.

45. Penalty for extinguishing public lamps.

46. Penalty for negligently wasting energy or injuring works.

47. Penalty for offences not otherwise provided for.

48. Penalties not to affect other liabilities.

49. Penalties where works belong to Government.

50. Institution of prosecutions.

Supplementary.

51. Exercise in certain cases of powers of telegraph-authority.

52. Arbitration.

53. Service of notices, orders or documents.

54. Recovery of sums recoverable under certain provisions of Act.

55. Delegation of certain functions of Local Government to Electric Inspectors.

56. Protection for acts done in good faith.

CLAUSES.

57. Amendment of the Land Acquisition Act, 1894.

58. Repeals and savings.

THE SCHEDULE.

PROVISIONS TO BE DEEMED TO BE INCORPORATED WITH, AND TO FORM PART OF, EVERY LICENSE GRANTED UNDER PART II.

Security and accounts.

I. Security for execution of works of licensee not being local authority.

II. Audit of accounts of licensee not being local authority.

III. Separate accounts.

Compulsory works and supply.

IV. Execution of work after commencement of license.

V. Provisions as to laying down of further distributing mains.

VI. Requisition for supply to owners or occupiers in vicinity.

VII. Provisions as to laying electric supply-lines under special agreement.

VIII. Supply for public lamps.

Supply by bulk-licensees.

IX. Special provisions applying to supply by bulk-licensees.

Charges.

X. Methods of charging.

XI. Maximum charges.

XII. Charge for supply for public lamps.

Testing and inspection.

XIII. Licensee to establish testing stations and keep instruments for testing.

XIV. Facilities for testing.

XV. Testing of works.

Plans.

XVI. Plan of area of supply to be made and kept open for inspection.

Additional notice of certain works.

XVII. Notice to Electric Inspector.

[The bracketed marginal references relate to sections of the Indian Electricity Act, 1903, unless otherwise specified.

The italicised portions indicate fresh matter or alterations as compared with the Act of 1903.]

A Bill to amend the law relating to the supply and use of electrical energy.

WHEREAS it is expedient to *amend the law relating to* the supply and use of electrical energy; It is hereby enacted as follows:—

PART I.

PRELIMINARY.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Electricity Act, 1909.

(*2*) It extends to the whole of British India, inclusive of British Baluchistan and the Santhal Parganas; and

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, direct in this behalf.

85. Definitions.

2. In this Act, expressions defined in the Indian Telegraph Act, 1885 have the meanings assigned to them in that Act, and, unless there is anything repugnant in the subject or context,—

(*a*) "aërial line" means any electric supply-line which is placed above ground and in the open air:

(*b*) "area of supply" means the area within which alone a licensee is for the time being authorized *by his license* to supply energy:

(*c*) "consumer" means any person *who is* supplied with energy by a licensee, *or whose premises are for the time being connected for the purposes of a supply of energy with the works of a licensee:*

(*d*) "daily fine" means a fine for each day on which an offence is continued after conviction therefor:

(*e*) "distributing main" means the portion of any main *with which a service line is, or is intended to be, immediately connected:*

(*f*) "electric supply-line" means a wire, conductor or other means used for conveying, transmitting or distributing energy for any purpose, together with any casing, coating, covering, tube, pipe or insulator enclosing, surrounding or supporting the same or any part thereof or any apparatus connected therewith for the purpose of so conveying, transmitting or distributing such energy:

(*g*) "energy" means electrical energy:

(*h*) "licensee" means any person licensed under Part II to supply energy:

(*i*) "main" means any electric supply-line through which energy *is*, or is intended to be, supplied by *a* licensee *to the public generally:*

(*j*) *"prescribed" means prescribed by rules made under the Act:*

(*k*) "purpose" includes any purpose except the transmission of a message: [*n.*]

(*l*) "service line" means any electric supply-line through which energy *is*, or is intended to be, supplied by a licensee to a consumer either from a *distributing* main or *immediately* from the licensee's premises: [*o.*]

(*m*) "street" includes any way, road, lane, square, court, alley, passage or open space, whether a thoroughfare or not, over which the public have a right of way, and also the roadway and footway over any public bridge or causeway: and [*p.*]

(*n*) "works" includes electric supply-lines and any buildings, machinery or apparatus required to supply energy and to carry into effect the objects of a *license granted under Part II.* [*q.*]

PART II.

SUPPLY OF ENERGY.

Licenses.

Grant of licenses. [*s.* 4 (1).]

3. (*1*) The Local Government may, *upon an application submitted in the prescribed form and with the prescribed particulars, and on payment of the prescribed fee* (*if any*), grant to any person a license to supply energy for any purpose in any specified area, and also to lay down *or place* electric supply-lines for the conveyance and transmission of energy from a generating station situated outside such area to the boundary of such area in any case in which the energy to be supplied is to be generated outside such area, *or between points within such area across any intervening area not included therein.*

(*2*) In respect of every such license and the grant thereof the following provisions shall have effect, namely:—

(*a*) any person applying for a license under this Part shall publish a notice of his application in *the prescribed* manner and with *the prescribed* particulars, and *the* license shall *not* be granted

(i) until all objections received by the Local Government with reference thereto have been considered by it:

Provided that no objection shall be so considered unless it is received before the expiration of three months from the date of the first publication of such notice as aforesaid: and [*s.* 40.]

(ii) *until, in the case of an application for a license for an area including the whole or any part* of any cantonment, fortress, arsenal, dockyard or camp or of any building or place in the occupation of the Government for naval or military purposes, *the Local Government has ascertained that*

there is no objection to the grant of the license on the part of the Commander-in-Chief in India;

(*b*) *where an objection is received under clause (a) from any* local authority concerned, the Local Government *shall*, if in *its* opinion *the objection* is insufficient, record in writing and communicate to such local authority *its* reasons for such opinion;

(*c*) no application for a license under this Part shall be made by any local authority except in pursuance of a resolution passed at a meeting of such authority held after one month's previous notice of the same and of the purpose thereof has been given in the manner in which notices of meetings of such local authority are usually given;

(*d*) a license under this Part may prescribe such terms *as to the persons to whom and the purposes for which energy may be supplied*, as to the limits within which, and the conditions under which, the supply of energy is to be compulsory or permissive, and as to the limits of price to be charged in respect of the supply of energy, and generally as to such matters as the Local Government may think fit;

(*e*) the grant of a license under this Part for any purpose shall not in any way hinder or restrict the grant of another license to another person within the same area of supply for a like purpose;

(*f*) the provisions contained in the Schedule shall be deemed to be incorporated with, and to form part of, every license granted under this Part, save in so far as they are expressly added to, varied or excepted by the license, and shall, subject to *any* such additions, variations or exceptions which the Local Government is hereby empowered to make, apply to the undertaking authorized by the license:

Provided that, where a license is granted, in accordance with the provisions of clause IX of the Schedule for the supply of energy to other licensees for distribution by them, then, in so far as such license relates to such supply, the provisions of clauses IV, V, VI, VII, VIII and XII of the Schedule shall not be deemed to be incorporated with the license.

(*3*) *Nothing in this section shall be deemed to prohibit the grant of a single license authorizing the licensee to supply energy generally for any purpose as well as to other licensees for distribution by them.*

(*4*) *The exercise of the powers conferred on the Local Government by this section shall be subject to the control of the Governor General*

4. (*1*) The Local Government may if in its opinion the public interest so requires, revoke a license in any of the following cases, namely:— [s. 4 (1).]

Revocation or amendment of licenses.

(*a*) where the licensee, in the opinion of the Local Government, makes wilful and unreasonably prolonged default in doing anything required of him by or under this Act;

(*b*) where the licensee breaks any of the terms or conditions of his license the breach of which is expressly declared by such license to render it liable to revocation;

(*c*) where the licensee, not being a local authority, fails, within *the* period *fixed in this behalf by* his license or *any longer* period *which* the Local Government may *substitute therefor by order under sub-section (3), clause (b)*, and before exercising any of the powers conferred on him thereby in relation to the execution of works,—

(i) to show, to the satisfaction of the Local Government, that he is in a position fully and efficiently to discharge the duties and obligations imposed on him by his license, or

(ii) to make the deposit or furnish the security required by his license;

(*d*) where the licensee is, in the opinion of the Local Government, unable, by reason of his insolvency, fully and efficiently to discharge the duties and obligations imposed on him by his license;

(*e*) where the licensee, not being a local authority, shows, to the satisfaction of the Local Government, at any time after the commencement of his license, that his undertaking cannot be carried on with profit and ought to be abandoned;

(*f*) where the licensee supplies energy by means of some system not *provided for under section 26, sub-section (1).*

(*2*) Where the Local Government might, under sub-section (*1*), revoke a license, it may, instead of revoking the license, permit it to remain in force subject to such further terms and conditions as it thinks fit *to impose*, and any further terms or conditions *so imposed* shall be binding upon, and be observed by, the licensee, and shall be of like force and effect as if they were contained in the license. [s. 4 (3).]

(*3*) *Where* in its opinion the public interest so *permits*, the Local Government may, *on the application or* with the consent of the licensee, and, if the licensee is not a local authority, *after consulting* the local authority (if any) concerned,— [s. 4 (2) (a).]

(*a*) revoke a license as to the whole or any part of the area of supply upon such terms and conditions as it

(*b*) *make such alterations or amendments in the terms and conditions of a license, including the provisions specified in section 3, sub-section (2), clause (f), as it thinks fit.*

[s. 5.] 5. Where the Local Government revokes, under *section 4, sub-section (1)*, the license of *a* licensee, not being a local authority, the following provisions shall have effect, namely :—

Provisions where license of licensee, not being a local authority, is revoked.

(*a*) the Local Government shall serve a notice of the revocation upon the licensee, and, *where the whole of the area of supply is included in the area for which a single local authority is constituted*, upon *that* local authority *also*, and shall in the notice fix a date on which the revocation shall take effect; and on and with effect from that date all the powers and liabilities of the licensee under this Act shall absolutely cease and determine;

(*b*) *where a notice has been served on a local authority under clause* (*a*), *the local authority may*, within one month after the service of *the* notice *and with the written consent of* the Local Government, by notice in writing, require the licensee to sell, and thereupon the licensee shall sell, the undertaking to the local authority on payment of the value of all lands, buildings, works, materials and plant of the licensee suitable to, and used by him for, the purpose of the undertaking, such value to be, in case of difference or dispute, determined by arbitration :

Provided that the value of such lands, buildings, works, materials and plant shall be deemed to be their fair market-value at the time of purchase, due regard being had to the nature and condition for the time being of such lands, buildings, works, materials and plant, and to the state of repair thereof, and to the circumstance that they are in such a position as to be ready for immediate working, and to the suitability of the same for the purposes of the undertaking, but without any addition in respect of compulsory purchase or of goodwill or of any profits which may be or might have been made from the undertaking, or of any similar considerations;

(*c*) where no purchase has been effected by *the* local authority under clause (*b*), and any other person is willing to purchase the undertaking, the Local Government may, if it thinks fit, with the consent of the licensee, or without the consent of the licensee in case the price is not less than that for which the local authority might have purchased the same, require the licensee to sell, and thereupon the licensee shall sell, the undertaking to such other person;

(*d*) where a purchase has been effected under clause (*b*) or clause (*c*), the undertaking shall vest in the purchaser free from any debts, mortgages or similar obligations of the licensee or attaching to the undertaking; and the revocation of the license shall extend only to the revocation of the rights, powers, authorities, duties and obligations of the licensee from whom the undertaking is purchased, and, save as aforesaid, the license shall remain in full force, and the purchaser shall be deemed to be the licensee;

(*e*) where no purchase has been effected under clause (*b*) or clause (*c*), *or where the whole of the area of supply is not included in the area for which a single local authority is constituted*, the Local Government shall have the option of purchasing the undertaking and, if the Local Government elects to purchase, the licensee shall sell the undertaking to the Local Government upon terms and conditions similar to those set forth in clauses (*b*) and (*d*), save that the license shall, in so far as the Local Government is concerned, cease to have any further operation;

(*f*) where no purchase has been effected under any of the foregoing clauses, the Local Government may forthwith cause the works of the licensee to be removed and *every* street *in, under, over, along or across which, or part of which, such works have been placed* to be reinstated, and recover the cost of such removal and reinstatement from the licensee;

(*g*) if the licensee has been required, *under clause* (*b*) *or clause* (*c*), to sell the undertaking, and if the sale has not been completed by the date fixed in the notice issued under clause (*a*), the purchaser may, with the previous sanction of the Local Government, work the undertaking pending the completion of the sale.

[s. 6.] 6 (1) Where the Local Government revokes the license of a local authority *under section 4, sub-section* (*1*), *and any person is willing to purchase the undertaking, the Local Government may, if it thinks fit, require the local authority to sell, and thereupon the local authority shall sell, the undertaking to such person on such terms as the Local Government thinks just.*

Provisions where license of local authority is revoked.

(2) *Where no purchase has been effected under sub-section (1) the Local Government* may forthwith cause the works of the licensee to be removed and *every* street *in, under, over, along, or across which, or part of which, such works have been placed* to be reinstated, and recover the cost of such removal and reinstatement from the licensee.

[s. 7.] 7. (1) Where a license has been granted *to any person not being a local authority, and the whole of the area of supply is included in the*

Purchase of undertaking.

The Indian Electricity Bill.

(Part II.—Supply of Energy.)

area for which a single local authority is constituted, the local authority shall, on the expiration of such period, not exceeding forty-two years, and of every such subsequent period, not exceeding ten years, as shall be specified in this behalf in the license, have the option of purchasing the undertaking, and, if the local authority, with the previous sanction of the Local Government, elects to purchase, the licensee shall sell the undertaking to it upon terms and conditions similar to those set forth in section 5, clauses (*b*) and (*d*).

(*2*) *Where the* local authority does not elect to purchase *under sub-section* (*1*), *or where the whole of the area of supply is not included in the area for which a single local authority is constituted*, the Local Government shall have the like option upon the like terms and conditions, save that the license shall, in so far as the Local Government is concerned, cease to have any further operation.

(*3*) Not less than *two years'* notice in writing of any election to purchase under this section shall be served upon the licensee by the local authority or the Local Government, as the case may be.

(*4*) Notwithstanding anything hereinbefore contained, *a* local authority may, with the previous sanction of the Local Government, waive its option and enter into an agreement with the licensee for the working by him of the undertaking until the expiration of the next subsequent period referred to in sub-section (*1*), upon such terms and conditions as may be stated in such agreement.

Provisions where no purchase and license revoked with consent of licensee.

8. Where, on the expiration of any of the periods referred to in section 7, sub-section (*1*), neither *a* local authority nor the Local Government purchases the undertaking, and the license is, *on the application or* with the consent of the licensee, revoked, the licensee shall have the option of disposing of all lands, buildings, works, materials and plant belonging to the undertaking in such manner as he may think fit:

Provided that, if the licensee does not exercise such option within a period of six months, the Local Government may proceed to take action as provided in section 5, clause (*f*).

Licensee not to purchase, or associate himself with, other licensed undertakings or transfer his undertaking.

9. (*1*) The licensee shall not, at any time without the previous consent in writing of the Local Government, acquire, by purchase or otherwise, *the license or* the undertaking of, or associate himself with, any person supplying, or intending to supply, energy under any other license, and, before applying for such consent, the licensee shall give not less than one month's notice of the application to every local authority, both in the licensee's area of supply, and also in the area or district in which such other person supplies, or intends to supply, energy:

Provided that nothing in this sub-section shall be construed to require the consent of the Local Government for the supply of energy by one licensee to another in accordance with the provisions of clause (IX) of the Schedule.

(*2*) The licensee shall not at any time *assign his license or transfer* his undertaking, or any part thereof, by sale, mortgage, lease, exchange or otherwise without the previous consent in writing of the Local Government.

(*3*) Any agreement relating to any transaction of the nature described in sub-section (*1*) or sub-section (*2*), *unless* made *subject to* such consent as aforesaid, shall be void.

General power for Government to vary terms of purchase.

10. Notwithstanding anything in sections 5, 7 and 8, the Local Government may, *subject to the control* of the Governor General in Council, in any license granted under this Act,—

(*a*) vary the terms *and conditions* upon which *the* licensee shall be bound to sell his undertaking, *or*

(*b*) *direct that, subject to such conditions and restrictions (if any) as it may think fit to impose, the provisions of the said sections or any of them shall not apply.*

Annual accounts of licensee.

11. (*1*) Every licensee shall, *unless expressly exempted from the liability by his license*, prepare and render to the Local Government *or to such authority as the Local Government may appoint in this behalf*, on or before *the prescribed* date in each year, an annual statement of accounts of his undertaking made up to such date, in such form, and containing such particulars, as may be prescribed *in this behalf*.

(*2*) The licensee shall keep copies of such annual statement at his office and sell the same to any applicant at a price not exceeding one rupee per copy.

Works.

Provisions as to the opening and breaking up of streets, railways and tramways.

12. (*1*) Any licensee may, from time to time but subject always to the terms and conditions of his license, *within the area of supply, or, when permitted by the terms of his license to lay down or place electric supply-lines without the area of supply, without that area*—

(*a*) open and break up the soil and pavement of any street, railway or tramway;

(*b*) open and break up any sewer, drain or tunnel in or under any street, railway or tramway;

(*c*) lay down and place electric supply-lines and other works;

(*d*) repair, alter or remove the same; and

(*e*) do all other acts necessary for the due supply of energy:

Provided that the licensee shall, when exercising the powers conferred upon him by this sub-section, in respect of any street, observe any rules or bye-laws for the time being in force for the regulation of the repairs thereof or facilitating traffic thereon.

*(*2*) Nothing contained in sub section (*1*) shall be deemed to authorize or empower a licensee, without the consent of the local authority or of the owner and occupier concerned, as the case may be, to lay down or place any electric supply-line or other work in, through or against any building, or on, over or under any land not dedicated to public use whereon, whereover or whereunder

The Indian Electricity Bill.

(Part II.—Supply of Energy.)

any electric supply-line or work has not already been lawfully laid down or placed by such licensee:

Provided that any stay or strut required for the sole purpose of securing in position any support of an aërial line may be fixed on any building or land or, having been so fixed, may be altered, notwithstanding the objection of the owner or occupier of such building or land, if the District Magistrate or, in a Presidency-town, the Commissioner of Police by order in writing so directs:

Provided, also, that, if at any time the owner or occupier of any building or land on which any such stay or strut has been fixed shows sufficient cause, the District Magistrate or, in a Presidency-town, the Commissioner of Police may by order in writing direct any such stay or strut to be removed or altered.

(3) Every order made by a District Magistrate or a Commissioner of Police under sub-section (2) shall be subject to revision by the Local Government.

(4) Nothing contained in sub-section (1) shall be deemed to authorize or empower any licensee to open or break up any street not repairable by *the Government or* a local authority, or any railway or tramway, *except such streets, railways or tramways (if any), or such parts thereof, as he is specially authorized to break up by his license*, without the *written* consent of the person by whom the same is repairable, unless with the written consent of the Local Government:

Provided that the Local Government shall not give any such consent as aforesaid, until notice has been given, by advertisement or otherwise as the Local Government may direct, to the person by whom the street, railway or tramway concerned is repairable, and until all representations or objections received in accordance with the notice have been considered by the Local Government.

Notice of new works.

13. (1) Where the exercise of any of the powers of a licensee in relation to the execution of any works involves the placing of any works in, under, over, along or across any street, part of a street, railway, tramway, canal or waterway, the following provisions shall have effect, namely:—

(a) not less than one month before commencing the execution of the works (not being a *service line immediately attached, or intended to be immediately attached, to a distributing main*, or the repair, renewal or amendment of existing works of which the character or position is not to be altered), the licensee shall serve upon the person or authority responsible for the repair of the street or part of a street (hereinafter in this section referred to as "the repairing authority") or upon the person or authority for the time being entitled to work the railway, tramway, canal or waterway (hereinafter in this section referred to as "the owner"), as the case may be, a notice in writing describing the proposed works, together with *a section thereof on a vertical scale which shall not be smaller than one inch to eight feet, and* a detailed plan thereof on a scale which shall not be smaller than *sixteen inches* to the *mile*, and intimating the manner in which, and the time at which, it is proposed to interfere with or alter any existing works, and shall, upon being required to do so by the repairing authority or owner, as the case may be, from time to time give such further information in relation thereto as may be desired;

(b) if the repairing authority intimates to the licensee that it disapproves of such works, *section* or plan, or approves thereof subject to amendment, the licensee may, within one week of receiving such intimation, appeal to the Local Government, whose decision, after considering the reasons given by the repairing authority for its action, shall be final;

(c) if the repairing authority fails to give notice in writing of its approval or disapproval to the licensee within one month, it shall be deemed to have approved of the works, *section* and plan, and the licensee, after giving not less than forty-eight hours' notice in writing to the repairing authority, may proceed to carry out the works in accordance with the notice and *the section and* plan served under clause (a);

(d) if the owner disapproves of such works, *section* or plan, or approves thereof subject to amendment, he may, within three weeks after the service of the notice under clause (a), serve a requisition upon the licensee demanding that any question in relation to the works or to compensation, or to his obligations to others in respect thereof, shall be determined by arbitration, and thereupon the matter shall, unless settled by agreement, be determined by arbitration;

(e) where no requisition has been served by the owner upon the licensee under clause (d), the owner shall be deemed to have approved of the works, *section* and plan, and in that case, or where after a requisition for arbitration the matter has been determined by arbitration, the works may, upon payment or securing of compensation, be executed according to the notice and *the section and* plan, subject to such modifications as may have been determined by arbitration or agreed upon between the parties;

(f) *where the works to be executed consist of the laying of any underground service line immediately attached, or intended to be immediately attached, to a distributing main, the licensee shall, not less than forty-eight hours before commencing the work, serve upon the repairing authority or the owner, as the case may be, a notice in writing of his intention;*

The Indian Electricity Bill.

(*Part II.—Supply of Energy.*)

(*g*) where the works to be executed consist of the repair, renewal or amendment of existing works of which the character or position is not to be altered, the licensee shall, except in cases of emergency, give to the repairing authority or to the owner, as the case may be, not less than forty-eight hours' notice in writing of his intention to execute such works, and, on the expiry of such notice, such works shall be commenced forthwith and shall be carried on with all reasonable despatch, and, if possible, both by day and by night until completed.

(*2*) Where the licensee makes default in complying with any of these provisions, he shall make full compensation for any loss or damage incurred by reason thereof, and, where any difference or dispute arises as to the amount of such compensation, the matter shall be determined by arbitration.

(*3*) Notwithstanding anything in this section, the licensee may, in case of emergency due to the breakdown of an underground electric supply-line, after giving notice in writing to the repairing authority or the owner, as the case may be, of his intention to do so, place an aërial line without complying with the provisions of sub-section (*1*):

Provided that such aërial line shall be used only until the defect in the underground electric supply-line can be made good, and in no case (*unless with the written consent of the Local Government*) for a period exceeding six weeks, and shall be removed as soon as may be after such defect is removed.

14.] **14.** (*1*) Any licensee may alter the position of any pipe (not forming, in a case where the licensee is not a local authority, part of a local authority's main sewer), or of any wire under or over any place which he is authorized to open or break up, if such pipe or wire is likely to interfere with the exercise of his powers under this Act; and any person may alter the position of any electric supply-lines or works of a licensee under or over any such place as aforesaid, if such electric supply-lines or works are likely to interfere with the lawful exercise of any powers vested in him.

Alteration of pipes or wires.

(*2*) In any such case as aforesaid the following provisions shall, in the absence of an agreement to the contrary between the parties concerned, apply, namely:—

(*a*) not less than one month before commencing any alteration, the licensee or other person desiring to make the same (hereinafter in this section referred to as "the operator") shall serve upon the person for the time being entitled to the pipe, wire, electric supply-lines or works, as the case may be (hereinafter in this section referred to as "the owner"), a notice in writing, together with *a section on a vertical scale which shall not be smaller than one inch to eight feet, and* a plan on a scale which shall not be smaller than *sixteen inches* to the *mile*, describing the proposed alteration, and intimating the time when it is to be commenced, and shall subsequently give such further information in relation thereto as the owner may desire;

(*b*) within fourteen days after the service of the notice, *section* and plan upon the owner, the owner may serve upon the operator a requisition to the effect that any question arising upon the notice, *section* or plan shall be *determined* by arbitration, and thereupon the matter shall, unless settled by agreement, be determined by arbitration;

(*c*) every arbitrator to whom a reference is made under clause (*b*) shall have regard to any duties or obligations which the owner is under, and may require the operator to execute any temporary or other works so as to avoid as far as possible interference therewith;

(*d*) where no requisition is served upon the operator under clause (*b*), or where such a requisition has been served and the matter has been settled by agreement or determined by arbitration, the alteration may, upon payment or securing of any compensation accepted or determined by arbitration, be executed in accordance with the notice, *section* and plan and subject to such modifications as may have been determined by arbitration or agreed upon between the parties;

(*e*) the owner may, at any time before the operator is entitled to commence the alteration, serve upon the operator a statement in writing to the effect that he desires to execute the alteration himself and requires the operator to give such security for the repayment of any expenses as may be agreed upon or, in default of agreement, *determined* by arbitration;

(*f*) where a statement is served upon the operator under clause (*e*), he shall, not less than forty-eight hours before the execution of the alteration is required to be commenced, furnish such security and serve upon the owner a notification in writing intimating the time when the alteration is required to be commenced, and the manner in which it is required to be made; and thereupon the owner may proceed to execute the alteration as required by the operator;

(*g*) where the owner declines to comply, or does not, within the time and in the manner prescribed by a notification served upon him under clause (*f*), comply with the notification, the operator may himself execute the alteration;

(*h*) all expenses properly incurred by the owner in complying with a notification served upon him by the operator under clause (*f*) may be recovered by him from the operator.

(3) Where the *licensee or other person desiring to make the alteration* makes default in complying with any of these provisions, he shall make full compensation for any loss or damage incurred by reason thereof, and, where any difference or dispute arises as to the amount of such compensation, the matter shall be determined by arbitration.

Laying of electric supply-lines or other works near sewers, pipes or other electric supply-lines or works.

15. (1) Where—

(a) the licensee requires to dig or sink any trench for laying down any new electric supply-lines or other works, near to which any sewer, drain, watercourse or work under the control of the Local Government or of any local authority, or any pipe, syphon, electric supply-line or other work belonging to any duly authorized person, has been lawfully placed, or

(b) any duly authorized person requires to dig or sink any trench for laying down or constructing any new pipes or other works, near to which any electric supply-lines or works of a licensee have been lawfully placed,

the licensee or such duly authorized person as the case may be (hereinafter in this section referred to as "the operator"), shall, unless it is otherwise agreed upon between the parties interested or in case of sudden emergency, give to the Local Government or local authority, or to such duly authorized person, or to the licensee, as the case may be (hereinafter in this section referred to as "the owner"), not less than forty-eight hours' notice in writing before commencing to dig or sink the trench, and the owner shall have the right to be present during the execution of the work, which shall be executed to the reasonable satisfaction of the owner.

(2) Where the operator finds it necessary to undermine, but not to alter, the position of any pipe, electric supply-line or work, he shall temporarily support it in position during the execution of the work, and before completion shall provide a suitable and proper foundation for it where so undermined.

(3) Where the operator (being the licensee) lays any electric supply-line across, or so as to be liable to touch, any pipes, lines or service pipes or lines belonging to any duly authorized person or to any person supplying or using energy under this Act, he shall not, except with the *written* consent of such person and *in accordance with section 34, sub-section (1)*, lay his electric supply-lines so as to come into contact with any such pipes, lines or service-pipes or lines.

(4) Where the operator makes default in complying with any of the provisions of this section, he shall make full compensation for any loss or damage incurred by reason thereof.

(5) Where any difference or dispute arises under this section, the matter shall be determined by arbitration.

(6) Where the licensee is a local authority, the references in this section to the local authority and to sewers, drains, water-course or works under its control shall not apply.

Streets, railways, tramways, sewers, drains or tunnels broken up to be reinstated without delay.

16. (1) Where any person, in exercise of any of the powers conferred by or under this Act, opens or breaks up the soil or pavement of any street, railway or tramway, or any sewer, drain or tunnel, he shall—

(a) immediately cause the part opened or broken up to be fenced and guarded;

(b) before sunset cause a light, sufficient for the warning of passengers, to be set up and maintained until sunrise against or near the part opened or broken up;

(c) with all reasonable speed fill in the ground and reinstate and make good the soil or pavement, or the sewer, drain or tunnel, opened or broken up, and carry away the rubbish occasioned by such opening or breaking up; and,

(d) after reinstating and making good the soil or pavement, or the sewer, drain or tunnel, broken or opened up, keep the same in good repair for three months and for any further period, not exceeding nine months, during which subsidence continues.

(2) Where any person fails to comply with any of the provisions of sub-section (1), the person having the control or management of the street, railway, tramway, sewer, drain or tunnel in respect of which the default has occurred, may cause to be executed the work which the defaulter has delayed or omitted to execute, and may recover from him the expenses incurred in such execution.

(3) Where any difference or dispute arises as to the amount of the expenses incurred under sub-section (2), the matter shall be determined by arbitration.

Notice to telegraph-authority.

17. (1) *A licensee shall, before laying down or placing within ten yards of any part of any telegraph-line,* any electric supply-line or other works (*not being service lines immediately attached or intended to be immediately attached to a distributing main, or electric supply-lines for the repair, renewal or amendment of existing works of which the character or position is not to be altered*), *give* not less than *ten days'* notice in writing *to the telegraph-authority*, specifying—

(a) the course of the works or alterations proposed,

(b) the manner in which the works are to be utilized,

(c) the amount and nature of the energy to be transmitted, and

(d) the extent to, and manner in, which (if at all) earth returns are to be used;

and the licensee shall conform with such reasonable requirements, either general or special, as may be laid down by the telegraph-authority for preventing any telegraph-line from being injuriously affected by such works or alterations:

The Indian Electricity Bill.

(Part II.—Supply of Energy.)

Provided that, in case of emergency (which shall be stated by the licensee in writing to the telegraph-authority) arising from defects in any of the electric supply-lines or other works of the licensee, the licensee shall be required to give only such notice as may be possible after the necessity for the proposed new works or alterations has arisen.

(2) *Where the works to be executed consist of the laying of any underground service-line immediately attached, or intended to be immediately attached, to a distributing main, the licensee shall, not less than forty-eight hours before commencing the work, serve upon the telegraph-authority a notice in writing of his intention.*

Aërial lines.

18. (1) *Save as provided in section 13, sub-section (3),* nothing in this Part shall be deemed to authorize or empower a licensee to place any aërial line along or across any street unless and until the Local Government has communicated to him a general approval in writing of the methods of construction which he proposes to adopt:

Provided that the communication of such approval shall in no way relieve the licensee of his obligations with respect to any other consent required by or under this Act.

(2) Where any aërial line has been placed or maintained by a licensee in breach of the provisions of sub-section (1), the Local Government may require the licensee forthwith to remove the same, or may cause the same to be removed and recover from the licensee the expenses incurred in such removal.

(3) Where any tree, standing or lying near an aërial line, interrupts or interferes with, or is likely to interrupt or interfere with, the conveyance or transmission of energy, a Magistrate of the first class may, on the application of the licensee, cause the tree to be removed or otherwise dealt with as he thinks fit.

(4) When disposing of an application under sub-section (3), the Magistrate shall, in the case of any tree in existence before the placing of the aërial line, award to the person interested in the tree such compensation as he thinks reasonable, and such person may recover the same from the licensee.

Compensation for damage.

19. (1) A licensee shall, in exercise of any of the powers conferred by or under this Act, cause as little damage, detriment and inconvenience as may be, and shall make full compensation for any damage caused by him or by any one employed by him.

(2) Where any difference or dispute arises as to the amount or the application of such compensation, the matter shall be determined by arbitration.

Supply.

Power for licensee to enter premises and to remove fittings or other apparatus of licensee.

20. (1) A licensee or any person duly authorized by a licensee may, at any reasonable time, and on informing the occupier of his intention, enter any premises to which energy is or has been supplied by him, for the purpose of—

(a) inspecting and testing the electric supply-lines, meters, fittings, works and apparatus for the supply of energy belonging to the licensee;

(b) ascertaining the quantity of energy consumed or supplied; or

(c) removing, where a supply of energy is no longer required, or where the licensee is authorized to take away and cut off such supply, any electric supply-lines, fittings, works or apparatus belonging to the licensee.

(2) A licensee or any person authorized as aforesaid may also, in pursuance of a special order in this behalf made by the District Magistrate or, in a Presidency-town, by the Commissioner of Police, and after giving not less than twenty-four hours notice in writing to the *occupier*, enter any premises to which energy is or has been supplied, or is to be supplied, by him, for the purpose of examining and testing *any* electric wires, fittings, works and apparatus for the use of energy *therein*.

Restrictions on licensee's controlling or interfering with use of energy.

21. (1) A licensee shall not be entitled to prescribe any special form of appliance for utilizing energy supplied by him, or, save as provided by section 23, sub-section (2), or by section 27, sub-section (6), in any way to control or interfere with the use of such energy:

Provided that no person may adopt any form of appliance, or use the energy supplied to him, so as unduly or improperly to interfere with the supply by the licensee of energy to any other person.

(2) Where any difference or dispute arises under this section, the matter shall be *either referred to an Electric Inspector and decided by him or, if the licensee or consumer so desires,* determined by arbitration.

Obligation on licensee to supply energy.

22. Where energy is supplied by a licensee, every person within the area of supply shall, except in so far as is otherwise provided by the terms and conditions of the license, be entitled, on application, to a supply on the same terms as those on which any other person in the same area is entitled in similar circumstances to a corresponding supply:

Provided that no person having a private generating plant shall be entitled *so* to demand a *supply* in order to use the energy *supplied* only in the event of accident to *his* plant.

Charges for energy to be made without undue preference.

23. (1) A licensee shall not, in making any agreement for the supply of energy, show undue preference to any person, but may, save as aforesaid, make such charges for the supply of energy as may be agreed upon, not exceeding the limits imposed by his license, and may allow *such* rebates thereon *as the Local Government may by general or special order permit.*

(2) No *consumer* shall be entitled, *except with the consent in writing of the licensee,* to utilize for one purpose energy supplied to him at a lower rate for any other purpose.

(3) Where any difference or dispute arises between a consumer and a licensee as to any matter provided for in sub-section (1), the matter shall *either* be *referred to an Electric Inspector and decided by him or, if the licensee or consumer so desires,* be determined by arbitration.

4.] **24.** Where any person neglects to pay any charge for energy or any other sum due from him to a licensee in respect of the supply of energy to him, the licensee may, after giving not less than seven clear days' notice in writing to such person and without prejudice to his right to recover such charge or other sum by suit, cut off the supply and for that purpose cut or disconnect any electric supply-line or other works through which energy may be supplied, and may discontinue the supply until such charge or other sum, together with any expenses incurred by him in cutting off and re-connecting the supply, are paid, but no longer:

Discontinuance of supply to consumer neglecting to pay charge.

Provided that the provisions of this section shall not apply in any case in which any difference or dispute of the nature described in section 27, sub-section (7), has been referred for *the decision of* an Electric Inspector as therein provided until such Inspector has given his decision.

5.] **25.** Where any electric supply-lines, meters, fittings, works or apparatus belonging to a licensee are placed in or upon any premises, not being in the possession of the licensee, for the purpose of supplying energy, such electric supply-lines, meters, fittings, works and apparatus shall not be liable to be taken in execution under any process of any Civil Court or in any proceedings in insolvency against the person in whose possession the same may be.

Exemption of electric supply-lines or other apparatus from attachment in certain cases.

., IV.] **26.** *(1) Every* licensee *shall supply* energy only by means of some *prescribed system or of some other* system *for the time being* approved by the Local Government.

System of supply.

9.] (2) If at any time it is established to the satisfaction of the Local Government, that a licensee is supplying energy *contrary to the provisions of sub-section* (1), the Local Government may, by order in writing, specify the matter complained of and require the licensee to remedy it in such manner as shall be specified in the order, and may also in like manner forbid the use of any electric supply-line or works until the order is complied with or for such time as is specified in the order.

10.] **27.** (1) In the absence of an agreement to the contrary, the amount of energy supplied to a consumer or the electrical quantity contained in the supply shall be ascertained by means of a *correct* meter, and the licensee shall, if required by the consumer, cause the consumer to be supplied with such a meter:

Meters.

Provided that the licensee may require the consumer to give him security for the price of a meter and enter into an agreement for the hire thereof, unless the consumer elects to purchase a meter.

(2) Where the consumer so enters into an agreement for the hire of a meter, the licensee shall keep the meter *correct*, and, in default of his doing so, the consumer shall, for so long as the default continues, cease to be liable to pay for the hire of the meter.

(3) Where the meter is the property of the consumer, he shall keep the meter *correct*, and in default of his doing so, the licensee may, for so long as the default continues, cease to supply energy through the meter.

(4) The licensee or any person duly authorized by the licensee shall, at any reasonable time and on informing the consumer of his intention, have access to, and be at liberty to *inspect and test, and for that purpose, if he thinks fit, take off and remove,* any meter *referred to in sub-section* (1); and, except where the meter is so hired as aforesaid, all reasonable expenses of, and incidental to, such *inspecting, testing, taking off and removing* shall, if the meter is found to be otherwise than *correct*, be recovered from the consumer; and, where any difference or dispute arises as to the amount of such reasonable expenses, the matter shall be *referred to an Electric Inspector, and the decision of such Inspector shall be final:*

Provided that the licensee shall not be at liberty to take off or remove any such meter if any difference or dispute of the nature described in sub-section (7) has arisen until the matter has been determined as therein provided.

(5) A consumer shall not connect any meter *referred to in sub-section* (1) with any electric supply-line through which energy is supplied by a licensee, or disconnect the same from any such electric supply-line, without giving to the licensee not less than forty-eight hours' notice in writing of his intention.

(6) In addition to any meter which may be placed upon the premises of a consumer *in pursuance of the provisions of sub-section* (1), the licensee may place upon such premises such meter or other apparatus as he may think fit for the purpose of ascertaining or regulating either the amount of energy supplied to the consumer, or the number of hours during which the supply is given, or the *rate per unit of time at which energy is supplied to* the consumer, or any other quantity or time connected with the supply:

Provided that the meter or apparatus shall not, in the absence of an agreement to the contrary, be placed otherwise than between the *distributing* mains of the licensee and *any meter referred to in sub-section (1).*

(7) Where any difference or dispute arises as to whether any meter *referred to in sub-section (1)* is or is not *correct*, the matter shall be *decided*, upon the application of either party, by an Electric Inspector; and, where the meter has, in the opinion of such Inspector, ceased to work, such Inspector shall estimate the *amount of the energy supplied to the consumer or the electrical quantity contained in the supply* on the basis of the previous supply; and the decision of such Inspector shall be final: but, save as aforesaid, the register of the meter shall, in the absence of fraud, be conclusive proof of such *amount or quantity.*

Explanation.—A meter shall be deemed to be "*correct*" *if it registers the amount of energy supplied, or the electrical quantity contained in the supply, within the prescribed limits of error.*

The Indian Electricity Bill.

(Part II.—Supply of Energy. Part III.—Transmission and use of Energy. Part IV.—General.)

Supply of energy outside area of supply.

28. *Notwithstanding anything in this Act, the Local Government may, by order in writing, authorize any licensee to supply energy to any person outside the area of supply, and to lay down or place electric supply-lines for that purpose:*

Provided, first, that such authority shall not be conferred unless the person to whom the supply is to be given has entered into a specific agreement with the licensee for the taking of such supply:

Provided, secondly, that a licensee on whom such authority has been conferred shall not be deemed to be empowered outside the area of supply to open or break up any street, or any sewer, drain or tunnel in or under any street, railway or tramway, or to interfere with any telegraph-line, without the written consent of the local authority or person by whom such street, sewer, drain or tunnel is repairable, or of the telegraph-authority, as the case may be:

Provided, thirdly, that, save as aforesaid, the provisions of this Act shall apply in the case of any supply authorized under this section as if the said supply were made within the area of supply.

Supply by non-licensees.

Sanction required by non-licensees in certain cases.

29. (*1*) *No person other than a licensee shall, for the purpose of supplying energy to the public generally or to any licensee, open or break up the soil or pavement of any street, railway or tramway, or any sewer, drain or tunnel in or under any street, railway or tramway, except with the previous sanction of the Local Government and in accordance with such conditions as the Local Government may fix in this behalf.*

(*2*) *Any agreement made without such previous sanction between any such person and a local authority purporting to authorize him to do any such acts as are described in sub-section (1), shall be void.*

(*3*) Where any difference or dispute arises as to whether energy is or is not supplied or to be supplied to the public *generally* within the meaning of sub-section (*1*), the matter shall be referred to the Local Government, and the decision of the Local Government thereon shall be final.

PART III.

Transmission and USE OF ENERGY.

Control of transmission and use of energy.

30. (*1*) No person, *other than a licensee duly authorized under the terms of his license,* shall *transmit or* use energy for any purpose *at a rate exceeding two hundred and fifty watts,*—

(*a*) in any street, or

(*b*) in any place,

(i) in which one hundred or more persons are likely ordinarily to be assembled, or

(ii) which is a factory within the meaning of the Indian Factories Act, 1881, *or*

(iii) *which is a mine within the meaning of the Indian Mines Act, 1901,*

without giving not less than seven clear days' notice in writing of his intention to the District Magistrate or, in a Presidency-town, to the Commissioner of Police, and complying with *such of the provisions of Part IV, and of the* rules made *thereunder, as may be applicable*:

Provided that nothing in this section shall apply to *energy used for the public carriage of passengers, animals or goods on, or for the lighting or ventilation of the rolling-stock of,* any railway or tramway subject to the provisions of the Indian Railways Act, 1890:

Provided, also, that the Local Government may, by general or special order and subject to such conditions and restrictions as may be specified therein, exempt from the application of this section or of any such *provision or* rule as aforesaid any person or class of persons using energy on premises upon or in connection with which it is generated, *or using energy supplied under Part II in any place specified in clause* (*b*).

(*2*) Where any difference or dispute arises as to whether a place is or is not one in which one hundred or more persons are likely ordinarily to be assembled, the matter shall be referred to the Local Government, and the decision of the Local Government thereon shall be final.

(*3*) *The provisions of this section shall be binding on the Crown.*

PART IV.

GENERAL.

Protective Clauses.

Protection of railways and canals, docks, wharves and piers.

31. No *person* shall, in *the generation, transmission, supply or use of energy,* in any way injure any railway, tramway, canal or *water-way or* any dock, wharf or pier vested in or controlled by a local authority or obstruct or interfere with the traffic on any railway, tramway, canal *or waterway.*

Protection of telegraphic, telephonic and electric-signalling lines.

32. (*1*) Every *person generating, transmitting, supplying or using energy (hereinafter in this section referred to as the "operator"),* shall take all reasonable precautions in constructing, laying down and placing his electric supply-lines and other works and in working his undertaking, so as not injuriously to affect, whether by induction or otherwise, the working of any wire or line used for the purpose of telegraphic, telephonic or electric-signalling communication, or the currents in such wire or line.

(*2*) Where any difference or dispute arises between the *operator* and the telegraph-authority as to whether the *operator* has constructed, laid down or placed his electric supply-lines or other works, or worked his undertaking, in contravention of sub-section (*1*), or as to whether the working of any wire, line or current is or is not injuriously affected thereby, the matter shall be referred to the Governor General in Council; and the Governor General in Council, unless he is of opinion that the wire or line has been placed in unreasonable proximity to the electric supply-lines or works of the *operator* after the construction of such lines or works, may direct

the *operator* to make such alterations in, or additions to, his system as may be necessary in order to comply with the provisions of this section, and the *operator* shall make such alterations or additions accordingly:

Provided that nothing in this sub-section shall apply to the repair, renewal or amendment of any electric supply-line so long as the course of the electric supply-line and the amount and nature of the current transmitted thereby are not altered.

(3) Where *the operator* makes default in complying with the requirements of this section, he shall make full compensation for any loss or damage incurred by reason thereof, and, where any difference or dispute arises as to the amount of such compensation, the matter shall be determined by arbitration.

Explanation.—For the purposes of this section, a telegraph-line shall be deemed to be injuriously affected by a work if telegraphic communication by means of such line is, whether through induction or otherwise, prejudicially interfered with by such work or by any use made thereof.

Notice of accidents *and inquiries.*

33. (1) Every *person* shall, within twenty-four hours of the occurrence, send to *the Electric Inspector*, and *also* to the District Magistrate or, in a Presidency-town, to the Commissioner of Police, notice in writing of any accident *in connection with the generation, transmission, supply or use of energy* resulting or likely to have resulted in loss of life or personal injury in any part of *such person's* works or circuits, or in connection with the same, and also notice of any loss of life or personal injury actually occasioned by any such accident.

(2) The Local Government may, if it thinks fit, *require* any Electric Inspector, or *any* other competent person *appointed by it in this behalf*, to inquire and report—

(a) as to the cause of any accident affecting the safety of the public, which may have been occasioned by or in connection with *the generation, transmission, supply or use of energy*, or

(b) as to the manner in, and extent to, which the provisions of this Act *or of any license or rules thereunder*, so far as those provisions affect the safety of the public, have been complied with.

[(a).]

Prohibition of connection with earth and power for *Government* to interfere in certain cases of default.

34. (1) *No person shall, in the generation, transmission, supply or use of energy*, permit any part of his circuits to be connected with earth *except so far as may be prescribed in this behalf or may be specially sanctioned by the Governor General in Council.*

[(b).]

(2) If at any time it is established to the satisfaction of the Local Government—

(a) that any *part of a circuit is connected with earth contrary to the provisions of sub-section (1), or*

(b) that any works *for the generation, transmission, supply or use of energy* are attended with danger to the public safety *or to human life or to any telegraph line or other metallic pipe, structure or substance, whether in consequence of such connection with earth or otherwise,*

the Local Government may, by order in writing, specify the matter complained of and require the *owner or user of such works* to remedy it in such manner as shall be specified in the order, and may also in like manner forbid the use of any electric supply-line or works until the order is complied with or for such time as is specified in the order.

Administration and rules.

Advisory Boards.

35. (1) The Governor General in Council may, for the whole or any part of British India, and each Local Government may, for the whole or any part of the Province, by notification in the Gazette of India or the local official Gazette, as the case may be, constitute an Advisory Board.

(2) Every such Board shall consist of a chairman and *not less than* two other members.

(3) *The chairman and, where there are more than two other members, two of the other members, or, where there are only two other members, one of the other members, shall be* nominated by the Governor General in Council or the Local Government, as the case may be, and *the remaining* members *shall be* nominated by such local authorities, Chambers of Commerce or other Associations as the Governor General in Council or the Local Government, as the case may be, may direct.

(4) The Governor General in Council or the Local Government, as the case may be, *may, by general or special order,*—

(a) *define the duties and regulate the procedure of any such Board,*

(b) *determine the tenure of office of the members of any such Board, and*

(c) give directions as to the payment of *fees to, and the* travelling expenses incurred by, any member of *any such* Board in the performance of his duty.

Appointment of Electric Inspectors.

36. (1) *The Governor General in Council* may, *by notification in the Gazette of India, appoint a duly qualified person to be Chief Electric Inspector, and one or more other such persons to be Deputies to such Chief Electric Inspector, and the Chief Electric Inspector shall, by himself or through any such Deputy, exercise all such powers and perform all such functions as the Governor General in Council may direct.*

(2) *The Local Government may, by notification in the local official Gazette, appoint duly qualified persons to be Electric Inspectors within such areas as may be assigned to them respectively; and every such Inspector shall exercise all such powers and perform all such functions as the Local Government may direct.*

Power for Government to make rules.

37. (1) The Governor General in Council may make rules, for the whole or any part of British India, to regulate the generation, *transmission*, supply and use of energy, and, generally, to carry out the purposes and objects of this Act.

The Indian Electricity Bill.

(Part IV.—General.)

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) prescribe the form of applications for licenses and the payments to be made in respect thereof;

(*b*) regulate the publication of notices;

(*c*) prescribe the manner in which objections with reference to any application under Part II are to be made;

(*d*) provide for the preparation and submission of accounts by licensees in a specified form;

(*e*) provide for the securing of a regular, constant and sufficient supply of energy by licensees to consumers and for the testing at various parts of the system of the regularity and sufficiency of such supply, and for the examination of the records of such tests by consumers;

(*f*) provide for the protection of persons and property from injury by reason of contact with, or the proximity of, or by reason of the defective or dangerous condition of, any appliance or apparatus used in the generation, *transmission*, supply or use of energy;

(*g*) for the purposes of electric *traction*, regulate the employment of insulated returns, or of uninsulated metallic returns of low resistance, in order to prevent fusion or injurious electrolytic action of or on metallic pipes, structures or substances, and to minimise, as far as is reasonably practicable, injurious interference with the electric wires, supply-lines and apparatus of parties other than the owners of the *electric traction system*, or with the currents therein, whether the earth is used as a return or not;

(*h*) provide for preventing telegraph-lines and magnetic observatories or laboratories from being injuriously affected by the generation, *transmission*, supply or use of energy;

(*i*) prescribe the qualifications to be required of *Electric* Inspectors;

(*j*) authorize any Electric Inspector or other officer of a specified rank and class to enter, inspect and examine any place, carriage or vessel in which he has reason to believe any appliance or apparatus used in the generation, *transmission*, supply or use of energy to be, and to carry out tests therein, and to prescribe the facilities to be given to such Inspectors or officers for the purposes of such examinations and tests; and

(*k*) authorize and regulate the levy of fees for any such testing or inspection and, generally, for the services of Electric Inspectors under this Act.

(3) In making any rule under this Act, the Governor General in Council may direct that every breach thereof shall be punishable with fine which may extend to *three* hundred rupees, and, in the case of a continuing breach, with a further daily fine which may extend to fifty rupees.

Further provisions respecting rules.

38. (*1*) The power to make rules under section 37 shall be subject to the condition of the rules being made after previous publication.

(2) The date to be specified in accordance with clause (3) of section 23 of the General Clauses Act, 1897, as that after which a draft of rules proposed to be made under section 37 will be taken into consideration shall not be less than three months from the date on which the draft of the proposed rules was published for general information.

(3) Any rule to be made under this Act shall, before it is published for criticism under sub-section (2), be referred to the Advisory Board (*if any*) constituted *for the whole of British India, or, if no such Board has been constituted, then to such Board or Boards* (*if any*) *as* the Governor General in Council *may direct;* and the rule shall not be so published until such Board *or Boards* (*if any*) has *or have* reported as to the expediency of making the proposed rule and as to the suitability of its provisions.

(4) All rules made under section 37 shall be published in the Gazette of India and on such publication shall have effect as if enacted in this Act.

Criminal Offences and Procedure.

Penalty for theft of energy.

39. Whoever dishonestly abstracts, consumes or uses any energy shall be deemed to have committed theft within the meaning of the Indian Penal Code.

Penalty for maliciously wasting energy or injuring works.

40. Whoever maliciously causes energy to be wasted or diverted, or, with intent to cut off the supply of energy, cuts or injures, or attempts to cut or injure, any electric supply-line or works, shall be punishable with imprisonment for a term which may extend to two years, or with fine which may extend to one thousand rupees, or with both.

Penalty for unauthorized breaking up of streets.

41. *Whoever, in contravention of the provisions of section 29, opens or breaks up the soil of any street, railway or tramway or any sewer, drain or tunnel therein or thereunder shall be punishable with fine which may extend to three thousand rupees, and, in the case of a continuing contravention, with a daily fine which may extend to three hundred rupees.*

Penalty for illegal or defective supply or for non-compliance with order.

42. Whoever—

(*a*) being a licensee, *save as permitted under section 28 or section 51 or by his license*, supplies energy or lays down or places any electric supply-line or works outside the area of supply; or

(*b*) *being a licensee, in contravention of the provisions of this Act or of the rules thereunder or in breach of the conditions of his license and without reasonable excuse, the bur-*

den of proving which shall lie on him, discontinues the supply of energy or fails to supply energy; or

(*c*) makes default in complying with any order issued to him under section *26, sub-section (2), or section 34, sub-section (2);*

shall be punishable with fine which may extend to one thousand rupees, and in the case of a continuing offence or default, with a daily fine which may extend to one hundred rupees.

(4).] 43. Whoever, in contravention of the provisions of section *30, transmits or uses energy without giving the notice required thereby,* shall be punishable with fine which may extend to five hundred rupees, and, in the case of a continuing offence, with a daily fine which may extend to fifty rupees.

Penalty for illegal transmission or use of energy.

(5).] 44. Whoever—

Penalty for interference with meters or licensee's works and for improper use of energy.

(*a*) connects any meter *referred to in section 27, sub-section (1),* with any electric supply-line through which energy is supplied by a licensee, or disconnects the same from any such electric supply-line, without giving to the licensee forty-eight hours' notice in writing of his intention; or

(*b*) lays, or causes to be laid, or connects up any works for the purpose of communicating with any other works belonging to a licensee, without such licensee's consent; or

(*c*) maliciously injures any meter *referred to in section 27, sub-section (1);* or

(*d*) improperly uses the energy of a licensee;

shall be punishable with fine which may extend to *three* hundred rupees, and, in the case of a continuing offence, with a daily fine which may extend to *thirty* rupees.

(6).] 45. Whoever maliciously extinguishes any electric light supplied for the public use shall be punishable with fine which may extend to *three* hundred rupees.

Penalty for extinguishing public lamps.

(7).] 46. Whoever negligently causes energy to be wasted or diverted, or negligently breaks, throws down or damages any electric supply-line, post, pole or lamp or other apparatus connected with the supply of energy, shall be punishable with fine which may extend to *two hundred* rupees.

Penalty for negligently wasting energy or injuring works.

(8).] 47. Whoever, in any case not already provided for by sections *39 to 46* (*both inclusive*), makes default in complying with any of the provisions of this Act, or with any order issued under it, or, in the case of a licensee, with any of the conditions of his license, shall be punishable with fine which may extend to one hundred rupees, and, in the case of a continuing default, with a daily fine which may extend to twenty rupees:

Penalty for offences not otherwise provided for.

Provided that, where a person has made default in complying with any of the provisions of sections 13, 14, 15, *17* and *32*, as the case may be, he shall not be so punishable if the Court is of opinion that the case was one of emergency and that the offender complied with the said provisions as far as was reasonable in the circumstances.

48. The penalties imposed by *sections 39 to 47* (*both inclusive*) shall be in addition to, and not in derogation of, any liability in respect of the payment of compensation or, in the case of a licensee, the revocation of his license, which the offender may have incurred.

Penalties not to affect other liabilities.

49. The provisions of *sections 39, 40, 44, 45* and *46* shall so far as they are applicable, be deemed to apply also when the acts made punishable thereunder are committed in the case of energy supplied by or of works belonging to the Government.

Penalties where works belong to Government.

50. *No prosecution shall be instituted against any person for any offence against this Act or any rule, license or order thereunder except at the instance of the Government or an Electric Inspector, or of a person aggrieved by the same.*

Institution of prosecutions.

Supplementary.

51. Notwithstanding anything in sections 12 to *16* (*both inclusive*) *and sections 18 and 19,* the Governor General in Council may, for the placing of appliances and apparatus for the transmission of energy for any purpose, confer upon any public officer or licensee, *subject to such conditions and restrictions (if any) as he may think fit to impose,* any of the powers which the telegraph-authority possesses under, and subject to the provisions of, the Indian Telegraph Act, 1885, with respect to the placing of telegraph lines and posts for the purposes of a telegraph established or maintained by the Government or to be so established or maintained.

Exercise in certain cases of powers of telegraph-authority.

52. Where any matter is, by or under this Act, directed to be determined by arbitration, the matter shall, unless it is otherwise expressly provided in the license of a licensee, be determined by such person or persons as the Governor General in Council or the Local Government may nominate in that behalf on the application of either party; but in all other respects the arbitration shall be subject to the provisions of the Indian Arbitration Act, 1899.

Arbitration.

53. (*1*) Every notice, order or document by or under this Act required or authorized to be addressed to any person may be served by post or left,—

Service of notices, orders or documents.

(*a*) where the Government is the addressee, at the office of the Secretary in the Public Works Department;

(*b*) where a local authority is the addressee, at the office of the local authority;

(*c*) where a company is the addressee, at the registered office of the company;

(*d*) where any other person is the addressee, at the usual or last known place of abode or business of the person.

(2) Every notice, order or document by or under this Act required or authorized to be addressed to the owner or occupier of any premises shall be deemed to be properly addressed if addressed by the description of the "owner" or "occupier" of the premises (naming the premises), and may be served by delivering it, or a true copy thereof, to some person on the premises, or, if there is no person on the premises to whom the same can with reasonable diligence be delivered, by affixing it on some conspicuous part of the premises.

Recovery of sums recoverable under certain provisions of Act.

54. Every sum declared to be recoverable by section 5, clause (*f*), section 6, *sub-section (2)*, section 14, sub-section (2), clause (*h*), section 16, sub-section (2), section *18*, sub-section (2) or sub-section (4), or section 27, sub-section (4), and every fee leviable under this Act, may be recovered, on application to a Magistrate having jurisdiction where the person liable to pay the same is for the time being resident, by the distress and sale of any moveable property belonging to such person.

Delegation of certain functions of Local Government to Electric Inspectors.

55. (*1*) *The Local Government may, by general or special order, authorize the discharge of any of its functions under sections 13, 18 or 26 or clause V, sub-clause (2), or clause XIII of the Schedule by an Electric Inspector, and may cancel any sanction or order given by an Electric Inspector discharging any such function, or attach thereto any condition which the Local Government might have imposed if the sanction or order had been given by itself.*

(2) *A condition imposed under sub-section (1) shall for all the purposes of this Act have the same effect as if it were attached to a sanction or order given by the Local Government.*

Protection for acts done in good faith.

56. No suit, prosecution or other proceeding shall lie against any public officer, or any servant of a local authority, for anything done, or in good faith purporting to be done, under this Act.

Amendment of the Land Acquisition Act, 1894.

57. (*1*) *In section 40, sub-section (1), clause (b), and section 41, sub-section (5), of the Land Acquisition Act, 1894, the term "work" shall be deemed to include electrical energy supplied, or to be supplied, by means of the work to be constructed.*

(2) *The Local Government may, if it thinks fit, on the application of any person, not being a company, desirous of obtaining any land for the purposes of his undertaking, direct that he may acquire such land under the provisions of the Land Acquisition Act, 1894, in the same manner and on the same conditions as it might be acquired if the person were a company.*

Repeals and savings.

58. (*1*) The *Indian Electricity Act, 1903, is* hereby repealed:

Provided that *every* license granted under the *said* Act *shall be deemed to have been granted under this Act.*

(2) Nothing in this Act shall be deemed to affect the terms of any license which *was* granted, or of any agreement which *was* made, by or with the sanction of the Government for the supply or use of electricity before the commencement of the *Indian Electricity* Act, *1903: but, save as aforesaid, every such license shall be deemed to be a license granted under this Act, and all rules made under this Act shall apply to all persons to whom such licenses were granted or with whom such agreements were made.*

THE SCHEDULE.

PROVISIONS TO BE DEEMED TO BE INCORPORATED WITH, AND TO FORM PART OF, EVERY LICENSE GRANTED UNDER PART II.

[*See section 3, sub-section (2), clause (f).*]

Security and accounts.

Security for execution of works of licensee not being local authority.

I. Where the licensee is not a local authority, the following provisions as to giving security shall apply, namely:—

(*a*) The licensee shall, within *the* period *fixed in that behalf* and before exercising any of the powers by the license conferred on him in relation to the execution of works, show, to the satisfaction of the Local Government, that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him by the license throughout the area of supply.

(*b*) The licensee shall also, within *the* period *fixed in that behalf* and before exercising any of the powers conferred on him in relation to the execution of works, deposit or secure to the satisfaction of the Local Government, such sum (if any) as may be fixed by the license or, if not so fixed, by the Local Government.

(*c*) The said sum deposited or secured by the licensee under the provisions of this clause shall be repaid or released to him *on the completion of the works or* at such earlier dates, and by such instalments, as may be approved by the Local Government.

Audit of accounts of licensee not being local authority.

II. Where the licensee is not a local authority, the following provisions as to the audit of accounts shall apply, namely:—

(*a*) The annual statement of accounts of the undertaking shall, before being rendered under section 11 of the Indian Electricity Act, *1909*, be examined and audited by such person as the Local Government may appoint in this behalf, and the remuneration of the auditor shall be such as the Local Government may direct, and his remuneration and all expenses incurred by him in or about the execution of his duties, to such an amount as the Local Government shall approve, shall be paid by the licensee on demand.

(*b*) The licensee shall afford to the auditor, his clerks and assistants, access to all

The Indian Electricity Bill.

(The Schedule.—Provisions to be deemed to be incorporated with, and to form part of, every license granted under Part II.)

such books and documents relating to the undertaking as are necessary for the purposes of the audit, and shall, when required, furnish to him and them all vouchers and information requisite for that purpose, and afford to him and them all facilities for the proper execution of his and their duty,

(c) The audit shall be made and conducted in such manner as the Local Government may direct.

(d) Any report made by the auditor, or such portion thereof as the Local Government may direct, shall be appended to the annual statement of accounts of the licensee, and shall thenceforth form part thereof,

III.] Separate accounts.

III. The licensee shall, unless the Local Government otherwise directs, at all times keep the accounts of the capital employed for the purposes of the undertaking distinct from the accounts kept by him of any other undertaking or business.

Compulsory works and supply.

VI.] *Execution of work after commencement of license.*

IV. The licensee shall, within a period of *three* years after the commencement of *the* license, *execute to the satisfaction of the* Local Government *all such works as may be specified in the license in this behalf or, if not so specified, as may be necessary for the full and efficient discharge of the duties and obligations imposed upon him by the license throughout the area of supply.*

cl. Provisions as to laying down of further distributing mains.

V. (1) Where, after the expiration of *two years and six* months from the commencement of the license, a requisition is made by six or more owners or occupiers of premises in or upon any street or part of a street within the area of supply or by the Local Government or a local authority charged with the public lighting thereof, requiring the licensee to provide distributing mains throughout such street or part thereof, the licensee shall comply within six months with the requisition, unless,—

(a) where it is made by such owners or occupiers as aforesaid, the owners or occupiers making it do not, within fourteen clear days after the service on them by the licensee of a notice in writing in this behalf, tender to the licensee a written contract duly executed and with sufficient security binding themselves to take, or guaranteeing that there shall be taken, a supply of energy for not less than *two* years to such amount as will in the aggregate produce annually, at the current rates charged by the licensee, a reasonable return to the licensee; or,

(b) where it is made by the Local Government or a local authority, the Local Government or local authority, as the case may be, does not, within the like period, tender a like agreement binding itself to take a supply of energy for not less than *two* years for the public lighting of such street or part thereof.

(2) Where any difference or dispute arises between the licensee and such owners, occupiers or local authority as to the sufficiency of the security offered under this clause, or as to the amount of energy to be taken or guaranteed as aforesaid, the matter shall be referred to the Local Government and either decided by it or, if *it* so directs, determined by arbitration.

(3) Every requisition under this clause shall be signed by the maker or makers thereof and shall be served on the licensee.

(4) Every requisition under this clause shall be in a form to be prescribed by rules under the Indian Electricity Act, *1909;* and copies of the form shall be kept at the office of the licensee and supplied free of charge to any applicant.

Requisition for supply to owners or occupiers in vicinity.

VI. (1) Where a requisition is made by the owner or occupier of any premises situate within one hundred yards from any distributing main requiring the licensee to supply energy for such premises, the licensee shall, *within one month from the making of the requisition,* supply, and, save in so far as he is prevented from doing so by cyclones, floods, storms or other occurrences beyond his control, continue to supply, energy in accordance with the requisition, unless the person making it fails, within fourteen days after the service on him by the licensee of a notice in writing in this behalf, to tender to the licensee a written contract, duly executed and with sufficient security, binding himself to take a supply of energy for not less than two years to such amount as will produce, at current rates charged by the licensee, a reasonable return to the licensee:

Provided, first, that the cost of so much of any *service* line as may be laid *down or placed* for the purposes of the supply upon the property in respect of which the requisition is made, and of so much of any *service* line as it may be necessary for the said purposes to lay *down or place* for a greater distance than one hundred feet from the licensee's distributing main, although not on that property, shall, if the licensee so requires, be paid by the owner or occupier making the requisition:

Provided, secondly, that the licensee may, after he has furnished a supply of energy for any premises, by notice in writing require the owner or occupier, within seven days after the date of the service of the notice, to give him security for the payment of all money which may become due to him in respect of the supply, in case the owner or occupier has not already given that security, or in case any security given has become invalid or is insufficient; and, if the owner or occupier fails to comply with the terms of the notice, the licensee may discontinue to supply energy for such premises so long as such failure continues:

Provided, thirdly, that, if the owner or occupier of any such premises as aforesaid adopts any *appliance,* or uses the energy supplied to him by the licensee for any purposes, or deals with it in any manner, so as unduly or improperly to interfere with the efficient supply of energy to any other person by the licensee, the licensee may discontinue the supply of energy for such premises *until the matter has been decided in accordance with section 21,*

The Indian Electricity Bill.

(The Schedule.—Provisions to be deemed to be incorporated with, and to form part of, every license granted under Part II.)

sub-section (2), *of the Indian Electricity Act, 1909*:

Provided, fourthly, that the licensee shall not be bound to furnish a supply of energy to any premises if an Electric Inspector is satisfied that the electric *wires*, fittings, works and apparatus therein are not in good order and condition, and are *consequently* likely to affect injuriously the use of energy by the licensee, or by other persons:

Provided, fifthly, that in the event of any alterations of, or additions to, any electric wires, fittings, works or apparatus within such premises as aforesaid, all such alterations or additions shall be notified to the licensee by the owner or occupier before being connected to the source of supply, with a view to their being examined and tested:

Provided, sixthly, that, in the event of any requisition being made for a supply of energy from any distributing main of which the licensee can prove, to the satisfaction of an *Electric Inspector*,—

(*a*) that it is already loaded up to its full current-carrying capacity, or

(*b*) that, in case of a larger amount of current being transmitted by it, the loss of pressure will seriously affect the efficiency of the supply to other consumers in the vicinity,

the licensee may refuse to accede to the requisition for such reasonable period, not exceeding six months, as such *Inspector* may think sufficient for the purpose of amending the distributing main or laying down *or placing* a further distributing main: and

Provided, *seventhly*, that, where the owner or occupier has required a licensee to supply him at a specified maximum *rate*, he shall not be entitled to alter that maximum except after one month's notice in writing to the licensee, and the licensee may recover from the owner or occupier any expenses incurred by him by reason of the alteration in respect of the service-lines by which energy is supplied to the premises, *to the extent prescribed in the first proviso*, or of any fittings or apparatus of the licensee upon those premises.

(2) Where any difference or dispute arises *as to the cost of any service-line or* as to the sufficiency of the security offered by such owner or occupier, or as to the improper use of energy, or as to any alleged defect in any wires, fittings, works or apparatus, *or as to the amount of energy be taken or guaranteed as aforesaid, or as to the amount of the expenses incurred under the seventh proviso to sub-clause* (1), the matter shall be *either* referred to *an Electric Inspector* and decided by *him* or, if *the owner, occupier or licensee so desires*, determined by arbitration.

(3) Every requisition under this clause shall be signed by the maker or makers thereof and shall be served on the licensee.

(4) Every requisition under this clause shall be in a form to be prescribed by rules under the Indian Electricity Act, *1909*; and copies of the form shall be kept at the office of the licensee and supplied free of charge to any applicant.

Provisions as to laying electric supply-lines under special agreement.

VII. (1) *Where in pursuance of a special agreement a requisition is made by any person for the supply of energy, within the area of supply, the* licensee shall before commencing to lay *down or place* in any street any electric supply-line, serve upon the local authority (if any) and upon the owner or occupier of all premises abutting on so much of the street as lies between the points of origin and termination of the electric supply line so to be laid *down or placed* a notice stating that the licensee intends to lay *down or place* the electric supply-line, and intimating that, if within the said period any two or more of such owners or occupiers require in accordance with the provisions of the license that a supply shall be given to their premises, the necessary distributing main will be laid *down or placed* by the licensee at the same time as the electric supply-line intended for the particular *person*.

(2) *The provisions contained in the second, third, fourth, fifth, sixth and seventh provisos to sub-clause* (1) *and in sub-clause* (2) *of clause VI shall, so far as may be, apply to every case in which a requisition for the supply of energy is made under this clause as if the person were an owner or occupier within the meaning of those provisions.*

Supply for public lamps.

VIII. (1) Where a requisition is made by the Local Government or by a local authority requiring the licensee to supply for a period of not less than *two* years energy for any public lamps within the distance of one hundred yards from any distributing main, the licensee shall supply, and, save in so far as he is prevented from doing so by cyclones, floods, storms or other occurrences beyond his control, continue to supply energy for such lamps in such quantities as the Local Government or the local authority, as the case may be, may require.

(2) The provisions contained in the first, fourth, fifth, sixth and *seventh* provisos to sub-clause (1) and in sub clauses (2) *and* (3) of clause *VI* shall, so far as may be, apply to every case in which a requisition for the supply of energy is made under this clause as if the Local Government or local authority were an owner or occupier within the meaning of those provisions.

Supply by bulk-licensees.

Special provisions applying to supply by bulk-licensees

IX. (1) *Where, and in so far as, the licensee (hereinafter in this clause referred to as "the bulk-licensee") is authorised by his license to supply energy to other licensees for distribution by them (hereinafter in this clause referred to as "distributing licensees"), the following provisions shall apply, namely:—*

(*a*) *any distributing licensees within the bulk-licensee's area of supply may make a requisition on the bulk-licensee, requiring him to give a supply of energy, and specifying the point, and the maximum rate per unit of time, at which such supply is required, and the date upon which the supply is to commence, such date being fixed after the date*

The Indian Electricity Bill.

(The Schedule.—Provisions to be deemed to be incorporated with, and to form part of, every license granted under Part II.)

of receipt of the requisition so as to allow an interval that is reasonable with regard to the locality and to the length of the electric supply-line and the amount of the plant required;

(b) such distributing licensee shall, if required by the bulk-licensee so to do, enter into a written agreement to receive and pay for a supply of energy for a period of not less than seven years of such an amount that the payment to be made for the same at the rate of charge for the time being charged for such supply shall not be less than such an amount as will produce a reasonable return to the bulk-licensee on the outlay (excluding expenditure on generating plant then existing and any electric supply-line then laid down or placed) incurred by him in making provision for such supply;

(c) the maximum rate per unit of time at which a distributing-licensee shall be entitled to be supplied with energy shall not exceed what is necessary for the purposes for which the supply is required by him, and need not be increased except upon a fresh requisition made in accordance with the foregoing provisions;

(d) if any difference or dispute arises under this clause, it shall be determined by arbitration, and in the event of such arbitration, the arbitrator shall have regard to the following amongst other considerations, namely:—

(i) the period for which the distributing-licensee is prepared to bind himself to take energy;

(ii) the amount of energy required and the hours during which the bulk-licensee is to supply it;

(iii) the capital expenditure incurred by the bulk-licensee in connection with the aforesaid supply of energy; and

(iv) the extent to which the capital expended by the bulk-licensee in connection with such supply may become unproductive upon the discontinuance thereof.

(2) Notwithstanding anything in sub-clause (1) the bulk-licensee shall give a supply of energy to any distributing licensee within his area of supply applying therefor, even although the distributing-licensee desires to be supplied with only a portion of the energy required for distribution:

Provided that the distributing-licensee shall, if so required by the bulk-licensee, enter into an agreement to take such energy upon special terms (including a minimum annual sum to be paid to the bulk-licensee) to be determined, if necessary, by arbitration, in the manner laid down in sub-clause (1) (d).

(3) The maximum price fixed by a license for energy supplied to a distributing licensee shall not apply to any partial supply given under sub-clause (2).

(4) Every distributing-licensee who is supplied with energy by a bulk-licensee and intends to discontinue to receive such supply, shall give not less than twelve months' notice in writing of his intention to the bulk-licensee:

Provided that, where the distributing-licensee has entered into a written agreement with the bulk-licensee to receive and pay for a supply of energy for a certain period, such notice shall be given so as not to expire before the end of that period.

Charges.

X. In the absence of an agreement to the contrary, the licensee may charge for energy supplied by him to any consumer—

Methods of charging.

(a) by the actual amount of energy so supplied; or

(b) by the electrical quantity contained in the supply; or

(c) by such other method as may be approved by the Local Government:

Provided, first, that, where the licensee charges by any method so approved by the Local Government, any consumer who objects to that method may, by not less than one month's notice in writing, require the licensee to charge him, at the licensee's option, either by the actual amount of energy supplied to him or by the electrical quantity contained in the supply, and thereafter the licensee shall not, except with the consent of the consumer, charge him by another method:

Provided, secondly, that before commencing to supply energy through any distributing main, the licensee shall give notice, by public advertisement, of the method by which he proposes to charge for energy so supplied; and where the licensee has given such notice, he shall not be entitled to change that method of charging without giving not less than one month's notice in writing of such change to the Local Government, to the local authority (if any) concerned, and to every consumer of energy who is supplied by him from such distributing main:

Provided, thirdly, that, if the consumer is provided with a meter *in pursuance of the provisions of section 27, sub-section (1), of the Indian Electricity Act, 1909*, and the licensee changes the method of charging for the energy supplied by him from the distributing main, the licensee shall bear the expense of providing a new meter, if such is necessary *by reason of* the new method of charging.

XI. *Save as provided by clause IX, sub-clause (3)*, the prices charged by the licensee for energy supplied by him shall not exceed the *maxima* fixed by his license, or, in the case of a method of charge approved by the Local Government, such *maxima* as the Local Government shall fix on approving the method;

Maximum charges.

The Indian Electricity Bill.

(The Schedule.—Provisions to be deemed to be incorporated with, and to form part of, every license granted under Part II.)

Provided that, if, at any time after the expiration of seven years from the commencement of the license, the Local Government considers or is satisfied that the *maxima* so fixed or approved as aforesaid should be altered, it may, after such inquiry (if any) as it thinks fit, make an order accordingly, which shall have effect from such date as may be mentioned therein :

Provided, also, that, where an order in pursuance of the foregoing proviso has been made, no further order altering the *maxima* fixed thereby shall be made until the expiration of another period of seven years.

XII. The price to be charged by the licensee and to be paid to him for energy supplied for the public lamps, and the mode in which those charges are to be ascertained, shall be settled by agreement between the licensee and the Local Government or the local authority, as the case may be, and, where any difference or dispute arises, the matter shall be determined by arbitration.

Charge for supply for public lamps.

Testing and inspection.

XIII. The licensee shall, at any place within reasonable distance from any *distributing*-main, establish at his own cost and keep in proper condition such number of testing stations as the Local Government may direct for the purpose of testing the supply of energy in the main, and shall supply and keep in proper condition thereat, and on all premises from which he supplies energy, such instruments for testing as *an Electric Inspector* may approve, and shall supply energy to each testing station for the purpose of testing.

Licensee to establish testing stations and keep instruments for testing.

XIV. The licensee shall afford all facilities for inspection and testing of his *works* and for the reading, testing and inspection of *his* instruments, and may, on each occasion of the testing of *his works* or the *reading*, testing or inspection of any instruments, be represented by an agent, who may be present, but shall not interfere with the *reading*, testing or inspection.

Facilities for testing.

XV. On the occasion of the testing of any *works* of the licensee by an Electric Inspector reasonable notice thereof shall be given to the licensee; and the testing shall be carried out at such suitable hours as, in the opinion of the Electric Inspector, will least interfere with the supply of energy by the licensee, and in such manner as the Electric Inspector may think fit; but, except under the provisions of an order made in each case in that behalf by the Local Government, the Electric Inspector shall not be entitled to have access to, or interfere with, the *works* of the licensee at any points other than those at which the licensee has reserved for himself access to the same :

Testing of works.

Provided that the licensee shall not be held responsible for any interruption in the supply of energy which may be occasioned by or required by the Electric Inspector for the purpose of any such testing as aforesaid :

Provided, also, that the testing shall not be made in regard to any particular portion of *the works* oftener than once in any three months, unless in pursuance of an order made in each case in that behalf by the Local Government.

Plans.

XVI. (*1*) The licensee shall, after commencing to supply energy, forthwith cause a plan to be made of the area of supply, and shall cause to be marked thereon the line and the height above or the depth below the surface of all his then existing electric supply-lines, street distributing boxes and other works, and shall once in every year cause that plan to be duly corrected so as to show the electric supply-lines, street distributing boxes and other works for the time being in existence. The licensee shall also, if so required by *an Electric Inspector*, cause to be made sections showing the level of all his existing underground works other than service lines.

Plan of area of supply to be made and kept open for inspection.

(*2*) Every such plan shall be drawn to a scale which shall not be smaller than *sixteen inches* to the *mile*.

(*3*) Every such section shall be drawn to a horizontal scale which shall not be smaller than *sixteen inches* to the *mile* and to a vertical scale which shall not be smaller than *one inch to eight feet*.

(*4*) Every plan and section so made or corrected, or a copy thereof, marked with the date when it was so made or corrected, shall be kept by the licensee at his principal office or place of business within the area of supply, and shall at all reasonable times be open to the inspection of all applicants, and copies thereof shall be supplied on such terms and conditions as may be prescribed by rules under the Indian Electricity Act, *1909*.

(*5*) The licensee shall, if required by *an Electric Inspector* or, where the licensee is not a local authority, by the local authority (if any) concerned, supply *free of charge* to *an Electric Inspector* or local authority, as the case may be, a copy of every such plan or section duly corrected so as to agree with the original kept at the principal office or place of business of the licensee.

Additional notice of certain works.

XVII. On the day next preceding the commencement of any such works as are referred to in section 13 of the Indian Electricity Act, 1909, the licensee shall, in addition to any other notices which he may be required to give, serve upon the Electric Inspector, or such officer as the Local Government may appoint in this behalf for the area of supply, a notice in writing stating that he is about to commence the works, and the nature and position of the same.

Notice to Electric Inspector.

STATEMENT OF OBJECTS AND REASONS.

WHEN the Indian Electricity Act, 1903, was passed it was clearly recognized to be a somewhat tentative measure, and it was anticipated that amending legislation would be called for at an early date. Having regard to the experience gained in the practical working of the Act, the Government of India in 1907 came to the conclusion that the time had arrived for undertaking this amending legislation, and they referred various difficulties which had arisen in its working to a Committee on which electro-technical and commercial interests were represented.

2. The Act as at present framed vests its administration in Local Governments, with whom rests the power to grant licenses; but the authority or the previous sanction of the Governor General in Council is required in regard to so many matters that the practical result has been a dual administration. In the case of cantonments and similar "places in the occupation of Government for naval or military purposes" the administration of the Act is by section 40 placed in the hands of the Governor General in Council, but these places frequently are situated within larger areas, in respect to which the Local Government is empowered to grant licenses, with the result that separate, and not necessarily consistent, licenses have been granted by the Governor General in Council and the Local Government, respectively, to the same licensee, for the same purpose, in one and the same place. The practical effect of the present system has been delay, as it has hitherto been virtually impossible for a company to obtain a license under two or three years. Delays of this nature are obviously most detrimental to the attraction of capital for the development of the resources of the country as the financial position may, and in fact frequently does, change completely between the date of the application and the granting of the license.

3. Under the Bill as now drafted the general administration of the Act and, subject to the control of the Governor General in Council, the granting of all licenses, is left in the hands of the Local Government. The rule making power, and the delegation of the powers of the Telegraph authority to licensees, are reserved to the Governor General in Council.

4. Among the more important modifications in the Bill are the following:—

(i) The existing provision making licenses compulsory has been taken out, the question of supply to the public without license being otherwise dealt with. It is by no means certain that licenses are either necessary or desirable in the case of industrial companies of certain classes.

(ii) Provision is made for the grant of licenses for "bulk supply," that is to say, to meet cases where the applicant company proposes to generate energy and supply it in large quantities to distributors, who would retail it under a separate license to small consumers.

(iii) The amendment of licenses has been provided for. At present it is necessary to revoke a license and grant a fresh one in order to effect this object.

(iv) The question of compulsory purchase has been dealt with, in regard both to the splitting up of undertakings and to those cases where purchase may be impracticable. The Act provides for the modification, but not for the omission from a license, of the purchase clauses. But these clauses, conceived as they are in the interests of the local authority concerned in a small area, are entirely out of place, and in Great Britain are regularly omitted, in the case of undertakings covering large areas in which various local authorities intervene. It is proposed therefore to modify the provision.

(v) Many difficulties have arisen owing to the hard and fast limits of the area of supply over which a license operates, consumers just outside the boundary being debarred from participation in the benefits conferred by the public supply. A new section is proposed to deal with the matter and remove obstacles which are likely to impose quite unnecessary hardships on individuals.

(vi) It is proposed to amend the provisions of Part III of the Act so as to make them applicable to mines and binding on the Crown. As regards railways and tramways, the proviso to sub-section (1) of section 3 in Part II and the first proviso to sub-section (1) of section 31 in Part III of the Act as it stands lay it down that nothing in these Parts respectively relating to the supply or use of energy shall apply to any railway or tramway subject to the provisions of the Indian Railways Act of 1890. The extent to which it is proposed to modify the latter of these provisions is explained in the Notes on Clauses (clause 30) while it is proposed, as already mentioned, to repeal the former.

(vii) A slight amendment of the Land Acquisition Act, 1894, has been proposed with a view to facilitating its application to electrical works.

5. The examination of the provisions of the Act has brought to light many minor defects of substance or arrangement which it is desirable to correct, and the opportunity has therefore been taken to repeal and re-enact the Act with the necessary modifications.

The more important of these are explained in the *Notes on Clauses* below, and a Table showing how the various sections of the Act have been dealt with in the Bill is appended.

The 27th July 1909.

J. O. MILLER.

Notes on Clauses.

Title and preamble.—The reference to "lighting and other purposes" has been omitted, as lighting is no longer the chief application of electricity.

PART I.

Clause 2 (b), (e) (i) (j) and (l)—"Area of supply." As it is proposed in clause 28 to provide for the supply of energy in special cases outside the ordinary "area of supply" of a licensee, *i.e.*, outside the area fixed by his license, it becomes necessary to limit this expression to the latter area. Certain modifications have been suggested in the definitions of "distributing main," "main" and "service line," in order to make them more accurate. "Prescribed" has been defined.

PART II.

Clause 3 (1)—Words have been added to meet the case of the area of supply being intersected or interrupted by an intervening area not included in it. As areas of supply under the Bill may comprise very extensive areas indeed, not improbably covering parts of more than one Province, the simple term "area," has been substituted here and elsewhere in the Bill for the expression "*local* area," which is liable to cause misconception.

Clause 3 (2) (a).—Two provisions have been added, the first to prevent delay in dealing with applications for licenses and the second to ensure that there is no objection on the part of the Commander-in-Chief where applications relate to cantonments or other places such as are mentioned in section 40 of the Act.

Clause 3 (2) (f).—A proviso has been added to this sub-clause barring the application of certain specified clauses of the schedule in the case of all licenses granted with reference to the special provisions of the new clause IX of the schedule, as it is thought desirable that the Bill should show clearly the alternative nature of these provisions.

Clause 3 (3).—This clause has been added to prevent any doubt as to the power to grant single licenses for more than one purpose.

Clause 4 (1).—The compulsory revocation of a license as to a part only of the area of supply might entail very great hardship on licensees, and the clause has been altered in this respect. Corresponding changes have been made in clauses 5 and 7 as to purchase. In all such cases of compulsory revocation or purchase the Government of India think that the undertaking should be dealt with as a whole, either by the local authority, if the area of supply is entirely within its jurisdiction, or by the Government in other cases.

Clause 4 (3).—This clause which reproduces section 4 (2) (g) of the Act now provides for the alteration of the terms and conditions of a license. The need for this power has already been felt, and it was suggested when the Act of 1903 was under discussion.

Clause 5.—In addition to the change explained under clause 4 (1), this clause has been modified so as not to apply to revocation by consent under clause 4 (3).

Clause 6.—It is not in the interest of the ratepayers or the consumers that a municipal undertaking should cease to exist on revocation for default, and the first sub-clause, which is new, provides for the purchase of the same if a buyer can be found. Failing that, the existing provisions are re-enacted in sub-clause (2). Both sub-clauses are limited to the same case as clause 5 explained above.

Clause 7.—The alteration made in this clause has been explained under clause 4 (1) *supra*.

Clause 9.—A proviso has been added to make the intention of existing clause in the Act clear as regards bulk supply.

Clause 10.—Provision is here made for annulling the purchase clauses and inserting other conditions in lieu thereof. Experience has shown that the power of varying the conditions given by the existing Act was not sufficient in all cases.

Clause 11.—There may arise cases in which the liability to render accounts might well be dispensed with. Provision has been made accordingly.

Clause 13 (i) (f) is new and it makes special provision for notice to the repairing authority or owner in the case of service lines.

Clause 15 (3).—The question of the mechanical contact of electric supply lines with the pipes of other authorised persons is distinct from that of using these pipes as conductors. This latter point has therefore now been included in clause 34, and a reference has here been inserted to that clause.

Clause 17 (1).—The provisions of this clause as to notice to the Telegraph authority have been revised.

Clause 17 (2),—is new and corresponds with clause 13 (1) (*f*) as regards the Telegraph authority.

Clause 23.—The provisions of sub-section (1) as to rebates have been altered in order to allow a wider discretion as to the forms which such rebates may take. In sub-clause (2) the opening lines relating to lighting purposes, which are no longer necessary, have been omitted.

Clause 26 has been transferred from the Schedule to the body of the Bill, and the wording has been re-drafted.

Clause 27.—The provisions as to the furnishing of "duly certified" meters (section 30 of the Act) have been a dead letter. It is proposed therefore to refer to "correct" meters and to explain when a meter is deemed to be "correct."

Clause 28.—This clause is now and provides for the supply of energy in special cases outside the area of supply defined in the licenses. The need of such a provision has been felt.

Clause 29.—Section 3 of the Act, which prohibits the supply of energy for certain purposes without a license, has been omitted from the Bill and in its place has been substituted this clause, which requires the sanction of the Local Government to be obtained before any person, not being a licensee, who supplies energy to the public or to any licensee, opens or breaks up any streets, railways or tramways. The practical result of this provision will be that, though a person supplying energy to the public will not, as at present, be legally bound to take out a license, it will not be lawful for him to execute any works in connection with such supply on any public street, railway or tramway unless he either has a license, or obtains the sanction of the Local Government and conforms to the conditions prescribed by the Local Government under this clause.

PART III.

Clause 30.—(*a*) The limitation of this Part to the use of energy not supplied under Part II has been omitted as it appeared to go too far. On the other hand, power has been taken to exempt from this Part, when the circumstances are such as to warrant this course, persons using energy so supplied.

(*b*) The language of the Part has been slightly modified so as to make it clear that it deals with the transmission as well as the use of energy; for which the rules under Part IV, which must be complied with in cases falling under this Part, already provide.

(*c*) Express provision has been made for the case of mines, although most mines are "places within which one hundred or more persons are likely ordinarily to be assembled." Their specific inclusion in the Bill is rendered desirable owing to the fact that special rules are needed to meet the peculiar conditions existing in mines.

(*d*) For the total exemption of railways and tramways subject to the Indian Railways Act, 1890, conferred by the first proviso in this Part of the Act, a partial exemption, limited to energy used in connection with traction, lighting and ventilation of rolling-stock has been substituted, as these matters can in the opinion of the Government of India be sufficiently controlled under the provisions of the Indian Railways Act. But installations in railway stations or in railway or tramway workshops seem to require regulation under this Part as much as the other places specified in the clause.

(*e*) Lastly, it has been thought desirable, following the precedents of the Indian Factories Act, 1881, and the Indian Mines Act, 1901, to declare expressly that the provisions of this Part are binding on the Crown.

PART IV.

Clauses 31 to 34.—These clauses are at present in Part II of the Act, but it seems to Government that they should apply to non-licensees as well as to licensees. They have been amended so as to make them cover also persons generating, transmitting or using energy under Part III. Clause 34 has been re-drafted and made more definite; no connection of circuits with earth should be allowed unless permitted by rules under the Act or specifically sanctioned in each individual case.

Clause 35.—The insertion of an express provision for the payment of fees to members of Advisory Boards in the performance of their duties has been considered desirable. The clause has also been drafted so as to empower the Governor General in Council or the Local Government to regulate the duties and procedure of Boards by executive orders instead of by rules as at present.

Clause 36 is new, and it empowers the Governor General in Council to appoint a Chief Electric Inspector and Local Governments to appoint provincial Electric Inspectors. The practical working of the measure is left to a large extent to the operation of rules, the enforcement of which is the chief duty of Electric Inspectors.

Clause 37.—This clause invests the Governor General in Council with the sole power of making rules. The necessity for continuing the rule-making power of Local Governments has not been proved, and no such rules have hitherto in fact been made. Further, the change is believed to be in the interests of the commercial community, who desire to have as far as possible uniform rules throughout British India, a result which can only be secured if all rules are made by the same authority. The only alterations of any importance made in this clause are :—

(1) the providing expressly for rules dealing with the *transmission* of energy,

though this matter is already covered by the general language of the first sub-section and has moreover been dealt with in the existing rules, and

(2) the increase of the penalty of Rs. 100 which may at present be prescribed for breach of a rule, to Rs. 300, the present penalty being considered by the Government to be inadequate in cases where a breach may endanger life.

Clauses 39 to 49.—The present penal section of the Act is inconveniently long, and has therefore been split up into these separate clauses in the Bill. Clause 41, however, is new, providing a penalty for the breach of the new clause 29. Clause 42 (*b*) is also new and makes necessary provision for penalising inadequate arrangements on the part of licensees. This provision takes the place of section 39 (3) (*b*) of the Act penalising excessive variations of pressure which has been omitted because the matter can and should in India, as in England, be dealt with by rule.

Clause 50.—This clause, based on section 23 of the Indian Mines Act, 1901, has been introduced to prevent vexatious prosecutions

Clause 51.—The powers, which the telegraph authority possesses for placing lines and posts on private property, are very wide, and the Government of India think it desirable that express power should be taken to impose conditions when these powers are delegated. The necessary addition has accordingly been made in the clause.

Clause 55 is new. It closely follows section 25 of the Indian Railways Act, 1890, and empowers the Local Government to delegate to Electric Inspectors certain functions under the proposed Act which relate to technical matters.

Clause 57.—The modification proposed by sub-clause (*1*) in sections 40 (*1*) (*f*) and 41 (*5*) of the Land Acquisition Act, 1894, are intended to remove the obstacle which these provisions now present to the acquisition of land under that Act by companies formed for the purposes of electrical undertakings. At present these clauses respectively require the company to show to the satisfaction of the Local Government that *the work*, for the construction of which the land is to be acquired, is such as is likely to prove useful to the public and to provide in the agreement, into which they have to enter with the Secretary of State, for the terms on which the public shall be entitled to use *the work*, requirements with which it is obviously impossible for such companies to comply. It is therefore proposed to alter these provisions so as to give such companies the benefit of the Act if they can show that *the energy supplied* by means of the proposed work will prove useful to the public and that the public will be entitled to use *such energy* on certain terms.

The modification in the same Act provided for by sub-clause (*2*) follows the lines of section 7 (*3*) of the Indian Tramways Act, 1886, and brings licensees, who may not be companies, within the scope of the provisions of the Land Acquisition Act, 1894.

Clause 58.—This clause, which repeals the existing Act, specially continues licenses granted under that Act. Sub-clause (2) saves the existing rights of persons having licenses or agreements of date prior to the commencement of the Act of 1903, but, subject to such saving, the holders of such licenses are to be deemed to be licensees under the new Act. Words have been added to bring all such persons within the purview of the rules, so far as these rules are not inconsistent with the existing licenses and agreements. This latter provision is taken from rule 102 of the rules made under the present Act.

The Schedule.

Clause IV of the schedule to the Act has been re-drafted and transferred to the body of the Bill, where it is clause 26 Clause V of the same schedule has been omitted, the matter being fully dealt with by rules under section 33 (*2*) (*g*) of the Act, corresponding to clause 37 (*2*) (*g*) of the Bill.

Clause IV.—Clause VI of the schedule to the Act has proved unsatisfactory in practice and has been recast as clause IV of the schedule to the Bill.

Clauses V, VI and VII.—The position of the original clauses VIII and IX has been altered to bring them before clause VII. These three clauses are now V, VI and VII of the schedule to the Bill, respectively. Clause VI lays down the ordinary procedure for obtaining a supply of energy where the licensee's distributing mains are within one hundred yards of the applicant's premises. Clause VII relates to special cases which do not fall within the scope of clause VI, and it has been redrafted to make this point clear. In clause VI (2) of the Bill the words "or as to any alleged excess or defect in the pressure or quantity of the energy supplied" have been omitted because the matter should be dealt with by rules under clause 37 (*2*) (*c*), a penalty being provided in clause 37 (*3*). The existing rules deal fully with the matter.

Clause IX is new and of importance. Its provisions are derived from special Acts (see, *e. g.*, the Scottish Central Power Act, 1903, sections 42, 45 and 55) which have been passed in Great Britain for companies supplying power on a wholesale scale over large areas to other licensees and to large power users. Though the term "supply in bulk" which is used in those Acts has not been reproduced in the Bill, the effect of the clause does not differ materially from that of the Statutes referred to. The note on clause 3 (*2*) (*f*), *supra*, shows that, in cases coming under this clause, certain other clauses of the schedule will not apply. The corresponding clauses of the schedule to the Electric Lighting Clauses Act, 1899 (62 & 63 Vict., c. 19), are similarly excluded from incorporation in the British Power Acts above referred to.

SIMLA, SATURDAY, JULY 31, 1909.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART VI.

Proceedings of the Council of the Governor General of India, assembled for the purpose of making Laws and Regulations.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

PROCEEDINGS OF THE COUNCIL OF THE GOVERNOR GENERAL OF INDIA, ASSEMBLED FOR THE PURPOSE OF MAKING LAWS AND REGULATIONS UNDER THE PROVISIONS OF THE INDIAN COUNCILS ACTS, 1861 AND 1892 (24 & 25 VICT., CAP. 67, AND 55 & 56 VICT., CAP. 14).

The Council met at the Viceregal Lodge, Simla, on Friday, the 30th July 1909.

PRESENT:

His Excellency the Earl of Minto, P.C., G.C.M.G., G.M.S.I., G.M.I.E., Viceroy and Governor General of India, *presiding*.
His Excellency General Viscount Kitchener of Khartoum, G.C.B., O.M., G.C.M.G., G.C.S.I., G.C.I.E., Commander-in-Chief in India.
The Hon'ble Sir Harvey Adamson, Kt., C.S.I.
The Hon'ble Mr. J. O. Miller, C.S.I.
The Hon'ble Mr. W. L. Harvey, C.I.E.
The Hon'ble Sir G. F. Wilson, K.C.B., K.C.M.G.
The Hon'ble Mr. S. P. Sinha.
The Hon'ble Mr. W. R. H. Merk, C.S.I.

INDIAN FACTORIES BILL.

The Hon'ble MR. HARVEY: "I beg to move that leave be given to withdraw the Bill which was introduced in Council on the 29th September 1905 to amend the Indian Factories Act of 1881, and also to introduce

a new Bill to amend and consolidate the Factory Law in India. Were the provisions of this measure confined to the improvement of the law in minor matters where the experience of the last eighteen years has shown changes to be desirable, it would not be necessary for me to say much, for the amendments of this kind which are proposed are fully explained in the Statement of Objects and Reasons and the Notes on Clauses. But the legislation to which the sanction of this Council will be asked includes changes in the law which are far-reaching in their character; they have already aroused a great deal of public interest and we must expect that they will again be widely canvassed. I may say at once that we propose to regulate by law the hours of work of all operatives in the largest and most important class of factories, and I think that the public are entitled to expect a full statement of the reasons which have led to this new departure in Indian Factory legislation. I must therefore ask the indulgence of the Council if I treat this part of our proposal at some length.

"It is necessary in the first place to touch briefly on the various enactments which have been passed in respect of factories. It was not until 1881 that the legislature attempted in any way to regulate the conditions of factory labour in India and the measure passed in that year provided only for a minimum amount of interference. It contained clauses providing for the fencing of machinery, the reporting of accidents, and the inspection of factories by Government inspectors. It also contained, as originally introduced, provisions which prohibited the employment of persons of less than seven years of age, and limited the hours of work of children (*i.e.*, persons under twelve years of age) to six in the day, and of young persons (*i.e.*, persons between the ages of twelve and sixteen) to eight in the day. In the Act as finally passed, however, no reference was made to young persons, and the working hours of children were fixed at nine hours. No attempt was made to restrict the employment of adults, whether male or female, in any respect whatever. The existing factory law was brought into its present shape in 1891 when the Act of 1881 was amended in accordance with the recommendations of a Commission which sat in 1890 under the presidency of Sir A. Lethbridge. The maximum age of children was raised from twelve years to fourteen, the working day of women was limited to eleven hours, and of children to seven hours, and a compulsory midday stoppage and a weekly holiday on Sundays were prescribed for all operatives; but except in the two matters last mentioned no restriction was placed on the hours of work of adult male operatives. The Commission had been specially asked to report whether the male operatives desired that a general working day should be fixed by law, and if so, of what length it should be, and whether, if the change were not desired by the operatives themselves, the conditions under which they worked demanded that it should be enforced. To this question they replied that all factories worked daylight hours, the average day being 12 hours, but longer in the hot weather than in the cold weather. They were of opinion that the operatives as a whole desired that this state of things should be continued, and that there was nothing in the conditions under which they worked which called for any legislative restriction of their hours of labour. Their opinion was accepted by Government and the Act of 1891 was framed accordingly.

"This Act was generally accepted at the time as a satisfactory solution of the questions which had been raised. In addressing this Council on the day the Bill was passed the President (Lord Lansdowne) said : 'We believe that the

effect of our measure will be to place factory labour in India on a proper footing, and that our Bill will be accepted here and at home, not, as the Hon'ble Mr. Nugent would have us believe, as a mere prelude to still further restrictions, but as a settlement as final as any settlement of such a question can be.' After such a statement from the head of the Government which was responsible for the Act of 1891, any critic of our measure is entitled to ask why the whole subject is now to be reopened, and why the mill industry of India is to be called on to submit to new restrictions. That is a perfectly fair question, though I doubt whether it would be asked by any person who had followed closely the course of events during the last four or five years. In any case the answer is a simple one. The conditions which prevailed in 1891 have been radically altered. Had all factories continued to work daylight hours, it is improbable—I give my own opinion for what it is worth—that Government would have been called on to interfere afresh. But under the changed conditions it has been proved beyond possibility of doubt that abuses may arise which cannot be allowed to go unchecked.

"In 1891, there was not, I believe, a single electric light installation in any factory in India, but in 1893 electric installations were set up in one or two factories in Bombay, and it is a matter of common knowledge that the number of these installations has steadily increased until in Bombay at any rate the factory which is without one is an exception to the general rule. The result of this change is that the security which Government formerly had, that the operatives would not be employed for more than twelve hours a day on the average throughout the year, has completely disappeared, and both the employers of labour and the operatives themselves are now exposed to the temptation, which may at any time become irresistible, of extending the working day to an inordinate length. The period of prosperity which the cotton industry began to enjoy in the cold weather of 1904-05 resulted in a state of affairs which approached a public scandal. The mills were naturally anxious to make the most of favourable markets, and in many cases the men were regularly worked for fifteen hours a day or more. Public attention, both in India and in England, was called to the facts by the publication of certain articles in the *Times of India*. It was alleged at the time that the statements made in these articles were exaggerated and that they were in some cases without foundation. But, however that may be, the inquiries which were instituted by Government placed it beyond dispute that a large number of operatives were being regularly worked for fifteen hours a day or even longer and that serious abuses existed in connection with the employment of children. Even when these facts were brought before them, Government were still reluctant to interfere. They would greatly have preferred to leave the question of the length of the working day to be settled between the operatives and their employers. But a state of affairs had been disclosed which made a full investigation an imperative duty, and no Government could have refused to undertake it. Preliminary inquiries were in the first instance addressed to Local Governments.

"In the autumn of 1906 a Committee presided over by Sir Hamilton Freer-Smith was appointed to examine the actual conditions on the spot. It was announced at the time of their appointment that should their investigations establish the existence of abuses which required to be remedied, a representative Commission would be appointed to consider the whole subject comprehensively

before any radical changes in the factory law were made. The reference to the Committee included both the direct regulation of the hours of adult labour and the formation of a class of young persons. Their report was unanimously in favour of direct Government intervention to limit the hours of work of all operatives. They were satisfied that without legislative interference it would be impossible to ensure that excessive hours would not be worked, and they accordingly recommended the imposition by law of a twelve hours day. They were not in favour of the creation of a class of young persons which would, in their opinion, create serious administrative difficulties. It was obvious that in the face of this report the matter could not be allowed to rest. Accordingly, in pursuance of the promise previously given, a representative Commission was appointed which carried on its labours during the cold weather of the year 1907-08. Their report was at once published for criticism and was sent to Local Governments for opinion. When all replies had been received it then became the duty of the Government of India to submit to His Majesty's Secretary of State recommendations as to the course to be followed. I am glad to say that Lord Morley has accepted all our proposals and the result of our deliberations is the Bill which is about to be introduced.

"The report of the Commission was not less clear and decisive as to the necessity of legislation than that of the Committee had been. On the question whether the present conditions of employment had produced deterioration in the physique of the workers, the verdict of the Commission was practically one of 'not proven.' In spite of the constant and careful attention they had paid to the matter during the whole course of their investigation, they had not found any indications of physical deterioration amongst the adult male operatives. As regards non-textile factories, they considered this want of evidence to be conclusive in the absence of any conditions tending to physical deterioration; but in the case of textile factories, they were of opinion that the past and present conditions of work in many places were undoubtedly calculated to cause physical deterioration, and they had been struck by the marked absence of elderly men in these factories in spite of the fact that the demand for labour was largely in excess of the supply. They considered that this fact pointed to the conclusion that the operative became unable to stand the strain of work at a comparatively early age. It is right to mention that Dr. Nair differed from his colleagues, and was of opinion that there could be no doubt that the conditions of employment had led to physical deterioration. If I may be permitted to sum up the conclusions of the Commission in my own words, I would say that all the members recognised that it was the duty of Government to render impossible the recurrence of the conditions which had been allowed to grow up in Bombay in 1905, and all were agreed that the object which Government must seek to attain was the limitation of the working day for adults to an average of twelve hours. But when it came to the question as to what form legislation should take, only one member, Dr. Nair, was prepared to follow the lead of Sir Hamilton Freer-Smith's Committee. The other members were anxious that legislative interference should be confined to the narrowest limits consistent with the attainment of the objects in view and submitted proposals which I shall notice presently.

"The replies which we received from Local Governments were no less clearly in favour of legislative interference. With the exception of the Government

of Burma, a province in which industrial enterprise has followed a somewhat different course from that which is usual in India and where textile factories are non-existent, the Local Governments and Administrations were unanimously of opinion that the case for imposing new restrictions was complete. Several commercial bodies took the same view, and the only important exceptions were one or two of the Chambers of Commerce and certain associations which represented the factory proprietors as a class. These bodies considered that no valid reasons had been established for amending the existing law. Their views are entitled to much respect, but they cannot be held to outweigh the immense mass of opinions on the other side. The case for legislation as it came before us was overwhelmingly strong. No responsible Government could possibly refuse to take action in the face of reports from a Committee under expert guidance, and from a Commission of which three mill-owners were members, supported as these were by official opinion throughout India and by a considerable section of the commercial community. The necessity for legislation had been established, the result to be attained had been clearly defined, there remained only the question whether legislation was to take the form of direct restriction or whether reliance was to be placed on indirect methods. I will now try to explain the reasons which induced the Government of India to decide in favour of the former alternative.

"In their report the majority of the Commission first of all stated the objections which in their opinion rendered it inadvisable to limit directly the working hours of adults. They then went on to explain the indirect methods which they believed would have the desired effect. I shall follow the same order, but first of all I wish to quote from the report an extremely significant passage which clearly defines the issue which Government had to decide:—

'We are strongly opposed to any direct limitation of adult working hours, because we consider that there is no necessity for the adoption of this drastic course, because we are convinced that it would cause the greatest inconvenience to existing industries, most of which have never worked long hours, and because we think such a measure would seriously hamper the growth of industrial enterprise. We believe that the working of adults for excessive hours in textile factories will be effectively prevented, incidentally, by the measures we propose for restricting the hours of "young persons", women and children. Had this effective alternative not been available we are of opinion that direct limitation of the working hours of adults would then have been not only justifiable, but necessary, in order to prevent abuses which the Government could not, upon economic and humanitarian grounds, permit to continue or recur.'

"Government had therefore to answer three questions:

(1) Are the objections to direct restriction so serious as the Commission believed them to be?

(2) Are the indirect methods proposed by the Commission free from objection? and

(3) Will these methods be successful in securing the desired result?

"The objections to the imposition of direct restrictions were entitled to and received the most careful examination by Government. In the first place it was alleged that the direct methods involved the application

of a principle of very doubtful validity. Here I must join issue at once. I cannot admit that, as between direct and indirect interference, any question of principle arises. If it is once conceded, as it is by the Commission, that Government is bound to pass such legislative measures as will prevent the working of any operative for excessive hours, then the question whether the desired result is obtained by direct or indirect methods is not a question of principle at all, but a question of expediency and administrative convenience. Next we were told that direct limitation has found acceptance in very few countries. To this argument my reply is that we cannot rely for guidance to any great extent on the experience of other countries. It is quite true that in England it has not been found necessary to impose any direct restriction on the hours of adult male labour, but does any one allege that the conditions prevailing in England are comparable with those which exist in India? If there were nothing else, the fact that in England labour is highly organised, and workmen have long been accustomed to band themselves together for their own protection, would of itself suffice to make it dangerous to allow too much weight to English precedents. What we have to consider is not the experience of other countries but the actual conditions of India today. The difficulties next to be mentioned are the most important. The Commission were of opinion that direct restriction was open to the gravest objections from a practical point of view and would apply a remedy very much more drastic than the circumstances of the case demanded. It would, they said, impose on all factories restrictions which were required only in textile factories, and they pointed out that in all industries overtime was frequently necessary, and that in India it would be impossible to devise a workable system of exceptions, which would give employers the freedom they could legitimately claim, and would at the same time secure the general enforcement of the restriction. I do not of course deny that there are difficulties to be faced, but I think it can be shown that, if the position is closely examined, these objections will be found to be a good deal less formidable than they have been represented to be. If it be the case that excessive hours are worked only in one class of factories, then surely it is a simple matter to legislate for that class only, power being taken at the same time to extend the provisions of the law to other classes, should the necessity to do so unfortunately arise. Then as regards the possibility of devising a workable system of exceptions, if the limitation of hours of labour is confined to one class of factories, it ought not to be an impossible task to work out such a system. Moreover, the Commission themselves did not escape this difficulty by the resort to indirect methods. They proposed that all factories which undertook to work for not more than twelve hours in each day should be exempted from the necessity of registering their young persons and of having them certified for age. A factory accepting this concession would render itself liable for employing any of its operatives for over twelve hours as if they were young persons. But it is obvious that, if any large number of factories accepted this alternative, the position would at once become precisely the same as if the twelve hours day had been imposed by law, and the task of working out a system of exceptions would still have to be undertaken by Government. In any case the conclusion arrived at was that, while some of the practical objections were of equal force whether the methods of interference adopted were direct or indirect, the others were not by any means of an insuperable character.

"It is necessary to turn now to the measures which the majority of the Commission believed would automatically restrict the hours of the working day

of adult males to twelve hours. They proposed the formation of a class of young persons to include all young adults between the ages of fourteen and seventeen, with working hours limited to twelve in any one day. At the same time the hours of work for women were to be raised to twelve and the hours for children reduced to six. Finally the employment of young persons, women and children before 5-30 A. M. or after 7 P. M. was to be prohibited, and in place of the present mid-day interval a compulsory interval after six hours' continuous working was to be imposed. To two of these proposals serious and weighty objections were raised by Local Governments and by others. The increase in the working hours of women was criticised as a retrograde step, and I may say at once that the Government of India were not satisfied that it had been proved that women could work regularly for twelve hours without detriment to their health, or that it was desirable that they should compete with men for the same kind of work to a larger extent than they do at present. The formation of a class of young persons would, it has always been held, involve grave administrative difficulties, and I doubt whether the Commission have been successful in showing that they can be avoided. It has been found sufficiently difficult to enforce the existing law as regards children, and it seems likely that the same difficulties would appear in an aggravated form in the case of 'young persons'. It is true that the administrative difficulties would be removed if the factories voluntarily adopted the twelve hours' day, and accepted the alternative offered them by the Commission. But in that case, as has already been explained, the position would be in nearly every respect the same as if the twelve hours' day had been imposed by an Act of the legislature.

"I will deal now with the third and most important question, *viz.*, would the indirect methods prove successful? *i.e.*, would the working hours of the protected classes automatically fix the working hours of all operatives? So far as Government could ascertain, there were three possible methods of frustrating the object in view—(1) factories might be able to do without the young persons and women altogether and employ only male adult operatives and half timers, (2) they might be unable to do so owing to the limited supply of adult labour, and would then be compelled to make the hours of work of all operatives the same as for the protected classes, (3) they might be able to concentrate the women and young persons in certain departments of the mills, and would then work for twelve hours in these departments and for longer hours in the other departments. In view of the fact that complaints of the difficulty of getting a full supply of labour are frequently heard in almost every part of the country, it seems unlikely that the mills generally would be able to do without the young persons and women, and inasmuch as the temptation to work excessive hours would be strongest when the demand was greatest, the system would tend in this respect to correct itself. On the other hand Government could not exclude the possibility that some mills at any rate might be able to dispense with the protected classes. If that occurred, the existence side by side of mills which worked unrestricted hours, and those which had to confine themselves to twelve hours, could not but lead to a sense of unfairness which would inevitably give rise to further trouble. This consideration would not of itself have been decisive, but it soon appeared that there was much reason to apprehend that in many mills arrangements could and would be made to confine the protected classes to certain departments. The Bombay Chamber of Commerce definitely expressed their belief that this was possible, and that there were many ways in which the intentions of

Government could be circumvented. Certain mills might by increasing the number of spindles work the spinning and ring departments for twelve hours, while the other departments of the mill worked fourteen and fifteen hours. Dr. Nair pointed out that in the weaving department, where few young persons were employed, the hours of work would not be restricted to twelve, and the fact is not disputed by the majority of the Commission. They point out, however, that the internal arrangements of spinning and weaving mills are based upon the assumption that the spinning and weaving departments will work the same hours, that the machinery in the two departments is in almost all cases run by the same engine, and that it would not be economical, as a rule, to run the one department while the other remained idle. On the other hand, we have to keep in mind two facts. In the first place, with the growth of industrial activity which has been so marked during the last twenty years, weaving may be expected to become more important. More factories will in the natural course of development be established for weaving only, and separate machinery for the weaving sheds could easily be erected in new mills which combined spinning with weaving. In the second place, if large electric supply systems are established at industrial centres, similar to the scheme which is already in contemplation for Bombay, any factory which obtained its power from such a source would have no difficulty in running its weaving and spinning departments separately.

"The conclusion finally reached by Government was that there was the gravest reason to fear that the adoption of the Commission's proposals would fail to prevent abuses. If these apprehensions were fulfilled, the position would at once become most serious and fresh legislation would be required within a very few years. It has been urged that the direct limitation of the hours of work now will lead to the demand for further restrictions hereafter. That is a question with regard to which I will not hazard any conjecture. But at any rate we may be sure that the most likely way of inviting fresh restrictions is to pass measures which may fail to accomplish their professed object. To experimental legislation with only a doubtful prospect of success we are utterly opposed, when the objects to be attained and the straightforward method of attaining them are plain before us. Indeed, it would be obviously unfair to factory owners to adopt such a course. Government can insist on their observing the letter of the law, but cannot expect from them any very hearty co-operation in securing an object which is not plainly expressed in the law itself. If there is a way by which the hours of work of adult male labour can be kept at 14½ hours or even more without infringing the law, the factory owners would pretty certainly find it out and adopt it. In doing so many of them would probably incur a good deal of expenditure, *e.g.*, in adding to the number of spindles, and they would have a perfectly legitimate grievance if the action which might be taken now were postponed to a later date. I have dealt very fully with the arguments used by the majority of the Commission in this matter, because I should not be treating the Council fairly if I did not take them into our confidence with regard to the considerations which have guided us to conclusions of such importance. I hope that in doing so I have not failed to attach to the arguments of such a weighty and influential body as the Commission the value to which they are entitled. I should be sorry indeed to do so, for Government have the fullest sense of the care, the ability, and the completeness with which the Commission conducted their inquiries and framed their proposals.

" In the Bill which I have asked permission to introduce the provisions dealing with the hours of employment of operatives are divided into two sections, (1) those which apply to non-textile factories, and (2) those which apply to textile factories. The report of the Commission makes it perfectly clear that such abuses as have prevailed have occurred in textile factories only. In these circumstances it would have been unreasonable to impose on non-textile factories restrictions which were not required. The changes in the law as regards the hours of employment in non-textile factories will therefore be concerned solely with the midday stoppage, and the weekly holiday, and are not of a drastic character. At the same time, however, it is proposed to take power to extend by notification to non-textile factories any of the special provisions of the law relating to textile factories should circumstances make this course necessary.

" In all textile factories, the hours of work of all operatives will be limited to twelve in any one day. This being so, the main reason for creating a class of young persons or for extending the hours of employment of women disappears. The working day of children will be limited to six hours in textile factories, this change being a natural corollary to the imposition of a twelve hours day for adults. The employment of women and children, and also of adult males in factories, where the shift system is not in force, will be prohibited except between 5-30 A.M. and 7 P.M. Special exemptions will, as proposed by the Commission, be granted to cotton-ginning factories and to cotton and jute presses. These are the main proposals which have been put forward.

" With the remainder of the Bill I will deal as briefly as I can. Considerable difficulties have been found in enforcing the provisions of the existing law as regards the employment of children. It is notorious that flagrant illegalities in this respect are common in some provinces, and it is therefore essential that the law should be strengthened. We have accepted two important measures proposed by the Commission, (i) that certificates of age and physical fitness before employment should be demanded from all children who are actually employed in a factory, and (ii) that when a child over the age of six is found in any factory, he shall be presumed to be actually employed until the contrary is proved. Another proposal that the certificate of age given by the certifying surgeon should be accepted as conclusive evidence of the age of the child has been considered open to objection and has not been accepted, and we have also thought it inadvisable to give effect to the proposal that if a child over thirteen years of age is certified to be physically fit to be worked as an adult, and can produce a certificate shewing that he has passed a certain educational standard, he should be allowed to work for twelve hours.

" The existing Act contains no substantive provisions for the health and safety of operatives except those which concern the fencing of machinery. The Commission proposed the insertion in the law of a number of provisions borrowed from the corresponding provisions of the English Act or based on existing rules of Local Governments on the subject. All these proposals, with the exception of one which it is thought can better be dealt with by rule, have been accepted, and a new provision with regard to lighting has been added.

" An important change has been made with regard to the responsibility for infringements of the law. The present Act endeavours, not with much success it is understood, to fix the responsibility upon the occupier. The Commission

submitted proposals for making that responsibility effective. That some changes are required does not admit of any doubt, but it has been thought better on the whole to abandon the attempt to make the occupier, who in many cases is a Joint Stock Company, personally responsible, and instead it has been decided to fix the responsibility on the manager of the factory in every case. It is hoped that the provisions of the law have been so drafted that evasion will in future be impossible.

"The proposal that a Chief Inspector of Factories should be appointed for all India met with a considerable amount of opposition from Local Governments and the Government of India have decided that on the whole such an appointment is neither necessary nor desirable. Various amendments have, however, been made giving the Inspectors of Factories additional powers which experience has shown to be necessary for the proper discharge of their duties.

"Before I close, there are two other matters to which I wish to refer. If Hon'ble Members will examine the provisions of the Bill, they will see that certain clauses, particularly clauses 21, 23, 28, 29 and 30, provide that the provisions of the Bill shall not apply to cases exempted from their operation by rule or notification. As the Act could not be worked without these exceptions, it is essential that the rules to be made and the notifications to be issued should come into force simultaneously with the Act itself. It is the intention of Government that this should be done, and arrangements will be made accordingly. A letter is about to be issued to Local Governments on the subject, and the public generally will have a full opportunity of expressing their opinion with regard to the rules before any final decision is arrived at. I understand that some of the mill-owners would have preferred that such exceptions should find a place in the substantive law. That is a matter which can most appropriately be discussed in Select Committee, but I may point out that inasmuch as it would be impossible for Government to frame a comprehensive list of exceptions which would never require amendment or revision, it would be necessary in any case to take power to make such exceptions by rule. It seems better, therefore, on the whole and more convenient that all exceptions should find a place in the rules.

"The second remark I wish to make is this. I hope that factory owners will give us their assistance in settling finally the provisions of the proposed law. I can hold out no hope that the decisions already arrived at on important questions of principle will be reconsidered. Conclusions which are based on the matured results of an inquiry lasting for four years cannot be hastily reversed. But it is possible that the drafting of the Bill might be improved, and that we have not always succeeded in meeting the legitimate requirements of the factories. We cannot hope to put the law into a thoroughly practical and workable shape unless we have the assistance of those who are familiar with the details of factory working and who will have to comply with the provisions of the law when it is passed. It is not proposed that the Bill should be referred to a Select Committee now. It will, however, be published so that everyone concerned may have ample time to examine it and to suggest amendments, and in due course it will be referred to a Select Committee which will have to deal with the amendments which by that time may have been put forward."

The motion was put and agreed to.

The Hon'ble MR. HARVEY introduced the Bill to consolidate and amend the law regulating labour in factories.

The Hon'ble MR. HARVEY moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

The motion was put and agreed to.

INDIAN COMPANIES (AMENDMENT) BILL.

The Hon'ble MR. HARVEY moved for leave to introduce a Bill further to amend the Indian Companies Act, 1882. He said:—"I need not detain Council with any lengthy explanation of the amendments to the Companies Act which I am now proposing. The Indian Companies Act is an obsolete Act; we have for some time past recognised that it stands in need of considerable amendment and revision and have only deferred taking the necessary action because a similar measure regarding the consolidation of the corresponding English Act was still under consideration. As a result of the passing of the English Companies Act of 1908, we are now in communication with Local Governments and commercial bodies as to the amendments which should be made in our Indian Act, but we cannot hope to introduce the amending measure for some little time, and in the meanwhile our attention has been drawn to two points of importance in which the present Companies Act is defective and in respect of which early action is desirable. The English Act contains a provision permitting the payment of dividends out of capital during the period of construction. In India there are enactments enabling such payments to be made in the case of railways and tramways. Hitherto the need of extending this provision to industrial undertakings has not been felt in India, but recently we were approached by an Indian firm, who are undertaking two important industrial enterprises in India, with a request that they might be permitted to pay interest out of capital during the period of the construction of the works and buildings connected with their ventures. This request is a reasonable one and we have accordingly taken steps to amend our Act on the lines of section 91 of the English Companies (Consolidation) Act, 1908.

"The second amendment provides for the re-issue of redeemed debentures in certain cases.

"This measure is necessary to protect purchasers of debentures issued by Joint Stock Companies in India from any risks arising out of questions concerning the validity of debentures at the time of their purchase. It has been pressed upon us by the Madras and Bombay Chambers of Commerce and will place our law in respect of this particular matter on the same footing as the English Statute."

The motion was put and agreed to.

The Hon'ble MR. HARVEY introduced the Bill.

The Hon'ble Mr. HARVEY moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

The motion was put and agreed to.

INDIAN ELECTRICITY BILL.

The Hon'ble MR. MILLER moved for leave to introduce a Bill to amend the law relating to the supply and use of electrical energy. He said:—
"In making the motion which stands in my name, I wish to avoid, as far as possible, all purely technical matters, but some explanation is necessary as to why it has been thought right to supersede a measure passed into law only six years ago.

"Electrical enterprise is still in its infancy in this country, and the Act of 1903 was the first attempt made to deal with the subject on broad and general lines applicable to the country as a whole. The necessity for such an Act was impressed on the Government by the commercial community, but in the state of our knowledge of the conditions as they existed then, great difficulty was experienced in framing a suitable measure, which, on the one hand, should place no unnecessary obstacles in the way of the development of a great industry and, on the other hand, should allow of a suitable measure of control in the interests of the public. The difficulties of detail proved indeed to be so great that it became a question whether the Bill should not be postponed until further experience had been gained, but it was thought better to proceed with the measure even if it should be found to be imperfect, than to leave matters in a state of doubt. Of the wisdom of this decision there can, I think, be no doubt, and the measure that was passed has given electrical enterprise definite legal recognition, and has, though there have been complaints of delay and obstruction, on the whole, worked well. From time to time, however, points of doubt and difficulty arose, and in 1907 a Committee was appointed to consider how they could best be met. The most important of these had reference to a matter of great consequence to the industry of the country, namely, the application of the Act to the supply of electricity in bulk. The existing Act made no clear provision for this, and the Council are, no doubt, aware how necessary it is to remove this defect, to allow of the development of the schemes for supplying energy in bulk which are being promoted in various parts of the country, and which are almost certain to become more numerous in future. Several minor points were also referred to the Committee; others have come to light during the discussion on their proposals, and others will, no doubt, be brought up in the examination of the Bill which I propose to now introduce. The Committee was a strong one and represented both Government and commercial interests. It met under the presidency of the Hon'ble Mr. Carnduff, whose great assistance in shaping this rather intricate piece of legislation I am glad to have this opportunity of recognising. It examined the references made by the Government with great care and submitted a report dealing very clearly and thoroughly with the intricacies of the subject. The Committee thought it right to make one very important recommendation on a matter outside the precise reference made to it, namely, the general system to be pursued in administering the Act. Under the Act of 1903, the administration was in most respects left in the hands of Local Governments, but in various important matters the authority or previous sanction of the Government of India had to be invoked. In municipal areas the Local Government granted licenses, while for a similar license in the neighbouring cantonment, reference had to be made to the Government of India. The difficulties and delays

resulting from this dual system were pointed out by the Committee, and as a solution it was proposed that the administration of the Act should be undertaken by the Government of India. This proposal, when placed before Local Governments and Chambers of Commerce, met with considerable support in some quarters, and very strong opposition in others. It is proposed in the Bill to avoid the difficulties pointed out in a different way, namely, by further decentralising the administration rather than by centralising it. The main practical difficulty has arisen in the case of cantonments, and the Bill avoids a dual administration in such cases as far as is possible by allowing the Local Governments to issue licenses there, but only after reference to the military authorities whose powers in such places must be maintained unimpaired. The Bill therefore follows the Act in leaving the administrative authority in most matters in the hands of Local Governments, and it frees them in some cases from existing restrictions; while at the same time, to secure that uniformity which is so necessary for the encouragement of enterprise, it reserves to the Supreme Government the power of making rules, along with certain general powers of control.

"The changes in the law which it is proposed by the Bill to make are dealt with very fully in the Statement of Objects and Reasons, and I will not detain the Council except to call attention to one or two changes of special importance.

"Clause 3 of the Bill differs in an important point from sections 3 and 4 of the Act, of which it takes the place. The enabling powers formerly granted by section 4 of the existing Act were interpreted in the light of the prohibition in section 3, and were held therefore not to extend to the grant of licenses for supply of energy in bulk. To make it clear that no such limitation of the enabling powers of the Government was intended, it was at first proposed to widen the scope of the prohibition in section 3, and this was the course which the Committee recommended. It is not advisable, however, to impose prohibitions and penalties except where prohibition is inevitable; and it has been thought better to remove the general prohibition against supplying energy without a license and to substitute a new clause, which appears as clause 29, prohibiting certain action by persons who are not licensees. For a breach of this clause a substantial penalty is provided in clause 41. At the same time the provisions of the protective clauses in Part IV of the Bill have been extended so as to apply to non-licensees as well as to licensees. It is thought that these changes will, while removing certain restrictions that the existing Act places on the supply of energy, adequately guard the safety of the public, and the interests of consumers; but the point will, no doubt, be fully considered in the criticisms we receive on the measure.

"The question of bulk supply is specifically dealt with in article IX of the Schedule.

"There are other changes in matters of detail in the Bill, which are sufficiently numerous to make it advisable for the convenience of all concerned that it should take the form of an entirely new measure rather than of an amending one. They are not, however, of sufficient importance to call for special notice at this stage, and they deal with technical matters which I do not think it is necessary to explain at length."

The motion was put and agreed to.

The Hon'ble MR. MILLER introduced the Bill. He said:—"The object of introducing this measure at Simla is that it may be published, and receive the benefit of public criticisms before the Council meets in Calcutta; so that it may, after such amendment as the criticisms received may suggest, be referred to a Select Committee and if approved be passed without unnecessary delay. Steps will be taken at once to circulate it for opinion."

The Hon'ble MR. MILLER moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

The motion was put and agreed to.

INDIAN VOLUNTEERS (AMENDMENT) BILL.

His Excellency THE COMMANDER-IN-CHIEF moved for leave to introduce a Bill further to amend the Indian Volunteers Act, 1869. He said that the amendment of the Act was of a purely formal nature as explained in the Statement of Objects and Reasons. It ensured that any member of the Territorial Forces who might be attached to a volunteer corps in India should be subject to the provisions of the Indian Volunteers Act during the period he was attached to such corps.

The motion was put and agreed to.

His Excellency THE COMMANDER-IN-CHIEF introduced the Bill.

His Excellency THE COMMANDER-IN-CHIEF moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in English in the Gazette of India and the local official Gazettes.

The motion was put and agreed to.

The Council adjourned to Friday, the 27th August 1909.

J. M. MACPHERSON,

Secretary to the Government of India,
Legislative Department.

SIMLA;
The 30th July 1909.

Not Legislative. Sheets of Supplement to the Gazette of India published at Calcutta.

GOVERNMENT OF INDIA.

[illegible]MENT.

[illegible] 1909.

The following preliminary s[illegible] deaths reported in India during the week ending the 24th [illegible] 1909, is published for general information :

H. A. STUART,

Secretary to the Government of Indi

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall summary for the seven days ending at 8 hrs. on Thursday, the 29th July 1909, based on the Indian Daily Weather Reports of the period.

The rainfall of the week was connected chiefly with a depression which formed at the head of the Bay on the 23rd and travelled slowly in a westnorth-westerly direction into Central India where it disappeared on the 27th. Most of the rain was given by the Arabian Sea monsoon current and consequently the heaviest falls occurred to the south of the depression. During the latter part of the week the pressure distribution in northwest India was favourable for rain in lower Sind, Gujarat and Rajputana and on the 28th Kurrachee reported the unusually large fall of 3·42", which is almost equal to half its normal rainfall for the whole year. The Bay current was comparatively weak and after the 24th did not give much rain outside of Burma.

Burma.—Rain fell in all parts of the province, but was not very abundant at some stations in the northern and central districts. Cloud was moderate to heavy. Temperature was approximately normal.

Northeast India, including Orissa.—Rainfall occurred chiefly in the province of Bengal; in Eastern Bengal and Assam it was only light and local. Cloud was moderate to heavy in the southwestern districts of the division and light to moderate elsewhere. Normal temperature conditions prevailed.

The United Provinces, Central India and the Central Provinces.—Berar had practically no rain, but rain fell in all other parts of the division, the rainfall in the United Provinces occurring principally at the beginning of the week. Skies were moderately to heavily clouded in the Central Provinces and Central India, but in the United Provinces from the 25th cloud was only light to moderate. Temperature was [illegible] normal or in defect.

Northwest India.—Excluding Baluchistan and upper Sind, nearly every observatory recorded some rain during the week. Moderate to heavy cloud was present in Gujarat, Rajputana and along the western Himalayas; elsewhere skies were clear or only lightly to moderately clouded. Maximum temperature was in defect in many parts of the division, especially on the 26th when the deficiency was moderate to large in the Punjab, Rajputana, Kashmir and the North-West Frontier Province.

The Peninsula.—Rainfall was most widespread on the west coast, the north Madras coast and in Hyderabad; in the rest of the division it was generally light and scattered. Cloud was moderate to heavy up to the 28th, when it decreased. Temperature was normal or in defect, the deficiency being most marked in the northeast of the peninsula.

The following summarises the chief rainfall amounts as reported at 8 hrs. each day:—

July 23rd. Tavoy 4·10", Moulmein 4·07", Kyaukpyu 4·56", Darjeeling 3·76", Benares 3·10", Allahabad 3·92" and Lucknow 3·58".

„ 24th. Bareilly 2·20", Nowgong 5·69", Raipur 2·16".

„ 25th. Sambalpur 4·27", Nowgong 4·[illegible]", Chanda 2·67", Ludhiana 2·16" and Mercara 4·23".

„ 26th. Tavoy 5·72", Pachmarhi 2·[illegible]9", Jubbulpore 2·28", Nagpur 2·56", Calicut 5·43", Trivandrum 4·36" and Mercara 5·51".

„ 27th. Silchar 2·78", Hoshangabad 5·45", Lahore 2·06" and Masulipatam 2·27".

„ 28th. Yamethin 2·50", Kurrachee 3·42", Mount Abu 2·95", Deesa 1·80" and Kotah 2·[illegible]8".

„ 29th. Sibsagar 3·54", Cuttack 2·73" and Mount Abu 2·32".

The week's rainfall was heavier than usual in Burma, the greater part of northwest India and in the Madras presidency; and was below the average in northeast India and Berar. The deficiency shown last week in seasonal rainfall in Sind has now been changed to excess.

Division.	Rainfall data for week ending on 29th July 1909. Average actual rainfall in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Rainfall data from 30th April 1909 to 29th July 1909. Average actual rainfall of season to date in inches.	Average normal rainfall in inches.	Excess or defect in inches.	Seasonal percentage departure from normal. This week.	Last week.

GEORGE C. SIMPSON,
for Director-General of Observatories.

R. W. CARLYLE,
Secretary to the Government of India.

SIMLA;
The 29th July 1909.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 24th July 1909.

Burma.—The rainfall during the week was heavy in Lower Burma and mostly moderate in Upper Burma. Ploughing for the main rice crop is approaching completion in places and sowing and transplanting are progressing. Cultivation of autumn crops continues in Upper Burma. Agricultural operations have been retarded for want of rain in Katha and parts of Prome. More rain is also required in Minbu, Bhamo, Shwebo and Sagaing. Standing crops are on the whole in good condition. The price of unhusked rice has risen slightly in seven districts; it has fallen considerably in one district and slightly in three others.

Eastern Bengal and Assam.—The weather was favourable in the Chittagong and Dacca divisions and hot in Rajshahi, Cachar and Sylhet. More rain is needed in Rajshahi, Darrang, Nowgong, Sylhet and Manipur where the rice crop is being retarded through want of flood water. Prospects of jute are generally good. Poor reports have been received from Rangpur of the results from the fibre steeped. Prospects of rice are good on the greater portion of the land sown but in Goalpara, the Garo Hills and parts of Bogra reports are poor. Prospects of tea are only fair and the leaf is reported scarce. Green-fly is prevalent in Lakhimpur. Hill crops of potatoes are good. Prospects of cotton are good in the Cachar Hills. Harvesting of jute and autumn rice continues. Transplanting of winter rice is nearly done. No relief works are open. The number on gratuitous relief in Rangpur is 39. The average price of common rice remains unaltered. Cattle disease is prevalent in several districts.

Bengal.—The rainfall during the week was general; it was heavier than usual in South Bihar, Saran, Darjeeling, Hazaribagh, Khulna and Cooch Behar. In Lower Bengal, Orissa and the Bhagalpur division it was generally light. Transplantation of winter rice is in progress but more rain is required for this operation in Purnea, the Sonthal Parganas, Angul and Sambalpur and in South West Bengal excepting Khulna and the 24-Parganas. The condition of jute, sugarcane, autumn paddy and other standing crops is good. Some little damage by insect-pests to paddy and jute is reported from Nadia and Jessore. The price of common rice has risen in Burdwan, Bankura, the 24-Parganas, Palamau and Manbhum and has fallen in Gaya, Shahabad, Darbhanga, the Sonthal Parganas, Hazaribagh and Ranchi. Cattle disease is prevalent in several districts. The fodder and water supply is sufficient throughout the Province. The number of persons on famine relief works in Darbhanga was 738. These works have been closed from the 24th July. The number of persons gratuitously relieved in Muzaffarpur, Darbhanga and Palamau was 26,361.

The weekly report on the famine and scarcity is as follows:—District Darbhanga—The numbers on relief works were 738 on the 21st July. All relief works were closed on the 24th July. The number of persons gratuitously relieved was 24,677. Valedictory doles are being given and relief operations are being closed. Crop prospects are excellent. *Makai* is selling at 13½ to 14 seers per rupee in Darbhanga bazar but is dearer in the interior. Early *marua* is being harvested in the Madhubani sub-division.

United Provinces.—Heavy rain fell throughout the Provinces. Late autumn crops are being sown. Early crops are being weeded. Transplantation of late rice is in progress. Land is being prepared for sowings of spring crops. The condition of standing crops is generally good but heavy rain has retarded weeding. A break in the rains is now required, especially in Bundelkhand. Some damage from floods is reported from Farrukhabad, Budaun and North Oudh. Cattle disease is reported from twenty-two districts but the general condition of agricultural stock is good. Markets are well supplied. Prices are generally stationary.

The weekly report on the famine and scarcity is as follows:—The health of the labouring and cultivating classes and of persons on relief is good. Crime is normal. All relief works have been closed. Gratuitous relief is confined to Kheri and Bahraich and will be closed in Kheri on the 8th August with a fortnight's valedictory dole. The numbers reported include recipients of valedictory doles in Mirzapur, Basti and Garhwal. One poorhouse is open in Bahraich. The numbers on Government relief are:—on gratuitous relief 18,784; on poorhouse relief 35; total 18,819. Prices:—Kheri 14; and Bahraich 14$\frac{1}{2}$ seers per rupee.

Punjab.—Good to heavy rain fell during the week throughout the Province. The heaviest fall registered was a little less than 9 inches at Naraingarh in the Ambala district. Elsewhere the rainfall generally ranged from 6 to 1$\frac{1}{2}$ inches except in parts of Mianwali, Lyallpur and Multan where it was less than 1 inch. Sowings of autumn crops have been completed in Gurgaon but continue satisfactorily in other districts. Standing crops are generally in good condition and have been much benefited by the rains. Slight damage has been done to crops by insects in parts of Rohtak. The melon crop has been damaged by flood in parts of Mianwali. Prices are generally unchanged. A slight fall in prices is reported from Ferozepore and Rawalpindi. Cattle are generally in good condition and fodder is sufficient. Complaints of a short water-supply are general in the Samundri and Toba Tek Singh tahsils in the Lyallpur district where there has also been less rain.

North-West Frontier Province.—General rain fell all over the Province ranging from 10 cents in the Mardan tahsil of Peshawar to 4 inches 4 cents in the Tank tahsil of Dera Ismail Khan. It was beneficial to standing crops and for sowing of autumn crops. The condition of standing crops is average. Harvesting of extra spring crops continues in Bannu and the outturn in Bannu and Peshawar is average. The public health is good. Cattle disease is reported in the Peshawar district. Canal irrigation in Peshawar is satisfactory and rivers are rising. Irrigation from the Paharpur canal in Dera Ismail Khan is still stopped. The Tochi and Kurram rivers are in flood. Prices are rising slightly. Prices:—wheat 10$\frac{2}{7}$ to 11$\frac{1}{2}$; maize 14$\frac{1}{16}$ to 16$\frac{1}{2}$; gram 12$\frac{3}{4}$ to 16; *bajra* 12$\frac{1}{4}$ to 13$\frac{3}{4}$; and barley 18$\frac{7}{16}$ seers per rupee.

Jammu.—Good rain fell during the week. Prices are fluctuating. Wheat sells from 10$\frac{1}{4}$ to 16$\frac{1}{2}$ and maize from 13 to 20 seers per rupee. The condition of standing crops is fair. Cattle disease of mild type is reported in two districts. Fodder is sufficient. Sowing of crops for the autumn harvest is in progress.

Kashmir.—The weather was bright with occasional rain which was beneficial to autumn crops. The present condition of crops is good particularly *tilgugloo*, *shalli* and *makai*. Fodder is sufficient. There is no disease among cattle. Prices are unchanged.

Rajputana.—There has been good rain at Sirohi. Other places report the following amounts (in cents):—Banswara 457; Tonk 422; Jaisalmer, Partabgarh, Kishangarh, Alwar, Bharatpur and Ajmer 206 to 370; and Bikaner, Marwar, Shahpura and Merwara 101 to 145. Elsewhere the amounts received ranged from 67 to 99 cents. Agricultural operations are satisfactory. Early sowings have germinated well. Prospects are favourable. The condition of cattle is good. Pasturage and fodder are ample. Prices are generally becoming easier.

Central India.—The rainfall during the week was general and sufficient except in parts of Gwalior. Sowing of autumn crops has been completed in Indore and Bhopal. Weeding is in progress elsewhere. Land is being prepared for spring crops in Gwalior. Agricultural stock are satisfactory except for some cattle disease in parts of Indore, Bhopal, Baghelkhand, Bundelkhand and Bhopawar. Prices are falling in Bhopawar and Malwa and are stationary but high elsewhere.

Central Provinces.—During the week heavy showers were received in Bhandara, Hoshangabad, Nagpur, Chanda and Bilaspur, ranging from 9 to 5$\frac{1}{2}$ inches. Elsewhere the rainfall did not exceed 4$\frac{1}{2}$ inches. In Saugor, Narsinghpur and Nagpur a break

F

would facilitate field operations and benefit the crops. Sowing of autumn crops is completed in most districts but continuous rain has slightly impeded operations in Nagpur and Damoh. Germination is successful everywhere. Weeding, thinning and transplanting are in full swing. Preparation of land for sowing of spring crops continues in Saugor, Narsinghpur and the districts of Berar. Fodder and water are sufficient. Cattle are doing well. Prices:—*juar* in Nimar and gram in Hoshangabad became cheaper by 1½ seers per rupee. Elsewhere prices were steady or fluctuated slightly.

Feudatory States.—During the week Sirguja and Jashpur received 8 and 6½ inches of rain respectively. In Sarangarh, Raigarh, Kanker, Raj-Nandgaon, Chhuikhadan and Sakti the quantity registered ranged from 2 to 4½ inches. A break would be beneficial in Raigarh. Sowing, thinning and weeding of autumn crops continue. Transplantation of rice has been started in Kanker, Raigarh and Sarangarh. Germination is good but cotton in Raj-Nandgaon and rice in Sakti were damaged slightly by insects. The supply of fodder and water are adequate. Prices:—wheat and rice in Kanker rose by 1 seer per rupee. There were no marked variations elsewhere.

Bombay.—The rainfall during the week was heavy in parts of the Konkan, Nasik, Poona, Satara, Belgaum, Savantvadi and Kolhapur; good in parts of the Panch Mahals, Kathiawar and Rewa Kantha; moderate in parts of the Upper Sind Frontier, Thar and Parkar, Ahmedabad, Surat, West Khandesh, Dharwar and Palanpur; and slight in parts of Karachi, Sukkur, Larkana, Hyderabad, Broach, East Khandesh, Ahmednagar, Sholapur, Bijapur, Baroda, Cutch and Mahi Kantha. The rain was beneficial but more is needed for cultivation of autumn crops in parts of Karachi, Thar and Parkar, Kanara, West Khandesh, Nasik, Ahmednagar, Poona, Satara, the Karnatak and Kolhapur. Sowing of autumn crops continues generally but has been retarded in parts of Bijapur owing to insufficient rain. Transplantation continues in parts of Sind, Ahmedabad, the Panch Mahals, Surat, the Konkan, Nasik, Poona and Satara and has commenced in Belgaum. Standing crops have been slightly damaged by insects in parts of Bijapur and Cutch and are suffering in parts of Bijapur and Poona owing to insufficient moisture. They are generally in good condition elsewhere. Sowing of cotton continues in parts of Ahmedabad, Baroda and Cutch. The fodder supply is adequate. Agricultural stock are sufficient except in parts of Ahmednagar, Poona, Sholapur, Satara and Cutch and are generally in good condition. The supply of drinking water and of water for irrigation are generally adequate. Prices of food grains have fallen slightly in Ahmedabad, Surat, Kanara, Ahmednagar and Belgaum; have risen slightly in Karachi, Hyderabad and Kathiawar; and are generally stationary elsewhere. The quantity purchasable per rupee is in Sind 31 to 41 per cent; in Gujarat 17 to 42 per cent; in the Konkan 10 to 35 per cent; in the Deccan 17 to 31 per cent; and in the Karnatak 30 to 40 per cent less than the normal. Stocks of grain are adequate. Labourers get sufficient employment. The cultivating and labouring classes are generally in fair condition. 93 persons were gratuitously relieved in Bijapur.

Hyderabad.—The rainfall during the week was 1 inch 30 cents. Rain fell all over the Dominions. It was good in Adilabad and Nizamabad, averaging 3 inches 10 cents and 2 inches 97 cents respectively. The remaining districts received on an average between 1 inch 85 cents and 67 cents. The fall was poorest in the Raichur district where only 9 cents were received. Rain is urgently needed in Kuppal in the Salar Jang Estate. The highest falls were 3 inches 85 cents and 3 inches 68 cents in the Lakshattipet and Adilabad talukas of the Adilabad district and 3 inches 2 cents in the Bhokardan taluka of the Aurangabad district. Sowings of autumn crops continue in most parts but are still suspended for want of rain in parts of the Raichur district where prospects have not yet improved. Crops are generally fair to good but are reported to have been damaged by excessive rain in parts of the Aurangabad district and by insects in parts of the Mahbubnagar, Huzurnagar and Pakhal talukas. In the Pakhal taluka the crop was considerably benefited by the week's rain. Early rice is being sown in parts of the Telingana district and the crop is fair to good. Lands are being prepared for spring crops. Fodder scarcity is reported in the Kushtagi, Lingsugur and Huzurnagar talukas and water scarcity in Yellareddi and Kushtagi. Cattle disease prevails in three talukas.

Prices:—wheat 7; coarse rice 7; and *juar* 14¼ seers per rupee. White *juar* is selling in Hyderabad City at 12½ seers per rupee. Yellow *juar* is not available. The highest price in districts is 8¾ seers in the Kushtagi taluka of the Raichur district and the lowest 23 seers in the Udgir taluka of the Bidar district.

Mysore.—Good rain fell in Kadur and Shimoga and slight rain elsewhere. Prices of food grains are generally steady and markets are well supplied. Standing crops are in good condition but more rain is needed in parts of Bangalore, Kolar, Tumkur and Mysore. Cattle are generally healthy. Water and fodder are available.

Coorg.—The rainfall during the week was 16 inches 74 cents. Ploughing for, and transplanting of, rice continue. Cattle disease prevails in parts. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall was very heavy in South Canara; heavy in Malabar; good in Madras, Ganjam, Godavari, Chingleput, Kistna, North Arcot, the Nilgiris and Kurnool; *nil* in Madura and Tinnevelly; and light to fair elsewhere. Irrigation supplies are insufficient in parts of districts except Vizagapatam, Godavari, Kistna, Chingleput, Trichinopoly, Malabar, South Canara and the Nilgiris. Ploughing, sowing, weeding and transplanting are in progress in parts. Standing crops are generally fair, but some in parts of Bellary, Salem and Coimbatore require more rain and some in parts of North Arcot and Madura are withering. Harvests continue in parts with outturn poor to normal. Pasture is insufficient in parts of Guntur, Bellary, Cuddapah, Nellore, South Arcot, Coimbatore, Trichinopoly and Tinnevelly. Fodder is scanty in parts of the Circars, the Deccan, South Arcot and North Arcot. The condition of cattle is generally good. The price of rice is stationary in fourteen districts; has fallen in two; and has risen in seven. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts; has fallen in three; and has risen in nine. *Cholam* is stationary in four districts; has fallen in four; and has risen in six. *Cumbu* is stationary in eight districts; has fallen in four; and has risen in three. The public health is generally good. Prospects are generally fair. The condition of the labouring classes is good and employment is procurable. Grain stocks are generally sufficient.

Simla, the 29th July 1909.

C. F. ANDERSON, *Capt., R.E.*,
for Secretary, Railway Board.

Printed and published for the GOVERNMENT OF INDIA *at the* GOVERNMENT CENTRAL PRINTING OFFICE, *Simla*

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JULY 31, 1909.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 18th March 1909.

From the 3rd April next till further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published at Simla. After the 27th March all notifications and other matter intended for publication in the *Gazette* should be addressed to the Officiating Publisher at Simla.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

" It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,
Secretary to the Government of India.

Rates of subscription.	Per annum. R	a.	p.
Subscription for *Gazette* and Supplement	15	0	0
Postage	5	8	0
Subscription for Parts I, II, and III, or any of them	6	0	0
Postage	2	8	0
Subscription for Parts IV, V, and VI, or any of them	4	0	0
Postage	2	8	0
Subscription for Supplement only	5	0	0
Postage	3	0	0
Subscription for Supplement and Part VI	5	0	0
Postage	3	0	0
For a single copy of the *Gazette* and Supplement	0	8	0
For a single copy of Parts I, II, and III, or IV, V, and VI, or Supplement	0	4	0

The 27th July 1909.

F. C. HARRISON,
Offg. Comptroller General.

GOVERNMENT OF INDIA.

DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 29th July 1909.

NOTIFICATIONS.

No. 2909 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 26th July 1909 :—

No. 345 of 1909.—Rosalie Lancaster-Sutton, spinster, "North View," Mussoorie, U.P., India. *An improved mosquito net frame, and a fan to be used therein.*

No. 346 of 1909.—Samuel Stewart Harper, a citizen of the United States, having a post office address at No. 5751 Market street, city and county of Philadelphia, Pennsylvania, United States of America. *Wind mill.*

No. 347 of 1909.—Edward Emil Louis von Goldstein, rickshaw builder and general contractor, of Simla, British India. *Improvements in gates for starting horse races and the like.*

No. 348 of 1909.—John Collins Dallas, engineer, of 47 Middle road, Barrackpore, in Bengal, British India. *Improved method of and apparatus for sterilizing the effluent of latrines, septic tanks and the like.*

No. 349 of 1909.—A. A. Bachmann and A. Duclos, motor engineers, 52 Guriahat road, Ballygunge, Calcutta, India. *Transmission by friction disks and by belt depending from a new clutch system and differential adaptable to motor cars which can be made of any size and from any metal.*

No. 350 of 1909.—Percy Beattie-Crozier, Lieutenant, 4th (P. A. V.) Rajputs, Fort Sandeman, Baluchistan. *Keeping the protective rubber rings, used on polo-sticks to lessen concussion, in their correct position on the stick.*

No. 351 of 1909.—John Hutchings, mining and mechanical engineer, of Capel House, 62 New Broad street, in the city of London, England. *Improvements in and relating to internal combustion motor engine turbines or reaction wheels.*

No. 352 of 1909.—John Hutchings, mining and mechanical engineer, of Capel House, 62 New Broad street, in the city of London, England. *Improvements in apparatus for supplying combustible fluid under constant pressure.*

No. 353 of 1909.—Axel Julius Laurits Lassen, machine manufacturer, of Falkoneralle 94, Frederiksberg near Copenhagen, in the kingdom of Denmark. *A method of and apparatus for stoppering bottles with capsules.*

No. 354 of 1909.—John Pomeroy, inventor, formerly of Tay street, Invercargill, in the dominion of New Zealand, but now of Capel street, West Melbourne, in the State of Victoria, Commonwealth of Australia. *Improvements in steam boiler furnaces.*

No. 355 of 1909.—George William Berry, mechanic, of 601 Mount Alexander road, Moonee Ponds, in the State of Victoria, Australia. *Improvements in closets or commodes.*

No. 356 of 1909.—James Walker, temporary engineer, Public Works Department, Dhun Building, Apollo Bunder, Bombay. *An improved motor car wheel.*

No. 357 of 1909.—John David Ridler, loading foreman, Goods Shed, Sealdah, E. B. S. Railway. *Improved means for driving rotating fans and the like.*

No. 358 of 1909.—E. R. Subroyer, pensioned Comptroller under the Government of His Highness the Maharaja of Mysore. *A door and window catch.*

No. 359 of 1909.—Charles Henry Brooke, civil engineer, 59 Ezra street, Calcutta. *A new or improved form of expanding metal to be known as convex metal, for use in re-enforcing concrete, building partition walls, floors and roofs and the like.*

No. 360 of 1909.—Robert Rawling, tinsmith, of 23 Sidthorpe street, and John Thomas White, engineer, Coatham House, Kirton Park Terrace, both of North Shields, in the county of Northumberland, England. *Improvements in ventilating shaft tops.*

No. 2910 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 415 of 1908.—Kenneth Willmot Deighton, district superintendent, of Central Provinces Police, c/o Messrs. King King and Co., Bombay. *Sealing railway wagons.* (Specification field 21 June 1909.)

No. 472 of 1908.—Percy Gwynedd Porteous, district locomotive superintendent, and Richard Dermott Thompson, assistant locomotive superintendent, both of the Madras and Southern Maharatta Railway Co., Perambur, Madras, British India. *Making the exchange between a station official and an engine driver or guard while a train is in motion, of a train key, tablet or other token, used in railway working for the purpose of blocking a section between any two stations.* (Specification field 13 July 1909.)

No. 506 of 1908.—William Henry Johnson, metal merchant and manufacturer, of 24 and 26 Lever street, in the city of Manchester, England. *Improvements in reinforcing material or bonds for brickwork.* (Specification filed 14 July 1909.)

No. 520 of 1908.—Abraham Wynberg, diplomated technologue and teacher at the school for sugar industry in Amsterdam, Heerengracht 567. *Improvements in the treatment of sugarcane and sugarcane waste and in the manufacture of useful products therefrom.* (Specification filed 22 July 1909.)

No. 532 of 1908.—Alishaik Bidree, merchant, Bhuc Gulli, Sholapur, near Bombay. *Improvements in the leasing mechanisms of warping machines.* (Specification filed 21 July 1909.)

No. 262 of 1909.—Composite Fuel Syndicate Limited (an English Joint Stock Company of Limited Liability, duly incorporated under English Laws), manufacturers, of 103 Hop Exchange, London, England. *Improvements in or relating to the manufacture of artificial fuel.* (Specification filed 15 July 1909.)

No. 269 of 1909.—William Jackson, engineer, of Thorn Grove, Mannofield, Aberdeen, North Britain. *Improvements in apparatus for packing tea-leaf and other produce, or material, in boxes, or other containers.* (Specification filed 13 July 1909.)

No. 276 of 1909.—The Otto-Hilgenstock Coke-Oven Company, Limited, manufacturers, of 4 Southampton Row, in the county of London, England. *Improvements in removing tar from the hot gases from coke ovens, gas retorts or the like.* (Specification filed 22 July 1909.)

No. 277 of 1909.—The Consolidated Brake and Engineering Company, Limited, and Edward Sydney Luard, engineers, both of Spencer House, South Place, in the county of London, England. *Improvements in rapid action valves for use with vacuum brake apparatus.* (Specification filed 22 July 1909.)

No. 278 of 1909.—The Consolidated Brake and Engineering Company, Limited, and Edward Sydney Luard, engineers, both of Spencer House, South Place, in the county of London, England. *Improvements in or connected with ball-valves for use with vacuum brake cylinders.* (Specification filed 22 July 1909.)

No. 280 of 1909.—Hans Geyer, engineer, of 8 Wittelsbacherstrasse, Munich, in the Empire of Germany. *Improvements in apparatus for cutting slots in existing masonry.* (Specification filed 15th July 1909.)

No. 2911 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 56 of 1896. George Alexander Dick. *Improvements in or connected with means or apparatus for compressing, squeezing, or squirting heated metals.* (From 7 August 1909 to 7th August 1910.)

No. 209 of 1899.—The Westinghouse Brake Company, Limited. *Improvements in buffer and drawbar apparatus.* (From 15th December 1909 to 15th December 1910.)

No. 280 of 1899.—Harry Phillips Davis and Frank Conrad. *Improvements in alternating current measuring instruments.* (From 9 September 1909 to 9 September 1910.)

No. 50 of 1901.—Ernest Rowland Hill. *Improvements in or relating to electro-pneumatic controlling systems.* (From 18 September 1909 to 18th September 1910.)

No. 98 of 1901.—Michael Idvorsky Pupin. *The art of reducing attenuation of electrical waves and apparatus therefor.* (From 2 October 1909 to 2 October 1910.)

No. 274 of 1902.—The Automatic Ærator Patents Limited. *Improvements in or relating to the aeration and bottling of liquids.* (From 23 August 1909 to 23 August 1910.)

No. 44 of 1903.—George Westinghouse. *Improvements in steam turbines.* (From 9 September 1909 to 9th September 1910.)

No. 260 of 1903.—Edward Richard Palmer. *Improvements in or relating to latrine systems.* (From 1st August 1909 to 1 August 1910.)

No. 22 of 1904.—John McLeownan McMurtrie. *An improved liquid hydrocarbon burner for lighting and heating purposes.* (From 16 August 1909 to 16 August 1910.)

No. 77 of 1904.—George Westinghouse. *Improvements in fluid pressure turbines.* (From 17 September 1909 to 17 September 1910.)

No. 79 of 1904.—George Westinghouse. *Improvements in fluid pressure turbines.* (From 17 September 1909 to 17 September 1910.)

No. 218 of 1904.—Charles Walke. *Improvements in the rollers of cotton gins.* (From 22 August 1909 to 22 August 1910.)

No. 276 of 1904.—Harry Tee. *Improvements in or connected with the manufacture of salt.* (From 4 August 1909 to 4 August 1910.)

No. 297 of 1904.—Valdemar Poulsen. *Improvements relating to the production of alternating currents.* (From 31 August 1909 to 31 August 1910.)

No. 543 of 1904.—George Jones Atkins. *Improvements in or connected with the pole or electrodes of electrolytic apparatus and the like.* (From 28 July 1909 to 28 July 1910.)

No. 24 of 1905.—John Charles Barker. *Improvements in water filtering apparatus.* (From 19 August 1909 to 19 August 1910.)

No. 42 of 1905.—George Christian Schmidt. *Improvements in and connected with appliances for raising and lowering ships' boats.* (From 25 July 1909 to 25 July 1910.)

No. 188 of 1905. Alfred Benjamin Duggan. *An improved lubricator for journals of railway vehicles and locomotives.* (From 1 August 1909 to 1st August 1910.)

No. 375 of 1905.—Wilfred Arthur Peloquin Cosserat. *Improvements in pneumatic and like railway signalling systems and apparatus therefor.* (From 12 March 1910 to 12 March 1911.)

No. 2912 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act, the exclusive privilege of making, selling and using the said inventions in British India, and of authorizing others so to do, has ceased:—

No. 58 of 1905.—Henry Tomkinson Flanagan. *An improved catch for railway and other carriage windows and shutters.* (Specification filed 17 April 1905.)

Fee in respect of the continuance of an exclusive privilege—

4 (*a*) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof—

The sum of R50 for the above inventions.

No. 334 of 1900.—The British Westinghouse Electric and Manufacturing Company, Limited. *Improvements in controllers for electric motors.* (Specification filed 23rd April 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (*e*) After the expiration of the seventh year and before the expiration of the eighth year from that date—

The sum of R50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash, and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. Consolidated indexes for 1905, 1906, 1907 and 1908, entitled "Inventions and Designs," are also on sale, price one rupee each. They contain a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in the year, together with lists of designs applications.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. A new and revised edition is now on sale. Royal 8vo volumes, paper cover, price one rupee or 1s. 6d. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

A copy of the Bill, which it is proposed to introduce to amend the law relating to the protection of Inventions and Designs, together with a statement of objects and reasons and notes on clauses, has been placed in the visitors' room of the Patents Office for inspection. Copies, price one rupee, may be obtained on application to the Superintendent, Patents Office, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions and Designs Act, V of 1888.

CINCHONA FEBRIFUGE.

Cinchona Febrifuge can be purchased for cash only by Government officers and the general public, from the Superintendent, Royal Botanic Garden, Calcutta.

The rates for Government officers are: —

				Post-free.		
	R	a.	p.	R	a.	p.
16-oz. tin	7	8	0	7	14	0
8 " "	3	12	0	4	0	0
4 " "	1	14	0	2	2	0

The rates for the general public taking 5 lbs. and upwards at a time are the same as for Government officers. For any quantity below five pounds, the rates are:—

				Post-free.		
	R	a.	p.	R	a.	p.
16-oz. tin	9	0	0	9	6	0
8 " "	4	8	0	4	12	0
4 " "	2	4	0	2	8	0

Cinchona Febrifuge is sold also by the principal druggists in Calcutta.

THOMASON CIVIL ENGINEERING COLLEGE, ROORKEE.

NOTIFICATION.

Roorkee, the 10th June 1908.

A Registry Office for men of the undermentioned grades is kept up by the Principal, Thomason College, Roorkee. Officers and employers of labour requiring men are requested to apply to the Principal:—

1. Engineers.
2. Overseers.
3. Sub-Overseers.
4. Draftsmen and Surveyors.
5. Motor Car Drivers.
6. Engine Drivers.
7. Men trained in—
   (a) Photo-Mechanical and Lithographic Work.
   (b) Workshops (both Electrical and Mechanical sides).

E. ATKINSON, Major, R.E.,
Principal, Thomason College, Roorkee.

THE HONOURABLE THE CHIEF COMMISSIONER OF AJMER-MERWARA.

NOTIFICATIONS.

Mount Abu, the 4th July 1909.

No. 973.—The following draft of a Notification which it is proposed to issue in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration by the Hon'ble the Chief Commissioner of Ajmer-Merwara on or after the 22nd August 1909.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date aforesaid will be considered by the Hon'ble the Chief Commissioner.

Draft Notification.

In exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Hon'ble the Chief Commissioner is pleased to make the following rules to regulate the possession and transport of petroleum in Ajmer-Merwara in supersession of those published in this office Notifications cited in the margin.—

No. 71, dated the 26th January 1903.
No. 190, dated the 25th February 1904.
No. 528, dated the 19th May 1906.

RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE POSSESSION AND TRANSPORT OF PETROLEUM IN AJMER-MERWARA.

PART I.

PRELIMINARY.

Definitions.

1. In these rules,—

(*a*) "Part" means a Part of these rules;

* * * * * * * *

(*c*) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(*d*) "installation" means a place specially prepared for the storage of petroleum in bulk or for bulk combined with non-bulk storage, and may be either a major or a minor installation;

(*e*) "major installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons; or

(2) in which tin-making operations are carried on;

(*f*) "minor installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons; and

(2) in which no tin-making operations are carried on;

(*g*) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;

(*h*) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Local Government may by notification declare as such;

* * * * * * * *

(*j*) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and

(*k*) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation or storage shed.

Supervision of operations within installation or storage shed.

2. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand or dry earth in installation.

4. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

Marking of capacity of tanks.

5. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.

Protection from lightning.

6. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

Testing of lightning-conductor by licensee.

7. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Official testing of lightning-conductor.

8. Any officer appointed by the Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Time for work in installations or storage sheds.

9. No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

Closure of pipes and openings.

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

Material for storage sheds.

11. All storage sheds in an installation shall be built of uninflammable material.

Posting up of rules and conditions.

12. There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license.

CHAPTER II.—TRANSPORT OF PETROLEUM.

* * * * * * *

Validity of license granted in another province.

Petroleum may be transported into and within Ajmer-Merwara under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

* * * * * * *

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

Applications for licenses.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

Licensing authority.

2. Licenses—

(*a*) for the possession of non-dangerous petroleum, not being petroleum in bulk,

(*b*) for the possession of non-dangerous petroleum in a minor installation,

(*c*) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and

(*d*) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government :

Provided that in the case of renewals of existing licenses the Local Government may delegate its powers under this rule to the District Magistrate or to such other authority as the Local Government may from time to time by an order in writing appoint in this behalf.

Refusal of license.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case :

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

Forfeiture of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Particulars of license

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules :

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

Renewal of licenses.

6. (*1*) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(*2*) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

(*3*) The same fee shall be charged for the renewal of a license as for a new license.

Supply of rules to licensee.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Procedure on death or disability of licensee.

8. Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Loss of license.

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

Continuance of license.

1. Every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Dangerous petroleum not in bulk.

3. Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

4. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

5. (1) The holder of a license in Forms A, B or C may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Re. 1 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Local Government may prescribe on the recommendation of the Chief Inspector of Explosives.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Local Government, on the recommendation of the Chief Inspector of Explosives, may from time to time by general or special order, approve, may be granted in Form D.

Storage in major installations.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Storage in minor installations.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify :—

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

(a) the description and quantity of petroleum which the applicant desires to keep,

(b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,

(c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Certificate of safety to be furnished.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify :—

Particulars to be given in applications for licenses under rules 4 and 9.

(a) whether the applicant is the owner of a motor-vehicle,

(b) the amount of dangerous petroleum the applicant desires to store,

(c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of non-dangerous petroleum.

2. General licenses for the transport of dangerous petroleum, otherwise than in bulk, may be granted for a period of twelve months in Form H.

General licenses for the transport of dangerous petroleum.

3. Licenses granted under rules 1, 2 and 9 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

Effect of general license.

4. The holder of a general license granted under rules 1, 2 or 9 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

Pass for transport of petroleum.

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding 5 hundred gallons, in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

Special licenses for the transport of dangerous petroleum.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

Effect of special license.

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

Particulars to be given in applications for special licenses.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.

CHAPTER VI.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct

Method of levying fees.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted

(3) The court-fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

2. The following fees shall be charged for licenses for the possession of petroleum namely:—

Fees for licenses for possession of petroleum.

	R	
Non-dangerous petroleum.		
(a) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	12	
(b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons *plus* R2 for every additional one thousand gallons or part thereof.
(c) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons.	20	for the first five thousand gallons *plus* R4 for every additional one thousand gallons or part thereof.
(d) When the quantity to be stored exceeds fifty thousand gallons.	250	
Dangerous petroleum.	R	
(e) When the quantity to be stored does not exceed forty gallons.	3	
(f) When the quantity to be stored exceeds forty gallons, but does not exceed five hundred gallons.	8	
(g) When the quantity to be stored exceeds five hundred gallons.		the same fees as those laid down for non-dangerous petroleum.

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum :—

Non-dangerous petroleum.

	R
Special license—	
(a) When the quantity to be transported exceeds five hundred but does not exceed five thousand gallons.	1
(b) For every additional five thousand gallons or part of five thousand gallons.	1
General license for the transport of non-dangerous petroleum by rail, by road, or by water for twelve months.	100

Dangerous petroleum.

	R	
Special license—		
(i) When the quantity to be transported does not exceed forty gallons.	2	
(ii) When the quantity to be transported exceeds forty gallons but does not exceed four hundred and eighty gallons.	2	for the first 40 gallons *plus* 8 annas for every additional forty gallons or part thereof.
(iii) When the quantity to be transported exceeds four hundred and eighty gallons.	8	for the first four hundred and eighty gallons *plus* R2 for every additional four hundred and eighty gallons or part thereof.
General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water, up to a maximum of sixty gallons at a time.		
General license for the transport of dangerous petroleum by dealers by rail, road or water.	50	

Fee for license granted for unexpired portion of an original license.

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

Fee for duplicate licenses.

5 A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

FORM A.

(Rule 2 of Chapter IV of Part II.)

License to possess petroleum (other than dangerous petroleum), otherwise than in bulk.

No. Fee, R

License is hereby granted to for the storage in the storage shed described below, of , gallons of petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority
appointed under rule 2 of Chapter III of Part II.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on Form A.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams, rafters, columns, windows and doors may be of wood.

3. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored.
None	5,000 and under.
20 feet	over 5,000 and up to 50,000.
30 „	Unlimited.

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

FORM B.

(Rule 3 of Chapter IV of Part II.)

License to possess dangerous petroleum, otherwise than in bulk, in quantity exceeding forty gallons.

No. Fee, R .

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

The 190 .

[Description of the storage shed above referred to.]

Endorsement on Form B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch ; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons.	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons, the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear.
Not exceeding 500 gallons	20 feet.
From 500 to 1,000 "	25 "
" 1,000 to 5,000 "	30 "
" 5,000 to 15,000 "	40 "
" 15,000 to 25,000 "	50 "
" 25,000 to 35,000 "	60 "
" 35,000 to 50,000 "	70 "
" 50,000 and over	100 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorized by the Local Government in this behalf.

FORM C.

(Rule 4 of Chapter IV of Part II.)

License to possess dangerous petroleum in quantity not exceeding forty gallons.

No. Fee, R3.

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority
appointed under rule 2 of Chapter III of Part II.

The 190 .

(Description of the storage shed above referred to.)

Endorsement on Form C.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:—

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight gallons	16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. Receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8 The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable material; provided, however, that the doors and windows may be of wood.

9. All ventilating openings in the storage shed shall be protected by strong wire gauze

10. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

13. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

14. Where a storage shed forms a part of or is attached to another building, and where the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

15. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM D.

(Rule 7 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a major installation.

No. Fee, R .

License is hereby granted to for the storage, in the place described below, of gallons of petroleum, not being dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

First Assistant to the Agent to the Governor-General, Rajputana, and
Chief Commissioner of Ajmer-Merwara.

The 190 .

(Description of the place above referred to.)

Endorsement on Form D.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The inclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Settling or measuring tanks* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation, either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any protected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for soldering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

FORM E.

(Rule 8 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a minor installation.

No. Fee, R .

License is hereby granted to for the storage in the place described below, of gallons of petroleum, not being

* These tanks shall not have a greater capacity than 30,000 gallons.

dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. , dated , and to the further conditions on the back of this license.

District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

(Description of the place referred to.)

Endorsement on Form E.

CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(*a*) for horizontal tanks, not less than one-third the height of the tank;

(*b*) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 20,000	Ditto 20 „
Over 20,000 and up to 50,000	Ditto 30 „

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or light, except those necessary in the soldering room and watchman's house shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(*a*) each tank shall separately be enclosed in the manner prescribed in condition 1, or

(*b*) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a masonry wall or embankment as provided in clause (*b*) of the condition 7, either the doorways and other openings of the building shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both, not less than two feet high when the quantity of petroleum stored exceeds 10,000 gallons the height of depth shall be three feet.

A combination of these methods is permissible.

FORM F.

(Rule 9 of Chapter IV of Part II.)

Special license to possess and transport dangerous petroleum for owners of motor-vehicles.

No. Free of charge.

License is hereby granted to owner (or hirer) of a motor-vehicle (or vehicles) for the possession of gallons of dangerous petroleum for use therein at* and for its transport on the said motor-vehicle (or vehicles) for the purpose of use therein, subject to the rules for the possession and transport of dangerous petroleum published in Notification No. , dated , and to the conditions at the back of this license.

When the quantity exceeds 40 gallons. First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

When the quantity does not exceed 40 gallons. District Magistrate or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

Endorsement on Form F.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (*a*) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons

---

* Situation and description of storage shed above referred to.

having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

FORM G.

(Rule 1 of Chapter V of Part II.)

General license to transport petroleum other than dangerous petroleum.

No. Fee, R100.

A general license is hereby granted to   to transport petroleum, other than dangerous petroleum, subject to the rules contained in Chapter V of Part II of   Government Notification No.   , dated   , and to the condition at the back of this license.

This license shall continue in force till the

District Magistrate or other authority appointed under rule 2 of Chapter III of Part II.

The   190.

Endorsement on Form G.

CONDITION OF THE LICENSE.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron or other receptacles not easily broken or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM H.

(Rule 2 of Chapter V of Part II.)

General license to transport dangerous petroleum otherwise than in bulk.

No. Fee, R 50.

A general license is hereby granted to   to transport dangerous petroleum otherwise than in bulk, subject to the rules contained in Chapter V of Part II of   Government Notification No.   , dated   , and to the further conditions on the back of this license.

Endorsement on Form H.

CONDITIONS OF LICENSE.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than forty gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons .	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

FORM I.

(Rule 4 of Chapter V, Part II.)

Pass to be granted by the holder of General License No. for the transport of dangerous/non-dangerous petroleum otherwise than in bulk/in bulk or otherwise than in bulk subject to the rules contained in Chapter V of Part II of Government Notification No. , dated , and to the further conditions on the back of this pass.

This pass covers (drums/tins/cases/packages containing)* gallons of dangerous/non-dangerous petroleum being the property of while in transport from to .

*To be omitted when the petroleum is transported in bulk.

The 190 . Holder of General License No.

Endorsement on Form I.

CONDITIONS OF PASS.

I.—For dangerous petroleum in the case of the holder of a license in Form H.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than 40 gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanised sheet iron or steel, and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed two gallons	27 B. W. G.
(2) When the capacity exceeds two but does not exceed four gallons .	22 B. W. G.
(3) When the capacity exceeds four but does not exceed eight gallons	20 B. W. G.
(4) When the capacity exceeds eight but does not exceed twenty gallons	16 B. W. G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B. W. G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

II.—For dangerous petroleum in the case of the holder of a license in Form L.

1. The quantity of dangerous petroleum to be transported under this pass shall not exceed 60 gallons.

2. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than four gallons and fitted with well-made filling holes and well-fitting screw plugs, or with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch:

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal:

	Not less than
(1) When the capacity does not exceed 2 gallons	27 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

3. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling.

4. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

5. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

III.—For petroleum other than dangerous petroleum.

The petroleum, if not in bulk, shall be packed in air-tight tins or drums of steel or iron, or other receptacles not easily broken, or in tank-carts of a pattern approved by the Local Government in this behalf, or in bottles securely stoppered and carefully packed so as to avoid risk of breakage.

FORM J.

The 22nd June 1909.

No. 900.—In exercise of the powers conferred by section 5 of the Ajmer Courts Regulation, 1877 (I of 1877), and with the previous sanction of the Governor General in Council, the Hon'ble the Chief Commissioner is pleased to appoint Mir Saiyad Hussain, while holding charge of the current duties of the office of Assistant Commissioner, Merwara, to be a Subordinate Judge of the 1st class in the district of Ajmer-Merwara.

No. 901.—In exercise of the powers conferred by section 11 of the Ajmer Courts Regulation, 1877 (I of 1877), and with the previous sanction of the Governor General in Council, the Hon'ble the Chief Commissioner is pleased to invest Mir Saiyad Hussain, Subordinate Judge, 1st class, with the powers of a Judge of the Court of Small Causes, to be exercised within the limits of the Beawar Tahsil during such time as he holds the appointment of Subordinate Judge of the 1st class.

The 21st July 1909.

No. 2656.—Whereas the land designated below is required for a public purpose, this declaration is made accordingly under the provisions of section 6 of the Land Acquisition Act, I of 1894 :—

District.	Pargana.	Mauza.	Approximate Area.	For what purpose.	REMARKS.
Merwara	(Merwara) Beawar.	Noondree	Acres—0.006 Boundaries— North—Premises of Krishna Mills, and Field of Chatra Mali. South—Railway wire fencing. East—Land of Chatra Mali. West—Land of Krishna Mills.	Krishna Mills siding at Beawar.	The plan can be seen at the office of the Collector of Merwara.

Under section 7 of the Act, the Collector is hereby directed to take order for the acquisition of the land specified above.

The 24th July 1909.

No. 1083.—The privilege leave for three weeks granted to Mr. R. Vaiyapur Mudaliar, Superintendent of Excise in Ajmer-Merwara, in this office Notification No. 658, dated the 7th May 1909, is extended by one day.

By order,

W. H. J. WILKINSON,

First Assistant to the Agent to the Governor-General, Rajputana, and Chief Commissioner, Ajmer-Merwara.

ORDERS BY THE HONOURABLE THE AGENT TO THE GOVERNOR-GENERAL IN RAJPUTANA.

NOTIFICATION.

Abu, the 24th July 1909.

No. 3114.—Major T. W. Irvine, I.M.S., Residency Surgeon, Mewar, is granted privilege leave for 10 days, under Article 260 of the Civil Service Regulations, in continuation of special privilege leave under the Government of India's Resolution in the Finance Department, No. 4526-P., dated the 11th August 1905, sanctioning the concession to the members of the late Seistan Mission. Major Irvine availed himself of the special leave with effect from the 10th May 1909.

2. This office Notification No. 1949, dated the 12th May 1909 is cancelled.

By order,

W. H. J. WILKINSON,

First Assistant to the Agent to the Governor General, Rajputana,

AGENT TO THE GOVERNOR GENERAL IN CENTRAL INDIA.

NOTIFICATION.

Central India Agency, Indore, the 22nd July 1909.

No. 1741-D.—Lieutenant Mohamed Akbar Khan, attached to the Malwa Bhil Corps, is granted privilege leave for 60 days combined with leave on private affairs for 1 month and 4 days with effect from the 20th July 1909.

By order,

P. B. WARBURTON,

First Assistant to the Agent to the Governor General in Central India.

THE HONOURABLE THE RESIDENT IN MYSORE.

NOTIFICATIONS.

BANGALORE RIFLE VOLUNTEERS.

Bangalore, the 22nd July 1909.

No. 53.—Second-Lieutenant Delbert Haskell is transferred to the Supernumerary List with effect from the 10th Juyly 1909.

The 23rd July 1909.

No. 54.—In exercise of the powers conferred by sections 6 and 9 respectively of the Indian Christian Marriage Act, 1872 (XV of 1872, as modified by Act II of 1891) and which have been delegated to him by the Governor-General in Council under section 86 of the Act by Foreign Department Notification No. 3747-I.B., dated the 1st October 1897, the Hon'ble the Resident in Mysore is pleased :—

(*a*) to license the Reverend Samuel Nathaniel and the Reverend John Mark, Indian Ministers of Wesleyan Mission in Mysore, to solemnise marriages within the territories of Mysore including the Civil and Military Station of Bangalore ; and

(*b*) to license the said Reverend Samuel Nathaniel and the Reverend John Mark, to grant certificates of marriage between Native Christians within the said territories.

The powers hereby conferred are to be exercised only so far as regards Christian subjects of His Majesty.

No. 55-C.—Whereas by the Notification of the Government of India in the Foreign Department, No. 2252-I., dated the 7th August 1883, the Indian Christian Marriage Act, 1872, was with certain modifications declared to apply to the Civil and Military Station of Bangalore, so far as regards marriages between persons, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian British subject.

In exercise of the powers conferred by sections 6 and 9 respectively of the Act and in supersession of so much of the Resident's Notification No. 27—2245, dated the 8th January 1890, relating to the Reverend Samuel Nathaniel and the Reverend John Mark of the Wesleyan Mission, as remains uncancelled, the Hon'ble the Resident in Mysore is pleased :—

(*a*) to license the said Reverend Samuel Nathaniel and the said Reverend John Mark to solemnise marriages within the territories included in the Civil and Military Station of Bangalore ; and

(*b*) to license the said Reverend Samuel Nathaniel and the said Reverend John Mark to grant certificates of marriage within the territories included in the Civil and Military Station of Bangalore between Native Christians, one of whom is a Native Christian subject of Mysore, and neither of whom is a Christian subject of His Majesty.

By order,

T. COPELAND,

First Assistant Resident.

REVENUE COMMISSIONER'S OFFICE, NORTH-WEST FRONTIER PROVINCE.

NOTIFICATION.

Peshawar, the 22nd July 1909.

No. 39-*G*.—With reference to Notification No. 1845, dated the 17th May 1909, it is hereby notified that with the previous sanction of the Chief Commissioner, the Revenue Commissioner has made the following amendments in the rules under the Punjab Land Revenue Act, 1887 (as extended to the North-West Frontier Province by Regulation No. VII of 1901).

ADDITIONS AND ALTERATIONS (UNDER SECTION 28).

I.—Add at the end of rule 19—

"The Patwari shall also report in writing any outbreak of disease among animals to the Veterinary Assistant and shall send a monthly report on the same to the Sadr Kanungo."

II.—In Land Revenue Rule 181 (i) after the words "pay the same" insert the words "personally or by revenue money order where the latter course is authorised."

III.—Add to Rule 181—

"(XI) report to the Patwari any outbreak of disease among animals."

AMENDMENT (UNDER SECTION 100).

For Land Revenue Rule 195 substitute the following :—

"At every point where the boundaries of more than two estates meet a tri-junction pillar of the following specification shall be erected.

Material.—A single block of stone or masonry of stone or burnt brick, with lime mortar, if masonry, the upper surface to be plastered with pukka lime plaster.

Shape.—If a stone block in length and breadth not less than 18 inches and in depth not less than 3 feet if masonry cubic each edge of the cube not less than three feet long.

Position.—The lowest side of the pillar to be accurately bedded upon a levelled surface and only half the pillar to be above ground."

AMENDMENT (UNDER SECTION 41).

Rule 334—

"When an order of a Civil Court is sent to the Collector for the execution of a decree for the possession of land, the Collector shall give possession to the decree-holder on the date specified in the decree or in the directions issued by the Civil Court executing the decree. If no date is specified in the decree or by the Civil Court and the land of which possession is to be given is in the cultivating possession of the judgment-debtor, the Collector shall at once refer to the Civil Court for instructions as to whether or not he is to delay execution until any crop which may have been sown by the judgment-debtor and is standing on the land has been removed."

AMENDMENT (UNDER SECTION 155 (i) (*d*)).

Rule 304 (ii)—Omit the words "with the previous sanction of the Financial Commissioner."

AMENDMENT (UNDER SECTION 155 (i) (*g*)).

Rule 256—Omit the last sentence.

Rule 257—Substitute "Collector" for "Commissioner."

A. L. P. TUCKER,
Revenue Commissioner, N.-W. Frontier Province.

OFFICE OF THE REVENUE AND FINANCIAL SECRETARY TO THE CHIEF COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.

*Agents for sale of the Legislative Department publications.

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through the Local Government to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[The amounts within parentheses are for packing and postage.]

HOME DEPARTMENT.

NOTIFICATIONS.

PUBLIC.

Simla, the 31st July, 1909.

No. 2840.—The following letter from His Majesty's Consul at Lourenço Marques relating to the prohibition of the importation of horses and dogs is published for general information :—

H. B. M. CONSULATE,
LOURENÇO MARQUES.
2nd June, 1909.

No. 41/09. B. O.

YOUR EXCELLENCY,

I have the honour to report for the information of the various port authorities of the Indian Empire that by a Decree published in the Official Gazette of

this Province on the 29th ultimo, the importation of horses and dogs from India is prohibited until further notice, owing to the appearance of two diseases known as Surra and Daurina which have been observed in animals which have already arrived from certain Indian ports.

I have the honour to be,
Your Excellency's most obedient,
humble Servant,

R. C. F. MAUGHAM,
His Majesty's Consul.

His Excellency
The Honourable Viceroy and
Governor-General of India,
Simla.

ESTABLISHMENTS.

The 2nd August, 1909.

No. 885.—Mr. C. D. Steel, B.A., is permitted to resign His Majesty's Indian Civil Service, with effect from the 17th May 1909.

The 5th August, 1909.

Nos. 914—916.

RESOLUTION—By the Government of India, Home Department.

In the Home Department Resolution no. 9-Public/1342-52, dated the 21st April 1892, the Governor General in Council declared that two posts of Divisional Judge should be placed on the list of appointments open to members of the Provincial Civil Service in the Punjab and that the pay of the appointments when held by such officers should be fixed as follows:

	Rs.
1st grade	1,600
2nd "	1,400
3rd "	1,200

His Excellency in Council, with the sanction of the Secretary of State, is now pleased to announce that two more appointments of Divisional Judge shall be thrown open to the Provincial Service in that province. The Secretary of State having also sanctioned four grades of Divisional Judges drawing pay at the rates of Rs. 2,750, Rs. 2,500, Rs. 2,250 and Rs. 1,800, the Governor General in Council further directs that the rates of pay for officers of the Punjab Provincial Civil Service holding listed appointments of Divisional Judge in the different grades shall in future be as follows:

	Rs.
1st grade	1,800
2nd "	1,600
3rd "	1,400
4th "	1,200

ORDER.—Ordered that a copy of this Resolution be forwarded to the Government of the Punjab and the Finance Department for information, and that it be published in the *Gazette of India.*

JAILS.

The 6th August, 1909.

No. 246.—The services of Captain N. H. Hume, M.B., I.M.S., are placed temporarily at the disposal of the Government of the Punjab for employment in the Jail Department.

H. A. STUART,
Secretary to the Government of India.

DEPARTMENT OF REVENUE AND AGRICULTURE.
